Ron Brough

Motion Picture Creative Producer

Pleasant Grove, Utah, United States

Summary

Ron Brough is a creative motion picture producer with more than twenty years of proven expertise in developing films and taking them from inception to screenplay; from budgeting to casting; from pre-production to completion; and from distribution to profitability. He has developed and produced twenty documentaries, a dozen short films, and ten features. His latest project, "Saurus City," is a stop motion animated feature starring Dennis Quaid, Ron Perlman, Emma Roberts, Tim Meadows, and Julia Ormond. His previous experience includes work as an advertising creative director, corporate communications director, as well work in the 3D animation and special effects industry.

Covenant Communications

Creative Director/Executive Producer

February 2003 - September 2023 (20 years 8 months)

American Fork, Utah

I directed the development, production, post-production, marketing, and distribution of motion pictures including feature films, documentaries, and short films as well as the development of illustrated book products.

Nature's Sunshine Products

Sr. Manager, Electronic Media Group

November 1995 - June 2000 (4 years 8 months)

Provo, Utah, United States

At NSP I directed strategy, content, and production of film, video, and new media projects designed to recruit, motivate, and educate the sales channel. These included a one-hour monthly satellite television program, TV spots, product videos, sales motivation presentations, event support, and interactive video programs.

Viewpoint DataLabs

Marketing and Communications Director

March 1993 - January 1995 (1 year 11 months)
