COMPANY OVERVIEW

We are a solar subscription business on a mission to accelerate the adoption of solar by giving people a cheaper and more trusting way to go solar. With high interest rates and a stale sales message of "zero down, loan or lease?", we offer something entirely new and vastly more accessible to home owners. With us, you don't "invest in solar", you just subscribe to cheaper energy from the sun. One price, no long-term contract and no hidden fees.

With only 4% market penetration, there is a massive cohort of "do-nothing" customers, turned off by sketchy sales tactics, sticker shock, long-term financial commitment or general mistrust in whether the system will have the impact on savings as pitched to them.

Our business model is unique because we offer a different financing product, a savings guarantee and an ongoing relationship through data generated by the sensors we add to every installation. Its our equipment and we need to make sure it is always working perfectly, otherwise we don't get paid.

We have extraordinarily low customer acquisition costs, through proprietary distribution partnerships with roofing companies, home renovators, and insurance brokers.

Company History

The Inflation Reduction Act of 2022 triggered an economic super-cycle of human labor-intensive projects in a perfect socio-economic environment. Aging electricity infrastructure, high inflation, and changing weather patterns intensified the demand for the cheap, reliable, and clean electricity that solar provides. Having seen this situation before in South Africa, and having built 3 successful businesses to take advantage of the situation, Thomas, Kelsey & Jeff initiated the build of Beacon.

Everything rested on the fundamental premise that "Do nothing solar customers" would indeed go solar if they didn't have the high upfront costs, the long-term financial burden of a loan or lease (in case they move), and if they got guaranteed savings while someone else took care of the equipment and its performance. We proved this premise by securing customer #1 before our website was even built. A young, upwardly mobile family, in a new big house, highly educated, risk-averse, and extremely cost-conscious signed up for a Beacon Solar subscription in April 2024. Their savings are well in excess of the subscription fee and they are thrilled with the decision they made.

Since then we have been focusing on our tech Platform (web, sensors, household data analytics) and partnerships (on the demand side, we have proprietary access to 2million+ insured homeowners. On the supply side, we have contracted with best-in-class neighborhood installers and are securing exclusive rights for next-gen energy storage devices)

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment. In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

You Might Lose Your Money

When you buy a certificate of deposit from a bank, the Federal government (through the FDIC) guarantees you will get your money back. Buying a SAFE is not like that at all. The ability of the Company to make the payments you expect, and ultimately to give you your money back, depends on a number of factors, including many beyond our control.

COVID-19 Might Have a Negative Material Effect on the Company

This offering is being launched at a time when the COVID-19 pandemic is requiring the closure of many businesses, large and small. The effects COVID-19 may have on economic activity are likely substantial and unknown; there is no guaranty the Company will not suffer material negative effects as a direct or indirect result of the pandemic.

Competition

The market in which we operate is highly competitive. The Company competes with many other businesses, both large and small, on the basis of quality and price of products, location and customer experience. Changes in customer preference away from the Company's core business or the inability to compete successfully against other competitors could negatively affect the Company's financial performance.

Licensing Risk

The Company may face changes in the state and federal laws in connection to any licensing required for the sale of its products. Such changes would require the dedication of Company resources to address or amend its current operations which may adversely affect its business strategy or profitability.

No Right to Participate in Management

As the owner of a SAFE, you will not have the right to control the Company in any way or to participate in its management. You should invest (buy a SAFE) only if you are willing to rely completely on the Company's management team.

Reliance On Management Team

Like almost all small businesses, the Company relies exclusively on the abilities of its management team. Should any of them die, leave the Company, or become ill for a long period of time, the Company would be damaged and might not repay your SAFE.

Limited Products And Services

Most small, local businesses sell only one or two products or services, making them vulnerable to changes in technology and/or customer preferences.

Supplier Risk

The Company relies on third-party suppliers for the materials used in the manufacture of its products. If any of these suppliers changes the pricing, distribution, terms of service, or relationship with the Company, this could materially affect its business and/or profitability. Factors outside of the Company's control, including general market conditions, may affect its relationship with these suppliers. In addition, its ability to meet the obligations of its customers may be adversely affected if its suppliers fail to comply with agreed-upon services or quality standards in a cost-effective or timely manner.

Risk of Economic Downturn

The products the Company sells are luxuries, not necessities. In the event of a recession or other economic downturn, customers might curtail their purchase of our products.

Environmental Risk

The Company is subject to the risk of environmental liability and limitations on operations due to environmental laws and regulations. The Company is subject to extensive federal, state, and local environmental, health and safety regulations. The risks of substantial costs and liabilities related to compliance with these laws and regulations is an inherent part of the Company's business. Future conditions may develop or be discovered that create substantial environmental compliance or remediation liabilities and costs.

Price Risk

The Company competes in an industry with a commodity product where the Company may not have control of the prices it will receive for its product or the prices it must pay for inputs. Price uncertainty may negatively impact the Company's business and financial situation.

Use of Funds Risk

At the discretion of the Company's executive management team, funds raised in this offering may be used differently than specifically outlined in this document's Use of Funds section.

Personnel Risk

The Company uses human personnel to produce its product. Accidents, illnesses, death, divorce, or lack of productivity could negatively impact the ability of personnel and, therefore, the business.

Lack Of Accounting Controls

Larger companies typically have in place strict accounting controls. Smaller companies like the Company lack these controls, exposing themselves to additional risk.

Reputation Risk

The success of the Company depends on the reputation of its brand. Adverse publicity concerning the Company's products or the Company itself could negatively impact the future of its business.

The Company Might Need More Capital

The Company might need to raise more capital in the future to expand its operations, buy property and equipment, hire drivers and other personnel, market its products and services, pay overhead and general administrative expenses, or a variety of other reasons. There is no assurance that additional capital will be available when needed, or that it will be available on terms that are not adverse to your interests as an investor. If the Company is unable to obtain additional funding when needed, it could be forced to delay its business plan or even cease operations altogether.

Future Investors Might Have Superior Rights

If the Company needs more capital in the future, it might borrow money and/or sell stock, and the new investors might have rights superior to those of an investor owning a SAFE. For example, they might have the right to be paid before you are, to receive larger distributions, to have a greater voice in management, or otherwise.

Inability To Sell Your SAFE

The law prohibits you from selling your SAFE (except in certain very limited circumstances) for one year after you acquire it. Even after that one-year period, a host of Federal and State securities laws may limit or restrict your ability to sell your securities. Even if you are permitted to sell, you will likely have difficulty finding a buyer because there will be no established market. Given these factors, you should be prepared to hold your SAFE for its full term.

Limitation of Individual Rights in Event of Default

In the event of a default under the SAFE, an individual investor will not have the right to enforce his, her or its rights – for example, by bringing a lawsuit. Instead, the investors will appoint a representative using a procedure set forth in the SAFE Agreement. It's possible that the investors as a group will appoint a representative you don't like, or that the representative will do things you believe are wrong or misguided. Once a default has occurred and a representative has been appointed, all the expenses of the representative must be paid before any further payments are made with respect to the SAFE.

Lack of Key Man Insurance

Although dependent on key personnel, the Company does not have any key man life insurance policies on any such people. In the event that such personnel die or become disabled, the Company will not receive compensation to assist for their absence and the loss of such person could negatively affect the Company.

The Owners Could Be Bad People Or Do Bad Things

The owners of the Company could be dishonest and take your money. Even people who are very honest sometimes do dishonest things in desperate situations – for example, when their company is on the line, or they're going through a divorce or other stressful life event. It is possible that the management of the Company, or an employee, would steal from or otherwise cheat the Company, and you.

Uninsured Losses

Although the Company will carry some insurance, we might not buy enough insurance to guard against all the risks of our business. Also, there are some kinds of risks that are simply impossible to insure against, at least at a reasonable cost. Therefore, we could incur an uninsured loss that could damage our business.

Conflict Of Interest

In many ways your interests and the interests of the Company's management team will coincide: you all want the Company to be as successful as possible. However, your interests might be in conflict in other important areas, including these:

- You might want to keep the compensation of managers low, while managers want to make as much as they can.
- You might want the Company to act conservatively to conserve its cash, while the management team might want to grow more quickly.
- You might want the Company to look out for your interests, while the management team might subordinate your interests to the interests of employees, other investors, or others.
- The lawyers who prepared the legal documents represent the interests of the Company, not the interests of investors.

No Registration Under Securities Laws

The SAFE will not be registered with the SEC or the securities regulator of any State. Hence, neither the Company nor the SAFEE are subject to the same degree of regulation and scrutiny as if they were registered.

Incomplete Offering Information

Title III does not require us to provide you with all the information that would be required in some other kinds of securities offerings, such as a public offering of shares (for example, publicly-traded firms must generally provide investors with quarterly and annual financial statements that have been audited by an independent accounting firm). Although Title III does require extensive information, as described above, it is possible that you would make a different decision if you had more information.

Lack Of Ongoing Information

The Company will be required to provide some information to investors for at least one year following the offering. However, this information is far more limited than the information that would be required of a publicly-reporting company; and the Company will be allowed to stop providing annual information in certain circumstances.

The Company is Not Subject to the Corporate Governance Requirements Of National Securities Exchanges

Any company whose securities are listed on a national stock exchange (for example, the New York Stock Exchange) is subject to a number of rules about corporate governance that are intended to protect investors. For example, the major U.S. stock exchanges require listed companies to have an audit

committee made up entirely of independent members of the board of directors (i.e., directors with no material outside relationships with the company or management), which is responsible for monitoring the company's compliance with the law. The Company will not be required to implement these and other investor protections.

Cost of Enforcement

If the Company defaulted, investors would have to engage lawyers and possibly other third parties to enforce their rights. The cost of enforcement could be prohibitive.

Other Lenders Could Have Superior Rights

The Company will take out other loans. In itself this is not risky, but these lenders will likely have a claim to collateral superior to the collateral claimed by the SAFE. For example, the lenders might have a claim to the future cash flows or equity ownership of the Company, or the equipment owned by the Company whereas the SAFE has a claim to the equipment purchased with its own proceeds. Moreover, the lenders might have clauses in their lending agreements with the Company that compel the Company to pay them first over other lenders. If the Company runs out of cash, and has a choice to pay the other lenders or the Holders of the SAFE, it might decide (or be required) to pay its other lenders first.

The following describes the process to invest in Beacon Energy, Inc. and how an investor's transaction and delivery of securities will be completed.

- a. *Investor Commitment:* Through the Honeycomb Portal, an investor will submit a requested investment amount. As a part of this process, an investor will execute an investment contract with Beacon Energy, Inc. ("SAFE Agreement") by way of the investor's electronic signature.
- b. *Acceptance of Investment:* Upon completion of the investment commitment, the investor will receive via email a confirmation of their transaction detailing the amount, terms, and date of execution.

Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met.

If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

The Qualified Third Party of the Offering is Thread Bank.

Note: For more information about the investment and cancellation process, see Honeycomb's Education Materials.

Details of Security Being Offered

The securities being offered to investors are SAFE notes, which we refer to as "SAFEs." The SAFEs are governed by a separate document called a SAFE Agreement, which you can view on the "Investor Info" tab of the campaign page.

This section summarizes the principal features of the SAFE Agreement. However, this is only a summary. Before investing, you should read the SAFE Agreement in their entirety.

- The principal amount of your SAFE will be the amount you invest.
- All communications from the Company, including but not limited to all tax forms, will be via electronic delivery.

- All payments will be made in U.S. dollars as Automated Clearing House (ACH) deposits into an account you designate. If you don't authorize the Company to make such ACH distributions into a designated account, payments will be made by check and mailed to you after deducting a \$50 processing fee.
- Once you pay for your SAFE, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company.
- If there is a default under your SAFE, you may not take collection action personally. Instead, you and the other investors will together appoint a single representative to represent all of you. This Administrative Agent will have the power to take any action against the Company that he or she believes is appropriate. The fees and any expenses of the Administrative Agent will be the responsibility of the Company, but the Administrative Agent will be paid before any additional amounts are paid to you or other investors.
- If you want to sell your SAFE, you must first offer to sell it back to the company – a so-called “first right of refusal.” If the Company doesn't buy it, the Company may impose restrictions on the transfer. For example, the Company may require a legal opinion that the transfer is allowed under the securities laws.
- The SAFE offered does not have any voting rights.
- The Terms of the SAFE being offered may not be modified or amended.

Restrictions on Transfer of the Securities Being Offered

The SAFE will be illiquid (meaning you might not be able to sell it) for four reasons:

- The SAFE Agreement prohibits the sale or other transfer of SAFEs without the Company's consent.
- If you want to sell your SAFE, the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for SAFEs as there would be for a publicly-traded company.
- For a period of one year, you will not be allowed to transfer the SAFE except (i) to the Company itself, (ii) to an “accredited” investor, (iii) to a family or trust, or (iv) in a public offering of the Company's shares.

As a result, you should plan to hold your SAFE until maturity.

ADDITIONAL MATTERS RELATED TO THE SECURITY

1. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

The Company does not have the right to change the terms of the SAFE Agreement. However, it does have the right to create additional classes of securities, both equity securities and debt securities. Some

of these additional classes of securities could have rights that are superior to those of the SAFE Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

2. *Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?*

The owners of the SAFE notes will not have the right to share in the profits of the company or participate in the management of the company.

3. *How could the exercise of rights held by the principal shareholders affect the purchasers of the securities being offered?*

The principal shareholders could make decisions that are bad for the company and thereby adversely affect the economic interests of investors holding SAFE notes. They could also issue other classes of securities with rights superior to those of investors holding SAFE notes.

4. *How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.*

The SAFE notes may be valued in accordance with the SAFE agreement terms detailed later in this document.

5. *What are the risks to purchasers of the securities relating to minority ownership in the issuer?*

n/a

6. *What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?*

The company could issue securities with rights superior to those of the SAFE notes.

Transactions with related parties – for example, the payment of excessive compensation – could reduce the amount of money available to make payments with respect to the SAFE notes.

7. *What other exempt offerings has the issuer conducted within the past three years?*

None

8. The issuer or any entities controlled by or under the common control with the issuer was not a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or (4) any immediate family member of any of the foregoing persons.

None

BEACON ENERGY, INC.

SAFE

(Simple Agreement for Future Equity)

THIS CERTIFIES THAT in exchange for the payment by [Investor Name] (the “**Investor**”) of \$[_____] (the “**Purchase Amount**”) on or about [Date of Safe], Beacon Energy, Inc., a Delaware corporation (the “**Company**”), hereby issues to the Investor the right to certain shares of the Company’s capital stock, subject to the terms set forth below.

The “**Valuation Cap**” is \$6,000,000.00. See **Section 2** for certain additional defined terms.

1. Events

(a) **Equity Financing.** If there is an Equity Financing before the expiration or termination of this instrument, the Company will automatically issue to the Investor either: (1) a number of shares of Standard Preferred Stock equal to the Purchase Amount divided by the price per share of the Standard Preferred Stock, if the pre-money valuation is less than or equal to the Valuation Cap; or (2) a number of shares of Safe Preferred Stock equal to the Purchase Amount divided by the Safe Price, if the pre-money valuation is greater than the Valuation Cap.

In connection with the issuance of Standard Preferred Stock or Safe Preferred Stock, as applicable, by the Company to the Investor pursuant to this Section 1(a): The Investor will execute and deliver to the Company all transaction documents related to the Equity Financing; *provided*, that such documents are the same documents to be entered into with the purchasers of Standard Preferred Stock, with appropriate variations for the Safe Preferred Stock if applicable, and *provided further*, that such documents have customary exceptions to any drag-along applicable to the Investor, including, without limitation, limited representations and warranties and limited liability and indemnification obligations on the part of the Investor.

(b) **Liquidity Event.** If there is a Liquidity Event before the expiration or termination of this instrument, the Investor will, at its option, either (i) receive a cash payment equal to the Purchase Amount (subject to the following paragraph) or (ii) automatically receive from the Company a number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity Price, if the Investor fails to select the cash option.

In connection with Section (b)(i), the Purchase Amount will be due and payable by the Company to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay the Investor and holders of other Safes (collectively, the “**Cash-Out Investors**”) in full, then all of the

Company's available funds will be distributed with equal priority and *pro rata* among the Cash-Out Investors in proportion to their Purchase Amounts, and the Cash-Out Investors will automatically receive the number of shares of Common Stock equal to the remaining unpaid Purchase Amount divided by the Liquidity Price. In connection with a Change of Control intended to qualify as a tax-free reorganization, the Company may reduce, *pro rata*, the Purchase Amounts payable to the Cash-Out Investors by the amount determined by its board of directors in good faith to be advisable for such Change of Control to qualify as a tax-free reorganization for U.S. federal income tax purposes, and in such case, the Cash-Out Investors will automatically receive the number of shares of Common Stock equal to the remaining unpaid Purchase Amount divided by the Liquidity Price.

(c) **Dissolution Event**. If there is a Dissolution Event before this instrument expires or terminates, the Company will pay an amount equal to the Purchase Amount, due and payable to the Investor immediately prior to, or concurrent with, the consummation of the Dissolution Event. The Purchase Amount will be paid prior and in preference to any Distribution of any of the assets of the Company to holders of outstanding Capital Stock by reason of their ownership thereof. If immediately prior to the consummation of the Dissolution Event, the assets of the Company legally available for distribution to the Investor and all holders of all other Safes (the "**Dissolving Investors**"), as determined in good faith by the Company's board of directors, are insufficient to permit the payment to the Dissolving Investors of their respective Purchase Amounts, then the entire assets of the Company legally available for distribution will be distributed with equal priority and *pro rata* among the Dissolving Investors in proportion to the Purchase Amounts they would otherwise be entitled to receive pursuant to this Section 1(c).

(d) **Termination**. This instrument will expire and terminate (without relieving the Company of any obligations arising from a prior breach of or non-compliance with this instrument) upon either (i) the issuance of stock to the Investor pursuant to Section 1(a) or Section 1(b)(ii); or (ii) the payment, or setting aside for payment, of amounts due the Investor pursuant to Section 1(b)(i) or Section 1(c).

The Investor has such knowledge and experience in financial and business matters that the Investor is capable of evaluating the merits and risks of such investment, is able to incur a complete loss of such investment without impairing the Investor's financial condition and is able to bear the economic risk of such investment for an indefinite period of time.

5. ***Miscellaneous***

(a) Any provision of this instrument may be amended, waived or modified only upon the written consent of the Company and the Investor or Investors holding Safes that represent a majority of the aggregate Purchase Amounts of all Safes (the "**Majority in Interest**"); provided however, that no such amendment or waiver shall reduce the Purchase Amount of any Safe without the affected Investor's written consent. - 3.3. The Investor acknowledges that the SPV and any Administrator, on the SPV's behalf, may not accept any investment from an Investor if the Investor cannot truthfully make the representations contained herein.

The Investor agrees and covenants that they or it will maintain accurate and up-to-date contact information (including email and mailing address) on the Platform and will promptly update such information in the event it changes or is no longer accurate.
- 4.2 The representations, warranties, agreements, undertakings and acknowledgments made by the Investor in this Subscription Agreement will be relied upon by the Company, the SPV, and any Administrator in determining compliance with applicable laws, and shall survive the Investor's admission as a Member of the SPV.

- 4.3 All information that the Investor has provided to the Company, the SPV, and any Administrator concerning the knowledge and experience of financial, tax and business matters of the Investor is correct and complete.

5. The Honeycomb Parties' Right To Use Investor Information.

- 5.1 The Investor agrees and consents to the Honeycomb Parties, their delegates and their duly authorized agents and any of their respective related, associated or affiliated companies obtaining, holding, using, disclosing and processing the Investor's data:
- a. to facilitate the acceptance, management and administration of the Investor's subscription for an Interest on an on-going basis;
 - b. for any other specific purposes where the Investor has given specific consent to do so;
 - c. to carry out statistical analysis, market research, and tracking of investment performance over time;
 - d. to comply with legal or regulatory requirements applicable to the SPV and any Administrator or the Investor, including, but not limited to, in connection with anti-money laundering and similar laws;
 - e. for disclosure or transfer to third parties including the Investor's financial adviser (where appropriate), regulatory bodies, auditors, technology providers or to the SPV, any Administrator, any Lead Investor, and their delegates or their duly appointed agents and any of their respective related, associated or affiliated companies for the purposes specified above;
 - f. if the contents thereof are relevant to any issue in any action, suit or proceeding to which the Company, the SPV, any Administrator, any Lead Investor, or their affiliates are a party or by which they are or may be bound;
 - g. for other legitimate business of the Company, the SPV, any Administrator, or any Lead Investor.
- 5.2 The Investor acknowledges and agrees that it will provide additional information or take such other actions as may be necessary or advisable for the SPV or any Administrator (in the sole judgment of the SPV and/or any Administrator) to comply with any disclosure and compliance policies, related legal process or appropriate requests (whether formal or informal) or otherwise.

- 5.3 The Investor agrees and consents to disclosure by the Company, the SPV and any of

their agents, including any Administrator or any Lead Investor, to relevant third parties of information pertaining to the Investor in respect of disclosure and compliance policies or information requests related thereto. Without limiting the generality of the foregoing, the Investor agrees that information about the Investor may be provided to the Company in whose securities a SPV will or proposes to invest.

- 5.4 The Investor authorizes the Company, the SPV, any Administrator, and each SPV service provider to disclose the Investor's nonpublic personal information to comply with regulatory and contractual requirements applicable to the SPV and its investments. Any such disclosure shall be permitted notwithstanding any privacy policy or similar restrictions regarding the disclosure of the Investor's nonpublic personal information.

6. Key Risk Factors

- 6.1 The Investor understands that investment in a SPV may involve a complete loss of the Investor's investment. In this regard, the Investor understands that such venture investments involve a high degree of risk, and that many or most venture company investments lose money. An Investor may ultimately receive cash, securities, or a combination of cash and securities (and in many cases nothing at all). If the Investor receives securities, the securities may not be publicly traded, and may not have any significant value.
- 6.2 The Investor understands and agrees that the Interests are subject to restrictions on transfer and cannot be redeemed. Instead, an Investor typically must hold his or her Interest in a SPV until the SPV has sold or otherwise disposed of its investments and the SPV distributes its investments to the investors in the SPV (a "**Liquidation Event**"). An Investor typically will not receive any distributions until such a Liquidation Event (and may not receive anything even upon a Liquidation Event), which may not occur for many years. The Investor must therefore bear the economic risk of holding their investment for an indefinite period of time.
- 6.3 The Investor understands and agrees that the Interests: (a) have not been registered under the Securities Act or any other law of the United States, or under the securities laws of any state or other jurisdiction, and therefore an Interest cannot be resold, pledged, assigned or otherwise disposed of unless it is so registered or an exemption from registration is available; and (b) can only be transferred as permitted under Regulation Crowdfunding and subject to the terms and conditions of this Agreement.
- 6.4 The Investor understands that no guarantees have been made to the Investor about future performance or financial results of the SPV, and an investment in the SPV may result in a gain or loss upon termination or liquidation of the SPV. It is possible that the investors in a SPV will have "phantom income," which could require them to pay taxes on their investment in a SPV even though the SPV does not distribute any income (or does not distribute sufficient income to pay the taxes).
- 6.5 The Investor understands and agrees that the SPV was formed by and is operated by Honeycomb SPV, LLC on behalf of the Company as a crowdfunding vehicle consistent with and pursuant to the terms and conditions set forth in 17 C.F.R. § 270.3a-9.
- 6.6 The Investor represents that he or she has read and understands the risk factors contained in the Company Information. The Investor understands and agrees that each Company is solely responsible for providing risk factors, conflicts of interest,

and other disclosures that investors should consider when investing in securities issued by that Company (including through a SPV), and that the Honeycomb Parties have no ability to assure, and have not in any way assured, that any or all such risk factors, conflicts of interest and other disclosures have been presented fully and fairly, or have been presented at all.

- 6.7 The Investor understands that any privacy statements, reports or other communications regarding the SPV and the Investor's investment in the SPV (including annual and other updates, and tax documents) will be delivered via electronic means, including through the Platform. The Investor hereby consents to electronic delivery as described in the preceding sentence. In so consenting, the Investor acknowledges that email messages are not secure and may contain computer viruses or other defects, may not be accurately replicated on other systems, or may be intercepted, deleted or interfered with, with or without the knowledge of the sender or the intended recipient. The Investor also acknowledges that an email from the Honeycomb Parties may be accessed by recipients other than the Investor and may be interfered with, may contain computer viruses or other defects and may not be successfully replicated on other systems. No Honeycomb Party gives any warranties in relation to these matters.
- 6.8 The Investor understands and agrees that if he, she, they, or it does not provide a valid taxpayer identification number under penalties of perjury, and attest that the Investor has not been notified by the Internal Revenue Service that he, she, they, or it is subject to backup withholding, the SPV will be required to withhold from any proceeds otherwise payable to the Investor an amount necessary to satisfy the SPV's backup withholding obligations.
- 6.9 The Investor understands and agrees that if he, she, they, or it does not provide a valid taxpayer identification number to the SPV, the SPV will withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations with respect to such amount. The SPV may also withhold any other amounts representing the SPV's reasonable estimation of penalties that may be charged by the Internal Revenue Service or any other taxing authority as a result of the Investor's failure to provide a valid taxpayer identification number.

7. Compliance With Anti-Money Laundering Laws.

- 7.1. The Investor represents and warrants that the Investor's investment was not directly or indirectly derived from illegal activities, including any activities that would violate U.S. Federal or State laws or any laws and regulations of other countries.
- 7.2. The Investor acknowledges that U.S. Federal law, regulations and Executive Orders administered by the U.S. Treasury Department's Office of Foreign Assets Control ("**OFAC**") may prohibit the SPV, any Administrator, or any Lead Investor from, among other things, engaging in transactions with, and the provision of services to, persons on the list of Specially Designated Nationals and Blocked Persons and persons, foreign countries and territories that are the subject of U.S. sanctions administered by OFAC (collectively, the "**OFAC Maintained Sanctions**").
- 7.3. The Investor acknowledges that the SPV prohibits the investment of funds by any persons or entities that are (i) the subject of OFAC Maintained Sanctions, (ii) acting, directly or indirectly, in contravention of any applicable laws and regulations, including

anti-money laundering regulations or conventions, or on behalf of persons or entities subject to an OFAC Maintained Sanction, (iii) acting, directly or indirectly, for a senior foreign political figure, any member of a senior foreign political figure's immediate family or any close associate of a senior foreign political figure, unless the SPV, after being specifically notified by the Investor in writing that it is such a person, conducts further due diligence, and determines that such investment shall be permitted, or (iv) acting, directly or indirectly, for a foreign shell bank (such persons or entities in (i) - (iv) are collectively referred to as "**Prohibited Persons**"). The Investor represents and warrants that it is not, and is not acting directly or indirectly on behalf of, a Prohibited Person.

- 7.4. To the extent the Investor has any beneficial owners, (i) it has carried out thorough due diligence to establish the identities of such beneficial owners, (ii) based on such due diligence, the Investor reasonably believes that no such beneficial owners are Prohibited Persons, (iii) it holds the evidence of such identities and status and will maintain all such evidence for at least five years from the date of the liquidation or termination of the SPV, and (iv) it will make available such information and any additional information requested by the SPV that is required under applicable regulations.
- 7.5. The Investor acknowledges and agrees that the SPV or any Administrator may "freeze the account" of the Investor, including, but not limited to, by suspending distributions from the SPV to which the Investor would otherwise be entitled, if necessary to comply with anti-money laundering statutes or regulations.
- 7.6. The Investor acknowledges and agrees that the SPV and/or any Administrator, in complying with anti-money laundering statutes, regulations and goals, may file voluntarily and/or as required by law suspicious activity reports ("SARs") or any other information with governmental and law enforcement agencies that identify transactions and activities that the SPV or any Administrator or their agents reasonably determine to be suspicious, or is otherwise required by law. The Investor acknowledges that the SPV and any Administrator are prohibited by law from disclosing to third parties, including the Investor, any filing or the substance of any SARs.
- 7.7. The Investor agrees that, upon the request of the SPV or any Administrator, it will provide such information as the SPV or any Administrator requires to satisfy applicable anti-money laundering laws and regulations, including, without limitation, background documentation about the Investor.

8. Regulatory Provisions

- 8.1. The Investor understands that no federal or state agency has passed upon the Interests or made any findings or determination as to the fairness of this investment.
- 8.2. The Investor certifies that the information contained in the executed copy of Form W-9 submitted to the SPV (if any) and/or the taxpayer identification provided to the SPV is correct. The Investor agrees to provide such other documentation as the SPV determines may be necessary for the SPV to fulfill any tax reporting and/or withholding requirements.

- 8.3. The Investor understands and agrees that the Company may cause the SPV to make an election under Section 754 of the Internal Revenue Code (the "**Code**") or an election to be treated as an "electing investment partnership" for purposes of Section 743 of the Code. If the SPV elects to be treated as an electing investment partnership, the Investor shall cooperate with the SPV to maintain that status and shall not take any action that would be inconsistent with such election. Upon request, the Investor shall provide the SPV with any information necessary to allow the SPV to comply with (a) its obligations to make tax basis adjustments under Section 734 or 743 of the Code and (b) its obligations as an electing investment partnership.
- 8.4. The Investor consents to receive any Schedule K-1 (Partner's Share of Income, Deductions, Credits, etc.) from the SPV electronically via email, the Internet and/or another electronic reporting medium in lieu of paper copies. The Investor agrees that it will confirm this consent electronically at a future date in a manner set forth by the Company at such time and as required by the electronic receipt consent rules set forth by the Internal Revenue Service. Notwithstanding the Investor's consent to receive materials electronically, the Investor still may be required to print and attach its Schedule K-1 to a federal, state or local tax return.

9. Additional Investor Representations and Covenants

3.

i. Indemnification

- a. The Investor agrees to indemnify and hold harmless the Company, SPV and any Administrator, or any partner, member, officer, employee, agent, affiliate or subsidiary of any of them, and each other person, if any, who controls, is controlled by, or is under common control with, any of the foregoing, within the meaning of Section 15 of the Securities Act, and their respective officers, directors, partners, members, shareholders, owners, employees and agents (collectively, the "**Indemnified Parties**") against any and all loss, liability, claim, damage and expense whatsoever (including all expenses reasonably incurred in investigating, preparing or defending against any claim whatsoever) arising out of or based upon (i) any false representation or warranty made by the Investor, or breach or failure by the Investor to comply with any covenant or agreement made by the Investor, in this Subscription Agreement or in any other document furnished by the Investor to any of the foregoing in connection with this transaction, or (ii) any action for securities law violations instituted by the Investor that is finally resolved by judgment against the Investor.
- b. The Investor also agrees to indemnify each Indemnified Party for any and all costs, fees and expenses (including legal fees and disbursements) in connection with any damages resulting from the Investor's misrepresentation or misstatement contained herein, or the assertion of the Investor's lack of proper authorization from the beneficial owner to enter into this Subscription Agreement or perform the obligations hereof.
- c. The Investor agrees to indemnify and hold harmless each Indemnified Party from and against any tax, interest, additions to tax, penalties, reasonable attorneys' and accountants' fees and disbursements, together with interest on

the foregoing amounts at a rate determined by the SPV or any Administrator computed from the date of payment through the date of reimbursement, arising from the failure to withhold and pay over to the U.S. Internal Revenue Service or the taxing authority of any other jurisdiction any amounts computed, as required by applicable law, with respect to the income or gains allocated to or amounts distributed to the Investor with respect to its Interest during the period from the Investor's acquisition of the Interest until the Investor's transfer of the Interest in accordance with this Agreement, the SPV Operating Agreement, and Regulation Crowdfunding.

- d. If for any reason (other than the willful misfeasance or gross negligence of the entity that would otherwise be indemnified) the foregoing indemnification is unavailable to, or is insufficient to hold such Indemnified Party harmless, then the Investor shall contribute to the amount paid or payable by the Indemnified Party as a result of such loss, claim, damage or liability in such proportion as is appropriate to reflect not only the relative benefits received by the Investor on the one hand and the Indemnified Parties on the other but also the relative fault of the Investor and the Indemnified Parties, as well as any relevant equitable considerations.
- e. The reimbursement, indemnity and contribution obligations of the Investor under this section shall be in addition to any liability that the Investor may otherwise have, and shall be binding upon and inure to the benefit of any successors, assigns, heirs and personal representatives of the Indemnified Parties.
- f. Counsel. The Investor understands (a) that legal counsel to the Honeycomb Parties is not legal counsel to the SPV or any Investor by virtue of its investment in the SPV, (b) that no independent counsel has been retained by any Honeycomb Party or the Company to represent the SPV or Investors in the SPV; (c) that no Honeycomb Party, including its counsel, has independently verified any factual assertions made in the Company Information or on the Platform; and (d) that no Honeycomb Party, including its counsel, is responsible for the SPV's compliance with its investment program or applicable law.
- g. Power of Attorney. The Investor hereby appoints each of the Company and Honeycomb SPV, LLC as its true and lawful representative and attorney-in-fact, in its name, place and stead to make, execute, sign, acknowledge, swear to and file:

4.

- the organizational documents to form the SPV under the laws of the State where the Company is organized, as well as any required amendments;
- the SPV Operating Agreement and any duly adopted amendments;
- any and all instruments, certificates and other documents that may be deemed necessary or desirable to effect the winding-up and termination of the SPV; and
- any business certificate, fictitious name certificate, related

amendment or other instrument or document of any kind necessary or desirable to accomplish the SPV's business, purpose and objectives or required by any applicable U.S., state, local or other law.

- h. This power of attorney is coupled with an interest, is irrevocable, and shall survive and shall not be affected by the subsequent death, disability, incompetency, termination, bankruptcy, insolvency or dissolution of the Investor; provided, however, that this power of attorney will terminate upon the substitution of another SPV member for all of the Investor's investment in the SPV or upon the liquidation or termination of the the SPV. The Investor hereby waives any and all defenses that may be available to contest, negate or disaffirm the actions of the SPV, and any Administrator taken in good faith under this power of attorney.

9.2. Confidentiality.

- a. The Investor agrees that the Company Information and all financial statements (if any), tax reports (if any), portfolio valuations (if any), private placement memoranda (if any), reviews or analyses of potential or actual investments (if any), reports or other materials prepared or produced by the SPV and/or any Administrator and all other documents and information concerning the affairs of the SPV and/or the Fund's investments, including, without limitation, information about the Company, and/or the persons directly or indirectly investing in the SPV (collectively, the "**Confidential Information**") that the Investor may receive pursuant to or in accordance with the use of the Platform, an investment in one or more SPVs, or otherwise as a result of its ownership of an Interest in the SPV, constitute proprietary and confidential information about the SPV or any Administrator (the "**Affected Parties**").
- b. The Investor acknowledges that the Affected Parties derive independent economic value from the Confidential Information not being generally known and that the Confidential Information is the subject of reasonable efforts to maintain its secrecy. The Investor further acknowledges that the Confidential Information is a trade secret, the disclosure of which is likely to cause substantial and irreparable competitive harm to the Affected Companies or their respective businesses. The Investor shall not reproduce any of the Confidential Information or portion thereof or make the contents thereof available to any third party other than a disclosure on a need-to know basis to the Investor's legal, accounting or investment advisers, auditors and representatives (collectively, "**Advisers**"), except to the extent compelled to do so in accordance with applicable law (in which case the Investor shall promptly notify the SPV of the Investor's obligation to disclose any Confidential Information) or with respect to Confidential Information that otherwise becomes publicly available other than through breach of this provision by the Investor.
- c. To the fullest extent permitted by law, the Investor agrees not to request disclosure or inspection of any such information after the Investor is notified (whether in response to the Investor's request for information or otherwise) that the SPV has determined not to disclose such information.
- d. The Investor agrees that the SPV, and the SPV service providers would be subject to potentially irreparable injury as a result of any breach by the Investor of the covenants and agreements set forth in this section, and that monetary damages would not be sufficient to compensate or make whole the SPV and the SPV services

providers for any such breach. Accordingly the Investor agrees that the SPV and the SPV service providers shall be entitled to equitable and injunctive relief, on an emergency, temporary, preliminary and/or permanent basis, to prevent any such breach or the continuation thereof.

MISCELLANEOUS PROVISIONS

5. **Amendments.** Neither this Subscription Agreement nor any term hereof may be supplemented, changed, waived, discharged or terminated except with the written consent of the Company on behalf of the SPV and the Investors holding at least a majority of the then outstanding amount of Interests in the SPV.

6. **Assignability and Transferability.** This Subscription Agreement is not transferable or assignable by the Investor without the prior written consent of the Company on behalf of the SPV, and any transfer or assignment in violation of this provision shall be null and void. The Interests in the SPV being acquired by Investor herein may only be transferred by Investor in compliance with Regulation Crowdfunding and the terms and conditions of this Agreement. If Investor seeks to transfer the Interests, Investor shall first give written notice to the Company and the Administrator, including the number of Interests that Investor desires to transfer, the proposed price, the name and contact information of the proposed buyer, and any other information that the Company or the Administrator may reasonably request. To the extent possible, such notice shall be provided through the Platform. Any transfer of Interests shall be subject to execution by Investor and the proposed transferee of appropriate documentation, as may be required by the Company or the Administrator, in their discretion. Investor further acknowledges that pursuant to the SPV Operating Agreement, the Administrator, may impose additional restrictions on or prohibit the Transfer of Interests for any reason or no reason, in its sole discretion.

7. **Repurchase.** In the event that the SPV or any Administrator determines that it is likely that within twelve (12) months the securities of the SPV or the Company will be held of record by a number of persons that would require the SPV or the Company to register a class of its equity securities under the Securities Exchange Act of 1934, as amended ("Exchange Act"), as required by Section 12(g) or 15(d) thereof, the SPV shall have the option to repurchase the Interests from each Investor to the extent necessary to avoid the requirement to register a class of its securities under the Exchange Act. Such repurchase of Interests shall be for the greater of (i) the purchase price of the Interests, or (ii) the fair market value of the Interests, as determined by an independent appraiser of securities chosen by the Administrator. Any such repurchase may only occur with the consent of the Administrator.

- 8.** Governing Law; Consent to Jurisdiction. Notwithstanding the place where this Subscription Agreement may be executed by any of the parties hereto, the parties expressly agree that all the terms and provisions hereof shall be construed under the laws of the Commonwealth of Pennsylvania. Any action or proceeding brought by the SPV or any SPV service provider against one or more investors in the SPV relating in any way to this Subscription Agreement or the SPV Agreement may, and any action or proceeding brought by any other party against the SPV or any SPV service provider relating in any way to this Subscription Agreement or the Company Information shall, be brought and enforced in the state courts of the Commonwealth of Pennsylvania located in Allegheny County or (to the extent subject matter jurisdiction exists therefore) in the courts of the United States located in the Western District of Pennsylvania; and the Investor and the SPV irrevocably submit to the jurisdiction of both such state and federal courts in respect of any such action or proceeding. The Investor and the SPV irrevocably waive, to the fullest extent permitted by law, any objection that they may now or hereafter have to laying the venue of any such action or proceeding in the courts of the Commonwealth of Pennsylvania located in Allegheny County or in the courts of the United States located in the Western District of Pennsylvania and any claim that any such action or proceeding brought in any such court has been brought in an inconvenient forum.
- 9.** Severability. If any provision of this Subscription Agreement is invalid or unenforceable under any applicable law, then such provision shall be deemed inoperative to the extent that it may conflict therewith and shall be deemed modified to conform with such applicable law. Any provision hereof that may be held invalid or unenforceable under any applicable law shall not affect the validity or enforceability of any other provisions hereof, and to this extent the provisions hereof shall be severable.
- 10.** Headings. The headings in this Subscription Agreement are for convenience of reference only, and shall not limit or otherwise affect the meaning hereof.
- 11.** General. This Subscription Agreement shall be binding upon the Investor and the legal representatives, successors and assigns of the Investor, shall survive the admission of the Investor as a member of a SPV, and shall, if the Investor consists of more than one person, be the joint and several obligation of all such persons.
