Hi Kerri,

Thanks again for your patience over the last few days. I'm excited to let you know that we were approved to kick off our WeFunder campaign today. This is a platform that I mentioned to Eli when we spoke last.

You can find our page [here](#) and make your investment online. The terms are exactly the same as our paper SAFE, the only difference is that we're offering swag at different levels of investment. Though, let's be honest, you would have got some anyways :) To provide some additional information, you are the first person we're sending it to. We have to raise 50k on the platform before finalizing the legal process and opening it to a much broader audience - we're confident this won't be an issue.

The process should be mostly self-explanatory, but please do let me know if you have any questions. Happy to help however I can. Also, thank you so much for believing in Donna's!

Best,  
Holly

Holly,

Meet Kerri, Eli's significant other. Can you send her the SAFE in her name for \$25k please? Thanks.

Kerri! This should be very straight forward but let me know if you have any questions or concerns.
