Nicolas,

You mentioned you wanted to throw \$10k more at Donna's. Super stoked you believe in us!!

I was hoping you can throw in our Wefunder instead of our SAFE. They are both the exact same terms but we have a minimum that we need to hit and this would help us a lot. It was basically set up for people who want to invest but don't have the \$25k to throw in.

I've got Holly on the thread in case you have any questions. Talk this week when I get those cases to you for your party. Stoked to support!
