Exciting News!

I'm pleased to let my LinkedIn network know that I have recently joined Senoguard as CFO. Senoguard is at the forefront of cancer innovation, developing a patented medical device aimed at improving breast cancer treatment. Our goal is to provide a more accessible and cost-effective alternative to traditional therapies, especially in underserved areas.

With October being Breast Cancer Awareness Month, this mission feels even more critical. I'm proud to be part of a team that is dedicated to making a real difference in the fight against breast cancer.

We are currently running a crowdfunding campaign on WeFunder, and I would love for you to check it out and support our mission to help make this critical treatment more available to those who need it most.
