# Business

## Description of Business

This investment is in Bright Saver, Inc. ("Bright Saver").

Bright Saver is a non-profit, non-stock corporation with a pending application for 501(c)(3) tax-exempt status. Website: <https://www.brightsaver.org/>.

### About Bright Saver

**Bright Saver** is a San Francisco-based nonprofit organization dedicated to democratizing access to clean energy across the United States.

Recognizing that over 70% of Americans, particularly renters, apartment dwellers, and those without suitable rooftops or substantial financial resources, are excluded from traditional solar solutions, Bright Saver aims to bridge this gap.

Their mission is to accelerate the adoption of clean energy by offering simple, affordable plug-in solar panels that empower individuals to generate their electricity without the need for rooftop installations or significant upfront costs.

### Business Model

Bright Saver provides a user-friendly solar solution: plug-in solar panels that connect directly to a standard outdoor electrical outlet. This system is designed to be accessible and practical for a wide range of users, including renters and those in homes unsuitable for traditional rooftop solar.

Project Specifications: Each setup comprises two 400W solar panels (totaling 800W), microinverters, a smart power meter to prevent backfeeding to the grid, and an app for monitoring energy production and savings

Installation: Professional installation is handled by licensed electricians, ensuring safety and compliance. The panels can be placed on various flat surfaces like yards, decks, or patios, eliminating the need for rooftop access.

Pricing Options: \*Please note these are subject to change

- Monthly Payment Plan: \$34.90 per month for six years, with a one-time installation fee of \$349. After six years, the user owns the system outright.
- Upfront Purchase: A discounted price of \$1,329 (regularly \$1,849) plus a \$349 installation fee. Purchasers may also be eligible for a 30% federal solar tax credit.

Savings and Impact: Users can expect to offset 20%–40% of their typical home electricity usage, translating to monthly savings of approximately \$35–\$55, depending on regional electricity rates.

Target Audience: The offering is tailored for individuals who face barriers to traditional solar adoption, including renters, those with unsuitable rooftops, and households seeking more affordable clean energy solutions

By simplifying the process and reducing financial and logistical hurdles, Bright Saver's plug-in solar panels make renewable energy more accessible to a broader segment of the population.

# Terms of the Offering

## Summary

You are purchasing a Debt Note. Below is a summary of the terms Bright Saver intends to offer (the "Offering"). For purposes of Regulation Crowdfunding, Bright Saver is the "Issuer".

## Security

- Working Capital Loan
- Target Offering Amount: \$50,000
- Maximum Offering Amount \$124,000
- 12.75% Annual Interest Rate (accrued daily)
- Offering Period: 05/29/2025 to 08/27/2025 ("Issuance Date") (90 days).
- Term: Begins on the first day immediately following the Offering Period (the "Issuance Date") and ends on the date that is 24 months from the Issuance Date (the "Maturity Date").

## Minimum Investment

The minimum investment for this Offering is \$10, and additional amounts may be invested in increments of \$1 thereafter.

## Terms & Conditions: Working Capital Loan

Summary Description	This term sheet outlines the key terms for a senior secured working capital loan to finance Bright Saver's early-stage project deployment, including inventory purchases and customer installations. The structure is designed to provide the borrower with upfront liquidity and flexible early-stage ramp time (collectively referred to as the "Loan").
Project	Working capital to support inventory procurement and customer installations.
Offering/Credit Facility	Working Capital Loan.
Working Capital Loan	Structured as a 24-month senior secured loan, it carries a 12.75% simple annual interest rate with quarterly interest-only payments and a full principal balloon repayment at maturity. The loan is secured by project assets and expected incentive proceeds, offering investors predictable income and principal protection.
Term Loan Maturity Date	24 months.
Pricing	12.75% per annum on actual offering amount.

Repayment	During the 24-month term, Bright Saver will make quarterly interest-only payments at a 12.75% simple annual interest rate. Payments are due each January 1, April 1, July 1, and October 1. The first payment due date will be the first scheduled payment date after the loan disbursement date. No principal is repaid during this period. Interest for any partial quarter at the beginning or end of the loan term will be calculated on a per diem basis. At the end of the term, on the Term Loan Maturity Date, Bright Saver will make a final balloon payment covering the entire principal balance, along with any accrued but unpaid interest.
Payment Waterfall	Distributions from the Payment Reserve Account will occur quarterly in the following order of priority: <ol style="list-style-type: none"> <li>1. Reimburse Climatize for any unpaid Loan expenses.</li> <li>2. Pay accrued and unpaid interest due to Lender.</li> <li>3. Pay principal due to Lender.</li> <li>4. Replenish Payment Reserve Account to the Minimum Reserve Amount.</li> <li>5. Transfer remaining balance in excess of Minimum Reserve Amount to Borrower's operating account, so long as no Event of Default has occurred.</li> </ol>
Security	A perfected first priority lien on all project assets provided the Security will secure all of the obligations owed to Lender, pledge of the Issuer and/or Borrowers' accounts and, as applicable, consents and assignments of certain key project documents as may be required (e.g. PPA, EPC, Site Lease, and O&M) and applicable leasehold mortgages. Pledge of any applicable rebate, grant, tax credit, and/or incentive, as applicable.
Collateral	<ol style="list-style-type: none"> <li>1. All project equipment purchased with loan proceeds. For lack of doubt, this includes equipment purchased and held for lease and equipment held for sale. Upon the sale of equipment to a buyer and transfer of ownership to the buyer, the equipment is no longer pledged as collateral. That is to say, equipment held for sale is collateral, but upon sale and transfer of ownership, is not collateral.</li> <li>2. All receivables related to the project.</li> <li>3. All rights to incentive payments.</li> <li>4. All cash or cash equivalents held in project-specific accounts.</li> <li>5. All binding customer contracts or sales agreements.</li> </ol>
Events of Default	Customary for transactions of this nature.

	In the event that the offering fails to reach the Target Amount within the Offering Period, or the Issuer cancels during the Offering Period, the Issuer is liable for all third-party fees and costs incurred, and the Commitment Fee.
--	---

## Sale of the Company

Payment on Change of Control. All outstanding principal and accrued interest, and any prepayment fee that may be due, shall be immediately due and payable upon a Change of Control of the Borrower. "Change of Control" means (i) the sale or other disposition of all or any substantial portion of the assets or equity securities of the Borrower; (ii) a change in more than fifty percent (50%) of the effective voting power of the Borrower; or (iii) any merger or reorganization of the Borrower, except a merger in which those in control of the Borrower retain more than fifty percent (50%) of the combined voting power of the resulting entity.

## Default

Event of Default. An event of default, excluding those caused by a force majeure event, includes, but is not limited to, the following:

1. If Borrower fails to pay any amount when due to Lender when due.
2. If Borrower fails to fulfill any material obligation or responsibility.
3. If a case is commenced by or against a Borrower under any insolvency, bankruptcy, creditor adjustment, or debtor rehabilitation laws, state or federal (provided that in the case of any involuntary proceeding, it shall constitute a default only if such proceeding continues in excess of sixty (60) days following filing).
4. If any material representation, warranty, or document is demonstrated to be false and/or misleading at the time given.

Notice of Default. As soon as possible and in any event within five (5) days after the occurrence of each default or any event, development, or occurrence reasonably likely to have a material adverse effect, a statement from the Borrower setting forth the details of such default or event, development or occurrence and the action of the Borrower has taken and proposes to take as a result of the default.

Remedies. Any default is subject to a thirty (30) day cure period, following receipt of notice of default from the Borrower. In addition to any remedies available at law or in equity, if Borrower is more than thirty (30) days late in making any payment, Lender may declare that the entire balance of unpaid principal is due immediately, together with the interest that has accrued.

Alternatively, if the Borrower is more than thirty (30) days late in making any payment, the Lender may elect to impose a Cash Trap Event that shall remain in effect for three (3) months. During a Cash Trap Event, no excess cash distributions will be made to the Sponsor or its affiliates and Lender shall have the ability to apply excess cash to prepay the outstanding principal balance on the Loan, at its discretion. For clarity, though, any excess cash utilized will be in accordance with the Payment Waterfall.

## Description of Securities

The securities evidence a fixed-debt obligation, as opposed to an equity interest, and therefore the Noteholders only receive the regularly scheduled principal and interest payments and do not receive any other payments due to the Issuer's growth or income. However, in the event of a bankruptcy or liquidation of the Company, debt is paid before equity, and therefore, the securities would be paid before any payments related to an equity interest. However, depending on how much cash the borrower has, the holders may not be repaid in full.

## Limitations on Voting Rights

The holders are not entitled to vote on any matters of the Company, however, if the Company were to enter bankruptcy, the debt holders would have certain voting rights as creditors.

## Modification and Termination

The terms of the security cannot be modified solely by the Company once the securities are issued to investors. Per Regulation CF, the terms of the security could be modified by the Issuer during the raising process, but that would be considered a material change and require investor reconfirmation. The Issuer cannot modify the terms once the Offering has Closed (Close Date). See Appendix 1 for more information.

## Restrictions on Transfer of Securities being Offered: Under Regulation CF

The securities being offered may not be transferred by any purchaser of such securities during the one year beginning when the securities were issued unless such securities are issued to:

- The issuer
- An accredited investor<sup>1</sup>
- As part of an offering registered with the U.S Securities and Exchange Commission
- To a member of the family of the purchaser or the equivalent<sup>2</sup>, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

After one year, any transfer or sale of the securities must receive prior written consent from the issuer to ensure accurate ownership records among other material items.

---

<sup>1</sup>The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

<sup>2</sup>The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

## **Valuation Methodology**

The securities are Debt Notes and are, therefore, valued based on their respective original principal amounts. The Company believes that the annual interest rate applicable to the securities reflects general market terms for similar securities.

## Financial Condition

THIS SECTION CONTAINS CERTAIN FORWARD-LOOKING FINANCIAL STATEMENTS AND/OR PROJECTIONS. ACTUAL RESULTS COULD DIFFER MATERIALLY FROM THOSE PROJECTED IN SUCH FORWARD-LOOKING STATEMENTS AND PROJECTIONS AS A RESULT OF VARIOUS FACTORS, INCLUDING THE RISKS TYPICALLY ASSOCIATED WITH THIS TYPE OF ENTERPRISE AND CHANGES IN THE MARKET. BRIGHT SAVER, INC. UNDERTAKES NO OBLIGATION TO PUBLICLY RELEASE THE RESULT OF ANY REVISIONS TO THESE FORWARD-LOOKING STATEMENTS AND PROJECTIONS THAT MAY BE MADE TO REFLECT EVENTS OR CIRCUMSTANCES THAT OCCUR AFTER THE DATE OF THIS OFFERING STATEMENT OR TO REFLECT THE OCCURRENCE OF ANY UNANTICIPATED EVENTS.

### Financial Condition of the Issuer and Financial Statements

The financial statements provided in Appendix 3 were prepared in accordance with U.S. generally accepted accounting principles and have been certified by the Principal Executive Officer as true and complete in all material respects. These statements have not been audited by an independent public accountant.

### Financial Milestones & Anticipated Revenues

Bright Saver anticipates strong year-over-year growth beginning in 2025, with total revenues projected to increase from approximately **\$1.2 million in 2025** to over **\$10.3 million by 2029**. This growth is driven by scaling operations, expanding unit sales, and broadening customer acquisition strategies. Key financial milestones include:

**2025:** Commercial launch with initial revenues of \$1.2M.

**2026:** Expansion phase with revenues increasing to \$2.0M.

**2027–2029:** Rapid scaling, with revenues reaching \$4.5M (2027), \$6.4M (2028), and over \$10.3M (2029).

Gross margin improves from 15.3% in 2025 to 45.8% by 2029, reflecting improved operational efficiencies and cost management.

## Financial Projections

Year	Total Revenue	Total COGS	Gross Margin	Gross Margin %
2025	\$1,218,152	\$280,923	\$937,229	15.3%
2026	\$1,981,209	\$1,153,194	\$828,014	41.8%
2027	\$4,455,355	\$2,182,558	\$2,272,798	39.8%
2028	\$6,408,037	\$3,498,115	\$2,909,923	45.4%
2029	\$10,330,630	\$5,604,152	\$4,726,474	45.8%

## Liquidity and Capital Resources

Bright Saver's liquidity strategy hinges on a combination of revenue growth, investor capital, and disciplined cost management. Initial capital needs are covered through direct investments, with operational revenue expected to support working capital by 2026. The strong margin expansion supports reinvestment into the business and offers a buffer against potential cash flow constraints.

Key liquidity levers include:

- Deferred cost structure with gradual increase in COGS.
- Upfront and subscription-based revenue models supporting recurring cash flows.
- Prospective access to grant funding and green finance mechanisms.

The company's capital strategy remains lean, relying on milestone-based investment rounds as necessary to support scaling and customer acquisition, while maintaining positive gross margins from Year 1.

# **Regulatory Information**

## **Tax**

Investors will be provided with tax information on an annual basis related to their investments. Investors must keep their information up to date with the Company during the life of the investment to receive this information on a timely basis.

## **Disqualification**

No Disqualifying event has been recorded concerning the company or its officers or directors.

## **Annual Reports**

The issuer will file a report electronically with the Securities and Exchange Commission annually and post the report on its website, no later than 120 days after the end of each fiscal year covered by the report.

Once posted, the annual report may be found on the issuer's website at:

<https://www.brightsaver.org/>

The issuer must continue to comply with the ongoing reporting requirements until:

1. The issuer is required to file reports under Section 13(a) or Section 15(d) of the Exchange Act;
2. The issuer has failed, since its most recent sale of securities under this part, at least one annual report under this section, and has fewer than 300 holders of record;
3. The issuer has failed, since its most recent sale of securities under this part, the annual reports required under this section for at least the three most recent year, and has total assets that do not exceed \$10,000,000;
4. The issuer or another party repurchases all of the securities issued in reliance on Section 4(a)(6) of the Securities Act, including any payment in full of debt securities or any complete redemption of redeemable securities; or
5. The issuer liquidated or dissolved its business under state law.

## **Compliance Failures**

The Company has not previously failed to comply with the requirements of Regulation Crowdfunding.

# **Risk Factors**

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority.

Furthermore, these authorities have not passed upon the accuracy or adequacy of this document. The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature. These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

## **Securities Risk**

### **Limited Upside Potential**

These Debt Notes are fixed-income securities with a simple annual interest rate of 12.75%. Investors receive quarterly interest-only payments and repayment of principal at maturity. This investment does not include equity ownership or the ability to participate in any future growth or profitability of Bright Saver, Inc. The maximum potential return is capped by the stated interest rate.

### **Credit Risk**

Repayment depends on Bright Saver's ability to execute its project deployment strategy, which includes inventory procurement and customer installations. If Bright Saver is unable to generate sufficient cash flow or becomes insolvent, investors may not receive the promised interest or principal repayments, which could result in partial or total loss of the invested amount.

### **Project Execution Risk**

The Issuer's ability to repay the loan depends on the timely procurement of equipment and execution of installations. Delays in implementation, unforeseen costs, or supply chain disruptions could impair cash flow. Although backed by project assets and incentives, underperformance of the underlying business could still result in nonpayment.

## **Collateral Risk**

The loan is secured by a first-priority lien on project assets, including equipment, receivables, customer contracts, and incentive payments. However, if the Issuer defaults, the liquidation of these assets may not be sufficient to recover the full investment, particularly if assets depreciate in value or are difficult to sell.

## **Prepayment Risk**

The Issuer may repay the loan early without penalty. While this reduces credit risk, it may limit investors' expected interest income if the loan is repaid before maturity, especially in a lower interest rate environment.

## **Interest Rate Risk**

This security offers a fixed return. If market interest rates rise, the relative value of this investment may decrease. Should investors seek to transfer their investment (where permitted), higher prevailing rates may reduce its market value.

## **Liquidity Risk**

There is no public market for these Securities. Transfers are restricted by securities law and subject to Issuer approval. Investors should expect to hold the investment to maturity and may be unable to sell it in the interim.

## **Lack of Investor Control**

Investors have no control over the management or operations of the Issuer. There are no mechanisms for investor voting, negotiation of terms, or collective enforcement of rights.

## **Regulatory Risk**

As a non-profit Issuer, Bright Saver's eligibility for grants or incentives may be influenced by regulatory or policy changes. Although the current structure relies on expected incentive proceeds and secured assets, future funding sources are not guaranteed and may be impacted by shifts in federal, state, or local policy.

## **Operational and Financial Reporting Risk**

The Issuer is not subject to the same ongoing disclosure obligations as public companies. While Climatize requires annual financial statements and disclosures as mandated by Regulation Crowdfunding, the limited operating history of the Issuer and reliance on internally prepared statements may pose additional risks to investors seeking transparency.

# Crowdfunding Risks

## Speculative

The Company's business objectives must be considered highly speculative. No assurance can be given that an investor will realize their investment objectives or will realize a substantial return (if any) in their investment or that they will not lose their entire investment. As a result, each prospective investor should carefully read this Form C. Each prospective investor should consult with their attorneys, accountants, and business advisors before investing.

## Illiquidity

Under state and federal Securities laws, you will be limited in your ability to resell your investment for the first year and may need to hold your investment for an indefinite period. Unlike investing in companies listed on a stock exchange where you can quickly and easily trade Securities on a market, you may have to locate an interested buyer when you do seek to resell your crowdfunded investment.

## Cancellation Restrictions

Once you make an investment commitment for a crowdfunding offering, you will be committed to making that investment (unless you cancel your commitment within a specified period).

## Limited Disclosure

The Issuer may disclose only limited information about the Issuer, its business plan, the offering, and its anticipated use of proceeds, among other things. An early-stage company may be able to provide only limited information about its business plan and operations because it may not have fully developed operations or a long history to provide more disclosure. The Issuer is also only obligated to file information annually regarding its business, including financial statements and certain companies may not be required to provide annual reports after the first 12 months. A publicly listed company, in contrast, is required to file annual and quarterly reports and promptly disclose certain events, continuing disclosure that you can use to evaluate the status of your investment. In contrast, you may have only limited continuing disclosure about your crowdfunding investment.

## Investment in Personnel

An early-stage investment is also an investment in the entrepreneur or management of the Issuer. Being able to execute the business plan is often an important factor in whether the business is viable and successful. You should also be aware that a portion of your investment may fund the compensation of the company's employees, including its management.

## **Possibility of Fraud**

As with other investments, there is no guarantee that crowdfunding investments will be immune from fraud.

## **No Tax Advice**

No assurance or warranty of any kind is made to any tax consequences relating to an investment. Each prospective investor should consult with and rely solely upon the advice of their tax advisers.

# **Appendix 1. Important Information About The Crowdfunding Process**

Investors should read carefully.

## **Delivering Securities to Investors**

The Company will work through Climatize Earth Securities LLC, a FINRA-compliant regulated Funding Portal, to conduct the Regulation Crowdfunding offering of securities. Securities will be delivered through electronic transmission.

## **Remuneration for Climatize**

500 bps of the actual Offering Amount raised, payable in full on the Funding Date with an annual servicing fee of 50 bps of the actual Offering Amount, for the Term of the Loan.

## **Investing Process**

To invest in an offering, Investors must have an Account with Climatize. Climatize collects To invest in an offering, Investors must have an Account with Climatize. Climatize collects certain personal information to run a Know-Your-Customer (KYC) and Anti-Money Laundering (AML) check on each investor at no cost to the investor. An individual must be 18 years of age to invest. Investors who are non-US residents may not be able to participate in the Offering due to local Securities laws. Please see more information available in the Climatize Educational Materials (<https://www.climatize.earth/educational-materials/>). After you select to invest in the Climatize Platform, if you do not already have an Account set up, you will be asked to provide certain information to enable Climatize to set up your Account. The Purchaser's funds for payment will be deducted and then held in escrow with North Capital Securities, an independent escrow agent, during the raise.

## **Progress during an Offering**

Climatize will display on the issuer's Offering Page, an investment progress bar and Updates regarding the Offering. For those with investment commitments in the offering already, you will receive certain email notifications from Climatize. Investors can ask questions to the issuer during the offering period on the "Discussion" Channel tab on the Issuer's Offering Page. You must be signed in to your Climatize Account to be able to ask your question, however.

## Target Offering Amount and Maximum Offering Amount

A company selects a minimum Target Offering Amount for a raise and may also select a Maximum Offering Amount. If the total amount of investor commitments does not meet or exceed the Target Offering Amount by the deadline for the Offering (Close Date), the Offering is canceled, no Securities will be sold, investors will receive a full refund of their investment commitment, with no interest or deductions, and the issuer will not receive funds.

## Cancellation

Investors may cancel an investment commitment until 48 hours before the deadline identified in these offering materials. The intermediary will notify investors when the Target Offering Amount has been met.

If the issuer reaches the Target Offering Amount before the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days before such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment within 48 hours before the offering deadline, the funds will be released to the issuer upon closing of the offering, and the investor will receive Securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be canceled, and the committed funds will be returned.

You cancel your investment commitment directly on the Climatize Platform.

1. Go to the Home Page on the Climatize Platform
2. Find the project in the "My Projects" list. Tap it
3. You will now see the issuer's Offering Page, your total investment in the project, and an option to cancel your investment in the project
4. After canceling your investment, Climatize will trigger a refund of your money to your funding account (visible under your Profile Settings)

If you need any assistance at any point, please reach out to the Climatize team at [support@climatize.earth](mailto:support@climatize.earth).

## Early Close

Climatize, as the intermediary conducting the offering, will notify investors when the Target Offering Amount has been met.

If the issuer reaches the Target Offering Amount in settled funds before the Offering Close date, the Offering has been available for investment for at least 21 days, there are at least 10 days left before the Offering's Close Date, and the Company continues to meet or exceed the Target Offering Amount in settled funds on the date of the expedited Offering deadline, the issuer may choose to close the offering at an earlier date i.e., an "Early Close". Climatize will provide notice to all potential investors of the Early Close date via email, at least 5 business days before the Early Close date (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). The notice will inform investors of: the anticipated Early Close date, their right to cancel an investment commitment for any reason up until 48 hours before the Early Close date, and whether the Issuer will continue to take commitments during the 48 hours.

## **Material Changes**

In the case of a material change to the issuer or offering terms during a raise, any investor with a commitment to the Offering will receive a notification via their email on file of this material change and that their investment will be canceled unless the investor reconfirms his or her investment within five (5) business days of receipt of the notice. If the investor fails to reconfirm the investment within five (5) business days, the investment will be canceled, and a notice of the cancellation and reason will be sent to the investor. Climatize will direct the investor funds for the amount of the investment to be refunded if they have been debited, without interest or deduction.

## **Oversubscribed**

If the Offering is oversubscribed e.g., the investor interest is over the Target Offering Amount, the issuer plans to allocate investor commitments on a first-come first-served basis. The Company is under no obligation to but may choose to, accept any additional subscriptions for the Securities once the Company has received subscriptions for the maximum amount of the offering. Investors should consider this when they consider the timing of placing their investment commitment.

## **Restrictions on Transfer of the Securities Being Offered Within the First Year**

The Securities being offered generally may not be resold by any purchaser of such Securities for one year beginning when the Securities were issued unless such Securities are transferred: (1) to the issuer of the Securities; (2) to an "accredited investor"; (3) as part of an offering registered with the U.S. Securities and Exchange Commission; or (4) to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

The term "accredited investor" means any person who comes within any of the categories outlined in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the Securities to that person. The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

After one year, any agreement to transfer or sell the Securities will be authorized only by the written confirmation of both the investor and the Company. Without limiting the foregoing, the Company shall not recognize and shall issue stop-transfer instructions concerning any such sale, pledge, or transfer, except upon the conditions specified in this Agreement, which conditions are intended to ensure compliance with applicable law. Before any proposed sale, pledge, or transfer of any Security, unless there is in effect a registration statement under the Securities Act covering the proposed transaction, the holder thereof shall give notice to the Company of such holder's intention to affect such sale, pledge, or transfer. Each such notice shall describe the manner and circumstances of the proposed sale, pledge, or transfer in sufficient detail and, if reasonably requested by the Company, shall be accompanied at such holder's expense by either (i) a written opinion of legal counsel who shall, and whose legal opinion shall, be reasonably satisfactory to the Company, addressed to the Company, to the effect that the proposed transaction may be effected without registration under the Securities Act; (ii) a "no action" letter from the SEC to the effect that the proposed sale, pledge, or transfer of such Restricted Securities without registration will not result in a recommendation by the staff of the SEC that action be taken with respect thereto; or (iii) any other evidence reasonably satisfactory to counsel of the Company to the effect that the proposed sale, pledge, or transfer of the Security may be effected without registration under the Securities Act, whereupon the holder shall be entitled to sell, pledge, or transfer such Security in accordance with the terms of the notice given by the holder to the Company.

## Project Updates

## Bright Saver

We're a nonprofit on a mission to accelerate the adoption of clean energy in the US through plug-in solar panels, a simple and affordable way for anyone to generate their own electricity.

These systems aren't yet made at scale for the US, and that's why we exist. We're here to raise awareness, build demand, and work with manufacturers and policymakers to unlock widespread access.

Read more

Renters, apartment dwellers, those with unsuitable roofs, and anyone without thousands to spend upfront have been left out of the clean energy transition.

In Europe, plug-in solar panels are already booming—millions are cutting energy bills and emissions with simple, DIY setups. We're bringing that movement to the U.S.

Our panels plug into any outlet and work anywhere there's sunlight. No rooftop. No installer. No hassle.

Join us to empower every American to offset 20–40% of their electricity use, save \$35–\$55 per month, and reduce their carbon footprint.
