Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Sustaino LLC

COMPANY ELIGIBILITY

2. ☒ Check this box to certify that all of the following statements are true for the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
JYOTHI PRAKASH BUCHIREDDY	CEO	Sustaino	2021
NEERAJA DASARI LOKANADHAM	Co-Founder	Sustaino	2021
		Zed Vase	

SARAYU P.

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
JYOTHI PRAKASH BUCHIREDDY	CEO	2021
NEERAJA DASARI LOKANADHAM	Secretary	2021

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
JYOTHI PRAKASH BUCHIREDDY	Membership Interests	82.0

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control — as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which

requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Regulatory Delays: Permitting and approvals may take longer than expected, delaying construction timelines.

We operate in a niche segment of the real estate market that may not attract broad investor or customer interest. Sustaino focuses on developing Vedic-inspired, eco-friendly, self-sustainable communities integrating spiritual, agricultural, and wellness components. While this “integrated life” model may appeal to a specific demographic, it may not resonate with mainstream real estate buyers, limiting our potential customer base and market demand.

Infrastructure Dependencies: Delays from utility providers (power, water, septic) could hold up home deliveries.

Competitive Risk: Other developers offering sustainable or affordable housing may attract buyers and investors, impacting Sustaino’s growth and market share.

Crowdfunding Execution: If the campaign underperforms, it could limit capital available for development.

We are highly dependent on buyer interest in North Carolina-based rural or semi-rural properties, which could limit geographic scalability. Our current communities are all based in North Carolina. If regional market conditions deteriorate or if the area fails to attract sufficient out-of-state or international buyers, we may not meet our sales projections, and expansion plans could stall.

Our emphasis on wellness, spirituality, and Vedic living introduces execution risk and may face cultural or regulatory challenges. Offering community features such as temples, yoga kutirs, and naturopathy-based kitchens may raise zoning, use-permitting, or discrimination concerns depending on the location. Additionally, integrating traditional Vedic principles into modern housing could create design or operational complexities that increase risk.

We may face challenges in securing the necessary agricultural, livestock, and food service resources to support our sustainability and wellness claims. The promise of organic produce, A2 milk from desi cows, and farm-to-table cuisine requires reliable access to farmland, livestock management, and supply chains that meet specific health and environmental standards. Any disruption in these inputs could damage our brand and affect resident satisfaction.

The success of our communities depends on continued demand for

The success of our communities depends on continued demand for alternative wellness-based lifestyles, which may fluctuate with trends. Our projects appeal to consumers seeking an alternative lifestyle grounded in sustainability, spirituality, and holistic wellness. These preferences are highly trend-driven and could wane if consumer focus shifts away from these values.

Our projects may face liquidity risk due to the long development timelines and illiquidity of real estate assets. Unlike technology or services businesses, our model involves developing physical communities over multiple years. Investor returns may be delayed, and capital may be locked into illiquid assets for extended periods without guaranteed resale value or rental income.

As a relatively new entrant, we may lack the operational track record, financial history, and brand recognition needed to compete with established developers. Sustaino appears to be in an early phase of operations, with no disclosed history of completed or fully-occupied communities. This lack of operating history may make it difficult to attract institutional capital, secure favorable financing, or instill confidence in potential homebuyers and investors.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: 80% – Develop two additional U.S. communities based on the Integrated Life and Vedic Village models, including land acquisition, development approvals, and construction
13.5% – Support and advance existing projects
6.5% – Wefunder fees

If we raise: **\$1,235,000**

Use of Proceeds: 80% – Develop two additional U.S. communities based on the Integrated Life and Vedic Village models, including land acquisition, development approvals, and construction
13.5% – Support and advance existing projects
6.5% – Wefunder fees
Raising our maximum target will allow us to start developing two new communities much faster.

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe

an issuer, the intended use of the proceeds, the issuer's intended use of the proceeds, and the issuer's intended use of the proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

Book Entry and Investment in the Co-Issuer. Investors will make their investments by investing in interests issued by one or more co-issuers, each of which is a special purpose vehicle ("SPV"). The SPV will invest all amounts it receives from investors in securities issued by the Company. Interests issued to investors by the SPV will be in book entry form. This means that the investor will not receive a certificate representing his or her investment. Each investment will be recorded in the books and records of the SPV. In addition, investors' interests in the investments will be recorded in each investor's "Portfolio" page on the Wefunder platform. All references in this Form C to an Investor's investment in the Company (or similar phrases) should be interpreted to include investments in a SPV.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned

offering does not close, all of the investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the investor will receive, and refund the investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

Convertible note with \$24,900,000.00 valuation cap; 20.000% discount; 8.0% interest.

See exact security attached as [Appendix B, Investor Contracts](#).

Type of Security: Convertible Promissory Notes ("Notes").

Amount to be Offered: The goal of the raise is \$1,235,000.00

Valuation Cap: \$24,900,000.00

Discount Rate: 80%

Maturity Date: 36 months from the Effective Date.

Interest Rate: 8.0%. Interest shall commence with the date of the convertible note and shall continue on the outstanding principal amount until paid in full or converted. Interest shall be computed on the basis of a year of 365 days for the actual number of days elapsed. All unpaid interest and principal shall be due and payable upon request of the Majority Holders on or after the Maturity Date.

Early-Bird & VIP Investors: Investors investing in the first \$250,000.00, will receive a valuation cap of \$22,410,000.00 and a discount rate of 80.000%. Wefunder VIP investors will be entitled to these terms for the entire duration of the offering, even if the threshold limit noted above is met.

Conversion and Repayment

(a) Conversion Upon Qualified Financing

Conversion upon a Qualified Financing. In the event that the Company issues and sells its equity securities to investors (the "Investors") while this Note remains

equity securities to investors (the "Investors") while this Note remains outstanding in an equity financing with total proceeds to the Company of not less than \$1000000 (excluding the conversion of the Notes or other convertible securities issued for capital raising purposes (e.g., Simple Agreements for Future Equity)) (a "Qualified Financing"), then the outstanding principal amount of this Note and any unpaid accrued interest shall automatically convert in whole without any further action by the Holder into Equity Securities sold in the Qualified Financing at a conversion price equal to the lesser of (i) the price paid per unit for Equity Securities by the Investors in the Qualified Financing multiplied by 0.8, and (ii) the quotient resulting from dividing \$24900000 by the number of outstanding common units of the Company immediately prior to the Qualified Financing (assuming conversion of all securities convertible into common units and exercise of all outstanding options and warrants, but excluding the units of equity securities of the Company issuable upon the conversion of the Notes or other convertible securities issued for capital raising purposes (e.g., Simple Agreements for Future Equity)). The issuance of Equity Securities pursuant to the conversion of this Note shall be upon and subject to the same terms and conditions applicable to Equity Securities sold in the Qualified Financing. Notwithstanding this paragraph, if the conversion price of the Notes as determined pursuant to this paragraph (the "Conversion Price") is less than the price per unit at which Equity Securities are issued in the Qualified Financing, the Company may, solely at its option, elect to convert this Note into units of a newly created series of preferred units having the identical rights, privileges, preferences and restrictions as Equity Securities issued in the Qualified Financing, and otherwise on the same terms and conditions, other than with respect to (if applicable): (i) the per share liquidation preference and the conversion price for purposes of price-based anti-dilution protection, which will equal the Conversion Price; and (ii) the per unit dividend, which will be the same percentage of the Conversion Price as applied to determine the per unit dividends of the Investors in the Qualified Financing relative to the purchase price paid by the Investors.

(b) Conversion upon a Change of Control.

If the Company consummates a Change of Control (as defined in the Convertible Note) while this Note remains outstanding, the Company shall repay the Holder in cash in an amount equal to the outstanding principal amount of this Note plus any unpaid accrued interest on the original principal. For purposes of this Note, a "Change of Control" means (i) a consolidation or merger of the Company with or into any other corporation or other entity or person, or any other corporate reorganization, other than any such consolidation, merger or reorganization in which the capital units of the Company immediately prior to such consolidation, merger or reorganization continue to represent a majority of the voting power of the surviving entity immediately after such consolidation, merger or reorganization; (ii) any transaction or series of related transactions to which the Company is a party in which in excess of 50% of the Company's voting power is transferred; or (iii) the sale or transfer of all or substantially all of

all or
the Company's assets, or the exclusive license of all or substantially all
of the
Company's material intellectual property; provided that a Change of
Control shall
not include any transaction or series of transactions principally for
bona fide
equity financing purposes in which cash is received by the Company
or any successor,
indebtedness of the Company is cancelled or converted or a
combination thereof. The
Company shall give the Holder notice of a Change of Control not less
than 10 days
prior to the anticipated date of consummation of the Change of
Control. Any repayment
pursuant to this paragraph in connection with a Change of Control
shall be subject
to any required tax withholdings, and may be made by the Company
(or any party to
such Change of Control or its agent) following the Change of Control
in connection
with payment procedures established in connection with such Change
of Control.

(c) Procedure for Conversion. Procedure for Conversion.

In connection with any conversion of this Note into capital units, the
Holder
shall surrender this Note to the Company and deliver to the Company
any
documentation reasonably required by the Company (including, in the
case of a
Qualified Financing, all financing documents executed by the
Investors in
connection with such Qualified Financing). The Company shall not be
required to
issue or deliver the capital units into which this Note may convert until
the
Holder has surrendered this Note to the Company and delivered to
the Company any
such documentation. Upon the conversion of this Note into capital
units pursuant
to the terms hereof, in lieu of any fractional units to which the
Holder would otherwise be entitled, the Company shall pay the Holder
cash equal to
such fraction multiplied by the price at which this Note converts.

(d) Interest Accrual. If a Change of Control or Qualified Financing is
consummated, all interest on this Note shall be deemed to have
stopped accruing as of a date selected by the Company that is up to
10 days prior to the signing of the definitive agreement for the
Change of Control or Qualified Financing.

Senior Indebtedness

The indebtedness evidenced by this Note is subordinated in right of
payment to the prior payment in full of any Senior Indebtedness in
existence on the date of this Note or hereafter incurred. "Senior
Indebtedness" shall mean, unless expressly subordinated to or made
on a parity with the amounts due under this Note, all amounts due in
connection with (i) indebtedness of the Company to banks or other
lending institutions regularly engaged in the business of lending
money (excluding venture capital, investment banking or similar
institutions and their affiliates, which sometimes engage in lending
activities but which are primarily engaged in investments in equity
securities), and (ii) any such indebtedness or any debentures, notes or
other evidence of indebtedness issued in exchange for such Senior
Indebtedness, or any indebtedness arising from the satisfaction of
such Senior Indebtedness by a guarantor.

VIP Bonus

Sustaino® will offer a discount to the normal terms listed in this Form C for all investments that are committed by investors who are part of Wefunder, Inc's VIP program. This means eligible Wefunder investors will receive a discount for any securities they purchased in this offering. For more specific details on the company's discount, please review the description of the terms above.

The discount is only valid until the offering closes. Investors eligible for the bonus will also receive priority if they are on a waitlist to invest and the company exceeds its maximum funding goal. They will be given the first opportunity to invest if space in the offering becomes available due to the cancellation or failure of previous investments.

Securities Issued by the SPV

Instead of issuing its securities directly to investors, the Company has decided to issue its securities to the SPV, which will then issue interests in the SPV to investors. The SPV is formed concurrently with the filing of the Form C. Given this, the SPV does not have any financials to report. The SPV is managed by Wefunder Admin, LLC and is a co-issuer with the Company of the securities being offered in this offering. The Company's use of the SPV is intended to allow investors in the SPV to achieve the same economic exposure, voting power, and ability to assert State and Federal law rights, and receive the same disclosures, as if they had invested directly in the Company. While the Issuer may be required to pay an annual administrative fee for the maintenance of the SPV, investors should note the Company's use of the SPV will not result in any additional fees being charged to investors.

The SPV has been organized and will be operated for the sole purpose of directly acquiring, holding and disposing of the Company's securities, will not borrow money and will use all of the proceeds from the sale of its securities solely to purchase a single class of securities of the Company. As a result, an investor investing in the Company through the SPV will have the same relationship to the Company's securities, in terms of number, denomination, type and rights, as if the investor invested directly in the Company.

Voting Rights

If the securities offered by the Company and those offered by the SPV have voting rights, those voting rights may be exercised by the investor or his or her proxy. The applicable proxy is the Lead Investor, if the Proxy (described below) is in effect.

Proxy to the Lead Investor

The SPV securities have voting rights. With respect to those voting rights, the investor and his, her, or its transferees or assignees (collectively, the "Investor"), through a power of attorney granted by Investor in the Investor Agreement, has appointed or will appoint the Lead Investor as the Investor's true and lawful proxy and attorney (the "Proxy") with the power to act alone and with full power of substitution, on behalf of the Investor to: (i) vote all securities related to the Company purchased in an offering hosted by Wefunder Portal, and (ii) execute, in connection with such voting power, any instrument or document that the Lead Investor determines is necessary and appropriate in the exercise of his or her authority. Such Proxy will be irrevocable by the Investor unless and until a successor lead investor ("Replacement Lead Investor") takes the place of the Lead Investor. Upon notice that a Replacement Lead Investor has taken the place of the Lead Investor, the Investor will have five (5) calendar days to revoke the Proxy. If the Proxy is not revoked within the 5-day time period, it shall remain in effect.

Restriction on Transferability

The SPV securities are subject to restrictions on transfer, as set forth in the Subscription Agreement and the Limited Liability Company Agreement of Wefunder SPV, LLC, and may not be transferred without the prior approval of the Company, on behalf of the SPV.

14. Do the securities offered have voting rights?

- ☐ Yes
☒ No

15. Are there any limitations on any voting or other rights identified above?

See the above description of the Proxy to the Lead Investor.

16. How may the terms of the securities being offered be modified?

Any term of this Note may be amended or waived with the written consent of the Company and the Holder. In addition, any term of this Note may be amended or waived with the written consent of the Company and the Majority Holders. Upon the effectuation of such waiver or amendment with the consent of the Majority Holders in conformance with this paragraph, such amendment or waiver shall be effective as to, and binding against the holders of, all of the Notes, and the Company shall promptly give written notice thereof to the Holder if the Holder has not previously consented to such amendment or waiver in writing; provided that the failure to give such notice shall not affect the validity of such amendment or waiver.

Pursuant to authorization in the Investor Agreement between each Investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor:

- A. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and
- B. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

- 1. to the issuer;
- 2. to an accredited investor;
- 3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
- 4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

The holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These changes could result in further limitations on the voting rights the Investor will have as an owner of equity in the Company, for example by diluting those rights or limiting them to certain types of events or consents. To the extent applicable, in cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional equity, an Investor's interest will typically also be diluted. Based on the risk that an Investor's rights could be limited, diluted or otherwise qualified, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns. Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, **the unitholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, **the unitholders** may change the terms of the operating agreement for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. **The unitholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities

the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The unitholders have the right to redeem their securities at any time. **Unitholders** could decide to force the Company to redeem their **securities** at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional units, an Investor's interest will typically also be diluted.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

The valuation cap of \$24.9 million was determined using a Discounted Cash Flow (DCF) analysis based on projected revenues, expenses, and cash flows from Sustaino's planned and in-progress communities over the next 5-10 years.

The initial amount invested in a Convertible Note is determined by the investor, and we do not guarantee that the Convertible Note will be converted into any particular number of units.

As discussed in Question 13, when we engage in an offering of equity involving units, Investors may receive a number of Preferred Units calculated as either the conversion price equal to the lesser of (i) 80% of the price paid per unit for Equity Securities by the Investors in the Qualified Financing or (ii) the price equal to the quotient of the valuation cap of \$24,900,000.00 (the "Valuation Cap") divided by the aggregate number of outstanding units as of immediately prior to the initial closing of the Qualified Financing (assuming full conversion or exercise of all convertible and exercisable securities then outstanding, but excluding the units of equity securities of the Company issuable upon the conversion of the Notes or any other debt).

Because there will likely be no public market for our securities prior to an initial public offering or similar liquidity event, the price of the Units that Investors will receive, and/or the total value of the Company's capitalization, will be determined by our managing members. Among the factors we may consider in determining the price of Units are prevailing market conditions, our financial information, market valuations of other companies that we believe to

be comparable to us, estimates of our business potential, the present state of our development and other factors deemed relevant.

In the future, we will perform valuations of our units that take into account, as applicable, factors such as the following:

- unrelated third party valuations;
- the price at which we sell other securities in light of the relative rights, preferences and privileges of those
- our results of operations, financial position and capital resources;
- current business conditions and projections;
- the marketability or lack thereof of the securities;
- the hiring of key personnel and the experience of our management;
- the introduction of new products;
- the risk inherent in the development and expansion of our products;
- our stage of development and material risks related to our business;
- the likelihood of achieving a liquidity event, such as an initial public offering or a sale of our company given the
- market conditions and the nature and history of our business;
- industry trends and competitive environment;
- trends in consumer spending, including consumer confidence;
- overall economic indicators, including gross domestic product, employment, inflation and interest rates; and
- the general economic outlook.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its managing members, and the Investor will have no independent right to name or remove an officer or member of the managing members of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the

issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from unitholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company and the managing members of the Company to manage the Company so as to maximize value for unitholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company and the managing members of the Company. If the managing members of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management and managing members of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
No exempt offerings.				

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12- month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material

whether any of the foregoing persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or any immediate family member of any of the foregoing persons.

☐ Yes
☒ No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☒ Yes
☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

Sustaino LLC plans to earn revenue through a multi-channel eco-community model, combining real estate sales, wellness services, sustainable agriculture, and property management, while exploring green tech partnerships and licensing opportunities for future growth.

Milestones

Sustaino LLC was organized in the State of North Carolina in May

2021.

Since then, we have:

- \$1.5M revenue (inc. deferred) in 2024, projecting \$10M by 2028 with proven demand (not guaranteed)
- \$40M+ sales pipeline from 100+ buyers with deposits already placed
- Targeting the U.S. eco-housing market, projected to reach \$150B by 2030
- 6 communities in development across North Carolina, Georgia, Tennessee
- 5,000 qualified leads demonstrate validated demand for sustainable living
- Sustaino communities align with UN2030 goals for sustainable cities and production

Historical Results of Operations

- *Revenues & Gross Margin.* For the period ended December 31, 2024, the Company had revenues of \$895,225 compared to the year ended December 31, 2023, when the Company had revenues of \$327,340 in 2023.
- *Assets.* As of December 31, 2024, the Company had total assets of \$2,270,731, including \$244,434 in cash. As of December 31, 2023, the Company had \$1,539,377 in total assets, including \$44,400 in cash.
- *Net Loss.* The Company has had net losses of \$528,507 and net losses of \$61,655 for the fiscal years ended December 31, 2024 and December 31, 2023, respectively.
- *Liabilities.* The Company's liabilities totaled \$1,447,426 for the fiscal year ended December 31, 2024 and \$234,353 for the fiscal year ended December 31, 2023.

Liquidity & Capital Resources

To-date, the company has been financed with \$546,562 in debt.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 1 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We are in the process of securing bridge financing and construction loans to complement this crowdfunding raise, providing additional liquidity for infrastructure, model home construction, and operations.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 4 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Sustaino LLC cash in hand is \$205,388.39, as of July 2025. Over the last three months, revenues have averaged \$78,864.14/month, cost of goods sold has averaged \$179,740.33/month, and operational expenses have averaged \$184,300.50/month, for an average burn rate of \$285,176.69 per month. Our intent is to be profitable in 4 months.

Since the end of the 2024 financial period, Sustaino has experienced several material changes:

- Operational Ramp-Up: We finalized a grading contractor for Vedic Village Phase 1. Infrastructure work is scheduled to begin in July 2025, with home construction starting in March 2026.
- Improved Liquidity: Cash reserves increased from \$44,400 in 2023 to \$244,434 in 2024, driven by customer deposits (\$884,549 in deferred revenue) and improved financing access.
- Capital Formation: We have launched our Wefunder campaign and initiated additional fundraising efforts to support infrastructure and model home development. We also plan to convert to a C Corporation in 2025 to better access equity markets.
- Revenue Visibility: We expect ~\$1.5M in revenue in 2025 from Phase 1 home sales at Integrated Life, and over \$3M in 2026 from Vedic Village. Multiple home pre-sale agreements and deposits have already been secured.
- Profitability Pathway: Profit margins are expected to range between 15%-30% beginning in 2025 due to economies of scale, streamlined project oversight, and diversified revenue streams across home sales, wellness services, and sustainable agriculture.

In the next 3-6 months (Q3-Q4 2025), we expect limited revenue but significant investment in infrastructure and model home development to prepare for full-scale sales and construction in 2026.

- Expected Revenue: ~\$1,200,000 (Primarily home sales from Phase 1 of Integrated Life Community)
- Expected Expenses: ~\$1,500,000 to \$2,000,000 (Majority allocated to Phase 1 infrastructure at Vedic Village, completion of model homes at Integrated Life, permitting, payroll, and marketing)

Capital Required to Become Revenue-Generating:

We estimate a need of \$1.5M to \$2M in additional capital to fully complete infrastructure and begin home construction. This funding will cover:

- Grading, utilities, and roads at Vedic Village
- Completion of model homes to accelerate sales
- General overhead and operational continuity

When We Expect to Be Revenue-Generating:

- We anticipate closing our first home sales and recognizing substantial revenue starting Q2-Q3 2026, with positive project cash flows following shortly thereafter.
- This growth will be driven by our pre-sold lots, strong interest in our sustainable communities, and scalable development framework.

We are not yet profitable, which is expected at this stage as we invest heavily in infrastructure and long-term assets essential to our community developments. In 2024, we incurred a net loss of \$528,507, primarily due to equipment purchases and Phase 1 development costs for Integrated Life and Vedic Village. These are foundational investments that will drive our future revenue.

We estimate that \$2 million in additional capital is needed to reach profitability. These funds will enable:

- Completion of Phase 1 infrastructure at Vedic Village
- Construction of model homes and pre-sales activation
- Coverage of operational overhead (permitting, staffing, marketing)
- Working capital to launch vertical home construction

We project reaching profitability by Q4 2025, driven by home closings at Integrated Life Phase 1. By then, we expect:

- \$1.5M+ in recognized revenue from Integrated Life
- \$3M+ in revenue from Vedic Village starting in 2026
- Gross profit margins of 15%-30%, supported by efficient project management and cost controls
- Positive operating cash flow through 2027 and beyond
- A long-term growth target of \$10M+ in annual revenue by 2028
- We've already secured over \$884K in customer deposits (deferred

revenue) as of year-end 2024—clear validation of market demand for our eco-communities.

In addition to this Wefunder raise, Sustaino is actively utilizing and pursuing the following capital sources:

- Customer Deposits: We've secured over \$884K in deferred revenue from lot and home pre-sales, which helps offset development costs as milestones are achieved.
- Private Loans & Equipment Financing: We've accessed nearly \$500K in equipment and working capital loans secured by real assets (land, machinery), supporting key infrastructure efforts without equity dilution.
- Owner Contributions: Sustaino's founders have invested personal capital and continue to support the company's operations as needed.
- Strategic Partnerships: We are in discussions with aligned partners and potential institutional investors to bring in additional equity or co-development funding for future phases.

We are managing our short-term cash needs through a combination of:

- Customer deposits (currently held as deferred revenue), released in stages as we deliver lot development milestones.
- Tightly controlled operating expenses, with a lean core team and phased contractor engagement.
- Bridge capital from related parties, if necessary, to ensure campaign continuity without disrupting operations.
- Crowdfunding proceeds, which are expected to provide the working capital needed to complete model homes, accelerate sales, and prepare for home construction.
- Our capital strategy is designed to balance immediate liquidity needs while preserving long-term equity value.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. If applicable, the Company may also be required to pay Wefunder certain fees for the preparation of tax filings. Such fees and the Company's obligation to deliver required tax documents are further specified in the related Tax Services Agreement ("TSA").

Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

Potential Dissolution of the SPV. The Company has agreed that it will pay an administrative fee and / or certain tax fees to Wefunder, in addition to delivering required tax information in the manner prescribed by the TSA, where applicable. Failure to pay such fees or provide Wefunder with required tax information could result in the dissolution of the SPV (an "SPV Dissolution Event"). Subsequent to an SPV Dissolution Event, the securities held by the SPV would be

distributed directly and proportionally to the individual investors. This could create administrative complexities, as investors would need to manage the securities themselves rather than having them held and administered by the SPV. Additionally, the unplanned distribution of securities may not align with investors' intended investment strategy or asset allocation.

Upon an SPV Dissolution Event, the Investor hereby consents to and agrees to accept direct assignment of the SPV's rights and obligations under any investment agreements between the SPV and the Company that is located in the Form C or C/A offering materials. The Investor acknowledges they will be bound by all terms and conditions of such agreements as if they were an original party thereto.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://sustaino.life/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
