THE OFFERING AND THE SECURITIES

The Offering

The Issuer is offering a minimum amount of \$75,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$1,235,000 (the “**Maximum Offering Amount**”) of SAFE (Simple Agreement for Future Equity) (the “**Securities**”) on a best-efforts basis as described in this Form C (this “**Offering**”). The Minimum Individual Purchase Amount is \$250, and the Maximum Individual Purchase Amount is \$124,000. The Issuer reserves the right to amend the Minimum Individual Purchase Amount and Maximum Individual Purchase Amount, in its sole discretion. In particular, the Issuer may elect to participate in one of the Intermediary’s special investment programs and may offer alternative Minimum Individual Purchase Amounts and Maximum Individual Purchase Amounts to Investors participating in such programs without notice. The Issuer must raise an amount equal to or greater than the Target Offering Amount by October 30, 2025 (the “**Offering Deadline**”). Unless the Issuer receives investment commitments, which are fully paid for and meet all other requirements set by this Offering, in an amount not less than the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be canceled and all committed funds will be returned.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Issuer’s asset value, net worth, revenues or other objective established criteria of value, and should not be considered indicative of the actual value of the Securities.

In order to purchase the Securities, you must make a commitment to purchase by completing the purchase process hosted by the Intermediary (as defined above), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Issuer are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with a qualified third-party escrow agent meeting the requirements of Regulation CF (“**Escrow Agent**”) until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline or an intermediate close, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds. If the Investor does not cancel an investment commitment before the 48-hour period prior to the Offering Deadline, the funds will be released to the Issuer and the Investor will receive their Securities.**

Investment commitments made in this Offering will be represented by a pro rata beneficial interest (based on the amount invested) subject to the terms of the Security (attached as Exhibit B), Custody Agreement (attached as Exhibit C), and Omnibus Nominee Trust Agreement (attached as Exhibit D). Securities sold in this Offering will be deposited into a custodial account (“**Custodial Account**”) with BitGo Trust Company, Inc., who will serve as the custodian, nominee, and legal record holder (the “**Custodian**” or “**Nominee**”). In order to receive Securities from this Offering, Investors will be required to establish, or verify that they already have, an account with the Custodian. The legal title to the Securities purchased by the Investor in this Offering will be held in the name of a trust established by and maintained by the Nominee for the purposes of safeguarding the Securities and providing for efficiencies with respect to tax reporting, distributions and estate planning purposes related to the Securities pursuant to the terms and conditions of the Omnibus Nominee Trust Agreement attached hereto as Exhibit D.

The Issuer will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Issuer reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Issuer continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

The Deal Page

A description of our products, services and business plan can be found on the Issuer's profile page on the Intermediary's website under <https://republic.com/prospiero.ai> (the "**Deal Page**"). The Deal Page can be used by prospective Investors to ask the Issuer questions and for the Issuer to post immaterial updates to this Form C as well as make general announcements. You should view the Deal Page at the time you consider making an investment commitment. Updates on the status of this Offering can also be found on the Deal Page.

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Issuer will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor's investment commitment will be canceled and the committed funds will be returned without interest or deductions.

Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Issuer designates pursuant to Rule 304(b) of Regulation CF, the Issuer may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments). Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Issuer conducts an initial closing (the "**Initial Closing**"), the Issuer agrees to only withdraw seventy percent (70%) of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Issuer may only conduct another close (a "**Subsequent Closing**") before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the Target Offering Amount as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Issuer upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Issuer has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Issuer until they are accepted by the Issuer, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Issuer rejects all or a portion of any investment commitment, the applicable prospective Investor's funds will be returned without interest or deduction.

The Securities

We request that you please review this Form C and the Security attached as Exhibit B, in conjunction with the following summary information.

Not Currently Equity Interests

The Securities are not currently equity interests in the Issuer and merely provide a right to receive equity at some point in the future upon the occurrence of certain events (which may or may not occur).

Dividends and/or Distributions

The Securities do not entitle Investors to any dividends and/or distributions.

Conversion

Upon the next sale (or series of related sales) by the Issuer of its Equity Securities to one or more third parties resulting in gross proceeds to the Issuer of not less than \$1,000,000 in cash and cash equivalents (each an “**Equity Financing**”), the Securities are automatically convertible into units of the securities issued in said Equity Financing.

Conversion Upon an Equity Financing Event

Upon an Equity Financing, the Investor will receive the number of units of Equity Securities equal to the greater of the quotient obtained by dividing the amount the Investor paid for the Securities (the “**Purchase Amount**”) by (a) or (b) immediately below:

(a) the quotient of \$16,000,000 (“**Pre-Money Valuation Cap**”) divided by the aggregate number of issued and outstanding units of Equity Securities, assuming full conversion or exercise of all convertible and exercisable interests then outstanding, including units of convertible preferred interests and all outstanding vested or unvested options or warrants to purchase Equity Securities, but excluding (i) all units of Equity Securities reserved and available for future issuance under any Issuer equity incentive or similar equity plan, (ii) convertible promissory notes, (iii) any Simple Agreements for Future Equity, including the Securities (collectively, “**SAFEs**”), and (iv) any Equity Securities that are issuable upon conversion of any outstanding convertible promissory notes or **SAFEs**;

OR

(b) if the pre-money valuation of the Issuer immediately prior to the Equity Financing is less than or equal to the Pre-Money Valuation Cap, the lowest price per unit of the Equity Securities sold in such Equity Financing.

Such conversion price shall be deemed the “**Equity Financing Price**”.

Conversion Upon a Liquidity Event

In the case of the Issuer’s undergoing an **IPO** (as defined below) of its Equity Securities (as defined in the Security), a **Direct Listing** (as defined below), or a **Change of Control** (as defined below) of the Issuer (all of these events, a “**Liquidity Event**”), the Investor will receive automatically be entitled (subject to the liquidation priority set forth in the **SAFE**) to receive a portion of Proceeds, equal to the greater of (i) the Purchase Amount (or a lesser amount as described below) (the “**Cash Out Amount**”) or (ii) the amount payable on the number of units of Equity Securities of the Company equal to the Purchase Amount (or a lesser amount as described below) divided by the quotient of (a) \$16,000,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of units of the Issuer’s Equity Securities outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (w) the Unissued Option Pool; (x) any **SAFEs**; (y) convertible promissory notes; and (z) any Equity Securities that are issuable upon conversion of any outstanding convertible promissory notes or **SAFEs**.

In connection with the Cash Out Amount, the Purchase Amount (or a lesser amount as described below) will be due and payable by the Issuer to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay the Investors and the holders of other **SAFEs** in full, then all of the Issuer’s available funds will be distributed based on liquidation priority, with the Security intended to operate like standard non-participating preferred units.

“**Change of Control**” as used above, means (i) a transaction or series of related transactions in which any person or group becomes the beneficial owner of more than fifty percent (50%) of the outstanding voting securities entitled to elect the Issuer’s board of directors or managers, (ii) any reorganization, merger or consolidation of the Issuer, in which the outstanding voting security holders of the Issuer fail to retain at least a majority of such voting securities following such transaction or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Issuer.

“**Direct Listing**” means, in the event the Issuer is restructured as a corporation, the Issuer’s initial listing of its Common Stock (other than shares of Capital Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Issuer with the SEC that registers existing Equity Securities of the Issuer for resale, as approved by the Issuer’s manager(s) (or board of directors if the Issuer becomes a corporation). For the avoidance of doubt, a Direct Listing will not be deemed to be an underwritten offering and will not involve any underwriting services.

“**IPO**” as used above, means: (A) the completion of an underwritten initial public offering of Equity Securities by the Issuer pursuant to: (I) a final prospectus for which a receipt is issued by a securities commission of the United States

or of a province of Canada, or (II) a registration statement which has been filed with the United States Securities and Exchange Commission and is declared effective to enable the sale of Equity Securities by the Issuer to the public, which in each case results in such Equity Securities being listed and posted for trading or quoted on a recognized exchange; (B) the Issuer's initial listing of its Equity Securities (other than units of Equity Securities not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Issuer with the SEC that registers existing units of existing Equity Securities of the Issuer for resale, as approved by the Issuer's board of managers (or board of directors if the Issuer becomes a corporation), where such listing shall not be deemed to be an underwritten offering and shall not involve any underwriting services; or (C) the completion of a reverse merger or take-over whereby an entity (I) whose securities are listed and posted for trading or quoted on a recognized exchange, or (II) is a reporting issuer in the United States or the equivalent in any foreign jurisdiction, acquires all of the issued and outstanding Equity Securities of the Issuer.

Dissolution

If there is a **Dissolution Event** (as defined below) or a Liquidity Event before the Securities terminate, the Issuer will distribute all proceeds legally available for distribution with the following priority: (i) junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Equity Securities); (ii) on par with payments for other SAFEs, whether this Series or otherwise, and/or Preferred Interests, and if the applicable proceeds are insufficient to permit full payments to the Investor and such other SAFEs and/or Preferred Interest holders, the applicable proceeds will be distributed pro rata to the Investor and such other SAFEs and/or Preferred Interest holders in proportion to the full payments that would otherwise be due; and (iii) senior to payments to holders of Common Interests.

A "**Dissolution Event**" means (i) a voluntary termination of operations by the Issuer, (ii) a general assignment for the benefit of the Issuer's creditors or (iii) any other liquidation, dissolution or winding up of the Issuer (excluding a Liquidity Event), whether voluntary or involuntary.

Termination

The Securities terminate (without relieving the Issuer of any obligations arising from a prior breach of or non-compliance with the Securities) upon the earlier to occur of: (i) the issuance of Equity Securities to the Investor pursuant to the conversion provisions of the SAFE agreement or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to a Liquidity Event or a Dissolution Event.

Nominee

The title holder of the Securities will be a trust established by and maintained by Nominee for the purposes of safeguarding the Securities and providing for efficiencies with respect to tax reporting, distributions and estate planning purposes related to the Securities. Pursuant to the terms of the Omnibus Nominee Trust Agreement (attached as Exhibit D), Investors are engaging Nominee as its limited agent to safeguard and provide certain limited services with respect to the Securities held in trust. Investors are appointing Nominee to act as nominee for the Investors, to serve in such capacity until the appointment and authority conferred is revoked, for the limited purpose of causing to be held, and holding, in the name of Nominee alone, title to the Securities beneficially owned by the Investors and acquired by Nominee for the benefit of Investors or otherwise conveyed to Nominee in accordance with the directions of the Investors, with power and authority limited to registering and holding the Securities in Nominee's name, and otherwise acting with respect to the Securities in accordance with the instructions of the Investors, as provided in the Omnibus Nominee Trust Agreement or as may be given by the Investors from time to time. The Nominee will have no right or authority to act with respect to the Securities, except upon the instructions of the Investors. An Investor may, at any time, in its absolute discretion, terminate the Omnibus Nominee Trust Agreement in whole or in part; provided, however, that no such termination will be effective with respect to any Securities the transfer of which is restricted by contract, law, edict or otherwise unless consented to by the Issuer thereof (including by blanket consent). Nominee's sole function during the term of the Omnibus Nominee Trust Agreement will be to hold nominal legal title to the Securities for the benefit of the Investors under and subject to the Investor's instructions.

Voting and Control

Neither the Securities **nor the securities issuable upon the conversion** of the Securities have voting rights unless otherwise provided for by the Issuer. In addition, to facilitate the Offering and SAFE Investors being able to act together and cast a vote as a group, to the extent any securities acquired upon conversion of the Securities confer the holder with voting rights (whether provided by the Issuer's governing documents or by law), the Lead will act as

proxy on behalf of Investors in respect to instructions related to the Securities. The Lead will vote at the direction of the Chief Executive Officer of the Issuer (the “**Lead**”).

The Issuer does not have any voting agreements in place.

Additionally, the Issuer and its members are subject to an Amended and Restated Limited Liability Company Agreement, dated December 30, 2024 (the “**LLC Agreement**”). Among other things, the LLC Agreement provides for certain provisions related to (i) authorized classes of units, (ii) distributions and allocations; (iii) management, including the authority and appointment of the Managers; (iv) restrictions on transfers and permitted transfers; (v) right of first refusal to the Company and secondarily to members on proposed voluntary transfers; (vi) co-sale rights; and (vi) drag-along rights.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Issuer.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Issuer; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. “Member of the Family” as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any Equity Securities into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Issuer with an opinion of counsel reasonably satisfactory to the Issuer stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities or any Equity Securities into which they are convertible to any of the Issuer’s competitors, as determined by the Issuer in good faith.

Furthermore, upon the event of an IPO, the Equity Securities into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distributee, as relevant, will be required to sign an Omnibus Nominee Trust Agreement (as defined in the Security).

Other Material Terms

- The Issuer does not have the right to repurchase the Securities.
- The Securities do not have a stated return or liquidation preference.
- For liquidation priority, the Securities are intended to be treated as standard non-participating preferred.

COMMISSION AND FEES

Cash Commission

At the conclusion of the Offering, the Issuer shall pay the Intermediary the greater of (A) a cash fee of (1) 0% of any dollar amounts raised in the Offering up to \$100,000.00 and (2) five percent (5%) of any dollar amounts raised in the Offering exceeding \$100,000.01 but not exceeding \$5,000,000.00 or (B) a cash fee of fifteen thousand dollars (\$15,000.00).

Other Compensation

The Intermediary will also receive compensation in the form of the Securities equal to two percent (2%) of the total number of the Securities sold in the Offering. The total number of Securities outstanding after the Offering is subject to increase in an amount equal to the Intermediary's fee of two percent (2%) of the Securities issued in this Offering.

RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Issuer is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Risks Related to the Issuer's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Issuer is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early stage companies. The Issuer may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

The amount of capital the Issuer is attempting to raise in this Offering may not be enough to sustain the Issuer's current business plan.

In order to achieve the Issuer's near and long-term goals, the Issuer may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Issuer will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

We may face potential difficulties in obtaining capital.

We may have difficulty raising needed capital in the future as a result of, among other factors, our lack of revenues from sales, as well as the inherent business risks associated with the Issuer and present and future market conditions. Additionally, our future sources of revenue may not be sufficient to meet our future capital requirements. As such, we may require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

A substantial majority of the Issuer is owned by the Issuer's CEO and Founder, and he will exercise voting control.

Prior to the Offering, George Kalais, the CEO and Founder of the Issuer, beneficially owns a substantial majority of the Issuer. Subject to any fiduciary duties owed to other members under Delaware law, Mr. Kalais may be able to exercise significant influence over matters requiring member approval, including the election of managers and approval of significant Issuer transactions, and will have significant control over the Issuer's management and policies. Mr. Kalais may have interests that are different from yours. For example, he may support proposals and actions with which you may disagree. The concentration of ownership could delay or prevent a change in control of the Issuer or otherwise discourage a potential acquirer from attempting to obtain control of the Issuer, which in turn could reduce the price potential investors are willing to pay for the Issuer. In addition, Mr. Kalais could use his voting influence to maintain the Issuer's existing management, delay or prevent changes in control of the Issuer, issue additional securities which may dilute you, repurchase securities of the Issuer, enter into transactions with related parties or support or reject other management and board proposals that are subject to unitholder approval.

We may implement new lines of business or offer new products and services within existing lines of business.

We may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We rely on other companies to provide services for our products.

We depend on third-party vendors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if vendors do not provide the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our services may be adversely impacted if companies to whom we delegate certain services do not perform to our, and our customers', expectations. Our vendors may also be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two vendors for a particular service.

We rely on various intellectual property rights, including trademarks and patents, in order to operate our business.

The Issuer relies on certain intellectual property rights to operate its business. The Issuer's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our intellectual property rights, including our patents, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

The Company's business plan is based on numerous assumptions and projections that may not prove accurate.

The Company's business plan and potential growth is based upon numerous assumptions. No assurance can be given regarding the attainability of the financial projections. The Company's ability to adhere to, and implement, its business plan will depend upon the Company's ability to successfully raise funds and a variety of other factors, many of which are beyond the Company's control. Likewise, management is not bound to follow the business plan and may elect to adopt other strategies based upon unanticipated opportunities, or changes in circumstances or market conditions. All financial projections contained in the business plan are based entirely upon management's assumptions and projections and should not be considered as a forecast of actual revenues or our liquidity. Actual operating results may be materially different.

Although the Company believes the assumptions upon which the Company's business and financial projections are based have reasonable bases, the Company cannot offer any assurance that its results of operations and growth will be as contemplated. If any of the assumptions upon which these opinions and projections are based prove to be inaccurate, including growth of the economy in general and trends in the vehicle industry, these opinions and projections could be adversely affected. Prospective investors should be aware that these opinions and other projections and predictions of future performance, whether included in the business plan, or previously or subsequently communicated to prospective investors, are based on certain assumptions which are highly speculative. Such projections or opinions are not (and should not be regarded as) a representation or warranty by the Company or any other person that the overall objectives of the Company will ever be achieved or that the Company will ever achieve significant revenues or profitability. These opinions, financial projections, and any other predictions of future performance should not be relied upon by potential investors in making an investment decision in regard to this Offering.

The Issuer's success depends on the experience and skill of its board of directors, executive officers and key personnel.

We are dependent on our board of directors, executive officers and key personnel. These persons may not devote their full time and attention to the matters of the Issuer. The loss of all or any of our board of directors, executive officers and key personnel could harm the Issuer's business, financial condition, cash flow and results of operations.

Although dependent on certain key personnel, the Issuer does not have any key person life insurance policies on any such people.

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Issuer has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Issuer will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Issuer and our operations. We have no way to guarantee key personnel will stay with the Issuer, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

In order for the Issuer to compete and grow, it must attract, recruit, retain and develop the necessary personnel who have the needed experience.

Recruiting and retaining highly qualified personnel is critical to our success. These demands may require us to hire additional personnel and will require our existing management and other personnel to develop additional expertise. We face intense competition for personnel, making recruitment time-consuming and expensive. The failure to attract and retain personnel or to develop such expertise could delay or halt the development and commercialization of our product candidates. If we experience difficulties in hiring and retaining personnel in key positions, we could suffer from delays in product development, loss of customers and sales and diversion of management resources, which could adversely affect operating results. Our consultants and advisors may be employed by third parties and may have commitments under consulting or advisory contracts with third parties that may limit their availability to us, which could further delay or disrupt our product development and growth plans.

We need to rapidly and successfully develop and introduce new products in a competitive, demanding and rapidly changing environment.

To succeed in our intensely competitive industry, we must continually improve, refresh and expand our product and service offerings to include newer features, functionality or solutions, and keep pace with changes in the industry. Shortened product life cycles due to changing customer demands and competitive pressures may impact the pace at

which we must introduce new products or implement new functions or solutions. In addition, bringing new products or solutions to the market entails a costly and lengthy process, and requires us to accurately anticipate changing customer needs and trends. We must continue to respond to changing market demands and trends or our business operations may be adversely affected.

The development and commercialization of our products is highly competitive.

We face competition with respect to any products that we may seek to develop or commercialize in the future. Our competitors include major companies worldwide. Many of our competitors have significantly greater financial, technical and human resources than we have and superior expertise in research and development and marketing approved products and thus may be better equipped than us to develop and commercialize products. These competitors also compete with us in recruiting and retaining qualified personnel and acquiring technologies. Smaller or early stage companies may also prove to be significant competitors, particularly through collaborative arrangements with large and established companies. Accordingly, our competitors may commercialize products more rapidly or effectively than we are able to, which would adversely affect our competitive position, the likelihood that our products will achieve initial market acceptance, and our ability to generate meaningful additional revenues from our products.

Industry consolidation may result in increased competition, which could result in a loss of customers or a reduction in revenue.

Some of our competitors have made or may make acquisitions or may enter into partnerships or other strategic relationships to offer more comprehensive services than they individually had offered or achieve greater economies of scale. In addition, new entrants not currently considered to be competitors may enter our market through acquisitions, partnerships or strategic relationships. We expect these trends to continue as companies attempt to strengthen or maintain their market positions. The potential entrants may have competitive advantages over us, such as greater name recognition, longer operating histories, more varied services and larger marketing budgets, as well as greater financial, technical and other resources. The companies resulting from combinations or that expand or vertically integrate their business to include the market that we address may create more compelling service offerings and may offer greater pricing flexibility than we can or may engage in business practices that make it more difficult for us to compete effectively, including on the basis of price, sales and marketing programs, technology or service functionality. These pressures could result in a substantial loss of our customers or a reduction in our revenue.

If we are unsuccessful in adding users of our app and platform, or if our clients decrease their level of engagement, our revenue, financial results, and business may be significantly harmed.

We offer an app and platform offering retail investment research and education. The amount of users of our app and platform, and our client's level of engagement, will be critical to our success. Our financial performance will be significantly determined by our success in adding, retaining, and engaging active users of our app and platform and the services offered. If clients do not perceive our app and platform, or services provided thereunder, to be useful, reliable, and trustworthy, we may not be able to attract or retain users or otherwise maintain or increase the frequency and duration of their engagement. There is no guarantee that we will not experience an erosion of our active client base or engagement levels in the future.

We have not prepared any audited financial statements.

The financial statements attached as Exhibit A to this Form C have been "reviewed" only and such financial statements have not been verified with outside evidence as to management's amounts and disclosures. Additionally, tests on internal controls have not been conducted. Therefore, you will have no audited financial information regarding the Issuer's capitalization or assets or liabilities on which to make your investment decision.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We may face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third parties may contain defects in design or manufacture, including “bugs” and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers’ or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Issuer is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Issuer may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) issuer, the Issuer is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Issuer’s financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Issuer of such compliance could be substantial and could have a material adverse effect on the Issuer’s results of operations.

Potential Classification as an Investment Company.

The Issuer believes that it is not currently an investment company under the U.S. Investment Company Act of 1940 (the “1940 Act”). The 1940 Act regulates companies that are engaged primarily in the business of investing, reinvesting, or trading in securities, and imposes significant restrictions and requirements on such companies. The Issuer currently conducts its activities in reliance on the “publisher’s exemption” under the 1940 Act based on regulatory guidance. Additionally, any changes to the Issuer’s platform, such as monetization, content personalization or performance-based marketing, could raise investment adviser implications. If the “publisher’s exemption” is no longer applicable or available, or there are material changes to the Issuer’s platform model, it could cause the Issuer to be deemed an investment company and become subject to the regulatory requirements of the 1940 Act. These regulatory requirements include, among other things, compliance with reporting, record-keeping, and other regulatory obligations. There can be no assurance that the Issuer will be able to avoid being classified as an investment company, and any failure to do so could have a material adverse effect on the Issuer’s business, prospects, financial condition, and results of operations.

Changes in federal, state or local laws and government regulation could adversely impact our business.

The Issuer is subject to legislation and regulation at the federal and local levels and, in some instances, at the state level. New laws and regulations may impose new and significant disclosure obligations and other operational, marketing and compliance-related obligations and requirements, which may lead to additional costs, risks of non-compliance, and diversion of our management’s time and attention from strategic initiatives. Additionally, federal, state and local legislators or regulators may change current laws or regulations which could adversely impact our business. Further, court actions or regulatory proceedings could also change our rights and obligations under applicable federal, state and local laws, which cannot be predicted. Modifications to existing requirements or imposition of new requirements or limitations could have an adverse impact on our business.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are also subject to a wide range of federal, state, and local laws and regulations. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we may incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

Global crises and geopolitical events, including without limitation, COVID-19 can have a significant effect on our business operations and revenue projections.

A significant outbreak of contagious diseases, such as COVID-19, in the human population could result in a widespread health crisis. Additionally, geopolitical events, such as wars or conflicts, could result in global disruptions to supplies, political uncertainty and displacement. Each of these crises could adversely affect the economies and financial markets of many countries, including the United States where we principally operate, resulting in an economic downturn that could reduce the demand for our products and services and impair our business prospects, including as a result of being unable to raise additional capital on acceptable terms, if at all.

The Issuer may not be in compliance with the corporate registration requirements where it operates.

The Issuer’s headquarters are located in the State of New York. The Issuer is not currently qualified to conduct business in New York. The Issuer could be subject to fines, penalties or other administrative actions for failure to qualify in states that it operates in.

Risks Related to the Offering

State and federal securities laws are complex, and the Issuer could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.

The Issuer has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Issuer may have violated state or federal securities laws, any such violation could result in the Issuer being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Issuer would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any

such purchase. No assurances can be given the Issuer will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts.

In addition, if the Issuer violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Issuer which, among other things, could result in the Issuer having to pay substantial fines and be prohibited from selling securities in the future.

The Issuer could potentially be found to have not complied with securities law in connection with this Offering related to a Reservation Campaign (also known as “Testing the Waters”)

Prior to filing this Form C, the Issuer engaged in a Reservation Campaign (also known as “testing the waters”) permitted under Regulation Crowdfunding (17 CFR 227.206), which allows issuers to communicate to determine whether there is interest in the offering. All communication sent is deemed to be an offer of securities for purposes of the antifraud provisions of federal securities laws. Any Investor who expressed interest prior to the date of this Offering should read this Form C thoroughly and rely only on the information provided herein and not on any statement made prior to the Offering. The communications sent to Investors prior to the Offering are attached as Exhibit F. Some of these communications may not have included proper disclaimers required for a Reservation Campaign.

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission’s EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

The Issuer's management may have broad discretion in how the Issuer uses the net proceeds of the Offering.

Unless the Issuer has agreed to a specific use of the proceeds from the Offering, the Issuer’s management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Intermediary Fees paid by the Issuer are subject to change depending on the success of the Offering.

At the conclusion of the Offering, the Issuer shall pay the Intermediary the greater of (A) a cash fee of (1) 0% of any dollar amounts raised in the Offering up to \$100,000.00 and (2) five percent (5%) of any dollar amounts raised in the Offering exceeding \$100,000.01 but not exceeding \$5,000,000 or (B) a cash fee of fifteen thousand dollars (\$15,000). The compensation paid by the Issuer to the Intermediary may impact how the Issuer uses the net proceeds of the Offering.

The Issuer has the right to limit individual Investor commitment amounts based on the Issuer’s determination of an Investor’s sophistication.

The Issuer may prevent any Investor from committing more than a certain amount in this Offering based on the Issuer’s determination of the Investor’s sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Issuer’s determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Issuer’s determination.

The Issuer has the right to extend the Offering Deadline.

The Issuer may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Issuer attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Issuer extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Issuer receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Issuer receives the Target Offering Amount, at which time it will be released to the Issuer to be used as set forth herein. Upon or shortly after the release of such funds to the Issuer, the Securities will be issued and distributed to you.

The Issuer may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Issuer can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Issuer may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Issuer has the right to conduct multiple closings during the Offering.

If the Issuer meets certain terms and conditions, an intermediate close (also known as a rolling close) of the Offering can occur, which will allow the Issuer to draw down on seventy percent (70%) of Investor proceeds committed and captured in the Offering during the relevant period. The Issuer may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Risks Related to the Securities

Investors will not have voting rights, even upon conversion of the Securities and will grant a third-party nominee broad power and authority to act on their behalf.

In connection with investing in this Offering to purchase a SAFE (Simple Agreement for Future Equity), Investors will designate the Lead (as defined herein) to act on behalf as proxy on behalf of Investors in respect to instructions related to the Securities. The Lead will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of the Securities or any securities acquired upon their conversion, and to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Securities. Thus, by participating in the Offering, investors will grant broad discretion to a third-party (the Lead and its agents) to take various actions on their behalf, and investors will essentially not be able to vote upon matters related to the governance and affairs of the Issuer nor take or effect actions that might otherwise be available to holders of the Securities and any securities acquired upon their conversion. Investors should not participate in the Offering unless he, she or it is willing to waive or assign certain rights that might otherwise be afforded to a holder of the Securities to the Lead and grant broad authority to the Lead to take certain actions on behalf of the investor.

The Custodian shall serve as the legal title holder of the Securities. Investors will only obtain a beneficial ownership in the Securities.

The Issuer and the Investor shall appoint and authorize the qualified third-party Custodian for the benefit of the Investor, to hold the SAFE and any securities that may be issued upon conversion thereof in registered form in the Custodian's name or the name of the Custodian's nominees for the benefit of the Investor and Investor's permitted assigns. The Custodian may take direction from the Lead who will act on behalf of the Investors, and the Custodian may be permitted to rely on the Lead's instructions related to the Securities. Investors may never become an equity holder, merely a beneficial owner of an equity interest.

The Securities will not be freely tradable under the Securities Act until one year from when the securities are issued. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the

securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Issuer. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distribute, as relevant, will be required to sign a new Omnibus Nominee Trust Agreement (attached as Exhibit D). Additionally, Investors will only have a beneficial interest in the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the Custodian.

Investors will not become equity holders until there is a qualified equity financing or until there is a change of control or sale of substantially all of the Issuer's assets. The Investor may never directly hold equity in the Issuer.

Investors will not have an ownership claim to the Issuer or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Issuer. Investors will not become equity holders of the Issuer unless the Issuer receives a future round of financing great enough to trigger a conversion. Except for a qualified financing, the Issuer is under no obligation to convert the Securities. In certain instances, such as a sale of the Issuer or substantially all of its assets, an initial public offering or a dissolution or bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than equity in the Issuer.

Investors will not have voting rights, even upon conversion of the Securities.

Investors will not have the right to vote upon matters of the Issuer even if and when their Securities are converted (the occurrence of which cannot be guaranteed). Under the terms of the Securities, the Custodian will exercise voting control over the Securities. The Custodian may take direction from the Lead who will act on behalf of the Investors, and the Custodian may be permitted to rely on the Lead's instructions related to voting of the Securities. For example, if the Securities are converted in connection with an offering of Preferred Units, Investors would beneficially receive securities in the form of Preferred Units and such units would be required to be subject to the terms of the Securities that provides for the Custodian to vote their shares of Preferred Units consistent with the terms of the Security. Thus, Investors will essentially never be able to vote upon any matters of the Issuer unless otherwise provided for by the Issuer.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Issuer or to receive financial or other information from the Issuer, other than as required by law. Other security holders of the Issuer may have such rights. Regulation CF requires only the provision of an annual report on Form C-AR and no additional information. Additionally, there are numerous methods by which the Issuer can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Issuer such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Security in "default" and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any "default" provisions upon which Investors will be able to demand repayment of their investment. The Issuer has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may Investors demand payment and even then, such payments will be limited to up to the amount of cash available to the Issuer.

The Issuer may never undergo an equity financing or a liquidity event and Investors may have to hold the Securities indefinitely.

The Issuer may never conduct a future equity financing. In addition, the Issuer may never undergo a liquidity event such as a sale of the Issuer or an initial public offering. If neither an equity financing nor a liquidity event occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by

the original purchaser directly, the transferee, purchaser, assignee or distribute, as relevant, will be required to sign a new Omnibus Nominee Trust Agreement (as defined in the Security). The Securities are not equity interests, have no ownership rights, have no rights to the Issuer's assets or profits and have no voting rights or ability to direct the Issuer or its actions.

Any equity securities acquired upon conversion of the Securities may be significantly diluted as a consequence of subsequent equity financings.

The Issuer's equity securities will be subject to dilution. The Issuer intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from the conversion of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor's control and economic interests in the Issuer.

The amount of additional financing needed by the Issuer will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Issuer with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Issuer's needs, the Issuer may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Issuer. There can be no assurance that the Issuer will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

In addition, the Issuer has certain equity grants and convertible securities outstanding. Should the Issuer enter into a financing that would trigger any conversion rights, the converting securities would further dilute the equity securities receivable by the holders of the Securities upon a qualifying financing.

Any equity securities issued upon conversion of the Securities may be substantially different from other equity securities offered or issued by the Issuer at the time of conversion.

In the event a conversion occurs, the Issuer will convert the Securities into equity securities that are materially different from the equity securities being issued to new investors at the time of conversion in many ways, including, but not limited to, liquidation preferences, dividend rights, or anti-dilution protection. Additionally, any equity securities issued at the Equity Financing Price (as defined in the SAFE agreement) shall have only such preferences, rights, and protections in proportion to the Equity Financing Price and not in proportion to the price per unit paid by new investors receiving the equity securities. Upon conversion of the Securities, the Issuer may not provide the holders of such Securities with the same rights, preferences, protections, and other benefits or privileges provided to other investors of the Issuer.

The forgoing paragraph is only a summary of a portion of the conversion feature of the Securities; it is not intended to be complete, and is qualified in its entirety by reference to the full text of the SAFE agreement, which is attached as Exhibit B.

There is no present market for the Securities and we have arbitrarily set the price.

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. We cannot guarantee that the Securities can be resold at the offering price or at any other price.

While the Securities provide mechanisms whereby holders of the Securities would be entitled to a return of their purchase amount upon the occurrence of certain events, if the Issuer does not have sufficient cash on hand, this obligation may not be fulfilled.

Upon the occurrence of certain events, as provided in the Securities, holders of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Issuer does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

PROSPEROAI LLC

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024 AND DECEMBER 31, 2023

1. NATURE OF OPERATION

PROSPEROAI LLC was incorporated on November 2, 2018, in the state of Delaware. The financial statements of PROSPEROAI LLC (which may be referred to as the "Company", "we", "us", or "our") are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Company's headquarters are located in Delaware.

Prospero.ai is a fintech startup that provides an AI-powered investing platform designed to simplify complex market data into clear, actionable signals for retail investors. Through a free mobile app and tiered Substack newsletters, it delivers educational content, stock insights, and trading strategies to help individuals develop their own informed investment approach.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The summary of significant accounting policies is presented to assist in understanding the Company's financial statements. The accounting policies conform to accounting principles generally accepted in the United States of America ("GAAP" and "US GAAP").

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with US GAAP, and the Company has adopted the calendar year as its basis of reporting.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash & Cash Equivalents

Cash and cash equivalents include all cash in banks, cash on hand and all highly liquid investments with original maturities of three months or less at the time of purchase. As of December 31, 2024 and 2023, the Company's cash & cash equivalents did not exceed FDIC insured limits.

Intangibles

The Company incurs internal use software development costs. Accordingly, the Company expenses all costs that relate to the planning and post-implementation phases. Additionally, the Company markets certain of its software applications to new and existing customers. These costs are capitalized upon reaching technological feasibility with all costs incurred prior to this stage being expensed as incurred. Enhancements that improve the functionality of existing market-ready applications are also capitalized. Marketed software costs are amortized over their useful life, not exceeding five years.

Impairment of Long-Lived Assets

Long-lived assets, including property and equipment and intangible assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be recoverable. An impairment loss is recorded in the period in which it is determined that the carrying amount is not recoverable. The determination of recoverability is made based on an estimate of undiscounted future cash flows resulting from the use of the asset and its eventual disposition. The measurement of the impairment for long-lived assets is based on the asset's estimated fair value. No such impairment was recorded for the years ended December 31, 2024 and 2023.

Revenue Recognition

The Company recognizes revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the Company expects to be entitled to in exchange for those goods or services. In determining when and how revenue is to be recognized from contracts with customers, the Company performs the following five step analysis laid under Accounting Standard Codification ("ASC") 606, *Revenue from Contracts with Customers*: (1) identification of contract with customers, (2) determination of performance obligations, (3)

PROSPEROAI LLC

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2024 AND DECEMBER 31, 2023

measurement of the transaction price, (4) allocation of transaction price to the performance obligations, and (5) recognition of revenue when or as the company satisfies each performance obligation.

The Company identifies its contracts with subscribers, determines the single performance obligation of delivering market insights and analysis through its newsletters, measures the transaction price based on the subscription fee, allocates the price to the subscription period, and recognizes revenue over time as the content is delivered. Free content distributed through the mobile app and free Sunday newsletter is not associated with revenue and is excluded from revenue recognition.

Research and Development Costs

Costs incurred in the research and development of the Company's product are expensed as incurred.

Income Taxes

The Company has been organized as a limited liability company and has elected to be taxed as a partnership, which is not a tax-paying entity for federal income tax purposes and therefore, no provision for federal income taxes is reflected in its records. The income or loss of the limited liability company is passed through to the members and reported on their individual income tax returns.

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments included in current assets and current liabilities (such as cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximates fair value due to the short-term nature of such instruments.

The inputs used to measure fair value are based on a hierarchy that prioritizes observable and unobservable inputs used in valuation techniques. These levels, in order of highest to lowest priority, are described below:

Level 1 — Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2 — Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3 — Unobservable inputs reflecting the Company's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Advertising & Promotional Costs

Advertising and promotional costs are expensed as incurred. Advertising and promotional expenses for the years ended December 31, 2024, and December 31, 2023, amounted to \$36,623 and \$17,123, which is included in sales and marketing expenses.

Subsequent Events

The Company considers events or transactions that occur after the balance sheet date, but prior to the issuance of the financial statements, to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Subsequent events have been evaluated through June 3, 2025, which is the date the financial statements were available to be issued.

If there is a Liquidity Event before the termination of this Safe, the Investor will automatically be entitled to receive a portion of Proceeds, due and payable to the Investor immediately prior to, or concurrent with, the consummation of such Liquidity Event, equal to the greater of (i) the Purchase Amount (the "Cash-Out Amount") or (ii) the amount payable on the number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity Price (the "Conversion Amount"). If there is a Dissolution Event before the termination of this Safe, the Investor will automatically be entitled to receive a portion of the Proceeds equal to the Cash-Out Amount, due and payable to the Investor immediately prior to the consummation of the Dissolution Event. In a Liquidity Event or Dissolution Event, this Safe is intended to operate like standard non-participating Preferred Stock. The Investor's right to receive its Cash-Out Amount is: (i) Junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Capital Stock); (ii) On par with payments for other Safes and/or Preferred Stock, and if the applicable Proceeds are insufficient to permit full payments to the Investor and such other Safes and/or Preferred Stock, the applicable Proceeds will be distributed pro rata to the Investor and such other Safes and/or Preferred Stock in proportion to the full payments that would otherwise be due; and (iii) Senior to payments for Common Stock. The SAFE Agreement is considered a mandatorily redeemable financial instrument under ASC 480-10-15-8. Because the SAFE may require the issuer to redeem the instrument for cash upon a change of control, the agreement should be classified and recorded as a liability under ASC 480-10-25-8 because a change of control is an event that is considered not under the sole control of the issuer. Therefore, the SAFES are classified as marked-to-market liabilities pursuant to ASC 480 in other long-term liabilities.

5. EQUITY

The Company issued 100,000 Class A Units and zero Class B Units. The Board of Managers has the authority to issue additional Equity Securities at its discretion, including the creation of new classes or series with differing rights, powers, and preferences.

Dividend Rights:

6. CONTINGENCIES AND COMMITMENTS

Contingencies

The Company's operations are subject to a variety of local, state, and federal regulations. Failure to comply with these requirements may result in fines, penalties, restrictions on operations, or losses of permits, which will have an adverse impact on the Company's operations and might result in an outflow of economic resources.

Litigation and Claims

From time to time, the Company may be involved in or exposed to litigation arising from operations in the normal course of business. As of December 31, 2024, and December 31, 2023, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on the results of the Company's operations.

7. RELATED PARTY TRANSACTIONS

In prior periods, the Company received non-interest-bearing loans from its founder and largest member, George Kailas. As of December 31, 2024 and December 31, 2023, the outstanding loan balances were \$0 and \$27,084, respectively.

8. SUBSEQUENT EVENTS

On April 21, 2025, the Company entered into a Note and Security Agreement with an individual lender, pursuant to which it borrowed \$50,000. The note bears interest at 10% per annum, compounded annually, or the maximum rate permitted by law, whichever is lower. The outstanding principal and accrued interest are due and payable in full within 90 days from the issuance date. The Company has the option to prepay the note in whole or in part at any time without penalty. The note is secured by a security interest in the Company's personal property,

The Company is currently in the process of converting its legal structure from a limited liability company (LLC) to a corporation under the laws of the State of Delaware. In parallel, it is preparing to launch a crowdfunding campaign.

In 2025, the Company issued a Simple Agreement for Future Equity ("SAFE") in the amount of \$150,000. The agreement includes a 1% discount rate and does not specify a valuation cap.

In 2025, the Company entered into a Note and Security Agreement in the amount of \$50,000 with a certain lender. The loan bears an interest rate is 12% per annum and

9. GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has a net operating loss of \$703,759, an operating cash flow loss of \$605,261 and liquid assets in cash of \$63,630, which is less than a year's worth of cash reserves as of December 31, 2024. These factors normally raise substantial doubt about the Company's ability to continue as a going concern.

The Company's ability to continue as a going concern in the next twelve months following the date the financial statements were available to be issued is dependent upon its ability to produce revenues and/or obtain financing sufficient to meet current and future obligations and deploy such to produce profitable operating results.

Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs. During the next twelve months, the Company intends to fund its operations through debt and/or equity financing.

There are no assurances that management will be able to raise capital on terms acceptable to the Company. If it is unable to obtain sufficient amounts of additional capital, it may be required to reduce the scope of its planned

SAFE

(Simple Agreement for Future Equity)

Series 2025

THIS CERTIFIES THAT in exchange for the payment by [Investor Name] (the “**Investor**”, and together with all other Series 2025 SAFE holders, the “**Investors**”) of \$[] (the “**Purchase Amount**”) on or about [Date of SAFE], PROSPERO.AI LLC, a Delaware limited liability company (the “**Issuer**”), hereby issues to the Investor the right to certain units of the Issuer’s Equity Securities (defined below), subject to the terms set forth below.

The “**Pre-Money Valuation Cap**” is \$16,000,000.

See Section 2 for certain additional defined terms.

1. Events

(a) **Equity Financing Event.** If an Equity Financing (defined below) occurs before this instrument terminates in accordance with Sections 1(b)-(d), the Issuer shall promptly notify the Investor of the closing, or anticipated closing, of the Equity Financing and issue to the Investor a number of units of Equity Securities (whether Preferred Interests or another class issued by the Issuer) sold in the Equity Financing, subject to the terms of this Section 1. The number of units of Equity Securities shall equal the quotient obtained by dividing (x) the Purchase Amount by (y) the **Equity Financing Price** (as defined below).

(b) **Liquidity Event.** If there is a Liquidity Event before the termination of this SAFE (whether pursuant to Sections 1(a), (c) or (e)), the holder of this SAFE will automatically be entitled (subject to the liquidation priority set forth below in Section 1(d)) to receive a portion of Proceeds, due and payable to the holder of this SAFE immediately prior to, or concurrent with, the consummation of such Liquidity Event, equal to the **greater of** (1) the Purchase Amount (or a lesser amount as described below) (the “**Cash-Out Amount**”) or (2) the amount payable on the number of units of Common Interests equal to the Purchase

Amount (or a lesser amount as described below) divided by the Liquidity Price (the “**Conversion Amount**”).

Notwithstanding the foregoing, if the Issuer’s manager(s) (or board of directors if the Issuer becomes a corporation) determines in good faith that delivery of Equity Securities to the holder of this SAFE pursuant to this Section 1(b) would violate applicable law, rule or regulation, then the Issuer shall deliver to the holder of this SAFE in lieu thereof, a cash payment equal to the fair market value of such Equity Securities, as determined in good faith by the Issuer’s manager(s) (or board of directors if the Issuer becomes a corporation).

(c) **Dissolution Event**. If there is a Dissolution Event (defined below) before termination of this SAFE, this SAFE’s holder will automatically be entitled (subject to the liquidation priority set forth in Section 1(d) below) to receive a portion of Proceeds (defined below) equal to the Cash-Out Amount, due and payable to the holder of this SAFE immediately before the consummation of the Dissolution Event.

(d) **Liquidation Priority**. In a Liquidity Event or Dissolution Event, this SAFE is intended to operate like standard non-participating Preferred Interests. The holder of this SAFE’s right to receive its Cash-Out Amount is:

(i) Junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Equity Securities);

(ii) On par with payments for other SAFEs, whether this Series or otherwise, and/or Preferred Interests, and if the applicable Proceeds are insufficient to permit full payments to the Investor and such other SAFEs and/or Preferred Interests, the applicable Proceeds will be distributed pro rata to the Investor and such other SAFEs and/or Preferred Interest holders in proportion to the full payments that would otherwise be due; and

(iii) Senior to payments for Common Interests.

The holder of this SAFE’s rights to receive their Conversion Amount is (A) on par with payments for Common Interests and other SAFEs (whether this Series of SAFEs or alternative SAFEs) and/or Preferred Interests who are also receiving Conversion Amounts or Proceeds on a similar as-converted to Equity Securities basis, and (B) junior to payments described in clauses (i) and (ii) above (in the latter case, to the extent such payments are Cash-Out Amounts or similar liquidation preferences).

(e) **Termination**. This SAFE automatically terminates (without relieving the Issuer or holder of this SAFE of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of Equity Securities to the holder of this SAFE pursuant to Section 1(a); or (ii) the payment, or setting aside for payment, of amounts due to the holder of this SAFE pursuant to Section 1(b) or Section 1(c) as subject to Section 1(d).

(a) The Issuer and the Investor appoints and authorizes the Custodian for the benefit of the Investor, to hold the SAFE and any securities that may be issued upon conversion thereof in registered form in the Custodian’s name or the name of the Custodian’s nominees for the benefit of the Investor and the Investor’s permitted assigns. The Investor acknowledges and agrees that upon acceptance of the SAFE, the Issuer shall issue and deliver the SAFE to the Custodian, who shall solely hold such SAFE and any securities that may be issued upon conversion thereof for the benefit of the Investor and shall be a “protected purchaser” of such SAFE within the meaning of Section 8-303 of the Delaware Uniform Commercial Code, which shall be in book-entry uncertificated form, and that the Investor shall hold and acquire only a “securities entitlement” within the meaning of Section 8-501 of the Delaware Uniform Commercial Code in the SAFE and any securities that may be issued upon conversion thereof equal to the ratio of the Investor’s purchase amount to the aggregate purchase amounts of the SAFE in the Offering.

(b) Issuer and Investor acknowledge and agree that the Custodian may assign any and all of its agreements with Investor, delegate its duties thereunder, and transfer Investor’s SAFE and any securities that may be issued upon conversion thereof to any of its affiliates or to its successors and assigns, whether by merger, consolidation or otherwise, in each case, without the consent of the Investor or the Issuer. Investor acknowledges and agrees that Investor may not assign or transfer any of its rights or obligations under such agreements without the Custodian’s prior written consent, and any attempted transfer or assignment in violation hereof shall be null and void.

4. Issuer Representations, Warranties and Covenants

The Issuer represents, warrants, and covenants to the Investor and the Intermediary as follows:

(a) The Issuer is a limited liability company duly organized, validly existing and in good standing under the laws of the state of its organization, and has the power and authority to own, lease and operate its properties and carry on its business as now conducted.

(b) The execution, delivery and performance by the Issuer of this instrument is within the power of the Issuer and, other than with respect to the actions to be taken when equity is to be issued to Investor, has been duly authorized by all necessary actions on the part of the Issuer. This instrument constitutes a legal, valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity. To the knowledge of the Issuer, it is not in violation of (i) its current organizational documents; (ii) any material statute, rule or regulation applicable to the Issuer; or (iii) any material indenture or contract to which the Issuer is a party or by which it is bound, where, in each case, such violation or default, individually, or together with all such violations or defaults, could reasonably be expected to have a material adverse effect on the Issuer.

(c) The performance and consummation of the transactions contemplated by this instrument do not and will not: (i) violate any material judgment, statute, rule or regulation applicable to the Issuer; (ii) result in the acceleration of any material indenture or contract to which the Issuer is a party or by which it is bound; or (iii) result in the creation or imposition of any lien upon any property, asset or revenue of the Issuer or the suspension, forfeiture, or nonrenewal of any material permit, license or authorization applicable to the Issuer, its business or operations.

(d) No consents or approvals are required in connection with the performance of this instrument, other than: (i) approvals from the Issuer's manager or board of managers; (ii) any qualifications or filings under applicable securities laws; and (iii) necessary corporate approvals for the authorization of units of Equity Securities issuable pursuant to Section 1.

(e) If the Issuer, prior to the conversion of this instrument, is restructured as a corporation, then it shall reserve from its authorized but unissued shares of Capital Stock for issuance and delivery upon the conversion of this instrument, such number of shares of the Capital Stock as necessary to effect the conversion contemplated by this instrument, and, from time to time, will take all steps necessary to amend its charter to provide sufficient authorized numbers of shares of the Capital Stock issuable upon the conversion of this instrument. All such shares shall be duly authorized, and when issued upon any such conversion, shall be validly issued, fully paid and non-assessable, free and clear of all liens, security interests, charges and other encumbrances or restrictions on sale and free and clear of all preemptive rights, except encumbrances or restrictions arising under federal or state securities laws.

(f) The Issuer is (i) not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act, (ii) not an investment company as defined in Section 3 of the Investment Company Act of 1940 (the "ICA"), and is not excluded from the definition of investment company by Section 3(b) or Section 3(c) of the ICA, (iii) not disqualified from selling securities under Rule 503(a) of Regulation CF, (iv) not barred from selling securities under Section 4(a)(6) of the Securities Act due to a failure to make timely annual report filings, (v) not planning to engage in a merger or acquisition with an unidentified company or companies, and (vii) organized under, and subject to, the laws of a state or territory of the United States or the District of Columbia.

(g) The Issuer hereby authorizes the Custodian to hold this SAFE and the securities issuable upon conversion thereof in registered form in its name or the name of its nominees for the benefit of the Investors, which shall be in uncertificated form. The Issuer agrees that the Custodian is an intended third-party beneficiary to the representations made by the Investor and the Issuer via the SAFE, including, without limitation, any representations, warranties, and covenants made by the Issuer and the Investor.

5. Investor Representations, Warranties, and Covenants

(b) The Investor has been advised that this instrument and the underlying securities (collectively, the "**Securities**") have not been registered under the Securities Act or any state securities laws and are offered and sold hereby pursuant to Section 4(a)(6) of the Securities Act. The Investor understands that the Securities may be resold or otherwise transferred unless they are registered under the Securities Act and applicable state securities laws or pursuant to Rule 501 of Regulation CF, in which case certain state transfer restrictions may apply.

(c) The Investor understands that the Securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of each Investor's representations as expressed herein.

(d) The Investor acknowledges, and is purchasing the Securities in compliance with, the investment limitations set forth in Rule 100(a)(2) of Regulation CF, promulgated under Section 4(a)(6)(B) of the Securities Act.

(e) The Investor acknowledges that the Investor has received all the information the Investor has requested from the Issuer and the Investor considers necessary or appropriate for deciding whether to acquire this instrument and the Securities, and the Investor represents that the Investor has had an opportunity to ask questions and receive answers from the Issuer regarding the terms and conditions of this instrument and the Securities and to obtain any additional information necessary to verify the accuracy of the information given to the Investor. In deciding to subscribe to this instrument, the Investor is not relying on the advice or recommendations of the Issuer or of the Intermediary and the Investor has made its own independent decision that an investment in this instrument and the Securities is suitable and appropriate for the Investor. The Investor understands that no federal or state agency has passed upon the merits or risks of an investment in this instrument and the Securities or made any finding or determination concerning the fairness or advisability of this investment.

(f) The Investor understands and acknowledges that the Securities provide the Investor no voting, information or inspection rights, aside from any disclosure requirements the Issuer is required to make under relevant securities regulations.

(g) The Investor understands that no public market now exists for any of the Securities issued by the Issuer, and that the Issuer has made no assurances that a public market will ever exist for this instrument and the Securities to be acquired by the Investor hereunder.

(h) The Investor is not (i) a citizen or resident of a geographic area in which the purchase of or holding of the Securities, or any securities convertible or issuable therefrom, is prohibited by applicable law, decree, regulation, treaty, or administrative act, (ii) a citizen or resident of, or located in, a geographic area that is subject to U.S. or other applicable sanctions or embargoes, or (iii) an individual, or an individual employed by or associated with an entity, identified on the U.S. Department of Commerce's Denied Persons or Entity List, the U.S. Department of Treasury's Specially Designated Nationals List, the U.S. Department of State's Debarred Parties List or other applicable sanctions lists. Investor hereby represents and agrees that if Investor's country of residence or other circumstances change such that the above representations are no longer accurate, the Investor will immediately notify the Issuer. The Investor further represents and warrants that it will not knowingly sell or otherwise transfer any interest in the Securities, or any securities convertible or issuable therefrom, to a party subject to U.S. or other applicable sanctions.

(i) If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation, purchase and payment for, and continued ownership of, its beneficial interest in the Securities, or any securities convertible or issuable therefrom, will not violate any applicable securities or other laws of the Investor's jurisdiction, including (i) the legal requirements within its jurisdiction for the purchase of its beneficial interest in the Securities, or any securities convertible or issuable therefrom; (ii) any foreign exchange restrictions applicable to such purchase; (iii) any governmental or other consents that may need to be obtained; and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, conversion, redemption, sale, or transfer of its beneficial interest in the Securities, or any securities convertible or issuable therefrom. - (f) If any Instructions are ambiguous, incomplete, or conflicting, Custodian may refuse to execute such Instructions until any ambiguity, incompleteness, or conflict has been resolved. Custodian may refuse to execute Instructions if, in its sole opinion, such Instructions are outside the scope of its duties under this Agreement or are contrary to any Applicable Law.
- (g) Client is responsible for Losses (as defined below) resulting from inaccurate Instructions (e.g., if Client provides the wrong destination address for executing a withdrawal transaction). Custodian does not guarantee the identity of any user, receiver, requestee, or other party to a Custody Transaction. Custodian shall have no liability whatsoever for failure to perform pursuant to such Instructions except in the case of Custodian's gross negligence, fraud, or willful misconduct.
- (h) Unless otherwise directed by Client and confirmed by Custodian in writing, Client expressly acknowledges and agrees that the Platform Provider shall constitute an Authorized Person. Any and all Instructions received by the Custodian, whether electronically or otherwise, from the Platform Provider will be deemed as proper Instructions.

2.4. Digital Asset Deposits and Withdrawals.

- (a) Prior to initiating a deposit of Digital Assets to Custodian, Client must confirm that Custodian offers Custodial Services for that specific Digital Asset. The list of supported Digital Assets is currently available at: <https://www.bitgo.com/resources/coins>. The foregoing list or foregoing URL may be updated or changed from time to time in Custodian's sole discretion. By initiating a deposit of Digital Assets to a Custodial Account, Client attests that Client has confirmed that the Digital Asset being transferred is supported by Custodian.
- (b) Client must initiate any withdrawal request through Client's Custodial Account to a Client wallet address. Custodian will process withdrawal requests for amounts under \$250,000, either in a single transaction or aggregated in a series of transactions, during a rolling 24 hour period without video verification, to a Client-whitelisted address which has been previously used to which Client has made a withdraw to at least once. The time of such a request shall be considered the time of transmission of such notice from Client's Custodial Account. Custodian reserves the right to request video verification for any transaction or series of transactions under the threshold of \$250,000. Custodian will require video verification for withdrawal requests greater than \$250,000 or requests

made to a new address, either in a single transaction or aggregated in a series of transactions, during a rolling 24 hour period; provided, Custodian can require video calls for amounts less than \$250,000 if it deems necessary for security, compliance, or any other purposes in its sole discretion. The initiation of the 24 hour time period to process the withdrawal request shall be considered at the time at which client completes video verification.

- (c) As further set forth in Section 3.5, Client must manage and keep secure any and all information or devices associated with deposit and withdrawal procedures, including YubiKeys and passphrases or other security or confirmation information. Custodian reserves the right to charge or pass through network fees (e.g. miner fees or validator fees) to process a Digital Asset transaction on Client's behalf. Custodian will notify Client of the estimated network fee at or before the time Client authorizes the transaction.

2.5. Access Time.

- (a) Custodian requires up to 24 hours (excluding weekends and US federal holidays) between any request to withdraw Digital Assets or Securities from Client's Custodial Account and submission of Client's withdrawal to the applicable Digital Asset network.
- (b) Custodian reserves the right to take additional time beyond the 24 hour period if such time is required to verify security processes for large or suspicious transactions. Any such processes will be executed reasonably and in accordance with Custodian documented protocols, which may change from time to time at the sole discretion of Custodian.
- (c) Custodian makes no representations or warranties with respect to the availability and/or accessibility of the Digital Assets or Securities. Custodian will make reasonable efforts to ensure that Client initiated deposits are processed in a timely manner, but Custodian makes no representations or warranties regarding the amount of time needed to complete processing of deposits which is dependent upon factors outside of Custodian's control.

2.6. Supported Digital Assets. The Custodial Services are available only in connection with those Digital Assets that Custodian supports (list currently available at <https://www.bitgo.com/resources/coins>). The Digital Assets that Custodian supports may change from time to time in Custodian's discretion. Custodian assumes no obligation or liability whatsoever regarding any unsupported Digital Asset sent or attempted to be sent to it, or regarding any attempt to use the Custodial Services for Digital Assets that Custodian does not support. Custodian may, from time to time, determine types of Digital Assets that will be supported or cease to be supported by the Custodial Services. Custodian will use commercially reasonable efforts to provide Client with thirty (30) days' prior written notice before ceasing to support a Digital Asset, unless Custodian is required to cease such support sooner to comply with Applicable Law or in the event such support creates an urgent security or operational risk in Custodian's reasonable discretion (in which event Custodian will provide as much notice as is practicable under the circumstances). Under no circumstances should Client attempt to use the Custodial Services to deposit or store any Digital Assets that are not supported by Custodian. Depositing or attempting to deposit Digital Assets that are not supported by Custodian will result in such Digital Asset being unretrievable by Client and Custodian.

2.7. Advanced Protocols. Unless specifically announced on the Custodian or Company website, Custodian does not support airdrops, side chains, or other derivative, enhanced, or forked protocols, tokens, or coins which supplement or interact with a Digital Asset supported by Custodian (collectively, "Advanced Protocols"). Client shall not use its Custodial Account to

attempt to receive, request, send, store, or engage in any other type of transaction involving an Advanced Protocol. Custodian assumes absolutely no responsibility whatsoever in respect to Advanced Protocols.

2.8. Operation of Digital Asset Protocols.

- (a) Custodian does not own or control the underlying software protocols which govern the operation of Digital Assets supported on the Custodian platform. By using the Custodial Services, Client acknowledges and agrees that (i) Custodian is not responsible for operation of the underlying protocols and that Custodian makes no guarantee of their functionality, security, or availability; and (ii) the underlying protocols are subject to sudden changes in operating rules (a.k.a. “forks”), and (iii) that such forks may materially affect the value, function, and/or even the name of the Digital Assets that Client stores in Client’s Custodial Account. In the event of a fork, Client agrees that Custodian may temporarily suspend Custodian operations with respect to the affected Digital Assets (with or without advance notice to Client) and that Custodian may, in its sole discretion, decide whether or not to support (or cease supporting) either branch of the forked protocol entirely. Client acknowledges and agrees that Custodian assumes absolutely no liability whatsoever in respect of an unsupported branch of a forked protocol or its determination whether or not to support a forked protocol.
- (b) Client agrees that all “airdrops” (free distributions of certain Digital Assets) and forks will be handled by Custodian pursuant to its fork policy (the “Fork Policy”) (currently available at www.bitgo.com/resources/bitgo-fork-policy). Client acknowledges that Custodian is under no obligation to support any airdrops or forks, or handle them in any manner, except as detailed above and in the Fork Policy. Client further acknowledges that Custodian, at its sole discretion, may update the Fork Policy from time to time and/or the URL at which it is available and Client agrees that Client is responsible for reviewing any such updates. Client is under no obligation to provide notification to Client of any modification to the Fork Policy.

2.9. Account Statements.

- (a) Custodian will provide Client with an electronic account statement every calendar quarter. Each statement will be provided via the Custodian’s website and notice of its posting will be sent via electronic mail.
- (b) The Client will have forty-five (45) days to file any written objections or exceptions with the Custodian after the posting of a Custodial Account statement online. If the Client does not file any objections or exceptions within a forty-five (45) day period, this shall indicate the Client’s approval of the statement and will preclude the Client from making future objections or exceptions regarding the information contained in the statement. Such approval by the Client shall be full acquittal and discharge of Custodian regarding the transactions and information on such statement.
- (c) To value Digital Assets held in the Client’s account, the Custodian will electronically obtain USD equivalent prices from digital asset market data with amounts rounded up to the seventh decimal place to the right. Custodian cannot guarantee the accuracy or timeliness of prices received and the prices are not to be relied upon for any investment decisions for the Client’s account.

- 2.10. Independent Verification.** If Client is subject to Rule 206(4)-2 under the Investment Advisers Act of 1940, Custodian shall, upon written request, provide Client’s authorized independent public accountant confirmation of, or access to, information sufficient to confirm (i) Client’s

Digital Assets as of the date of an examination conducted pursuant to Rule 206(4)-2(a)(4), and (ii) Client's Digital Assets are held either in a separate account under Client's name or in accounts under Client's name as agent or trustee for Client's clients.

- 2.11. Support and Service Level Agreement.** Custodian will use commercially reasonable efforts: (i) to provide reasonable technical support to Client, by email or telephone, during Custodian's normal business hours (9:30 AM to 6 PM ET); (ii) to respond to support requests in a timely manner; (iii) resolve such issues by providing updates and/or workarounds to Client (to the extent reasonably possible and practical), consistent with the severity level of the issues identified in such requests and their impact on Client's business operations; (iv) abide by the terms of the Service Level Agreement currently made available at <https://www.bitgo.com/resources/bitgo-service-level-agreement> (as Service Level Agreement or the URL at which it is made available may be amended from time to time); and (vii) to make Custodial Accounts available via the internet 24 hours a day, 7 days a week.

2.12. Clearing and Settlement Services.

- (a) Custodian may offer clearing and settlement services (the "Settlement Services") that facilitate the settlement of transactions of Digital Assets, Securities, or Fiat Currency between Client and Client's trade counterparty that also has a Custodial Account with Custodian ("Settlement Partner"). Client acknowledges that the Settlement Service is an API product complemented by a Web user interface (UI). Clients may utilize the Settlement Services by way of settlement of one-sided requests with counterparty affirmation or one-sided requests with instant settlement; and two-sided requests with reconciliation. Client understands that the Assets available for use within the Settlement Services may not include all of Client's Assets under custody. For the avoidance of doubt, use of the API product is subject to the terms and conditions set forth in Section 1.4 of this Agreement.
- (b) The Settlement Services allow Client to submit, through the Custodian's settlement platform, a request to settle a purchase or sale of Assets with a Settlement Partner. Client authorizes Custodian to accept Client's cryptographic signature submitted by way of the Settlement Services API. When a cryptographic signature is received by way of the Settlement Services along with the settlement transaction details, Client is authorizing Custodian to act on Client's direction to settle such transaction.
- i. A one-sided request with counterparty affirmation requires Client to submit a request, including its own cryptographic signature on the trade details, via API calls. Custodian will notify the Settlement Partner and lock funds of both parties while waiting for the Settlement Partner to affirm the request. Custodian will settle the trade immediately upon affirmation and the locked funds will be released.
 - ii. A one-sided request with instant settlement requires one side of the trade to submit a request, including cryptographic signatures of both parties to the trade, via API calls. Custodian will settle the trade immediately.
 - iii. A two-sided request with reconciliation requires that both Client and Settlement Partner submit requests via API calls, with each party providing their own cryptographic signatures. Custodian will reconcile the trades and settle immediately upon successful reconciliation.
 - iv. In any one-sided or two sided request, the Settlement Partner must be identified and selected by Client prior to submitting a settlement request.

- v. Client may submit a balance inquiry through the settlement platform, to verify that Settlement Partner has a sufficient balance of the applicable Asset(s) to be transacted before the Parties execute a transaction. This balance inquiry function is to be utilized only for the purpose of executing a trade transaction to ensure the Settlement Partner has sufficient Assets to settle the transaction. Client hereby expressly authorizes and consents to Custodian providing access to such information to Client's Settlement Partner in order to facilitate the settlement.
 - vi. Client and Settlement Partner's Custodial Accounts must have sufficient Assets prior to initiating any settlement request. The full amount of assets required to fulfill a transaction are locked until such order has been completed. All orders are binding on Client and Client's Custodial Account. Custodian does not guarantee that any settlement will be completed by any Settlement Partner. Client may not be able to withdraw an offer (or withdraw its acceptance of an offer) prior to completion of a settlement and Custodian shall not be liable for the completion of any order after a cancellation request has been submitted.
 - vii. Client acknowledges and accepts responsibility for ensuring only an appropriate Authorized Person of its Custodial Account has access to the API key(s).
 - viii. Client further understands and agrees that Client is solely responsible for any decision to enter into a settlement by way of the Settlement Services, including the evaluation of any and all risks related to any such transaction and has not relied on any statement or other representation of Custodian. Client understands that Custodian is a facilitator and not a counterparty to any settlement; and, as a facilitator, Custodian bears no liability with respect to any transaction and does not assume any clearing risk.
 - ix. Any notifications that Client may receive regarding the Settlement Services are Client's responsibility to review in a timely manner.
- (c) Upon execution of the settlement, the Settlement Services shall provide Client, by electronic means, a summary of the terms of the transaction, including: the type of Digital Asset or Securities purchased or sold; the delivery time; and the purchase or sale price. Settlement of a transaction is completed in an omnibus account by way of offsetting ledger transactions.
 - (d) Custodian reserves the right to refuse to settle any transaction, or any portion of any transaction, for any reason, at its sole discretion. Custodian bears no responsibility if any such order was placed or active during any time the Settlement Services system is unavailable or encounters an error; or, if any such order triggers certain regulatory controls.
 - (e) Client understands and agrees that Custodian may charge additional fees for the Settlement Services furnished to Client as indicated in the Fee Schedule attached as Schedule A and any amendments to Schedule A.
 - (f) Clearing and settlement transactions shall be subject to all Applicable Law.

3. USE OF SERVICES.

- 3.1. Company Site and Content.** Custodian hereby grants Client a limited, nonexclusive, non transferable, revocable, royalty-free license, subject to the terms of this Agreement, to access and

use the Company Site and related content, materials, information (collectively, the “Content”) solely for using the Services in accordance with this Agreement. Any other use of the Company Site or Content is expressly prohibited and all other right, title, and interest in the Company Site or Content is exclusively the property of Custodian and its licensors. Client shall not copy, transmit, distribute, sell, license, reverse engineer, modify, publish, or participate in the transfer or sale of, create derivative works from, or in any other way exploit any of the Content, in whole or in part. “www.bitgo.com,” “BitGo,” “BitGo Custody,” and all logos related to the Custodial Services or displayed on the Company Site are either trademarks or registered marks of Custodian or its licensors. Client may not copy, imitate or use them without Custodian’s prior written consent in each instance.

- 3.2. Website Accuracy.** Although Custodian intends to provide accurate and timely information on the Company Site, the Company Site (including, without limitation, the Content, but excluding any portions thereof that are specifically referenced in this Agreement) may not always be entirely accurate, complete, or current and may also include technical inaccuracies or typographical errors. In an effort to continue to provide Client with as complete and accurate information as possible, such information may be changed or updated from time to time without notice, including without limitation information regarding Custodian policies, products and services. Accordingly, Client should verify all information before relying on it, and all decisions based on information contained on the Company Site are Client’s sole responsibility and Custodian shall have no liability for such decisions. Links to third-party materials (including without limitation websites) may be provided as a convenience but are not controlled by Custodian. Custodian is not responsible for any aspect of the information, content, or services contained in any third-party materials or on any third-party sites accessible from or linked to the Company Site.
- 3.3. Third-Party or Non-Permissioned Users.** Client acknowledges that granting permission to a third party or non-permissioned user to take specific actions on Client’s behalf does not relieve Client of any of Client’s responsibilities under this Agreement and may violate the terms of this Agreement. Client is fully responsible for all activities taken on Client’s Custodial Account (including, without limitation, acts or omissions of any third party or non-permissioned user with access to Client’s Custodial Account). Further, Client acknowledges and agrees that Client will not hold Custodian responsible for, and will indemnify, defend and hold harmless the Custodian Indemnitees (as defined below) from and against any Losses arising out of or related to any act or omission of any party using Client’s Custodial Account (including, without limitation, acts or omissions of any third party or non-permissioned user with access to Client’s Custodial Account). Client must notify Custodian immediately if a third party or non-permissioned user accesses or connects to Client’s Custodial Account by contacting Client’s Custodial Account representative or by emailing security@bitgo.com from the email address associated with Client’s Custodial Account.
- 3.4. Prohibited Use.** Client acknowledges and agrees that Custodian may monitor use of the Services and the resulting information may be utilized, reviewed, retained and or disclosed by Custodian in aggregated and non-identifiable forms for its legitimate business purposes or in accordance with Applicable Law. Client will not use the Services, directly or indirectly via the Developer Application, to: (i) upload, store or transmit any content that is infringing, libelous, unlawful, tortious, violate privacy rights, or that includes any viruses, software routines or other code designed to permit unauthorized access, disable, erase, or otherwise harm software, hardware, or data; (ii) engage in any activity that interferes with, disrupts, damages, or accesses in an unauthorized manner the Services, servers, networks, data, or other properties of Custodian or of its suppliers or licensors; (iii) develop, distribute, or make available the Developer Application in any way in furtherance of criminal, fraudulent, or other unlawful activity; (iv) make the

Services available to, or use any Services for the benefit of, anyone other than Client or end users of the Developer Application; (v) sell, resell, license, sublicense, distribute, rent or lease any Services, or include any Services in a Services bureau or outsourcing offering; (vi) permit direct or indirect access to or use of any Services in a way that circumvents a contractual usage limit; (vii) obscure, remove, or destroy any copyright notices, proprietary markings or confidential legends; (viii) to build a competitive product or service; (ix) distribute the Developer Application in source code form in a manner that would disclose the source code of the Services; or (x) reverse engineer, decrypt, decompile, decode, disassemble, or otherwise attempt to obtain the human readable form of the Services, to the extent such restriction is permitted by applicable law. Client will comply with the restrictions set forth in Appendix 1.

3.5. Security; Client Responsibilities.

- (a) Client is responsible for maintaining adequate security and control of any and all Client Keys, IDs, passwords, hints, personal identification numbers, non-custodial wallet keys, API keys, yubikeys, 2-factor authentication devices or backups, or any other codes that Client uses to access the Services. Any loss or compromise of the foregoing information and/or Client's personal information may result in unauthorized access to Client's Custodial Account by third parties and the loss or theft of Assets. Client is responsible for keeping Client's email address and telephone number up to date in Client's profile in order to receive any notices or alerts that Custodian may send Client. Custodian assumes no responsibility for any loss that Client may sustain due to compromise of login credentials due to no fault of Custodian and/or failure to follow or act on any notices or alerts that Custodian may send to Client. In the event Client believes Client's Custodial Account information has been compromised, Client will contact Custodian Support immediately at security@bitgo.com.
- (b) Client will ensure that all Authorized Persons will be adequately trained to safely and securely access the Services, including understanding of general security principles regarding passwords and physical security of computers, keys, and personnel.
- (c) Client will immediately notify Custodian of any unauthorized access, use or disclosure of Client's Account credentials, or any relevant breach or suspected breach of security (including breach of Client's systems, networks or developer applications). Client will provide Custodian with all relevant information Custodian reasonably requests to assess the security of the assets, Custodial Accounts and wallets.

- 3.6. Taxes.** The Client will, for all tax purposes, be treated as the owner of all Assets held by the Custodian pursuant to this Agreement. It is the Client's sole responsibility to determine whether and to what extent Taxes and Tax reporting obligations may apply to the Client with respect to its Assets, Custodial Accounts, and transactions, and the Client will timely pay all such taxes and will file all returns, reports, and disclosures required by Applicable Law. Client is solely responsible for any taxes applicable to any deposits or withdrawals Client conducts through the Custodial Services, and for withholding, collecting, reporting, and/or remitting the correct amount of taxes to the appropriate tax authorities. Client's deposit and withdrawal history is available by accessing Client's Custodial Account through the Company Site or by contacting Custodian directly. If Custodian or an affiliate of Custodian has a legal obligation to pay or collect taxes for which Client is responsible, Client will be invoiced for the relevant amount and Client will pay that amount unless Client provides the Custodian or relevant affiliate of Custodian with a valid tax exemption certificate authorized by the appropriate taxing authority.

- 3.7. Third Party Providers.** Client acknowledges and agrees that the Services may be provided from time to time by, through or with the assistance of affiliates of or vendors to Custodian, including

BitGo Inc. as described above. Custodian shall remain liable for its obligations under this Agreement in the event of any breach of this Agreement caused by such affiliates or any vendor.

3.8. Developer Applications.

- (a) Subject to Custodian's acceptance of Client as a developer, and subject to Client's performance of its obligations under this Agreement, Custodian grants Client a nonassignable, non-transferrable, revocable, personal and non-exclusive license under Custodian's applicable intellectual property rights to use and reproduce the Custodian software development kit for Developer Applications.
- (b) Client agrees that all end users of any Developer Application will be subject to the same use restrictions that bind Client under this Agreement (including under Section 3.4 (Prohibited Use) and Appendix 1).
- (c) Client is solely responsible and has sole liability for Client's end users that access or use the Services via the Developer Application and all acts or omissions taken by such end users will be deemed to have been taken (or not taken) by Client. Client is responsible for the accuracy, quality and legality of Developer Application content and user data. Client will comply with, and ensure that Client's Developer Application and end users comply with all Applicable Law.

4. CUSTODIAN OBLIGATIONS.

- 4.1. Insurance.** Custodian will obtain and/or maintain insurance coverage in such types and amounts as are commercially reasonable for the Custodial Services provided hereunder. Client acknowledges that any insurance related to theft of Digital Assets will apply to Custodial Services only (where keys are held by Custodian) and not Wallet Services for non-custodial accounts (where keys are held by Client).
- 4.2. Standard of Care.** Custodian will use commercially reasonable efforts in performing its obligations under this Agreement. Subject to the terms of this Agreement, Custodian shall not be responsible for any loss or damage suffered by Client as a result of the Custodian performing such duties unless the same results from an act of gross negligence, fraud, or willful misconduct on the part of the Custodian. Custodian shall not be responsible for the title, validity or genuineness of any of the Assets (or any evidence of title thereto) received or delivered by it pursuant to this Agreement.
- 4.3. Business Continuity Plan.** Custodian has established a business continuity plan that will support its ability to conduct business in the event of a significant business disruption ("SBD"). This plan is reviewed and updated annually, and can be updated more frequently, if deemed necessary by Custodian in its sole discretion. Should Custodian be impacted by an SBD, Custodian aims to minimize business interruption as quickly and efficiently as possible. To receive more information about Custodian's business continuity plan, please send a written request to security@bitgo.com.

5. TERM; TERMINATION.

- 5.1. Initial Term; Renewal Term.** This Agreement will commence on the Effective Date and will continue for one (1) year, unless earlier terminated in accordance with the terms of this Agreement (the "Initial Term"). After the Initial Term, this Agreement will automatically renew for successive one-year periods (each a "Renewal Term"), unless either party notifies the other of its intention not to renew at least sixty (60) days prior to the expiration of the then-current Term. "Term" means the Initial Term and any Renewal Term.

5.2. Termination for Breach. Either party may terminate this Agreement if the other party breaches a material term of this Agreement and fails to cure such breach within thirty (30) calendar days following written notice thereof from the other party.

5.3. Suspension, Termination, or Cancellation by Custodian.

(a) Custodian may suspend or restrict Client's access to the Custodial Services and/or deactivate, terminate or cancel Client's Custodial Account if:

- i. Custodian is so required by a facially valid subpoena, court order, or binding order of a government authority;
- ii. Custodian reasonably suspects Client of using Client's Custodial Account in connection with a Prohibited Use or Prohibited Business, as set forth in Appendix 1 to this Agreement;
- iii. Custodian perceives a risk of legal or regulatory non-compliance associated with Client's Custodial Account activity or the provision of the Custodial Account to Client by Custodian (including but not limited to any risk perceived by Custodian in the review of any materials, documents, information, statements or related materials provided by Client after execution of this Agreement);
- iv. Custodian service partners are unable to support Client's use;
- v. Client takes any action that Custodian deems as circumventing Custodian's controls, including, but not limited to, opening multiple Custodial Accounts, abusing promotions which Custodian may offer from time to time, or otherwise misrepresenting of any information set forth in Client's Custodial Account;
- vi. Client fails to pay fees for a period of 90 days; or
- vii. Client's Custodial Account has no Digital Assets, Fiat Currency, or Securities for 180 consecutive days.

(b) If Custodian suspends or restricts Client's access to the Custodial Services and/or deactivates, terminates or cancels Client's Custodial Account for any reason, Custodian will provide Client with notice of Custodian's actions via email unless prohibited by Applicable Law. Client acknowledges that Custodian's decision to take certain actions, including limiting access to, suspending, or closing Client's Custodial Account, may be based on confidential criteria that are essential to Custodian's compliance, risk management, or and security protocols. Client agrees that Custodian is under no obligation to disclose the details of any of its internal risk management and security procedures to Client.

(c) If Custodian terminates Client's Custodial Account, this Agreement will automatically terminate on the later of (i) the effective date of such cancellation or (ii) the date on which all of Client's funds are withdrawn.

5.4. Effect of Termination. On termination of this Agreement, (A) Client will shall withdraw all Assets associated with Client's Custodial Account within ninety (90) days after Custodial Account termination or cancellation unless such withdrawal is prohibited by Applicable Law (including but not limited to applicable sanctions programs or a facially valid subpoena, court order, or binding order of a government authority); (B) Client will pay all fees owed or accrued to Custodian through the date of Client's withdrawal of funds, which may include any applicable withdrawal fee; (C) Client authorizes Custodian to cancel or suspend any pending deposits or withdrawals as of the effective date of termination; and (D) the definitions set forth in this Agreement and Sections 1. 7, 1. 8, 5.4, 6, 8, 9.1, 10, 11, and 12 will survive.

5.5. Early Termination. Client may terminate this Agreement before the end of the current term if Client: (a) provides Custodian at least thirty (30) days written notice of Client's intent to exercise

its termination right under this Section, (b) pays all outstanding amounts due under this Agreement through the date of termination and (c) pays a one-time early termination fee equal to the highest monthly fees due, excluding any Onboarding Fee, for any month of Services before such termination multiplied by the number of months remaining in the term, including partial months (the “Early Termination Fee”). Such termination will not be deemed effective unless and until (1) Client removes all assets from Custodial Accounts and Wallet Services, and (2) BitGo receives such Early Termination Fee, which Client understands and acknowledges will not be deemed a penalty but a figure reasonably calculated to reflect remaining payment due to Custodian in return for Client’s term commitment. Client may not cancel the subscription of Services before the expiration of their current term, except as specified herein.

6. DISPUTE RESOLUTION. THE PARTIES AGREE THAT ALL CONTROVERSIES ARISING OUT OF OR RELATING TO THIS AGREEMENT OR THE USE OF THE SERVICES (“DISPUTES”), WHETHER ARISING PRIOR, ON, OR SUBSEQUENT TO THE EFFECTIVE DATE, SHALL BE ARBITRATED AS FOLLOWS: The Parties irrevocably agree to submit all Disputes between them to binding arbitration conducted under the Commercial Dispute Resolution Procedures of the American Arbitration Association (the “AAA”), including the Optional Procedures for Large Complex Commercial Disputes. The place and location of the arbitration shall be in Sioux Falls, South Dakota. All arbitration proceedings shall be closed to the public and confidential and all related records shall be permanently sealed, except as necessary to obtain court confirmation of the arbitration award. The arbitration shall be conducted before a single arbitrator selected jointly by the parties. The arbitrator shall be a retired judge with experience in custodial and trust matters under South Dakota law. If the parties are unable to agree upon an arbitrator, then the AAA shall choose the arbitrator. The language to be used in the arbitral proceedings shall be English. The arbitrator shall be bound to the strict interpretation and observation of the terms of this Agreement and shall be specifically empowered to grant injunctions and/or specific performance and to allocate between the parties the costs of arbitration, as well as reasonable attorneys’ fees and costs, in such equitable manner as the arbitrator may determine. Judgment upon the award so rendered may be entered in any court having jurisdiction or application may be made to such court for judicial acceptance of any award and an order of enforcement, as the case may be. In no event shall a demand for arbitration be made after the date when institution of a legal or equitable proceeding based upon such claim, dispute or other matter in question would be barred by the applicable statute of limitations. Notwithstanding the foregoing, either party shall have the right, without waiving any right or remedy available to such party under this Agreement or otherwise, to seek and obtain from any court of competent jurisdiction any interim or provisional relief that is necessary or desirable to protect the rights or property of such party, pending the selection of the arbitrator hereunder or pending the arbitrator’s determination of any dispute, controversy or claim hereunder.

BitGo reserves the right to obtain such additional information as we deem reasonably necessary. You agree to promptly update your records if your email address or other information changes.

1.2 Information. You authorize BitGo to validate the external accounts through the use of a test transaction, in which one or more low value payments will be both credited to and debited from the account. The test credit will always be of the same or less amount, so that the balance in any of your accounts will never be less than the actual balance. BitGo may not use test transactions with respect to its relationship with you.

Once the test transaction is complete, we may ask you to access your account to tell us the amount of the test credit or debit or any additional information reported by your bank. We may also verify your external accounts by requiring you to submit proof of ownership of the account. Other account verification methods may also be employed at the sole discretion of BitGo.

You understand and agree that at all times your relationship with each account provider is independent of BitGo and your use of this service. BitGo will not be responsible for any acts or omissions by the financial institution or other provider of any account, including without limitation any modification, interruption or discontinuance of any account by such provider.

Not all types of accounts are eligible for this service. Be sure to check with your financial institution for restrictions regarding transfers among your retirement, savings, trusts, custodial, business, corporate and other account types. BitGo is not responsible for any costs or losses incurred from transfers that are not permitted under such restrictions by the provider of your account or those imposed by applicable law.

1.4 Transfer Limitations. You may use the external transfer service to transfer funds to or from an eligible BitGo account and another account held by you or a third party at another U.S. financial institution. Transfers may be scheduled to occur one time, for a future date, or on a specific recurring basis.

We reserve the right to impose and/or change transfer limits on your account from time to time in our sole discretion. We reserve the right to suspend or restrict access to use the external transfer service immediately and without prior written notice to you. You understand and agree that such action is reasonable for us to take in order to protect ourselves from loss.

1.5 Initiating and Scheduling Transfers. The cut off time for same business day transfers is [4:45 pm ET]. Any transfer initiated after the applicable cut off time will be considered as being initiated on the next business day. Any transfer initiated on Saturday, Sunday or on a bank holiday will be considered as being initiated on the next business day.

Transfer can be scheduled on either a one time or recurring basis. Processing of one-time transfers may be initiated immediately or scheduled for initiation on a future date. Recurring transfers may be used when a set amount is transferred at regular intervals.

Your transfer must be payable in U.S. dollars. Transfers that we process using your bank account will be identified as “BitGo Trust Company, Inc.” (or similar identifier) on the statement issued by your bank or other financial institution holding your account.

All questions relating to any transactions made using your bank account by us should be initially directed to us, but may also require involvement of your bank.

1.6 Recurring Transfers. In addition to authorizing one-time transfers, you can request that BitGo facilitate recurring periodic transfers from your designated bank account on a daily, weekly or monthly basis. If you have established a weekly recurring transfer, then your transfer will be scheduled to occur on the same day of each week as the initial transfer in such recurring transfer (for example, every Wednesday). If you have established a monthly recurring transfer, then your transfer will be scheduled to occur on either the first or the fifteenth day of each month, based on your election when you initiate the recurring transfer. Your initial recurring transfer will not occur until you have submitted your recurring ACH transfer request and BitGo has had a reasonable amount of time to act upon it.

Any termination or cancellation of your recurring ACH transfer instructions will be effective as soon as BitGo has received your request and had a reasonable amount of time to act upon it.

BitGo may terminate any future recurring transfer without notice at any time for any reason.

1.7 Processing Time. When setting up a new external transfer account, please allow 3 business days to process validation of the test transaction.

Once the test transaction is completed for an external account, you should allow up to 3 business days for processing a transfer.

Please note the receiving financial institution could place a hold on the funds or delay availability. With respect to withdrawals, contact the receiving financial institution for information on their funds availability policy.

1.8 Errors. You understand that we must rely on the information provided by you and you authorize us to act on any instruction which has been or reasonably appears to have been requested by you, to submit

transfer instructions on your behalf. You understand that financial institutions receiving the transfer instructions may rely on such information. We are not obliged to take any further steps to confirm or authenticate such instructions and will act on them without getting further confirmation. You understand that if you provide us with incorrect information or if there is any error in your instructions we will make all reasonable efforts to reserve or delete such instructions, but you accept full responsibility for losses resulting from any of your errors, duplications, ambiguities or fraud in the information that you provide. You agree not to impersonate any person or use a name that you are not authorized to use. If any information you provide is untrue, inaccurate, not current or incomplete, without limiting other remedies, BitGo reserves the right to recover from you any costs or losses incurred as a direct or indirect result of the inaccurate or incomplete information.

We are not responsible for errors, delays and other problems caused by or resulting from the action or inaction of financial institutions holding the account. Although we will use reasonable efforts to try to assist you in resolving any such problems, you understand that any such errors, delays or other problems are the responsibility of the relevant financial institution. Any rights you may have against a financial institution for such errors, delays or other problems are subject to the terms of the agreements you have with such financial institutions, including any time limits during which complaints must be made.

1.9 Unlawful or Prohibited Use.

You warrant to us that you will not use this service for any purpose that is unlawful or not permitted, expressly or implicitly, by the terms of this agreement or by any applicable law or regulation. You further warrant and represent that you will not use this service in any manner that could damage, disable, overburden or impair the service or interfere with any other party's use of the service.

All transfers are subject to the rules and regulations governing the relevant accounts, whether held at BitGo or elsewhere. You agree not to process any transfer from or to an account that is not allowed, under the rules and regulations applicable to such accounts.

1.10 Rejection of Transfers. We reserve the right to decline any transfer, to submit transfer instructions or to carry out change or cancellation requests for any reason. We may, at any time, decline any transfer that we believe may violate applicable law, or where we believe there are not sufficient funds in your account to process any requested transfer. BitGo, in its sole discretion, may require that any or all Digital Assets purchased with funds from an ACH transfer be held in your BitGo Wallet for a period of up to 60 days.

1.11 Electronic Signature and ACH Authorization. You understand that to process your transfer instruction we utilize the Automated Clearing House (ACH), using applicable ACH Rules, to debit one of your accounts and credit another of your accounts. By choosing your bank account as your transfer method, you agree that: (a) you have read, understand and agree to these ACH Transfer Terms, and that this agreement constitutes a "writing signed by you" under any applicable law or regulation, (b) you consent to the electronic delivery of the disclosures contained in these ACH Transfer Terms, (c) you authorize BitGo (or its agent) to make any inquiries we consider necessary to validate any dispute involving your transfer, which may include ordering a credit report and performing other credit checks or verifying the information you provide against third party databases, (d) you authorize BitGo (or its agent) to initiate one or more ACH debit entries (withdrawals) for specified amount(s) from your bank account, and you authorize the financial institution that holds your bank account to deduct such transferred amounts (including any transfers to be made on a recurring basis, as applicable), (e) you authorize BitGo (or its agent) to initiate one or more ACH credit entries (direct deposits) for specified amount(s) to your bank account, and you authorize the financial institution that holds your bank account to credit such transferred amounts, (f) once a sale is complete and an ACH transfer is initiated, the transaction cannot be cancelled; and (g) funds sent to you via ACH typically take two to four business days to reach your financial institution, and BitGo is not responsible for any delays

in the availability of funds, which may vary based on your financial institution's ACH processing procedures and settlement.

If the debit side fails or is returned for any reason and the credit side has been released and cannot be collected, you authorize us to collect from the account to which the credit side of the funds transfer was sent. We reserve the right to resubmit a debit, or a portion of the debit, in the event of an insufficient or uncollected funds return and if we cannot collect the amount credited. To process this collection, you understand and authorize us to debit the credited account or the debited account in either the same dollar amount as the original funds transfer or a portion of the debt. As discussed in more detail below, there may be a fee associated with such collection imposed by the financial institution holding the account.

In the event that a debit to any of your accounts, or any portion of any such debit, has failed and the credit side of such transaction has been released and cannot be collected, and we are unable to debit either the debited or the credited account as set forth above, we reserve the right, and you hereby authorize us, to debit any of your other accounts to the extent necessary to offset any resulting deficiency. We do not undertake to notify you in such event, other than by posting any such transfer or transfers to the applicable account in accordance with this agreement.

1.12 Fees. Because these are electronic transfers, these funds may be withdrawn from your designated bank account immediately. In the case of an ACH debit transaction that is rejected for insufficient funds, you understand that BitGo may at its discretion attempt to process the debit in the amount of the applicable requested transfer again within 30 days and BitGo may separately impose a fee of up to \$25 for each transaction returned for insufficient funds, as permitted by applicable law. You certify that you are an authorized user of your bank account and you will not dispute these scheduled transactions with such bank so long as the transactions correspond to these ACH Transfer Terms and any other applicable agreement related to your accounts with BitGo and its affiliates or such transfer.

You must notify BitGo in writing if you dispute any portion of any fees paid or payable by you under these ACH Transfer Terms or any related agreement. You must provide that written notice to BitGo within 60 days of the applicable charge, and BitGo will work with you to resolve the applicable dispute promptly. If you do not provide BitGo with this written notice of your fee dispute within this 60-day period, you will not be entitled to dispute any fees paid or payable by you.

All amounts and fees stated or referred to in these ACH Transfer Terms are exclusive of taxes, duties, levies, tariffs, and other governmental charges (collectively, "Taxes"). You shall be responsible for payment of all Taxes and any related interest and/or penalties resulting from any transfers made hereunder, other than any taxes based on BitGo's net income.

1.13 Service Changes and Discontinuation. We may modify or discontinue the Service or your use of some or all accounts within the service, with or without notice, without liability to you, any other user or any third-party. We may from time to time make available additional or new features to the service, including but not limited to, a higher dollar limit service. You will be approved or declined for any such additional service at our sole discretion and additional terms and conditions may apply. We reserve the right, subject to applicable law, to terminate your account within the Service and your right to use the service at any time and for any reason, including without limitation if we, in our sole judgment, believe you have engaged in conduct or activities that violate any of the Terms or the rights of BitGo, or if you provide us with false or misleading information or interfere with other users or the administration of the service. We reserve the right to charge a fee for the use of the service and any additional services or features that we may introduce. You understand and agree that you are responsible for paying all applicable fees associated with the use of our services.

1.14 Returned Transactions. You understand and agree that if any previously-initiated debit entry hereunder is returned for any reason (including because of insufficient funds), BitGo will be entitled to exercise remedies in accordance with the Custodial Services Agreement, including freezing your any assets held in any account held with BitGo or any affiliate thereof and reversing any Digital Asset purchases made and delivered to such account.

1.15 Your Liability for Unauthorized Transactions. Federal law limits your liability for any fraudulent, erroneous unauthorized transaction from your bank account based on how quickly you report it to your financial institution. As general rule, you should report any fraudulent, erroneous or unauthorized transactions to your bank within 60 days after the questionable transaction FIRST appeared on your bank account statement. You should contact your bank for more information about the policies and procedures that apply to your account and any unauthorized transactions, including any limits on your liability.

1.16 Our Liability. If we fail to debit or credit your bank account in accordance with these ACH Transfer Terms, in the correct amount or in the correct amount of time, we may be liable for certain losses directly caused by our failure as the law may impose in such cases. However, there are some exceptions. For instance, we will not be liable where: (1) you do not have enough money in your bank account; (2) your bank account is closed or deposits or withdrawals restricted; (3) any terminal or system was not working properly and you were advised of that before you initiated the transfer; (4) the failure was related to circumstances beyond our control (such as flood, fire, power outages, mechanical or system failures); (5) your financial institution refuses to honor an ACH debit or credit; (6) your instructions are lost or delayed in transmission to us; (7) a reasonable security concern, such as unauthorized use, causes us not to honor your instructions; (8) this transfer option has been discontinued or suspended; (9) we advise you that your request will not be processed; (10) you submit a cancellation request with respect to recurring ACH transfer instructions and BitGo is unable to process it prior to your next scheduled transfer and (11) other exceptions are allowed by law.

Except as otherwise required by law, BitGo shall in no event be liable for any other losses and/or damages other than those arising from gross negligence or willful misconduct on our part, and in such case will be limited to actual damages.

You agree that we shall not be liable for any costs, fees, losses or damages of any kind incurred as a result of any charges imposed by any provider of accounts of fund transfers or any funds transfer limitations set by the financial institutions or other providers of the accounts.

1.17 Limitation of Warranty and Liability. You understand and agree that the service is provided “as-is.” Except as otherwise provided in this agreement or as required by law, we assume no responsibility for the timeliness, deletion, mis-delivery or failure to store any user communications. You understand and expressly agree that use of the service is at your sole risk, that any materials and/or data downloaded or otherwise obtained through the use of the service is downloaded or obtained at your own discretion and risk and that you will be solely responsible for any damages, including without limitation damage to your computer system or loss of data that results from the download or the obtaining of such material and/or data. Except as expressly set forth on the BitGo website or in this agreement, we disclaim all warranties of any kind, express or implied, including without limitation any warranty of merchantability, fitness for a particular purpose or non-infringement of intellectual property or third party rights, and we make no warranty or representation regarding the results that may be obtained from the use of the service, the accuracy or reliability of any information obtained through the service, the accuracy of any information retrieved by us from the accounts or that the service will meet any user’s requirements, be uninterrupted, timely, secure or error free. We will not be liable for any direct, indirect, incidental, special, consequential or punitive damages of any kind resulting from the use or the inability to use the service, any inaccuracy of any information or amount retrieved by us from the accounts, any breach of security caused by a third party,

any transactions entered into based on the service, any loss of, unauthorized access to or alteration of a user's transmissions or data or for the cost of procurement of substitute goods and services, including but not limited to damages for loss of profits, use, data or other intangibles, even if we had been advised of the possibility of such damages.

1.18 Agreement Changes. We may in our discretion change these ACH Transfer Terms at any time without notice to you. If any change is found to be invalid, void, or for any reason unenforceable, that change is severable and does not affect the validity and enforceability of any other changes or the remainder of these ACH Transfer Terms. We reserve the right to subcontract any of our rights or obligations under these ACH Transfer Terms.

YOUR CONTINUED USE OF YOUR BANK ACCOUNT AS A METHOD OF MAKING ANY TRANSFER TO OR RECEIVING ANY TRANSFER FROM BITGO (INCLUDING ANY RECURRING TRANSFER) AFTER WE CHANGE THESE ACH TRANSFER TERMS OR ANY OF THE OTHER TERMS INCORPORATED IN THESE ACH TRANSFER TERMS CONSTITUTES YOUR ACCEPTANCE OF THESE CHANGES.

1.19 Communications. If you have registered for this service and wish to withdraw your consent, you must cancel any pending transfer requests and contact our Trust Operations Department at TrustOperations@bitgo.com.

In the event of suspension, you may request reinstatement of the service by contacting our [name] Department at TrustOperations@bitgo.com. We reserve the right, in our sole discretion, to grant or deny reinstatement of the service.

WHEREAS, the Beneficial Owner and the Nominee wish to establish a nominee relationship upon the terms and conditions, and for the limited purposes, set forth in this Nominee Agreement.

AGREEMENT

NOW THEREFORE, in consideration of the mutual covenants contained in this Nominee Agreement, the parties agree as follows:

1. Appointment. The Beneficial Owner hereby appoints the Nominee to act as nominee for the Beneficial Owner, to serve in such capacity until the appointment and authority conferred shall be revoked, for the limited purpose of causing to be held, and holding, in the name of the Nominee alone, title to the Property beneficially owned by the Beneficial Owner and acquired by the Nominee for the benefit of Beneficial Owner or otherwise conveyed to the Nominee pursuant to this Nominee Agreement in accordance with the directions of the Beneficial Owner, with power and authority limited to registering and holding the Property in the Nominee name, and otherwise acting with respect to the Property in accordance with the instructions of the Beneficial Owner, as provided in this Nominee Agreement or as may be given by the Beneficial Owner from time to time. In the context of investments made on or after the date hereof, the Beneficial Owner hereby directs the Nominee to acquire, on behalf of the Beneficial Owner, any Security that the Beneficial Owner subscribes for directly from the issuer thereof in the name of

the Nominee. The Beneficial Owner acknowledges and agrees that it shall pay the aggregate subscription amount due in respect of any such Security at the time and in the manner contemplated in the related subscription agreement, and that the Nominee will have no obligation to make any payments on behalf of the Beneficial Owner in respect of its acquisition of any Security. The Beneficial Owner acknowledges and agrees that the issuer of a Security may have the right to reject the Beneficial Owner's subscription for any given Security, and that the Nominee will have no liability for the failure of any Security to be issued pursuant to any subscription entered into by the Beneficial Owner, and the Beneficial Owner waives, to the fullest extent permitted by law, any claims of any kind it may have against the Nominee for executing any documents on behalf of, or for the benefit of the Beneficial Owner pursuant to this Agreement and agrees that the Nominee will have no liability (whether direct or indirect) to the Beneficial Owner in respect of any claim or to any person asserting a claim on behalf of or in right of the Beneficial Owner.

The Nominee acknowledges that it shall have no right or authority to act with respect to the Property, except upon the instructions of the Beneficial Owner.

3. Revocation. The Beneficial Owner may, at any time, in their absolute discretion, terminate this Nominee Agreement in whole or in part; provided, however, that no such termination will be effective with respect to any Property the transfer of which is restricted by contract, law, edict or otherwise ("Restricted Property") unless consented to by the issuer thereof (including by blanket consent). To be effective, any such termination shall be in writing, signed by the Beneficial Owner and delivered to the Nominee in accordance with the provisions of Paragraph 13 hereof with instructions for the return of the Property to the Beneficial Owner or their designee without consideration.

4. Custody of Property. Throughout the term of this Nominee Agreement, the Property will be held in the custody of the Nominee and the Nominee will take all actions reasonably necessary to assure the safekeeping of such Property. In taking any action with respect to the Property, the Nominee shall be acting solely as the agent and nominee of the Beneficial Owner. Property shall include any funds, securities, or other assets acquired through the benefit of holding the Securities (including by conversion of any convertible, exchangeable or redeemable Security (collectively "Convertible Instruments"))).

5. No Beneficial Interest. If third parties may require that they be furnished with documents executed by the Nominee as such holder of legal title to the Property, the Beneficial Owner shall prepare such documents, and the Nominee shall execute such documents in accordance with the Beneficial Owner's instructions. The Nominee shall have no discretionary authority to exercise any control over the Property, except as set forth herein, it being expressly understood that the Nominee shall have no real interest in the Property,

except to perform ministerial tasks at the instructions of the Beneficial Owner. The Nominee acknowledges that the Beneficial Owner is, and during the entire term of this Nominee Agreement shall remain, the true and actual owner of the Property. The Nominee and the Beneficial Owner hereby acknowledge and agree that, with respect to the Property, the Beneficial Owner will have the rights of an entitlement holder under Article 8 of the Uniform Commercial Code as in effect in the State of South Dakota. Neither the Nominee nor any officer, director, employee, or shareholder of the Nominee will have or claim any beneficial interest whatsoever in the Property nor any right to vote on matters that relate to the Property. Further, the Nominee will not hold itself out as having, or represent to any person that it has, any beneficial interest whatsoever in the Property. Notwithstanding the foregoing, with respect to Property that consists of shares of stock of a domestic or foreign corporation or other entity, the Nominee may, if so, instructed by the Beneficial Owner, register such shares on the books of the issuing entity in the Nominee's name alone, without indication of any nominee or other fiduciary capacity.

6. Instructions From the Beneficial Owner. Pursuant to the written (including electronic form) instructions of the Beneficial Owner, the Nominee will promptly execute and deliver all contracts, consents, assignments, powers of attorney, resolutions, proxies, waivers, disclaimers, and other instruments, general or specific, affecting or relating to the Property; provided, however, that the Beneficial Owner hereby provides standing instructions to the Nominee to consent to the conversion of any Convertible Instrument provided, further, and for the avoidance of doubt, while the Nominee shall consent to any other instrument that requires consent for conversion thereof it shall not do so without written instructions from the Beneficial Owner if such conversion consent is tied to an amendment or change in terms to the Convertible Instrument. Immediately upon receipt by the Nominee, the Nominee will transmit all funds received with respect to the Property to the Beneficial Owner, together with an accounting therefor, and will deliver to the Beneficial Owner all correspondence, notices, invoices, proxies, certificates, and other documents received with respect to the Property.

7. Signatures Required. The signature of the Beneficial Owner, as contemplated in this Nominee Agreement will be sufficient to bind the Nominee for all purposes of this Nominee Agreement, including, without limitation, the sale, assignment, pledge, hypothecation, or other transfer, encumbrance, or disposition of the Property.

8. Indemnification. The Beneficial Owner will, at all times, hold harmless and indemnify the Nominee and each of the officers, directors, attorneys, and employees of the Nominee from and against any and all costs, expenses, damages, claims, demands, and liabilities of every kind of character that relate to the Property and may arise out of this Nominee Agreement or the performance of the duties imposed by this Nominee Agreement, or that may be incurred with respect to the Property or with respect to any acts or omissions directed by the Beneficial Owner; provided, however, that the foregoing indemnification will not apply to costs, expenses, damages, claims, demands, and liabilities that may arise or be imposed upon the Nominee or any officer, director, attorney or employee of the Nominee by reason of that person's intentional misconduct or gross negligence.

9. Binding Effect. This Nominee Agreement will inure to the benefit of and bind the parties and their respective successors and assigns.

George Kailas

George Kailas 00:00

Yeah, Wall Street has been a tilted playing field for a long time, and we're on a mission to change that. The firms that made it big here did so because they had an edge on everybody else. That edge is normally expensive, software, data and analysts who know more than the rest. But in the age of AI, we can democratize that access for clever investors who know where to look for it. I'm George Kailas, CEO of Prospero AI. We invented market beating signals that help anyone pick stocks like a pro, using them our newsletter picks have outperformed the market by more than 12x over the last four years. We you don't have to be on Wall Street to be a good investor. I grew up loving math and solving puzzles in middle school, I made my first investments, and I felt the sting of an unfair system during the tech bubble, so I taught myself accounting to work at my first hedge fund when I was 17, while I was still going to high school right there at Stuyvesant, my mission was to learn the system from the inside so I could level the playing field for the broader public. What I learned was that the largest hedge funds get the meal and everybody else gets the crops. So I decided to flip the system on its head. That led us to develop prospero.ai an easy to use app for your iPhone or Android that leverages our unique AI technology to distill hundreds of millions of data points into 10 easy to understand signals. This way, you can see where hedge funds are betting in real time, what social sentiment is, and gain a new perspective on things like profitability, growth and technical analysis. Think of it this way, what a Bloomberg terminal is for Wall Street Prospero is for the people. Our software is quite unique, and it's also complementary to a lot of great investing apps already out there, and our products are very sticky. Out of 50,000 early adopters, 9000 are still weekly actives. Compare that to the industry average of about three to 7% and we're just getting started. Our message resonates across different kinds of media, we've developed a following of over 77,000 in X Tiktok and sub stack alone. We've also gotten the attention of many different journalists. We've been featured in everything from Fox to CNN, fortune, Forbes, market watch and many other publications over the last two years, our revenue is more than doubled each year, and with the coming release of trade alerts, we expect to quadruple our revenue this year. 158 million Americans own stock, and 60% of them use mobile there's a huge opportunity in this space, and it has grown massively since 2020 we are at the beginning of this journey, and we invite you to join us. In this round, we will raise 1.2 million on Republic, and in our next phase of growth, we will release our flagship alerts product. We will also release new signals and our

web app. With this investment, you'll get a safe with a \$16 million cap someday, we expect to be a unicorn with a greater than \$1 billion valuation. So when we win, you'll win with us. Our existing investors are big believers in democratizing finance, so we wanted to open up ownership to you, the same people we serve with our app, so now the public can join us in an important next step in making finance more fair and balanced for everyone. Join us on our mission and invest in Prospero today, together, we can do well and do good, even on Wall Street.

| How could your results be this good? | We find that when people read our case studies , it is clearer exactly how we find an edge so consistently. |
| If your technology is this good why aren't you a hedge fund yet? | The simple answer is that we're working to build a better future—one where retail investors trust us and, together, we generate meaningful Alpha. One day, we hope to ask users in our app a question as simple as 'What's your temperature?' and use that data to model events like a pandemic in real time. But unlike past instances where individuals with privileged access used such information for private gain, our goal is to make it a public utility. This approach would foster more symbiotic information sharing and benefit everyone involved. We didn't believe that starting a hedge fund—rather than focusing on products that level the playing field—would lead us to that future. |
| What is a custodian and what is a custodial account? | A custodian is a qualified third-party entity that acts as a legal holder of securities. An investor will open a custodial account with the qualified custodian, which is used to hold investments, namely the securities in a company. A custodial account allows you to name a beneficiary and accept payments such as dividends distributions or cash payouts. Custodial accounts are not managed or held by Republic; instead, they are managed by the custodian who works with the issuer raising on the platform. The custodian of this offering is BitGo Trust Company. |
| Why use a custodial account? | Companies will utilize a custodian to ensure that all securities they offer in their campaign are in one place. This means if a liquidity event or any other material event in respect to the securities occurs, the company can look to the custodian to service the securities, rather than each individual investor. |
| Will I have to set up a custodial account? What is the process? | For investors, utilizing a custodian safeguards their investment, or security interest, with a qualified financial institution. Having a custodial account allows for easier transfers and creates additional layers of protection for your securities. For companies, it can increase efficiency by reducing their cap table management costs and creating a single-line item, making future funding rounds easier. Yes, since the company is utilizing a custodian, all investors in the offering will be required to create a custodial account with BitGo Trust Company and enter into an omnibus nominee agreement. |
| I'm being told my custody account is in manual review, what should I do? | The custodial account creation process is hosted in our investment checkout system, meaning you will commit your investment and establish your account with BitGo all at once. During investment checkout, you will be automatically prompted to review and sign certain custodial documents with BitGo. In addition, you may be asked to provide certain information to verify your identity. Once completed, you will receive an email confirming your investment commitment. |
| Does it cost me anything to open a custodial account with BitGo Trust Company? | BitGo reviews accounts that require manual review on a daily basis. Please expect to receive confirmation of your account being opened or to hear further guidance from our team within 24-48 hours. |
| Why would a company use a custodian like BitGo? | <ul style="list-style-type: none"> • Right now, there are no costs for investors to open a custodial account. • Custodial accounts do sometimes have a low annual cost to maintain; however, such costs are covered for the investor in this offering at this time. • Companies will utilize a custodian to ensure that all securities they offer in their campaign are in one place.
