Let me know when you're settled and we can schedule a zoom call. I'd like to walk through this all together.

As of today, we're beginning our Pre-Launch investment stage for Starfish! Our Campaign is LIVE!

[STARFISH FILM | WeFunder Campaign](#)

This period operates as a "testing the waters" start in order for us to reach out to friends and family to gauge investment interest and help gain traction to reaching our first \$50k. At that point, WeFunder opens up their resources to us and helps us advertise and raise additional funds.

We want our campaign to be airtight. If you have any hard hitting questions, objections or feedback, schedule a call with us so we can connect and iron out any concerns.

In this portion, no money is actually invested. It's simply held temporarily to prove interest from our community. A reminder email will be sent when we officially launch in order to confirm your "reserved" investment amount.

#### Action Items for YOU:

- Look at the page to see our strategy, proof of concept, and investment opportunities and connect with us! (We'd love your feedback and to hear what you're excited about)
- "Reserve" or "Pledge" an amount that you'd be excited to invest.
- Wait for the official launch for us to follow up and confirm your investment.
- Please share it with as many people as you can!

#### AS STATED HERE:

*We are 'testing the waters' to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.*

Not only are we going to deliver an worthy movie, but we made sure to show evidence that we could.

If you haven't seen the proof of concept scene yet, I highly encourage you to watch it. We took a scene right out of the movie to see if we could prove that we could produce Hollywood level quality for just \$1,000/minute of screen time. 1/100 of what a typical Hollywood production spends.

You can watch the scene and learn how to support us here!

It all starts with the story.

A great idea should capture attention, spark imagination, and create a world where characters can explore meaningful themes. Seeing how people have reacted to the premise has been a joy, and we're genuinely grateful for the incredible response to the script. We know we have something special here.

We knew this idea was worth pursuing the moment the "key" that unlocked everything else was discovered (no spoilers here).
