Hi [redacted]

Sat, Jun 7, 12:26 AM

I had mentioned that we're in the phase of raising funds to introduce Sig2 to the construction industry.

Our goal is to reach \$50k by the end of next week. We're now at \$27k, with more people soon to contribute in the coming days.

Check out <https://wefunder.com/sig2labs/>

You'll see who's involved, as well as a standard presentation of the venture and its charter.

I am glad to answer questions you may have.

Kai
