Creating exceptional outdoor seating that inspires exploration, builds community and redefines comfort in the moments that matter most.
Oceanside, California, United States

Summary

Someone once told me not to bite off more than I could chew...
I told them I'd rather choke on greatness than nibble on mediocrity.

Experience

PARKIT Co.

Co-Founder

May 2021 - Present (4 years 4 months)

Oceanside, California, United States

PARKIT was born around the fire. It was founded by people who believe that spending quality time outdoors, with the people we cherish most, will always allow us to experience the best of what life has to offer. This belief is at the core of everything we do. When we set out to build the ultimate outdoor chair we knew we were doing more than innovating a product line. We were building a product that would stand as a symbol, bringing people together from all walks of life, sharing their stories of adventure, and enabling our community to grow.

Our vision is to be the defining brand in outdoor seating, known for innovation, comfort, and adventure. Our mission is to create exceptional outdoor seating that inspires exploration, builds community and redefines comfort in the moments that matter most.
