

Subject: *Origami Therapeutics, Inc.*'s Community Round is Live!

Become an owner in the company and share in our growth.

Our Wefunder campaign is now live! You're invited to join our **exclusive soft round** during our testing the waters phase before we go live to the public. We expect to sell out, so we're giving our biggest supporters an opportunity to get in first. Check out our Wefunder page (don't miss the Perks!) and make a reservation here: <https://wefunder.com/origami.therapeutics.inc>

Please note, at this stage, we are "testing the waters" to gauge investor interest in our offering under Regulation Crowdfunding. No money or other consideration is being solicited and will not be accepted if sent.

In the past year, *Origami Therapeutics, Inc.* has achieved a lot:

- Significantly de-risked our lead asset showing outstanding, dose-dependent efficacy
- Selected our development candidate to move into IND-enabling studies
- Demonstrated first-in-class, best-in-class properties for our development candidate

...and we're so excited to do even more!

This round of funding will allow us to:

- Complete preclinical toxicology studies
- Prepare for our IND submission to FDA
- Lay the groundwork for our first clinical trial in Huntington's disease
- Expand our platform into more neurodegenerative diseases

We are really excited about the growth that *Origami Therapeutics, Inc.* has seen over the last few months. And we have even more exciting plans for continuing to ramp up our growth in the coming year, with your help!

With warmest regards,
