"I believe in the vision for the Eagles and in the passion of their leadership team. My husband, Spencer, and I are lifelong soccer fans, having both played and watched for over 30 years, and now we're fostering a love for the game in our three young children. I love soccer. I love Columbus. I love the Eagles. Investing in this club isn't just personal for me though. I want our city and our youth to have another team to rally behind. And I want our young girls especially to have local professional female athletes to look up to and to aspire to be one day. Women's soccer is expanding rapidly around the world. Let's be a part of that growth right here in Columbus!"
