Jared Shy

Soccer Coach with an Analytics background

Pickerington, Ohio, United States

Summary

I'm a coach that strives to create an environment where athletes of all skill levels and backgrounds feel safe, seen, heard, and challenged. Where every athlete feels their individual improvement is important as well as their personal well-being. Where every athlete will be treated fairly, honestly, and respectfully by coaches and teammates. Where athletes feel connected as part of something bigger than themselves. Where athletes will be challenged in an enjoyable atmosphere to learn and grow. Where athletes are engaged and inspired through my words and actions to strive for greatness on and off the field.
