Voting Proxy

As a condition to issuance of shares of the Crowdfunding Stock (the "Securities"), the Investor agrees to the appointment of the Chief Executive Officer of the Company (the "CEO"), or his or her successor, as the Investor's true and lawful proxy and attorney, with the power to act alone and with full power of substitution, to, consistent with this instrument and on behalf of the Investor, (i) vote all Securities, (ii) give and receive notices and communications, (iii) execute any instrument or document that the CEO determines is necessary or appropriate in the exercise of its authority under this instrument, and (iv) take all actions necessary or appropriate in the judgment of the CEO for the accomplishment of the foregoing. The proxy and power granted by the Investor pursuant to this Section are coupled with an interest. Such proxy and power will be irrevocable. The proxy and power, so long as the Investor is an individual, will survive the death, incompetency and disability of the Investor and, so long as the Investor is an entity, will survive the merger or reorganization of the Investor or any other entity holding the Securities. However, the proxy will terminate upon the closing of a firm commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933 covering the offer and sale of Common Stock or the effectiveness of a registration statement under the Securities Exchange Act of 1934 covering the Common Stock;

(a) Equity Financing.

If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b) or 1(c), the Company shall notify the Investor of the closing of the Equity Financing and issue to the Investor a number of shares of the Crowdfunding Stock equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price.

(b) Liquidity Event.

If a Liquidity Event occurs before this instrument terminates in accordance with Sections 1(a) or 1(c), the Investor will automatically be entitled to receive a portion of Proceeds, payable immediately prior to or concurrent with the consummation of such Liquidity Event, equal to the greater of:

(i) the Purchase Amount (the "Cash-Out Amount"), or

(ii) the amount payable on the number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity Price (the "Conversion Amount").

Additionally, if any of the Company's security holders are given a choice regarding the form and amount of Proceeds

to be received in a Liquidity Event, the Investor shall be provided the same choice, provided that the Investor may not choose to receive a form of consideration that the Investor would be ineligible to receive as a result of the Investor's failure to satisfy any requirement or limitation generally applicable to the Company's securityholders, or under any applicable laws.

Notwithstanding the foregoing, in connection with a Change of Control intended to qualify as a tax-free reorganization, the Company may reduce the cash portion of Proceeds payable to the Investor by the amount determined by its board of directors in good faith for such Change of Control to qualify as a tax-free reorganization for U.S. federal income tax purposes, provided that such reduction (A) does not reduce the total Proceeds payable to such Investor and (B) is applied in the same manner and on a pro rata basis to all securityholders who have equal priority to the Investor under Section 1(d).

(c) Dissolution Event. If there is a Dissolution Event before this instrument terminates in accordance with Sections 1(a) or 1(b), the Investor will automatically be entitled (subject to the liquidation priority set forth in Section 1(d) below) to receive a portion of Proceeds equal to the Cash-Out Amount, due and payable to the Investor immediately prior to the consummation of the Dissolution Event.

(d) Liquidation Priority. In a Liquidity Event or Dissolution Event, this Safe is intended to operate like standard non-participating Preferred Stock. The Investor's right to receive its Cash-Out Amount is:

(i) Junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Capital Stock);

(ii) On par with payments for other Safes and/or Preferred Stock, and if the applicable Proceeds are insufficient to permit full payments to the Investor and such other Safes and/or Preferred Stock, the applicable Proceeds will be distributed pro rata to the Investor and such other Safes and/or Preferred Stock in proportion to the full payments that would otherwise be due; and

(iii) Senior to payments for Common Stock.

The Investor's right to receive its Conversion Amount is (A) on par with payments for Common Stock and other Safes and/or Preferred Stock who are also receiving Conversion Amounts or Proceeds on a similar as-converted to Common Stock basis, and (B) junior to payments described in clauses (i) and (ii) above (in the latter case, to the extent such payments are Cash-Out Amounts or similar liquidation preferences).

(e) Termination. This instrument will automatically terminate (without relieving the Company of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of Capital Stock to the Investor pursuant to the automatic conversion of this Safe under Section 1(a) or 1(b); or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to Section 1(b) or 1(c).

Certain Definitions

"Capital Stock" means the capital stock of the Company, including, without limitation, Common Stock and Preferred Stock.

"Common Stock" means common stock of the Company.

"Conversion Price" means either: (i) the Safe Price or (ii) the Discount Price, whichever calculation results in the lower price per share and therefore will result in a greater number of shares of the Crowdfunding Stock.

"Crowdfunding Stock" shall mean the most senior class of equity securities issued by the Company in an Equity Financing, whether Common Stock, Preferred Stock, or another class of equity securities, on the same terms as new investors in such financing.

"Equity Financing" shall mean a bona fide transaction or series of transactions pursuant to which the Company sells its Equity Securities at a fixed valuation (including, but not limited to, a pre-money or post-money valuation), to one or more third parties following the date of this instrument from which the Company receives gross proceeds of not less than [$5,000,000.00] (excluding the conversion of any instruments convertible into or exercisable or exchangeable for Capital Stock, such as Safes or convertible promissory notes) with the principal purpose of raising capital.

"Equity Securities" shall mean Common Stock or Preferred Stock or any securities convertible into, exchangeable for or conferring the right to purchase (with or without additional consideration) Common Stock or Preferred Stock, except in each case, (i) any security granted, issued and/or sold by the Company to any director, officer, employee, advisor or consultant of the Company in such capacity for the primary purpose of soliciting or retaining his, her or its services, (ii) any convertible promissory notes issued by the Company, and (iii) any Safes issued.

"Discount Price" means the lowest price per share of Crowdfunding Stock sold in an Equity Financing (determined without taking into account any incentives or other discount) multiplied by the Discount Rate. For clarity, if the Company

increases the share price during the Equity Financing, the original price will be the lowest price per share for this purpose; however, if a Company offers a discount to certain investors during the Equity Financing, such discount will not be included when determining the lowest price per share.

"Liquidity Event" means a Change of Control, a Direct Listing or an Initial Public Offering.

"Liquidity Price" means either (i) the price per share equal to the Post-Money Valuation Cap divided by the Liquidity Capitalization or (ii) the price per share equal to the fair market value of the Common Stock at the time of the Liquidity Event, as determined by reference to the purchase price payable in connection with such Liquidity Event, multiplied by the Discount Rate, whichever calculation results in a lower price per share.

"Safe Price" means the price per share equal to the Post-Money Valuation Cap divided by the Fully Diluted Capitalization.

*Bonus discount subject to adjustment of bonus discounts for StartEngine noteholders. See discount bonus below.

*In order to receive perks from an investment, one must submit a single investment in the same offering that meets the minimum perk requirement. Bonus discounts from perks will not be granted if an investor submits multiple investments that, when combined, meet the perk requirement. All perks occur when the offering is completed.

Crowdfunding investments made through a self-directed IRA cannot receive perks due to tax laws. The Internal Revenue Service (IRS) prohibits self-dealing transactions in which the investor receives an immediate, personal financial gain on investments owned by their retirement account. As a result, an investor must refuse those perks because they would be receiving a benefit from their IRA account.

The 10% StartEngine Venture Club Bonus

Etherdyne Technologies, Inc. will offer a 10% additional discount bonus for all investments that are committed by investors that are eligible for the StartEngine Venture Club.

Eligible StartEngine noteholders will receive a 10% bonus discount on the note in this Offering. For example, this would mean your discount percentage would be 30% instead of 20%.

This 10% Bonus is only valid during the investor's eligibility period. Investors eligible for this bonus will also have priority if they are on a waitlist to invest and the company surpasses its maximum funding goal. They will have the first opportunity to invest should room in the offering become available if prior investments are canceled or fail.

Investors will receive the highest single bonus they are eligible for among the bonuses based on the amount invested and the time of offering elapsed (if any). Eligible investors will also receive the Venture Club bonus and the Loyalty Bonus in addition to the aforementioned bonus.

The Company and its Business

Company Overview

Etherdyne Technologies, Inc. (ETI) is an innovative company headquartered in Santa Clara, California, pioneering Wire-free PowerTM solutions using advanced magnetic resonance technology. Our proprietary technology creates Power Zones that dynamically self-adapt and self-adjust to its environments. This enables the safe and efficient transmission of magnetic power through the air—eliminating the need for cords, connectors, or disposable batteries.

ETI's mission is to spark radical innovation and elevate the human experience by liberating devices from power cords and batteries – one Wire-Free Power ZoneTM at a time.

Our solution allows multiple devices to power/charge simultaneously, addressing key challenges in today's power delivery landscape: the hassle of battery maintenance, the inconvenience of cables, and the growing environmental impact of battery waste.

Backed by a robust intellectual property portfolio of 60 patents (43 granted) and led by a team of experienced industry veterans, we believe ETI is uniquely positioned to disrupt a market poised to serve over 1 trillion electronic products/devices. Our platform as a solution that enables a scalable business model spanning multiple industry verticals. The go-to-market strategy is supported by a pipeline of signed agreements, active technology evaluations.

We believe ETI represents a unique opportunity—offering differentiated technology, environmental sustainability, and high-growth potential in the evolving world of wireless power.

Competitors and Industry

Industry:

The wireless power solutions market is experiencing significant growth as demand for more convenient and efficient power sources for electronic devices increases. With a total addressable market exceeding $100 billion across various sectors, including gaming, biomedical devices, and retail merchandising, the industry is evolving rapidly, driven by technological advancements and consumer preferences for cord-free solutions. ETI's innovative technology positions it at the forefront of this expanding market, addressing the limitations of traditional power solutions.

Competitors:

There are 3 types of wireless power transmission today:

1.Magnetic: Induction or Resonance

2.RF Radiation: Directional and Non-directional

3.Laser-based: Directional focus beams

WiTricity: A company which is currently focused on Electric Vehicle wireless charging using magnetic resonance. Their

technology is optimized for one-to-one, very high power (10's of kW) energy transfer using an 85kHz magnetic resonance system.

Qi standard: An industry standard used by multiple players in the consumer electronics market. This standard is currently the basis for one-to-one smart phone 'touch power' inductive wireless charging. Qi systems use magnetic induction with a 105-205 kHz radio frequency.

Powercast and Energous: Companies utilizing 915MHz non-directional radiative wireless power transfer for small sensors and IoT devices needing milli-watt power levels or less.

Wi-Charge: A company focusing on directional laser-based technology for wireless power transfer. Their laser system enables higher power delivery than Powercast or Energous, but the received power is still limited by safety constraints due to the strong human body interaction with laser frequencies.

ETI's Wire-free PowerTM technology is using magnetic resonance technology (similar to WiTricity). However, its unique capability to simultaneously power multiple devices with varying power needs sets us apart. The system can dynamically impedance matched to unknown (but pre-defined) loads while keeping its frequency and magnitude unchanged is the cornerstone of the technology. Our system offers a flexible solution that caters to mid-level power consumption, filling a gap in the current market that is typically dominated by either very high or very low power applications.

Current Stage and Roadmap

Current Stage:

ETI is in an advanced stage of commercialization, having completed eight years of invention, research and development, with multiple regulatory and certification, which has led to regulatory approval for our first product launch. We have successfully developed our core products, including the AirBrite modular lighting kit and the Eval Kit, both of which are certified for various markets. With a strong interest from industry leaders and ongoing evaluations, ETI is prepared to bring our innovative solutions to market. We are selling and have delivered our Wire-free PowerTM solutions to the retail display and bio-medical markets. Our partners are currently leveraging various forms of Eval Kit for proof of concepts in several other major markets such as the PC and peripheral market, toy and game market and home office furniture market.

Future Roadmap:

In the short term, ETI aims to expand its existing market in the high-end retail display environment. ETI has started serving state-of-art luxury branded companies through its partnership. The company anticipates a strong demand and growth for the next year adapting Wire-free PowerTM technology. In addition, the company is planning to launch a KickStarter campaign focusing on computer peripheral market in the home office environment to accelerate the consumer market to adapt this technology. In the medium term, we plan to enhance our product line, develop mass-market channels, and explore additional verticals for our technology. Our operational milestones include completing design and development for our ASIC and scaling our business development efforts to convert our robust pipeline into successful commercial relationships.

Risk Factors

The SEC requires the company to identify risks that are specific to its business and its financial condition. The company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the risks that relate to the Company:

Uncertain Risk
An investment in the Company (also referred to as "we", "us", "our", or the "Company") involves a high degree of risk and should only be considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any securities should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the Company should research thoroughly any offering before making an

investment decision and consider all of the information provided regarding the Company as well as the following risk factors, in addition to the other information in the Company's Form C. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial, financial, and other risks inherent in the investment in the Company.

Our business projections are only projections
There can be no assurance that the Company will meet its projections. There can be no assurance that the Company will be able to find sufficient demand for its product or service, that people think it's a better option than a competing product or service, or that we will be able to provide a product or service at a level that allows the Company to generate revenue, make a profit, or grow the business.

Any valuation is difficult to assess
The valuation for the offering was established by the Company. Unlike listed companies that are independently valued through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess, may not be exact, and you may risk overpaying for your investment.

The transferability of the Securities you are buying is limited
You should be prepared to hold this investment for several years or longer. For the 12 months following your investment, there will be restrictions on the securities you purchase. More importantly, there are a limited number of established markets for the resale of these securities. As a result, if you decide to sell these securities in the future, you may not be able to find, or may have difficulty finding, a buyer, and you may have to locate an interested buyer when you do seek to resell your investment. The Company may be acquired by an existing player in the industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

Your investment could be illiquid for a long time
You should be prepared to hold this investment for several years or longer. For the 12 months following your investment, there will be restrictions on how you can resell the securities you receive. More importantly, there are limited established markets for these securities. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer. The Company may be acquired by an existing player in the same or a similar industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

The Company may undergo a future change that could affect your investment
The Company may change its business, management or advisory team, IP portfolio, location of its principal place of business or production facilities, or other change which may result in adverse effects on your investment. Additionally, the Company may alter its corporate structure through a merger, acquisition, consolidation, or other restructuring of its current corporate entity structure. Should such a future change occur, it would be based on management's review and determination that it is in the best interests of the Company.

Your information rights are limited with limited post-closing disclosures
The Company is required to disclose certain information about the Company, its business plan, and its anticipated use of proceeds, among other things, in this offering. Early-stage companies may be able to provide only limited information about their business plan and operations because it does not have fully developed operations or a long history to provide more disclosure. The Company is also only obligated to file information annually regarding its business, including financial statements. In contrast to publicly listed companies, investors will be entitled only to that post-offering information that is required to be disclosed to them pursuant to applicable law or regulation, including Regulation CF. Such disclosure generally requires only that the Company issue an annual report via a Form C-AR. Investors are generally not entitled to interim updates or financial information.

Some early-stage companies may lack professional guidance
Some companies attribute their success, in part, to the guidance of professional early-stage advisors, consultants, or investors (e.g., angel investors or venture capital firms). advisors, consultants, or investors may play an important role in a company through their resources, contacts, and experience in assisting early-stage companies in executing their business plans. An early-stage company primarily financed through Regulation Crowdfunding may not have the benefit of such professional investors, which may pose a risk to your investment.

If the Company cannot raise sufficient funds it will not succeed
The Company is offering SAFEs in the amount of up to $1,235,000.00 in this offering, and may close on any investments that are made. Even if the maximum amount is raised, the Company is likely to need additional funds in the future in order to grow, and if it cannot raise those funds for whatever reason, including reasons relating to the Company itself or the broader economy, it may not survive. If the Company manages to raise only the minimum amount of funds sought, it will have to find other sources of funding for some of the plans outlined in "Use of Proceeds."

We may not have enough capital as needed and may be required to raise more capital.
We anticipate needing access to credit in order to support our working capital requirements as we grow. It is a difficult environment for obtaining credit on favorable terms. If we cannot obtain credit when we need it, we could be forced to raise additional equity capital, modify our growth plans, or take some other action. Issuing more equity may require bringing on additional investors. Securing these additional investors could require pricing our equity below its current price. If so, your

investment could lose value as a result of this additional dilution. In addition, even if the equity is not priced lower, your ownership percentage would be decreased with the addition of more investors. If we are unable to find additional investors willing to provide capital, then it is possible that we will choose to cease our sales activity. In that case, the only asset remaining to generate a return on your investment could be our intellectual property. Even if we are not forced to cease our sales activity, the unavailability of credit could result in the Company performing below expectations, which could adversely impact the value of your investment.

Terms of subsequent financings may adversely impact your investment
We will likely need to engage in common equity, debt, or preferred stock financings in the future, which may reduce the value of your investment in the Company. Interest on debt securities could increase costs and negatively impact operating results. Preferred stock could be issued in series from time to time with such designation, rights, preferences, and limitations as needed to raise capital. The terms of preferred stock could be more advantageous to those investors than to the holders of common stock or other securities. In addition, if we need to raise more equity capital from the sale of Common Stock, institutional or other investors may negotiate terms that are likely to be more favorable than the terms of your investment, and possibly a lower purchase price per security.

Management's Discretion as to Use of Proceeds
Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds of this offering. The Use of Proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so.

Projections: Forward Looking Information
Any projections or forward-looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management's best estimate of the probable results of our operations and may not have been reviewed by our independent accountants. These projections are based on assumptions that management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management's control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

The amount raised in this offering may include investments from company insiders or immediate family members
Officers, directors, executives, and existing owners with a controlling stake in the Company (or their immediate family members) may make investments in this offering. Any such investments will be included in the raised amount reflected on the campaign page.

Reliance on a single service or product
All of our current services are variants of one type of service and/or product. Relying heavily on a single service or product can be risky, as changes in market conditions, technological advances, shifts in consumer preferences, or other changes can adversely impact the demand for the product or service, potentially leading to revenue declines or even business failure.

We may never have an operational product or service
It is possible that there may never be an operational product or that the product may never be used to engage in transactions. It is possible that the failure to release the product or service is the result of a change in business model upon the Company's making a determination that the business model, or some other factor, will not be in the best interest of the Company. In addition, the failure to launch a product or service can result in significant losses of time and resources. Even if a product or service is launched, low adoption rates can result in lackluster revenue and diminished market share.

Some of our products are still in the prototype phase and might never be operational products
Developing new products and technologies can be a complex process that involves significant risks and uncertainties. Technical challenges, design flaws, manufacturing defects, and regulatory hurdles can all impact the success of a product or service. It is possible that there may never be an operational product or that the product may never be used to engage in transactions. It is possible that the failure to release the product is the result of a change in business model upon the Company's making a determination that the business model, or some other factor, will not be in the best interest of the Company and its stockholders.

Developing new products and technologies entails significant risks and uncertainties
Competition can be intense in many markets, and a failure to keep up with competitors or anticipate shifts in market dynamics can lead to revenue declines or market share losses. We are currently in the research and development stage and have only manufactured a prototype for our product. Delays or cost overruns in the development of our product and failure of the product to meet our performance estimates may be caused by, among other things, unanticipated technological hurdles, difficulties in manufacturing, changes to design, and regulatory hurdles. Any of these events could materially and adversely affect our operating performance and results of operations.

Supply Chain and Logistics Risks
The availability of raw materials, transportation costs, and supply chain disruptions can all impact the ability to manufacture and distribute products or services, leading to lost revenue or increased costs. Products and services that are not available when customers need them can lead to lost sales and damage to the brand's reputation.

Quality and Safety of our Product and Service
The quality of a product or service can vary depending on the manufacturer or provider. Poor quality can result in customer dissatisfaction, returns, and lost revenue. Furthermore, products or services that are not safe can cause harm to customers and result in liability for the manufacturer or provider. Safety issues can arise from design flaws, manufacturing defects, or improper use.

You are trusting that management will make the best decision for the company
You are trusting in management's discretion. You are buying securities as a minority holder, and therefore must trust the management of the Company to make good business decisions that grow your investment.

Insufficient Funds
The Company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case it may cease operating and result in a loss on your investment. Even if we sell all the SAFEs we are offering now, the Company may need to raise more funds in the future, and if unsuccessful in doing so, the Company will fail. Even if we do make a successful offering in the future, the terms of that offering might result in your investment in the Company being worth less, if later investors have better terms than those in this offering.

This offering involves "rolling closings," which may mean that earlier investors may not have the benefit of information that later investors have.
Once we meet our target amount for this offering, we may request that StartEngine instruct the escrow agent to disburse offering funds to us. At that point, investors whose subscription agreements have been accepted will become our investors. All early-stage companies are subject to a number of risks and uncertainties, and it is not uncommon for material changes to be made to the offering terms, or to companies' businesses, plans, or prospects, sometimes with little or no notice. When such changes happen during the course of an offering, we must file an amendment to our Form C with the SEC, and investors whose subscriptions have not yet been accepted will have the right to withdraw their subscriptions and get their money back. Investors whose subscriptions have already been accepted, however, will already be our investors and will have no such right.

Non-accredited investors may not be eligible to participate in a future merger or acquisition of the Company and may lose a portion of their investment
Investors should be aware that under Rule 145 under the Securities Act of 1933 if they invest in a company through Regulation CrowdFunding and that company becomes involved in a merger or acquisition, there may be significant regulatory implications. Under Rule 145, when a company plans to acquire another and offers its shares as part of the deal, the transaction may be deemed an offer of securities to the target company's investors, because investors who can vote (or for whom a proxy is voting on their behalf) are making an investment decision regarding the securities they would receive. All investors, even those with non-voting shares, may have rights with respect to the merger depending on relevant state laws. This means the acquirer's "offer" to the target's investors would require registration or an exemption from registration (such as Reg. D or Reg. CF), the burden of which can be substantial. As a result, non-accredited investors may have their shares repurchased rather than receiving shares in the acquiring company or participating in the acquisition. This may result in investors' shares being repurchased at a value determined by a third party, which may be at a lesser value than the original purchase price. Investors should consider the possibility of a cash buyout in such circumstances, which may not be commensurate with the long-term investment they anticipate.

Our new product could fail to achieve the sales projections we expect
Our growth projections are based on the assumption that with an increased advertising and marketing budget, our products will be able to gain traction in the marketplace at a faster rate than our current products have. It is possible that our new products will fail to gain market acceptance for any number of reasons. If the new products fail to achieve significant sales and acceptance in the marketplace, this could materially and adversely impact the value of your investment.

We face significant market competition
We will compete with larger, established companies that currently have products on the market and/or various respective product development programs. They may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will not render our technology or products obsolete or that the products developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that competition will intensify.

We are competing against other recreational activities
Although we are a unique company that caters to a select market, we do compete against other recreational activities. Our business growth depends on the market interest in the Company over other activities.

We are an early stage company and have not yet generated any profits
Etherdyne Technologies, Inc. was formed on May 23, 2016. Accordingly, the Company has a limited history upon which an evaluation of its performance and future prospects can be made. Our current and proposed operations are subject to all business risks associated with new enterprises. These include likely fluctuations in operating results as the Company reacts to developments in its market, managing its growth and the entry of competitors into the market. We will only be able to pay dividends on any shares once our directors determine that we are financially able to do so. Etherdyne Technologies, Inc.

has incurred a net loss and has had limited revenues generated since inception, if any. There is no assurance that we will be profitable in the near future or generate sufficient revenues to pay dividends to our shareholders.

We are an early stage company and have limited revenue and operating history
The Company has a short history, few customers, and effectively no revenue. If you are investing in our company, it's because you think that our product is a good idea, that the team will be able to successfully market, and sell the product or service, that we can price them right and sell them to enough people so that the Company will succeed. Further, we have never turned a profit and there is no assurance that we will ever be profitable.

We are an early stage company operating in a new and highly competitive industry
The Company operates in a relatively new industry with a lot of competition from both startups and established companies. As other companies flood the market and reduce potential market share, Investors may be less willing to invest in a company with a declining market share, which could make it more challenging to fund operations or pursue growth opportunities in the future.

Intense Market Competition
The market in which the company operates may be highly competitive, with established players, emerging startups, and potential future entrants. The presence of competitors can impact the company's ability to attract and retain customers, gain market share, and generate sustainable revenue. Competitors with greater financial resources, brand recognition, or established customer bases may have a competitive advantage, making it challenging for the company to differentiate itself and achieve long-term success.

Vulnerability to Economic Conditions
Economic conditions, both globally and within specific markets, can significantly influence the success of early-stage startups. Downturns or recessions may lead to reduced consumer spending, limited access to capital, and decreased demand for the company's products or services. Additionally, factors such as inflation, interest rates, and exchange rate fluctuations can affect the cost of raw materials, operational expenses, and profitability, potentially impacting the company's ability to operate.

Uncertain Regulatory Landscape
Due to the unestablished nature of the market the business operates within, the potential introduction of new laws or industry-specific standards can impose additional costs and operational burdens on the company. Non-compliance or legal disputes may result in fines, penalties, reputational damage, or even litigation, adversely affecting the company's financial condition and ability to operate effectively.

We have existing patents that we might not be able to protect properly
One of the Company's most valuable assets is its intellectual property. The Company owns trademarks, copyrights, Internet domain names, and trade secrets. We believe one of the most valuable components of the Company is our intellectual property portfolio. Due to the value, competitors may misappropriate or violate the rights owned by the Company. The Company intends to continue to protect its intellectual property portfolio from such violations. It is important to note that unforeseeable costs associated with such practices may invade the capital of the Company.

We have pending patent approval's that might be vulnerable
One of the Company's most valuable assets is its intellectual property. The Company's intellectual property such as patents, trademarks, copyrights, Internet domain names, and trade secrets may not be registered with the proper authorities. We believe one of the most valuable components of the Company is our intellectual property portfolio. Due to the value, competitors may misappropriate or violate the rights owned by the Company. The Company intends to continue to protect its intellectual property portfolio from such violations. It is important to note that unforeseeable costs associated with such practices may invade the capital of the Company due to its unregistered intellectual property.

Our trademarks, copyrights and other intellectual property could be unenforceable or ineffective
Intellectual property is a complex field of law in which few things are certain. It is possible that competitors will be able to design around our intellectual property, find prior art to invalidate it, or render the patents unenforceable through some other mechanism. If competitors are able to bypass our trademark and copyright protection without obtaining a sublicense, it is likely that the Company's value will be materially and adversely impacted. This could also impair the Company's ability to compete in the marketplace. Moreover, if our trademarks and copyrights are deemed unenforceable, the Company will almost certainly lose any potential revenue it might be able to raise by entering into sublicenses. This would cut off a significant potential revenue stream for the Company.

The cost of enforcing our trademarks and copyrights could prevent us from enforcing them
Trademark and copyright litigation has become extremely expensive. Even if we believe that a competitor is infringing on one or more of our trademarks or copyrights, we might choose not to file suit because we lack the cash to successfully prosecute a multi-year litigation with an uncertain outcome; or because we believe that the cost of enforcing our trademark(s) or copyright(s) outweighs the value of winning the suit in light of the risks and consequences of losing it; or for some other reason. Choosing not to enforce our trademark(s) or copyright(s) could have adverse consequences for the Company, including undermining the credibility of our intellectual property, reducing our ability to enter into sublicenses, and weakening our attempts to prevent competitors from entering the market. As a result, if we are unable to enforce our

trademark(s) or copyright(s) because of the cost of enforcement, your investment in the Company could be significantly and adversely affected.

The loss of one or more of our key personnel, or our failure to attract and retain other highly qualified personnel in the future, could harm our business
Our business depends on our ability to attract, retain, and develop highly skilled and qualified employees. As we grow, we will need to continue to attract and hire additional employees in various areas, including sales, marketing, design, development, operations, finance, legal, and human resources. However, we may face competition for qualified candidates, and we cannot guarantee that we will be successful in recruiting or retaining suitable employees. Additionally, if we make hiring mistakes or fail to develop and train our employees adequately, it could have a negative impact on our business, financial condition, or operating results. We may also need to compete with other companies in our industry for highly skilled and qualified employees. If we are unable to attract and retain the right talent, it may impact our ability to execute our business plan successfully, which could adversely affect the value of your investment. Furthermore, the economic environment may affect our ability to hire qualified candidates, and we cannot predict whether we will be able to find the right employees when we need them. This would likely adversely impact the value of your investment.

Our ability to sell our product or service is dependent on outside government regulation which can be subject to change at any time
Our ability to sell our products is subject to various government regulations, including but not limited to, regulations related to the manufacturing, labeling, distribution, and sale of our products. Changes in these regulations, or the enactment of new regulations, could impact our ability to sell our products or increase our compliance costs. Furthermore, the regulatory landscape is subject to regular change, and we may face challenges in adapting to such changes, which could adversely affect our business, financial condition, or operating results. In addition to government regulations, we may also be subject to other laws and regulations related to our products, including intellectual property laws, data privacy laws, and consumer protection laws. Non-compliance with these laws and regulations could result in legal and financial liabilities, reputational damage, and regulatory fines and penalties. It is also possible that changes in public perception or cultural norms regarding our products may impact demand for our products, which could adversely affect our business and financial performance, which may adversely affect your investment.

We rely on third parties to provide services essential to the success of our business
Our business relies on a variety of third-party vendors and service providers, including but not limited to manufacturers, shippers, accountants, lawyers, public relations firms, advertisers, retailers, and distributors. Our ability to maintain high-quality operations and services depends on these third-party vendors and service providers, and any failure or delay in their performance could have a material adverse effect on our business, financial condition, and operating results. We may have limited control over the actions of these third-party vendors and service providers, and they may be subject to their own operational, financial, and reputational risks. We may also be subject to contractual or legal limitations in our ability to terminate relationships with these vendors or service providers or seek legal recourse for their actions. Additionally, we may face challenges in finding suitable replacements for these vendors and service providers, which could cause delays or disruptions to our operations. The loss of key or other critical vendors and service providers could materially and adversely affect our business, financial condition, and operating results, and as a result, your investment could be adversely impacted by our reliance on these third-party vendors and service providers.

The Company is vulnerable to hackers and cyber-attacks
As an internet-based business, we may face risks related to cybersecurity and data protection. We rely on technology systems to operate our business and store and process sensitive data, including the personal information of our investors. Any significant disruption or breach of our technology systems, or those of our third-party service providers, could result in unauthorized access to our systems and data, and compromise the security and privacy of our investors. Moreover, we may be subject to cyber-attacks or other malicious activities, such as hacking, phishing, or malware attacks, that could result in theft, loss, or destruction of our data, disruption of our operations, or damage to our reputation. We may also face legal and regulatory consequences, including fines, penalties, or litigation, in the event of a data breach or cyber-attack. Any significant disruption or downtime of our platform, whether caused by cyber-attacks, system failures, or other factors, could harm our reputation, reduce the attractiveness of our platform, and result in a loss of investors and issuer companies. Moreover, disruptions in the services of our technology provider or other third-party service providers could adversely impact our business operations and financial condition. This would likely adversely impact the value of your investment.

Economic and market conditions
The Company's business may be affected by economic and market conditions, including changes in interest rates, inflation, consumer demand, and competition, which could adversely affect the Company's business, financial condition, and operating results.

Force majeure events
The Company's operations may be affected by force majeure events, such as natural disasters, pandemics, acts of terrorism, war, or other unforeseeable events, which could disrupt the Company's business and operations and adversely affect its financial condition and operating results.

Adverse publicity

The Company's business may be negatively impacted by adverse publicity, negative reviews, or social media campaigns that could harm the Company's reputation, business, financial condition, and operating results.

The Simple Agreement for Future Equity has no rights to vote until the date of maturity
The SAFEs have no voting rights. This means you are trusting in management's discretion. You will also hold these non-voting securities as a minority holder. Therefore, you will have no say in the day-to-day operation of the Company and must trust the management of the Company to make good business decisions that grow your investment.

Crowdfunding SAFE Note

The security will convert into Crowdfunding stock and the terms of the Crowdfunding SAFE Note are outlined below:

Amount outstanding: $0.00
Interest Rate: 0.0%
Discount Rate: 20.0%
Valuation Cap: $46,000,000.00
Conversion Trigger: $5,000,000

Material Rights

Please note that the "Discount Rate" for the purposes of the SAFE conversion below is equal to 1 - the Discount received by the investor (base discount received is 20% in this offering).

Voting Proxy

As a condition to issuance of shares of the Crowdfunding Stock (the "Securities"), the Investor agrees to the appointment of the Chief Executive Officer of the Company (the "CEO"), or his or her successor, as the Investor's true and lawful proxy and attorney, with the power to act alone and with full power of substitution, to, consistent with this instrument and on behalf of the Investor, (i) vote all Securities, (ii) give and receive notices and communications, (iii) execute any instrument or document that the CEO determines is necessary or appropriate in the exercise of its authority under this instrument, and (iv) take all actions necessary or appropriate in the judgment of the CEO for the accomplishment of the foregoing. The proxy and power granted by the Investor pursuant to this Section are coupled with an interest. Such proxy and power will be irrevocable. The proxy and power, so long as the Investor is an individual, will survive the death, incompetency and disability of the Investor and, so long as the Investor is an entity, will survive the merger or reorganization of the Investor or any other entity holding the Securities. However, the proxy will terminate upon the closing of a firm commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933 covering the offer and sale of Common Stock or the effectiveness of a registration statement under the Securities Exchange Act of 1934 covering the Common Stock;

(a) Equity Financing.

If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b) or 1(c), the Company shall notify the Investor of the closing of the Equity Financing and issue to the Investor a number of shares of the Crowdfunding Stock equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price.

(b) Liquidity Event.

If a Liquidity Event occurs before this instrument terminates in accordance with Sections 1(a) or 1(c), the Investor will automatically be entitled to receive a portion of Proceeds, payable immediately prior to or concurrent with the consummation of such Liquidity Event, equal to the greater of:

(i) the Purchase Amount (the "Cash-Out Amount"), or

(ii) the amount payable on the number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity

Price (the "Conversion Amount").

Additionally, if any of the Company's security holders are given a choice regarding the form and amount of Proceeds to be received in a Liquidity Event, the Investor shall be provided the same choice, provided that the Investor may not choose to receive a form of consideration that the Investor would be ineligible to receive as a result of the Investor's failure to satisfy any requirement or limitation generally applicable to the Company's securityholders, or under any applicable laws.

Notwithstanding the foregoing, in connection with a Change of Control intended to qualify as a tax-free reorganization, the Company may reduce the cash portion of Proceeds payable to the Investor by the amount determined by its board of directors in good faith for such Change of Control to qualify as a tax-free reorganization for U.S. federal income tax purposes, provided that such reduction (A) does not reduce the total Proceeds payable to such Investor and (B) is applied in the same manner and on a pro rata basis to all securityholders who have equal priority to the Investor under Section 1(d).

(c) Dissolution Event. If there is a Dissolution Event before this instrument terminates in accordance with Sections 1(a) or 1(b), the Investor will automatically be entitled (subject to the liquidation priority set forth in Section 1(d) below) to receive a portion of Proceeds equal to the Cash-Out Amount, due and payable to the Investor immediately prior to the consummation of the Dissolution Event.

(d) Liquidation Priority. In a Liquidity Event or Dissolution Event, this Safe is intended to operate like standard non-participating Preferred Stock. The Investor's right to receive its Cash-Out Amount is:

(i) Junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Capital Stock);

(ii) On par with payments for other Safes and/or Preferred Stock, and if the applicable Proceeds are insufficient to permit full payments to the Investor and such other Safes and/or Preferred Stock, the applicable Proceeds will be distributed pro rata to the Investor and such other Safes and/or Preferred Stock in proportion to the full payments that would otherwise be due; and

(iii) Senior to payments for Common Stock.

The Investor's right to receive its Conversion Amount is (A) on par with payments for Common Stock and other Safes and/or Preferred Stock who are also receiving Conversion Amounts or Proceeds on a similar as-converted to Common Stock basis, and (B) junior to payments described in clauses (i) and (ii) above (in the latter case, to the extent such payments are Cash-Out Amounts or similar liquidation preferences).

(e) Termination. This instrument will automatically terminate (without relieving the Company of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of Capital Stock to the Investor pursuant to the automatic conversion of this Safe under Section 1(a) or 1(b); or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to Section 1(b) or 1(c).

Certain Definitions

"Capital Stock" means the capital stock of the Company, including, without limitation, Common Stock and Preferred Stock.

"Common Stock" means common stock of the Company.

"Conversion Price" means either: (i) the Safe Price or (ii) the Discount Price, whichever calculation results in the lower price per share and therefore will result in a greater number of shares of the Crowdfunding Stock.

"Crowdfunding Stock" shall mean the most senior class of equity securities issued by the Company in an Equity Financing, whether Common Stock, Preferred Stock, or another class of equity securities, on the same terms as new investors in such financing.

"Equity Financing" shall mean a bona fide transaction or series of transactions pursuant to which the Company sells its Equity Securities at a fixed valuation (including, but not limited to, a pre-money or post-money valuation), to one or more third parties following the date of this instrument from which the Company receives gross proceeds of not less than [$5,000,000.00] (excluding the conversion of any instruments convertible into or exercisable or exchangeable for Capital Stock, such as Safes or convertible promissory notes) with the principal purpose of raising capital.

"Equity Securities" shall mean Common Stock or Preferred Stock or any securities convertible into, exchangeable for or conferring the right to purchase (with or without additional consideration) Common Stock or Preferred Stock, except in each case, (i) any security granted, issued and/or sold by the Company to any director, officer, employee, advisor or consultant of the Company in such capacity for the primary purpose of soliciting or retaining his, her or its services, (ii) any convertible promissory notes issued by the Company, and (iii) any Safes issued.

"Discount Price" means the lowest price per share of Crowdfunding Stock sold in an Equity Financing (determined without taking into account any incentives or other discount) multiplied by the Discount Rate. For clarity, if the Company increases

the share price during the Equity Financing, the original price will be the lowest price per share for this purpose; however, if a Company offers a discount to certain investors during the Equity Financing, such discount will not be included when determining the lowest price per share.

"Liquidity Event" means a Change of Control, a Direct Listing or an Initial Public Offering.

"Liquidity Price" means either (i) the price per share equal to the Post-Money Valuation Cap divided by the Liquidity Capitalization or (ii) the price per share equal to the fair market value of the Common Stock at the time of the Liquidity Event, as determined by reference to the purchase price payable in connection with such Liquidity Event, multiplied by the Discount Rate, whichever calculation results in a lower price per share.

"Safe Price" means the price per share equal to the Post-Money Valuation Cap divided by the Fully Diluted Capitalization.

What it means to be a minority holder

As a SAFE noteholder of the Company, you will have no voting rights. Even upon conversion of the notes, you will have limited rights in regard to the corporate actions of the Company, including additional issuances of securities, company repurchases of securities, a sale of the Company or its significant assets, or company transactions with related parties. Further, investors in this offering may have rights less than those of other investors and will have limited influence on the corporate actions of the Company.

Dilution

Investors should understand the potential for dilution. The investor's stake in a company could be diluted due to the Company issuing additional shares. In other words, when the Company issues more shares, the percentage of the Company that you own will go down, even though the value of the Company may go up. You will own a smaller piece of a larger company. This increase in the number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round, or angel investment), employees exercising stock options, or by conversion of certain instruments (e.g. convertible bonds, preferred shares or warrants) into stock. If the Company decides to issue more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned per share (though this typically occurs only if the Company offers dividends, and most early-stage companies are unlikely to offer dividends, preferring to invest any earnings into the Company).

Transferability of securities

For a year, the securities can only be resold:

- In an IPO;
- To the company;
- To an accredited investor; and
- To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

Gross Margins were up slightly due to additional partner interest and Professional Services related to design wins and proof of concepts.

Expenses

Expenses for fiscal year 2023 were $685,860 compared to $1,946,235 in fiscal year 2024.

Expenses increased in 2024 due to a small headcount and consultants cost increase. It was also impacted by regulatory expenses.

Historical results and cash flows:

The Company is currently generating revenues from initial adoptions of products and working towards scaling and growth. We are of the opinion the historical cash flows will not be a fair representation of our current growth and scaling of production.

Because we have graduated from the fundamental R&D platform into commercialization and have customers and a pipeline in several vertical markets.. Past cash was primarily generated through equity investments and revenues from prototyping services. Our goal is to deploy our technology in the vertical markets we are already commercializing.

Liquidity and Capital Resources

What capital resources are currently available to the Company? (Cash on hand, existing lines of credit, shareholder loans, etc...)

As of September, 2025, the Company has capital resources available in the form of approximately $239K cash on hand.

How do the funds of this campaign factor into your financial resources? (Are these funds critical to your company operations? Or do you have other funds or capital resources available?)

We believe the funds of this campaign are critical to support our accelerated commercialization plans in high-opportunity markets initial and ASIC development.

Are the funds from this campaign necessary to the viability of the company? (Of the total funds that your company has, how much of that will be made up of funds raised from the crowdfunding campaign?)

We believe the funds from this campaign are not necessary to the viability of the Company. With this funding we hope to grow at a faster pace.

How long will you be able to operate the company if you raise your minimum? What expenses is this estimate based on?

If the Company raises the minimum offering amount, we anticipate the Company will be able to operate for the foreseeable

future. This is based on a current monthly burn rate of $120,000 for expenses related to salaries, prototyping, inventory and R&D.

How long will you be able to operate the company if you raise your maximum funding goal?

If the Company raises the maximum offering amount, we anticipate the Company will be able to operate for the foreseeable future. This is based on a projected monthly burn rate of $180,000 for expenses related to salaries, inventory, business development, marketing and R&D).

Are there any additional future sources of capital available to your company? (Required capital contributions, lines of credit, contemplated future capital raises, etc...)

Company is currently receiving revenue from commercialization of its technology which we expect to ramp up over time.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To: Etherdyne Technologies, Inc. Management

We have reviewed the accompanying financial statements of Etherdyne Technologies, Inc. (the Company) which comprise the balance sheets as of December 31, 2024 & 2023 and the related statements of operations, statement of changes in shareholders' equity, and statement of cash flows for the years then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements:
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility:
Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion:
Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Substantial Doubt About the Entity's Ability to Continue as a Going Concern:
As discussed in Note 1, specific circumstances raise substantial doubt about the Company's ability to continue as a going concern in the foreseeable future. The provided financial statements have not been adjusted for potential requirements in case the Company cannot continue its operations. Management's plans in regard to these matters are also described in Note 1. Our opinion is not modified with respect to the matter.

NOTE 1 – DESCRIPTION OF ORGANIZATION AND BUSINESS OPERATIONS

Etherdyne Technologies, Inc. ("the Company") was formed in Delaware on May 23, 2016. The Company is a pioneer in developing safe, scalable wireless power zone technology capable of supplying power to multiple devices simultaneously, with the goal of eliminating cords and batteries across various industries. Etherdyne generates revenue through technology licensing, hardware sales, and engineering services. Headquartered in Santa Clara, California, Etherdyne's customers are primarily based in the United States, with expansion planned for global markets.

The company will conduct a crowdfunding campaign under regulation CF in 2026 to raise operating capital.

Concentrations of Credit Risks

The Company's financial instruments that are exposed to concentrations of credit risk primarily consist of its cash and cash equivalents. The Company places its cash and cash equivalents with financial institutions of high credit worthiness. The Company's management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

Substantial Doubt about the Entity's Ability to Continue as a Going Concern:

The accompanying balance sheet has been prepared on a going concern basis, which means that the entity expects to continue its operations and meet its obligations in the normal course of business during the next twelve months. Conditions and events creating the doubt include the fact that the Company has commenced principal operations and realized losses for the past two years and may continue to generate losses. The Company's management has evaluated this condition and plans to generate revenues and raise capital as needed to meet its capital requirements. However, there is no guarantee of success in these efforts. The financial statements do not include any adjustments that might result from the outcome of this uncertainty

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Company's financial statements are prepared in accordance with U.S. generally accepted accounting principles ("GAAP"). The Company's fiscal year ends on December 31. The Company has no interest in variable interest entities and no predecessor entities.

Use of Estimates and Assumptions

In preparing these unaudited financial statements in conformity with U.S. GAAP, the Company's management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported expenses during the reporting period.

Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. Accordingly, the actual results could differ significantly from those estimates.

Fair Value of Financial Instruments

FASB Accounting Standards Codification (ASC) 820 "*Fair Value Measurements and Disclosures*" establishes a three-tier fair value hierarchy, which prioritizes the inputs in measuring fair value. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

These tiers include:

Level 1: Observable inputs such as quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.

Level 3: Unobservable inputs in which little or no market data exists, therefore developed using estimates and assumptions developed by us, which reflect those that a market participant would use.

There were no material items that were measured at fair value as of December 31, 2024 and December 31, 2023.

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less when purchased to be cash equivalents. The Company had $42,436 and $28,116 in cash and cash equivalents as of December 31, 2024 and December 31, 2023, respectively.

Property and Equipment

Property and equipment are recorded at cost. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income. Depreciation is provided using the straight-line method, based on useful lives of the assets.

The Company reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used,

and the effects of obsolescence, demand, competition, and other economic factors. Based on this assessment there was no impairment for December 31, 2024. As of December 31, 2023 the Company's fixed assets were completely depreciated.

A summary of the Company's property and equipment is below.

Property Type	Useful Life in Years	2024	2023
Equipment	5	35,921	35,921
Electric Component	5	10,245	10,245
Tools and Others	5	7,800	7,800
Less Accumulated Depreciation		(53,966)	(53,966)
Totals		-	-

Revenue Recognition

The Company recognizes revenue from the sale of products and services in accordance with ASC 606, "Revenue Recognition" following the five steps procedure:

Step 1: Identify the contract(s) with customers
Step 2: Identify the performance obligations in the contract
Step 3: Determine the transaction price
Step 4: Allocate the transaction price to performance obligations
Step 5: Recognize revenue when or as performance obligations are satisfied

The Company generates revenue primarily from engineering services and hardware sales. Engineering services are provided under customer contracts, while hardware sales include wire-free power components such as transmitters, receivers, and evaluation kits intended for integration into customer products and environments. Payments are typically collected under standard terms, generally within 30 days of invoice.

For engineering services, the Company's primary performance obligation is to deliver services consistent with the agreed scope of work. Revenue is recognized over time as services are rendered, in accordance with contractual terms and applicable accounting standards. For hardware sales, the Company's primary performance obligation is fulfilled upon delivery of the hardware to the customer. Revenue from hardware sales is recognized at the point in time when control of the goods passes to the customer, which ordinarily occurs upon delivery.

As of December 31, 2024, the Company does not engage in manufacturing inventory or any activities that would result in costs classified as cost of goods sold under generally accepted accounting principles. The Company had not generated revenues from hardware sales as of this date. All expenditures related to service delivery and general operations are recorded as operating expenses, consistent with the nature of the Company's activities and prevailing accounting guidance.

Advertising Costs

Advertising costs associated with marketing the Company's products and services are expensed as costs are incurred.

General and Administrative

General and administrative expenses consist of lab supplies, contract labor and services, travel, insurances, and other miscellaneous expenses.

Equity Based Compensation

The Company accounts for stock options issued to employees under ASC 718 (Stock Compensation). Under ASC 718, share-based compensation cost to employees is measured at the grant date, based on the estimated fair value of the award, and is recognized as an item of expense ratably over the employee's requisite vesting period. The Company has elected early adoption of ASU 2018-07, which permits measurement of stock options at their intrinsic value, instead of their fair value. An option' s intrinsic value is defined as the amount by which the fair value of the underlying stock exceeds the exercise price of an option. In certain cases, this means that option compensation granted by the Company may have an intrinsic value of $0.

The Company measures compensation expense for its non-employee stock-based compensation under ASC 505 (Equity). The fair value of the option issued or committed to be issued is used to measure the transaction, as this is more reliable than the fair value of the services received. The fair value is measured at the value of the Company's common stock on the date that the commitment for performance by the counterparty has been reached or the counterparty's performance is complete. The fair value of the equity instrument is charged directly to expense and credited to additional paid- in capital.

Income Taxes

The Company accounts for income taxes in accordance with ASC 740, Income Taxes, which requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities.

The Company is subject to federal and applicable state income taxes. For the periods ended December 31, 2024 and 2023, the Company incurred net losses and, accordingly, no provision for income taxes has been recorded in the accompanying financial statements. Management has determined that it is more likely than not that deferred tax assets will not be realized, and as such, a full valuation allowance has been recorded.

Recent Accounting Pronouncements

The FASB issues Accounting Standards Updates (ASUs) to amend the authoritative literature in ASC. There have been a number of ASUs to date that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

NOTE 3 – RELATED PARTY TRANSACTIONS

The Company follows ASC 850, "Related Party Disclosures," for the identification of related parties and disclosure of related party transactions. No transactions require disclosure.

NOTE 4 – COMMITMENTS, CONTINGENCIES, COMPLIANCE WITH LAWS AND REGULATIONS

The Company is not currently involved with or knows of any pending or threatening litigation against it or any of its officers. Further, the Company is currently complying with all relevant laws and regulations. The Company does not have any long-term commitments or guarantees.

Operating Lease

The Company is required to follow the guidance of Accounting Standards Codification 842 ("ASC 842"), *Leases*. On April 15, 2018, the Company entered into a lease agreement with the Chiang-Frank 2009 Trust for premises

located at 2321 Amherst Street, Palo Alto, California. The initial lease term was twelve (12) months, commencing on April 15, 2018 and expiring on April 14, 2019. The lease was subsequently renewed on successive twelve (12) month terms through April 30, 2021. On May 1, 2021, the parties entered into a new twenty-four (24) month lease agreement with monthly rental payments of $5,600, expiring on April 30, 2023. The lease was subsequently extended in successive twenty-four (24) month terms, first through April 30, 2025 and then through April 30, 2027.

NOTE 5 – LIABILITIES AND DEBT

The Company has no outstanding liabilities and debt, except accrued expenses and other current liabilities, as of December 31, 2024 and 2023.

NOTE 6 – EQUITY

The Company is authorized to issue 26,900,000 shares of common stock with a par value of $0.00001 per share, consisting of 20,000,000 shares designated as Class A Common Stock and 6,900,000 shares designated as Class F Common Stock. As of December 31, 2024 and 2023, there were 981,298 shares of Class A Common Stock and 6,256,250 shares of Class F Common Stock issued and outstanding.

Voting: Holders of Class F and Class A Common Stock vote together as a single class on all matters, with each Class F share entitled to ten votes and each Class A share entitled to one vote.

Dividends: The holders of Class F Common Stock and Class A Common Stock are entitled, on a pari passu basis, to receive dividends when and as declared by the Board of Directors from legally available assets.

On September 30, 2023, the Company obtained an independent 409A valuation to determine the fair market value of its common stock for purposes of equity compensation compliance. As a result of this valuation, the fair market value of the Company's common stock was determined to be $0.86 per share as of that date.

The Company is authorized to issue 5,644,943 shares of preferred stock with a par value of $0.00001 per share. Of the authorized shares, 1,607,548 are designated as Series A1 Preferred Stock, 1,753,207 as Series A2 Preferred Stock, 466,798 as Series A3 Preferred Stock, 143,473 as Series A4 Preferred Stock, and 1,673,917 as Series A5 Preferred Stock. As of December 31, 2024 and 2023, there were 1,607,548 shares of Series A1 Preferred Stock, 1,753,207 shares of Series A2 Preferred Stock, 466,798 shares of Series A3 Preferred Stock, and 143,473 shares of Series A4 Preferred Stock issued and outstanding.

Voting: Each share of Preferred Stock has the same number of votes as the Common Stock it can be converted into.

Dividends: The holders of Preferred Stock are entitled to receive dividends, when and if declared by the Board of Directors, in preference to any dividends on Common Stock. No such dividends were declared as of December 31, 2024 and 2023.

Conversion: Each share of Preferred Stock may be converted at any time, at the holder's option and without additional payment, into Class A Common Stock based on the Original Issue Price divided by the applicable Conversion Price.

Liquidation preference: In the event of a liquidation, dissolution, winding up, or Deemed Liquidation Event, holders of Preferred Stock are entitled to receive, on a pari passu basis, the greater of (i) one times the Original Issue Price plus any declared but unpaid dividends, or (ii) the amount they would have received if converted to Common Stock, before any distribution to holders of Common Stock.

NOTE 7 – SUBSEQUENT EVENTS

The Company has evaluated events subsequent to December 31, 2024 to assess the need for potential recognition or disclosure in this report. Such events were evaluated through September 15, 2025, the date these financial statements were available to be issued.

On March 26, 2025, the Company extended its lease agreement with the Chiang-Frank 2009 Trust for the premises located at 2321 Amherst Street, Palo Alto, California, for an additional twenty-four (24) months, commencing on May 1, 2025 and expiring on April 30, 2027. The lease is accounted for as an operating lease, and related payments will continue to be recognized as operating lease expense.

In August 2025, the Company is in the process of completing a Convertible Note financing and has initiated a SAFE Note financing round through StartEngine.

The Future of Power is Wireless

ETI's Wire-Free Power™ Zone Energy aims to redefine how the world powers and charges devices, eliminating the need for cords and batteries forever.

- Powered 24/7 worldwide, regardless of placement, and in any environment
- Safely charges numerous devices simultaneously, anywhere in the zone, without requiring direct, restrictive contact
- Simple, cost-effective, universally deployable, and easily integrated into existing infrastructure

OUR PITCH

Let's Eliminate Power Cords and Batteries

Energetic Technologies, Inc. (ETI) is developing a new wireless technology that will change the way we power and charge our devices.

9 Years	Regulatory Approvals in Place	$3 Charging Power
In Development		Per Device

That Future is Closer Than You Think

We've overcome the most complex engineering challenges and have successfully demonstrated our technology in a real-world environment.

After 4 years of technology R&D, ETI's breakthrough can now safely transmit up to 100 watts to multiple devices simultaneously at distances of over 3 meters, with room to grow.

OUR PROBLEM

It's Time for a Better Way to Power Our Devices

- **Unsightly cords** restrict mobility and are a tripping hazard
- **Batteries require constant replacement** and are a fire hazard
- **Battery disposal is harmful** to the U.S. alone 2 billion batteries thrown away each year
- **Batteries and cords cost businesses** as they products can be designed

"100-watt capacity of the Wire-Free Power Zone technology could be the game changer for wireless charging and power."

— Yahoo Tech

OUR SOLUTION

One Power Zone, Multiple Devices

Safety is always our top priority. We are planning future deployments anywhere the public has access, such as airports, hotels, and restaurants, to provide convenient power and charging for all.

Enabling a New Class of Devices

Power will be wirelessly delivered to a variety of devices, including those that are:

ETI unlocks new possibilities

- **FLEXIBLE PLACEMENT** No need for cords
- **PERPETUALLY POWERED** Always ready (no recharging, always ready)
- **CLUTTER-FREE** Clean spaces, minimal hassle
- **SLEEKER DESIGN** Unleash creativity

Meet the Team

Our co-founders, Dr. Robert D. Bartlett and Dr. Jeffrey J. Lee, met while working at Lockheed Martin Missiles and Fire Control, where they developed wireless technologies for military applications. Their experience, knowledge, and passion led them to found ETI.

Jeffrey Lee Chung Yee
PhD Electrical Engineering - Board Director
Jeffrey is a Professor of Electrical Engineering at the University of Toronto and a Fellow of the Engineering Institute of Canada.

Robert Anderson Bartlett
PhD Applied Electronic Physics - Chief Executive Officer & Director
Robert is a Professor Emeritus of Engineering Physics at the University of Saskatchewan.

Gary Graham McDonald
Chief Operating Officer
Gary is a Professional Engineer and a graduate of the University of Saskatchewan. Previous to his position at ETI, he was a Senior Project Engineer at Cameco Corporation.

OUR TRACTION

ETI's Wire-Free Power Technology is Expanding Rapidly

ETI's progress and commitment to safety, quality, and innovation position it as a leader in the wireless power industry. Our technology has the potential to revolutionize how we power and charge devices, making it more convenient, flexible, and safe to create, work, multiply, and share and expand.

- **Successfully developed and delivered** multi-million dollar wireless power products for customers
- **Enter multiple verticals simultaneously** – field component partnerships and retail displays
- **Many growth capital efficient, while** expanding presence in market's collectively valued in billions.

With multiple signed agreements around the world, proven success, and a clear path to profitability, ETI is poised for significant growth and success. Join us in our mission to revolutionize how we power and charge devices, and be part of the foundation for lasting adoption and market dominance.

Consumers are Excited

ETI has received overwhelmingly positive feedback from consumers who have seen our technology in action. Our videos have garnered millions of views, and we've received numerous requests for product launches. Here are just a few examples of the excitement our technology has generated:

"Coolest thing I've seen on YouTube."

— Jimmy Kimmel Live

"The most number-oriented viral we've seen. Millions of views and shares in a day."

— Mashable

WHY INVEST

Let's Make Wireless Power as Universal as Wi-Fi

Imagine a world where charging a smartphone is now the norm, and cords and batteries are a thing of the past.

ETI is leading the charge in this revolutionary technology, and we believe we are poised for significant growth and success.

A **Crowdfunding Simple Agreement for Future Equity (Crowdfunding SAFE)** offers you the right to receive a qualifying equity financing security in the future, typically at a discount or with a valuation cap. This SAFE is designed to comply with Regulation Crowdfunding, allowing companies to raise capital from a broad range of investors, including non-accredited investors. Unlike traditional debt, a SAFE is not a loan and does not accrue interest or have a maturity date. Instead, it converts into equity when a specific event occurs, such as a priced equity round or a liquidity event. The number of shares you receive depends on the terms of the SAFE and the valuation at the time of conversion. Please refer to the Investment Agreement for the complete terms and conditions of this SAFE.

Voting Proxy

Subject to the terms and conditions of Section 2.2(b) above and of the Side Letter, the Purchaser shall irrevocably appoint as the Purchaser's proxy and attorney-in-fact, with full power of substitution and re-substitution, the Chief Executive Officer of the Company (the "Proxy") to vote all of the Purchaser's Voting Shares (as defined below) in such manner as the Proxy determines, on such matters as may be presented to the shareholders of the Company for consideration and vote at any annual or special meeting of shareholders of the Company (or any adjournment thereof) or in connection with any written consent of shareholders of the Company. The Purchaser shall be entitled to revoke the proxy granted in this Section 2.2(c) at any time prior to the submission of the Proxy's vote on the matter for which the proxy is granted. The proxy granted by the Purchaser pursuant to this Section 2.2(c) is coupled with an interest and is given to secure the performance of the Purchaser's obligations under this Agreement and the Side Letter and shall survive the bankruptcy, dissolution, liquidation or winding-up of the Purchaser. The proxy granted by the Purchaser pursuant to this Section 2.2(c) shall terminate upon the termination of this Agreement in accordance with its terms. "Voting Shares" means the Common Shares of the Company issued or issuable to the Purchaser pursuant to this Agreement and any securities issued or issuable in respect of any of the foregoing shares by way of stock dividend or stock split or in connection with a combination of shares, recapitalization, merger, amalgamation, arrangement or other reorganization or otherwise.

Pro-Rata Rights

Subject to the terms and conditions of Section 2.2(d) and of the Side Letter, if the Company proposes to offer or sell any New Securities (as defined below) in connection with any Qualified Financing (as defined below), the Purchaser shall have the right to purchase up to that number of New Securities as is equal to the Purchaser's Pro Rata Share (as defined below) of such New Securities. The Purchaser shall be entitled to apportion the right of first refusal hereby granted to it in such proportions as it deems appropriate, among (i) the Purchaser and (ii) such Affiliates of the Purchaser as the Purchaser may designate in writing to the Company. The Company shall give the Purchaser written notice of its intention to undertake a Qualified Financing, stating the price and the general terms upon which the Company proposes to undertake the Qualified Financing, and the Purchaser shall have 10 days after any such notice is given to agree to purchase up to its Pro Rata Share of such New Securities for the price and upon the general terms specified in the notice by giving written notice to the Company and stating therein the quantity of New Securities to be purchased. The Purchaser shall not be entitled to assign or transfer its pro-rata rights, other than to its Affiliates as described above, and such pro-rata rights shall terminate on the earlier of (i) the Qualified Financing, (ii) the date the Company completes a Change of Control (as defined in the Investment Agreement), and (iii) such time as the Purchaser does not maintain a minimum amount of Voting Shares (as defined in the Investment Agreement) as set out in the Investment Agreement. "Pro Rata Share" means, as of any date of determination, the percentage obtained by dividing (i) the number of Voting Shares held by the Purchaser by (ii) the total number of Voting Shares then outstanding (assuming full conversion, exercise or exchange of all securities convertible into or exercisable or exchangeable for Voting Shares).

The 10% Start/Expire Venture Club Bonus

Financial Technologies, Inc will offer a 10% additional discount bonus for all investments that are committed by investors that are members of the Start/Expire Venture Club.

Start/Expire Venture Club is a private network of more than 10,000 investors dedicated to helping startups succeed. Founded in 2012, Start/Expire has helped startups raise over $1 billion in funding. For investors, this results in two great benefits: 1) Access to exclusive deals and 2) Our Investment Warranty.

Investors will receive the highest valued stock class that is available for sale to the general public at the time of investment. If the investor's investment is converted into a different stock class, the investor will receive the same stock class as the general public at the conversion event.

VIDEO TRANSCRIPT

Main Video Script:

Just as the internet transitioned from wire to wifi, energy delivery is destined to go wireless soon. Plugging in your devices or hard wiring fixtures will feel as outdated as dial up internet ETI creates wire free power where it matters. Unlike most solutions that only charge one device at a time. ETS Power Zones can safely deliver energy through the air to multiple devices simultaneously using magnetic resonance.

ETI creates wire free power zones the size of a desk or even a room. As devices equipped with our receivers enter the zone, they convert magnetic energy into electricity to power themselves or charge their batteries. Our technology eliminates battery maintenance, reduces hazardous cord clutter, and unlocks new design possibilities.

Imagine minimalist devices that are flexible in placement and perpetually powered. Don't think about charging them. They just magically work. ETI was founded by two physicists who reinvented the magnetic resonance technology that makes through the air power possible. After eight years of r and d, we now hold 43 granted patents.

Along with FCC and CE approvals that clear the way for commercialization, our leadership team has launched Breakthrough Electronics at Apple, Fitbit. Cisco and HP. we're collaborating with global manufacturers to bring wirelessly powered products to computer peripherals, lighting, creative toys, and retail displays.

With multiple agreements signed and paid projects underway, ET i's platform approach is opening doors to industries worth billions without the heavy cost of going it alone. And it's not just device manufacturers that are excited. When YouTube creator, DIY, perks used our evaluation kit to build a wire free computer setup, his video drew over 2.5 million views and 9,000 comments with fans calling it the coolest thing I've seen on YouTube.

That response proves consumers are ready for this future. Invest in ETI and together we'll set a new standard for wireless power.

Video # 2 Script (Embedded Video): https://vimeo.com/1125854647?share=copy

So in the future, we envision that devices will be able to be placed freely everywhere around the home without needing to be plugged in and without needing to think about recharging them. I think the problem is that we have a more and more electronic devices today. We're using more power adapter, more power core, and uh, and more batteries.

My name is Dr. Robert Moffitt. I'm the Chief Science officer of ETI. My name is Dr. Jeff y I'm the co-founder and the CEO of E-T-I. -E-T-I is a wireless power startup based in Silicon Valley. So it's different from the charging that's already in cell phones these days. The key standard, which is quite common in cell phones, uses a low frequency magnetic field that needs direct contact between the transmitter and the receiver.

Our system is able to fill a three-dimensional zone, which is, uh, several feet long by several feet wide and several feet high. And devices can receive power anywhere within that zone, and they can be moved about while they're either charging or being powered with no battery and no wire. So it's a new mechanism of power delivery.

There are multiple challenges and that we overcome for the, you know, in the past eight years. So I think one of the, one of the fundamental challenges is. How do you use a one power source to power multiple devices simultaneously? And, and, uh, the second challenge is how can those devices be freely move around in the environment when the system's still stable?

And then the third challenge will be, how can you power different power level devices simultaneously without them interacting with each other or interfere with each other? And over all this year we actually step by step solving all these problems. So we have a whole range of, uh, power level that we can sustain simultaneously, ranging from the laptop charging to Compu, computer monitor, powering all the way down to the keyboard.

The speaker, the mouse, both Dr. Robert Muffin and I we're a Stanford PhD in physics. I was thinking about to starting a, a company when I, when we were last year of, uh, graduate school. And I learned Robert's work at MIT on the wireless power. All the wireless power transfer technology on the higher power end can be traced back to the MIT work that Robert and his colleague, uh, uh, invented on back in 2007, 2008.

So over the past eight years, we have demonstrated to our. Friends and family investors that we have a technical capability to deliver what we say we're gonna deliver. But what we hope to achieve is to just make people's life easier.

STARTENGINE SUBSCRIPTION PROCESS (Exhibit E)

Platform Compensation

- As compensation for the services provided by StartEngine Capital or StartEngine Primary, as identified in the Offering Statement filed on the SEC EDGAR filing system (the "Intermediary"), the issuer is required to pay to Intermediary a fee consisting of a 5.5-14% (five and one-half to fourteen) commission based on the dollar amount of securities sold in the Offering and paid upon disbursement of funds from escrow at the time of closing. The commission is paid in cash and in securities of the Issuer identical to those offered to the public in the Offering at the sole discretion of the Intermediary. Additionally, the issuer must reimburse certain expenses related to the Offering. The securities issued to the Intermediary, if any, will be of the same class and have the same terms, conditions, and rights as the securities being offered and sold by the issuer on StartEngine's platform.

- As compensation for the services provided by StartEngine, investors are also required to pay the Intermediary a fee consisting of a 0-3.5% (zero to three and a half percent) service fee based on the dollar amount of securities purchased in each investment.

Information Regarding Length of Time of Offering

- Investment Cancellations: Investors will have up to 48 hours prior to the end of the offering period to change their minds and cancel their investment commitments for any reason. Once within 48 hours of ending, investors will not be able to cancel for any reason, even if they make a commitment during this period.

- Material Changes: Material changes to an offering include but are not limited to: A change in minimum offering amount, change in security price, change in management, material change to financial information, etc. If an issuer makes a material change to the offering terms or other information disclosed, including a change to the offering deadline, investors will be given five business days to reconfirm their investment commitment. If investors do not reconfirm, their investment will be canceled and the funds will be returned.

Hitting The Target Goal Early & Oversubscriptions

- The Intermediary will notify investors by email when the target offering amount has hit 25%, 50%, and 100% of the funding goal. If the issuer hits its goal early, the issuer can create a new target deadline at least 5 business days out. Investors will be notified of the new target deadline via email and will then have the opportunity to cancel up to 48 hours before the new deadline.

- Oversubscriptions: We require all issuers to accept oversubscriptions. This may not be possible if: 1) it vaults an issuer into a different category for financial statement requirements (and they do not have the requisite financial statements); or 2) they reach $5M in investments. In the event of an oversubscription, shares will be allocated at the discretion of the issuer, with priority given to StartEngine Venture Club members.

- If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be canceled and committed funds will be returned.

- If a StartEngine issuer reaches its target offering amount prior to the deadline, it may conduct an initial closing of the offering early if they provide notice of the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). StartEngine will notify investors when the issuer meets its target offering amount. Thereafter, the issuer may conduct additional closings until the offering deadline.

Minimum and Maximum Investment Amounts

- In order to invest, commit to an investment or communicate on our platform, users must open an account on StartEngine and provide certain personal and non-personal information including information related to income, net worth, and other investments.

- Investor Limitations: There are no investment limits for investing in crowdfunding offerings for accredited investors. Non-accredited investors are limited in how much they can invest in all crowdfunding offerings during any 12-month period. The limitation on how much they can invest depends on their net worth (excluding the value of their primary residence) and annual income. If either their annual income or net worth is less than $124,000, then during any 12-month period, they can invest either $2,500 or 5% of their annual income or net worth, whichever is greater. If both their annual income and net worth are equal to or more than $124,000, then during any 12-month period, they can invest up to 10% of annual income or net worth, whichever is greater, but their investments cannot exceed $124,000.

Ladies and Gentlemen:

1. Crowdfunding SAFE Subscription.

(a) The undersigned ("Subscriber") hereby subscribes for and agrees to purchase a Crowdfunding SAFE (the "Securities"), of %%NAME_OF_ISSUER%%, a %%STATE_INCORPORATED%%, %%COMPANY_TYPE%% (the "Company"), upon the terms and conditions set forth herein. The rights of the Securities are as set forth in the Crowdfunding SAFE and any description of the Securities that appears in the Offering Materials is qualified in its entirety by such document.

(b) By executing this Subscription Agreement, Subscriber acknowledges that Subscriber has received this Subscription Agreement, a copy of the Offering Statement of the Company filed with the SEC and any other information required by the Subscriber to make an investment decision.

(c) This Subscription may be accepted or rejected in whole or in part, at any time prior to a Closing Date (as hereinafter defined), by the Company at its sole discretion. In addition, the Company, at its sole discretion, may allocate to Subscriber only a portion of the number of Securities Subscriber has subscribed for. The Company will notify Subscriber whether this subscription is accepted (whether in whole or in part) or rejected. If Subscriber's subscription is rejected, Subscriber's payment (or portion thereof if partially rejected) will be returned to Subscriber without interest and all of Subscriber's obligations hereunder shall terminate.

(d) The aggregate value of Securities sold shall not exceed $%%MAX_FUNDING_AMOUNT%%. Providing that subscriptions for $%%MIN_FUNDING_AMOUNT%% Securities are received (the "Minimum Offering"), the Company may elect at any time to close all or any portion of this offering, on various dates at or prior to the termination date (each a "Closing Date").

(e) In the event of rejection of this subscription in its entirety, or in the event the sale of the Securities (or any portion thereof) is not consummated for any reason, this Subscription Agreement shall have no force or effect.

2. Purchase Procedure.

(a) Payment. The purchase price for the Securities shall be paid simultaneously with the execution and delivery to the Company of the signature page of this Subscription Agreement, which signature and delivery may take place through digital online means. Subscriber shall deliver a signed copy of this Subscription Agreement, along with payment for the aggregate purchase price of the Securities in accordance with the online payment process established by the Intermediary.

(b) Escrow arrangements. Payment for the Securities shall be received by The Kingdom Trust Company (the "Escrow Agent") from the undersigned by transfer of immediately available funds or other means approved by the Company prior to the applicable Closing, in the amount as set forth on the signature page attached hereto below and otherwise in accordance with Intermediary's payment processing instructions. Upon such Closing, the Escrow Agent shall release such funds to the Company. The undersigned shall receive notice and evidence of the digital entry of the number of the Securities owned by Subscriber reflected on the books and records of the Company (reflected either (i) under Subscriber's name or (ii) under StartEngine Primary, LLC as nominee) as recorded by StartEngine Secure, LLC (an SEC registered Transfer Agent service operated by StartEngine Crowdfunding, Inc.) or other SEC registered transfer agent as designated by the Company, which books and records shall bear a notation that the Securities were sold in reliance upon Regulation CF or (iii) under StartEngine Primary, LLC as custodian) as recorded by StartEngine Secure, LLC (an SEC registered Transfer Agent service operated by StartEngine Crowdfunding, Inc.).

(c) Special provisions for cryptocurrency payments. Notwithstanding Section 2(b), cryptocurrency payments will be received by the Escrow Agent from the undersigned and converted to U.S. dollars once per day. Once converted to U.S. dollars, the undersigned will be subscribed for the number of Securities he is eligible to receive based upon the investment value in U.S. dollars (the "Final Investment Amount"). Subscriber understands that the Final Investment Amount will be determined following the exchange of the cryptocurrency to U.S. dollars at the current exchange rate, minus the Digital Asset Handling Fee of the Escrow Agent. Cryptocurrency payments received at any time other than business hours in New York City (9:00am to 4:00pm Eastern Time, Monday through Friday) will be converted to U.S. dollars on the next business day. Subscriber further understands and affirms that Subscriber will be

subscribed for the Securities equalling one-hundred percent (100%) of the Final Investment Amount. In the event that the Final Investment Amount exceeds the annual limit for the Subscriber, or that the Final Investment Amount exceeds the number of Securities available to the Subscriber, Subscriber will be refunded the amount not applied to his subscription. Any refunds, including those for cancelled investments, will be made only in the same cryptocurrency used for the initial payment and will be refunded to the same digital wallet address from which the initial payment was made.

(d) Transfers upon challenged transactions. In the event Subscriber challenges the payment of any amount hereunder for any reason or by any means, including but not limited to through a credit card dispute resolution process, and receives reimbursement of any amount after the Securities are issued, Subscriber agrees that it consents to the transfer of the Securities relating to such challenge to StartEngine Primary LLC or any affiliate thereof and hereby instructs the Company that such transfer be made to the order of StartEngine Primary LLC without any further action by Subscriber or the payment of any fee therefor.

3. Representations and Warranties of the Company.

The Company represents and warrants to Subscriber that the following representations and warranties are true and complete in all material respects as of the date of each Closing Date, except as otherwise indicated. For purposes of this Agreement, an individual shall be deemed to have "knowledge" of a particular fact or other matter if such individual is actually aware of such fact. The Company will be deemed to have "knowledge" of a particular fact or other matter if one of the Company's current officers has, or at any time had, actual knowledge of such fact or other matter.

(a) Organization and Standing. The Company is a %%COMPANY_TYPE%% duly formed, validly existing and in good standing under the laws of the State of %%STATE_INCORPORATED%%. The Company has all requisite power and authority to own and operate its properties and assets, to execute and deliver this Subscription Agreement, and any other agreements or instruments required hereunder. The Company is duly qualified and is authorized to do business and is in good standing as a foreign corporation in all jurisdictions in which the nature of its activities and of its properties (both owned and leased) makes such qualification necessary, except for those jurisdictions in which failure to do so would not have a material adverse effect on the Company or its business. Notwithstanding the foregoing, the Company represents and agrees that it will comply with the shareholder communications, notice and proxy provisions of %%STATE_INCORPORATED%%.

(b) Eligibility of the Company to Make an Offering under Section 4(a)(6). The Company is eligible to make an offering under Section 4(a)(6) of the Securities Act and the rules promulgated thereunder by the SEC.

(c) Issuance of the Securities. The issuance, sale and delivery of the Securities in accordance with this Subscription Agreement has been duly authorized by all necessary corporate action on the part of the Company. The Securities, when so issued, sold and delivered against payment therefor in accordance with the provisions of this Subscription Agreement, will be duly and validly issued and outstanding and will constitute valid and legally binding obligations of the Company enforceable against the Company in accordance with their terms. The Company will take measures necessary so the conversion of shares will be authorized and issued when required.

(d) Authority for Agreement. The execution and delivery by the Company of this Subscription Agreement and the consummation of the transactions contemplated hereby (including the issuance, sale and delivery of the Securities) are within the Company's powers and

have been duly authorized by all necessary corporate action on the part of the Company. Upon full execution hereof, this Subscription Agreement shall constitute a valid and binding agreement of the Company, enforceable against the Company in accordance with its terms, except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, and other laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies and (iii) with respect to provisions relating to indemnification and contribution, as limited by considerations of public policy and by federal or state securities laws.

(e) No filings. Assuming the accuracy of the Subscriber's representations and warranties set forth in Section 4 hereof, no order, license, consent, authorization or approval of, or exemption by, or action by or in respect of, or notice to, or filing or registration with, any governmental body, agency or official is required by or with respect to the Company in connection with the execution, delivery and performance by the Company of this Subscription Agreement except (i) for such filings as may be required under Section 4(a)(6) of the Securities Act or the rules promulgated thereunder or under any applicable state securities laws, (ii) for such other filings and approvals as have been made or obtained, or (iii) where the failure to obtain any such order, license, consent, authorization, approval or exemption or give any such notice or make any filing or registration would not have a material adverse effect on the ability of the Company to perform its obligations hereunder.

(f) Financial statements. Complete copies of the Company's financial statements meeting the requirements of Rule 201 of Regulation Crowdfunding, as promulgated by the SEC under the Securities Act (the "Financial Statements") have been made available to the Subscriber and appear in the Form C and on the site of the Intermediary. The Financial Statements are based on the books and records of the Company and fairly present the financial condition of the Company as of the respective dates they were prepared and the results of the operations and cash flows of the Company for the periods indicated. The auditing firm, which has audited or reviewed the Financial Statements, is an independent accounting firm within the rules and regulations adopted by the SEC.

(g) Proceeds. The Company shall use the proceeds from the issuance and sale of the Securities as set forth in the Offering Materials.

(h) Litigation. There is no pending action, suit, proceeding, arbitration, mediation, complaint, claim, charge or investigation before any court, arbitrator, mediator or governmental body, or to the Company's knowledge, currently threatened in writing (a) against the Company or (b) against any consultant, officer, manager, director or key employee of the Company arising out of his or her consulting, employment or board relationship with the Company or that could otherwise materially impact the Company.

4. Representations and Warranties of Subscriber. By executing this Subscription Agreement, Subscriber (and, if Subscriber is purchasing the Securities subscribed for hereby in a fiduciary capacity, the person or persons for whom Subscriber is so purchasing) represents and warrants, which representations and warranties are true and complete in all material respects as of the date of the Subscriber's Closing Date(s):

(a) Requisite Power and Authority. Such Subscriber has all necessary power and authority under all applicable provisions of law to execute and deliver this Subscription Agreement and other agreements required hereunder and to carry out their provisions. All action on Subscriber's part required for the lawful execution and delivery of this Subscription Agreement and other agreements required hereunder have been or will be effectively taken prior to the Closing. Upon

their execution and delivery, this Subscription Agreement and other agreements required hereunder will be valid and binding obligations of Subscriber, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium or other laws of general application affecting enforcement of creditors' rights and (b) as limited by general principles of equity that restrict the availability of equitable remedies.

(b) Investment Representations. Subscriber understands that the Securities have not been registered under the Securities Act. Subscriber also understands that the Securities are being offered and sold pursuant to an exemption from registration contained in the Act based in part upon Subscriber's representations contained in this Subscription Agreement.

(c) Illiquidity and Continued Economic Risk. Subscriber acknowledges and agrees that there is no ready public market for the Securities and that there is no guarantee that a market for their resale will ever exist. Subscriber must bear the economic risk of this investment indefinitely and the Company has no obligation to list the Securities on any market or take any steps (including registration under the Securities Act or the Securities Exchange Act of 1934, as amended) with respect to facilitating trading or resale of the Securities. Subscriber acknowledges that Subscriber is able to bear the economic risk of losing Subscriber's entire investment in the Securities. Subscriber also understands that an investment in the Company involves significant risks and has taken full cognizance of and understands all of the risk factors relating to the purchase of Securities.

(d) Resales. Subscriber agrees that during the one-year period beginning on the date on which it acquired Securities pursuant to this Subscription Agreement, it shall not transfer such Securities except:

(i) To the Company;

(ii) To an "accredited investor" within the meaning of Rule 501 of Regulation D under the Securities Act;

(iii) As part of an offering registered under the Securities Act with the SEC; or

(iv) To a member of the Subscriber's family or the equivalent, to a trust controlled by the Subscriber, to a trust created for the benefit of a member of the family of the Subscriber or equivalent, or in connection with the death or divorce of the Subscriber or other similar circumstance.

(e) Investment Limits. Subscriber represents that either:

(i) Either of Subscriber's net worth or annual income is less than $124,000, and that the amount it is investing pursuant to this Subscription Agreement, together with all other amounts invested in offerings under Section 4(a)(6) of the Securities Act within the previous 12 months, is either less than (A) 5% of the lower of its annual income or net worth, or (B) $2,500; or

(ii) Both of Subscriber's net worth and annual income are more than $124,000, and that the amount it is investing pursuant to this Subscription Agreement, together with all other amounts invested in offerings under Section 4(a)(6) of the Securities Act within the previous 12 months, is less than 10% of the lower of its annual income or net worth, and does not exceed $124,000.

(f) Subscriber information. Within five days after receipt of a request from the Company, the Subscriber hereby agrees to provide such information with respect to its status as a shareholder (or potential shareholder) and to execute and deliver such documents as may reasonably be necessary to comply with any and all laws and regulations to which the Company is or may become subject. **Subscriber further agrees that in the event it transfers any Securities, it will require the transferee of such Securities to agree to provide such information to the Company as a condition of such transfer.**

(g) Company Information. Subscriber has read the Offering Statement. Subscriber understands that the Company is subject to all the risks that apply to early-stage companies, whether or not those risks are explicitly set out in the Offering Materials. Subscriber has had an opportunity to discuss the Company's business, management and financial affairs with managers, officers and management of the Company and has had the opportunity to review the Company's operations and facilities. Subscriber has also had the opportunity to ask questions of and receive answers from the Company and its management regarding the terms and conditions of this investment. Subscriber acknowledges that except as set forth herein, no representations or warranties have been made to Subscriber, or to Subscriber's advisors or representative, by the Company or others with respect to the business or prospects of the Company or its financial condition.

(h) Valuation. The Subscriber acknowledges that the price of the Securities was set by the Company on the basis of the Company's internal valuation and no warranties are made as to value. The Subscriber further acknowledges that future offerings of Securities may be made at lower valuations, with the result that the Subscriber's investment will bear a lower valuation.

(i) Domicile. Subscriber maintains Subscriber's domicile (and is not a transient or temporary resident) at the address shown on the signature page.

(j) Foreign Investors. If Subscriber is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), Subscriber hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Securities or any use of this Subscription Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Securities, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Securities. Subscriber's subscription and payment for and continued beneficial ownership of the Securities will not violate any applicable securities or other laws of the Subscriber's jurisdiction.

5. Manner of Holdings.

Subscriber consents to StartEngine Primary LLC holding the Securities as custodian (the "Custodian"). The Securities will be recorded on the books of the Company as being held by the Custodian in omnibus as legal holder of record of the securities. The undersigned will appear on the books of the Custodian as the beneficial owner of the Securities.

6. Indemnity.

The representations, warranties and covenants made by the Subscriber herein shall survive the closing of this Agreement. The Subscriber agrees to indemnify and hold harmless the Company and its respective officers, directors and affiliates, and each other person, if any, who controls the Company within the

meaning of Section 15 of the Securities Act against any and all loss, liability, claim, damage and expense whatsoever (including, but not limited to, any and all reasonable attorneys' fees, including attorneys' fees on appeal) and expenses reasonably incurred in investigating, preparing or defending against any false representation or warranty or breach of failure by the Subscriber to comply with any covenant or agreement made by the Subscriber herein or in any other document furnished by the Subscriber to any of the foregoing in connection with this transaction.

7. Governing Law; Jurisdiction. This Subscription Agreement shall be governed and construed in accordance with the laws of the State of %%STATE_INCORPORATED%%.

EACH OF THE SUBSCRIBERS AND THE COMPANY CONSENTS TO THE JURISDICTION OF ANY STATE OR FEDERAL COURT OF COMPETENT JURISDICTION LOCATED WITHIN THE STATE OF %%STATE_INCORPORATED%%, AND NO OTHER PLACE AND IRREVOCABLY AGREES THAT ALL ACTIONS OR PROCEEDINGS RELATING TO THIS SUBSCRIPTION AGREEMENT MAY BE LITIGATED IN SUCH COURTS. EACH OF SUBSCRIBERS AND THE COMPANY ACCEPTS FOR ITSELF AND IN CONNECTION WITH ITS RESPECTIVE PROPERTIES, GENERALLY AND UNCONDITIONALLY, THE EXCLUSIVE JURISDICTION OF THE AFORESAID COURTS AND WAIVES ANY DEFENSE OF FORUM NON CONVENIENS, AND IRREVOCABLY AGREES TO BE BOUND BY ANY JUDGMENT RENDERED THEREBY IN CONNECTION WITH THIS SUBSCRIPTION AGREEMENT. EACH OF SUBSCRIBERS AND THE COMPANY FURTHER IRREVOCABLY CONSENTS TO THE SERVICE OF PROCESS OUT OF ANY OF THE AFOREMENTIONED COURTS IN THE MANNER AND IN THE ADDRESS SPECIFIED IN SECTION 8 AND THE SIGNATURE PAGE OF THIS SUBSCRIPTION AGREEMENT.

EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED IN CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS SUBSCRIPTION AGREEMENT OR THE ACTIONS OF EITHER PARTY IN THE NEGOTIATION, ADMINISTRATION, PERFORMANCE AND ENFORCEMENT THEREOF, EACH OF THE PARTIES HERETO ALSO WAIVES ANY BOND OR SURETY OR SECURITY UPON SUCH BOND WHICH MIGHT, BUT FOR THIS WAIVER, BE REQUIRED OF SUCH PARTY. EACH OF THE PARTIES HERETO FURTHER WARRANTS AND REPRESENTS THAT IT KNOWINGLY AND VOLUNTARILY WAIVES ITS JURY TRIAL RIGHTS. THIS WAIVER IS IRREVOCABLE, MEANING THAT IT MAY NOT BE MODIFIED EITHER ORALLY OR IN WRITING, AND THIS WAIVER SHALL APPLY TO ANY SUBSEQUENT AMENDMENTS, RENEWALS, SUPPLEMENTS OR MODIFICATIONS TO THIS SUBSCRIPTION AGREEMENT. IN THE EVENT OF LITIGATION, THIS SUBSCRIPTION AGREEMENT MAY BE FILED AS A WRITTEN CONSENT TO A TRIAL BY THE COURT.

8. Notices.

Notice, requests, demands and other communications relating to this Subscription Agreement and the transactions contemplated herein shall be in writing and shall be deemed to have been duly given if and when (a) delivered personally, on the date of such delivery; or (b) mailed by registered or certified mail, postage prepaid, return receipt requested, in the third day after the posting thereof; or (c) emailed, telecopied or cabled, on the date of such delivery to the address of the respective parties as follows:

If to the Company, to: %%ADDRESS_OF_ISSUER%%

If to a Subscriber, to Subscriber's address as shown on the signature page hereto

or to such other address as may be specified by written notice from time to time by the party entitled to receive such notice. Any notices, requests, demands or other communications by telecopy or cable shall be confirmed by letter given in accordance with (a) or (b) above.

9. Miscellaneous.

(a) All pronouns and any variations thereof shall be deemed to refer to the masculine, feminine, neuter, singular or plural, as the identity of the person or persons or entity or entities may require.

(b) This Subscription Agreement is not transferable or assignable by Subscriber.

(c) The representations, warranties and agreements contained herein shall be deemed to be made by and be binding upon Subscriber and its heirs, executors, administrators and successors and shall inure to the benefit of the Company and its successors and assigns.

(d) None of the provisions of this Subscription Agreement may be waived, changed or terminated orally or otherwise, except as specifically set forth herein or except by a writing signed by the Company and Subscriber.

(e) In the event any part of this Subscription Agreement is found to be void or unenforceable, the remaining provisions are intended to be separable and binding with the same effect as if the void or unenforceable part were never the subject of agreement.

(f) The invalidity, illegality or unenforceability of one or more of the provisions of this Subscription Agreement in any jurisdiction shall not affect the validity, legality or enforceability of the remainder of this Subscription Agreement in such jurisdiction or the validity, legality or enforceability of this Subscription Agreement, including any such provision, in any other jurisdiction, it being intended that all rights and obligations of the parties hereunder shall be enforceable to the fullest extent permitted by law.

(g) This Subscription Agreement supersedes all prior discussions and agreements between the parties with respect to the subject matter hereof and contains the sole and entire agreement between the parties hereto with respect to the subject matter hereof.

(h) The terms and provisions of this Subscription Agreement are intended solely for the benefit of each party hereto and their respective successors and assigns, and it is not the intention of the parties to confer, and no provision hereof shall confer, third-party beneficiary rights upon any other person.

(i) The headings used in this Subscription Agreement have been inserted for convenience of reference only and do not define or limit the provisions hereof.

(j) This Subscription Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

(k) If any recapitalization or other transaction affecting the stock of the Company is affected, then any new, substituted or additional securities or other property which is distributed with respect to the Securities shall be immediately subject to this Subscription Agreement, to the same extent that the Securities, immediately prior thereto, shall have been covered by this Subscription Agreement.

(l) No failure or delay by any party in exercising any right, power or privilege under this Subscription Agreement shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by law.

CROWDFUNDING SAFE

(Crowdfunding Simple Agreement for Future Equity)

THIS CERTIFIES THAT in exchange for the payment by %%VESTING_AS%% (the "**Investor**") of %%VESTING_AMOUNT%% (the "**Purchase Amount**") on or about %%TODAY%%, %%NAME_OF_ISSUER%%, a %%STATE_INCORPORATED%% corporation (the "**Company**"), hereby issues to the Investor the right to certain shares of the Company's Capital Stock, subject to the terms set forth below.

The "**Discount Rate**" is %%DISCOUNT_RATE%%% .

The "**Post-Money Valuation Cap**" is $%%VALUATION_CAP%%.

See Section 2 for certain additional defined terms.

1. ***Events***

(a) **Equity Financing**.

If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b) or 1(c), the Company shall notify the Investor of the closing of the Equity Financing and issue to the Investor a number of shares of the Crowdfunding Stock equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price.

(b) **Liquidity Event**.

If a Liquidity Event occurs before this instrument terminates in accordance with Sections 1(a) or 1(c), the Investor will automatically be entitled to receive a portion of Proceeds, payable immediately prior to or concurrent with the consummation of such Liquidity Event, equal to the greater of:

(i) the Purchase Amount (the "**Cash-Out Amount**"), or

(ii) the amount payable on the number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity Price (the "**Conversion Amount**").

Additionally, if any of the Company's securityholders are given a choice regarding the form and amount of Proceeds to be received in a Liquidity Event, the Investor shall be provided the same choice, *provided* that the Investor may not choose to receive a form of consideration that the Investor would be ineligible to receive as a result of the Investor's failure to satisfy any requirement or limitation generally applicable to

the Company's securityholders, or under any applicable laws.

Notwithstanding the foregoing, in connection with a Change of Control intended to qualify as a tax-free reorganization, the Company may reduce the cash portion of Proceeds payable to the Investor by the amount determined by its board of directors in good faith for such Change of Control to qualify as a tax-free reorganization for U.S. federal income tax purposes, provided that such reduction (A) does not reduce the total Proceeds payable to such Investor and (B) is applied in the same manner and on a pro rata basis to all securityholders who have equal priority to the Investor under Section 1(d).

(c) **Dissolution Event**. If there is a Dissolution Event before this instrument terminates in accordance with Sections 1(a) or 1(b), the Investor will automatically be entitled (subject to the liquidation priority set forth in Section 1(d) below) to receive a portion of Proceeds equal to the Cash-Out Amount, due and payable to the Investor immediately prior to the consummation of the Dissolution Event.

(d) **Liquidation Priority**. In a Liquidity Event or Dissolution Event, this Safe is intended to operate like standard non-participating Preferred Stock. The Investor's right to receive its Cash-Out Amount is:

(i) Junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Capital Stock);

(ii) On par with payments for other Safes and/or Preferred Stock, and if the applicable Proceeds are insufficient to permit full payments to the Investor and such other Safes and/or Preferred Stock, the applicable Proceeds will be distributed pro rata to the Investor and such other Safes and/or Preferred Stock in proportion to the full payments that would otherwise be due; and

(iii) Senior to payments for Common Stock.

The Investor's right to receive its Conversion Amount is (A) on par with payments for Common Stock and other Safes and/or Preferred Stock who are also receiving Conversion Amounts or Proceeds on a similar as-converted to Common Stock basis, and (B) junior to payments described in clauses (i) and (ii) above (in the latter case, to the extent such payments are Cash-Out Amounts or similar liquidation preferences).

(e) **Termination**. This instrument will automatically terminate (without relieving the Company of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of Capital Stock to the Investor pursuant to the automatic conversion of this Safe under Section 1(a) or 1(b); or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to Section 1(b) or 1(c).

2. *Definitions*

"**Capital Stock**" means the capital stock of the Company, including, without limitation, Common Stock and Preferred Stock.

"**Change of Control**" means (i) a transaction or series of related transactions in which any "person" or "group" (within the meaning of Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), becomes the "beneficial owner" (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended), directly or indirectly, of more than 50% of the outstanding voting securities of the Company having the right to vote for the election of members of the Company's board of

directors, (ii) any reorganization, merger or consolidation of the Company, other than a transaction or series of related transactions in which the holders of the voting securities of the Company outstanding immediately prior to such transaction or series of related transactions retain, immediately after such transaction or series of related transactions, at least a majority of the total voting power represented by the outstanding voting securities of the Company or such other surviving or resulting entity or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Company.

"**Common Stock**" means common stock of the Company.

"**Conversion Price**" means either: (i) the Safe Price or (ii) the Discount Price, whichever calculation results in the lower price per share and therefore will result in a greater number of shares of the Crowdfunding Stock.

"Crowdfunding Stock" shall mean the most senior class of equity securities issued by the Company in an Equity Financing, whether Common Stock, Preferred Stock, or another class of equity securities, on the same terms as new investors in such financing.

"**Direct Listing**" means the Company's initial listing of its Common Stock (other than shares of Common Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Company with the SEC that registers shares of existing capital stock of the Company for resale, as approved by the Company's board of directors. For the avoidance of doubt, a Direct Listing will not be deemed to be an underwritten offering and will not involve any underwriting services.

"**Discount Price**" means the lowest price per share of Crowdfunding Stock sold in an Equity Financing (determined without taking into account any incentives or other discount) multiplied by the Discount Rate. For clarity, if the Company increases the share price during the Equity Financing, the original price will be the lowest price per share for this purpose; however, if a Company offers a discount to certain investors during the Equity Financing, such discount will not be included when determining the lowest price per share.

"**Dissolution Event**" means (i) a voluntary termination of operations, (ii) a general assignment for the benefit of the Company's creditors or (iii) any other liquidation, dissolution or winding up of the Company (*excluding* a Liquidity Event), whether voluntary or involuntary.

"**Dividend Amount**" means, with respect to any date on which the Company pays a dividend on its outstanding Common Stock, the amount of such dividend that is paid per share of Common Stock multiplied by (x) the Purchase Amount divided by (y) the Liquidity Price (treating the dividend date as a Liquidity Event solely for purposes of calculating such Liquidity Price).

"**Equity Financing**" shall mean a bona fide transaction or series of transactions pursuant to which the Company sells its Equity Securities at a fixed valuation (including, but not limited to, a pre-money or post-money valuation), to one or more third parties following the date of this instrument from which the Company receives gross proceeds of not less than $5,000,000.00 (excluding the conversion of any instruments convertible into or exercisable or exchangeable for Capital Stock, such as Safes or convertible promissory notes) with the principal purpose of raising capital.

"**Equity Securities**" shall mean Common Stock or Preferred Stock or any securities convertible into, exchangeable for or conferring the right to purchase (with or without additional consideration) Common Stock or Preferred Stock, except in each case, (i) any security granted, issued and/or sold by the

Company to any director, officer, employee, advisor or consultant of the Company in such capacity for the primary purpose of soliciting or retaining his, her or its services, (ii) any convertible promissory notes issued by the Company, and (iii) any Safes issued.

"**Fully Diluted Capitalization**" is calculated as of immediately prior to the Equity Financing and (without double-counting, in each case calculated on an as-converted to Common Stock basis):

- Includes all shares of Capital Stock issued and outstanding;
- Includes all Converting Securities;
- Includes all (i) issued and outstanding Options and (ii) Promised Options; and
- Includes the Unissued Option Pool, except that any increase to the Unissued Option Pool in connection with the Equity Financing will only be included to the extent that the number of Promised Options exceeds the Unissued Option Pool prior to such increase.

"**IPO**" means the closing of the Company's first firm commitment underwritten initial public offering of Common Stock pursuant to an effective registration statement filed under the Securities Act.

"**Liquidity Capitalization**" is calculated as of immediately prior to the Liquidity Event, and (without double- counting, in each case calculated on an as-converted to Common Stock basis):

- Includes all shares of Capital Stock issued and outstanding;
- Includes all (i) issued and outstanding Options and (ii) to the extent receiving Proceeds, Promised Options;
- Includes all Converting Securities, **other than** any Safes and other convertible securities (including without limitation shares of Preferred Stock) where the holders of such securities are receiving Cash-Out Amounts or similar liquidation preference payments in lieu of Conversion Amounts or similar "as-converted" payments; and
- Excludes the Unissued Option Pool.

"**Liquidity Event**" means a Change of Control, a Direct Listing or an Initial Public Offering.

"**Liquidity Price**" means either (i) the price per share equal to the Post-Money Valuation Cap divided by the Liquidity Capitalization or (ii) the price per share equal to the fair market value of the Common Stock at the time of the Liquidity Event, as determined by reference to the purchase price payable in connection with such Liquidity Event, multiplied by the Discount Rate, whichever calculation results in a lower price per share.

"**Lock-up Period**" means the period commencing on the date of the final prospectus relating to the Company's IPO, and ending on the date specified by the Company and the managing underwriter(s). Such period shall not exceed one hundred eighty (180) days, or such other period as may be requested by the Company or an underwriter to accommodate regulatory restrictions on (i) the publication or other distribution of research reports, and (ii) analyst recommendations and opinions.

"**Preferred Stock**" means the preferred stock of the Company.

"**Proceeds**" means cash and other assets (including without limitation stock consideration) that are proceeds from the Liquidity Event or the Dissolution Event, as applicable, and legally available for distribution.

"**Regulation CF**" means Regulation Crowdfunding promulgated under the Securities Act.

"**Safe**" means any simple agreement for future equity (or other similar agreement), including a Crowdfunding Safe, which is issued by the Company for bonafide financing purposes and which may convert into Capital Stock in accordance with its terms.

"**Safe Price**" means the price per share equal to the Post-Money Valuation Cap divided by the Fully Diluted Capitalization.

"Unissued Option Pool" means all shares of Capital Stock that are reserved, available for future grant and not subject to any outstanding Options or Promised Options (but in the case of a Liquidity Event, only to the extent Proceeds are payable on such Promised Options) under any equity incentive or similar Company plan.

3. ***Company Representations***

(a) The Company is a corporation duly incorporated, validly existing and in good standing under the laws of the state of its incorporation, and has the power and authority to own, lease and operate its properties and carry on its business as now conducted.

(b) The execution, delivery and performance by the Company of this instrument is within the power of the Company and, other than with respect to the actions to be taken when equity is to be issued to the Investor, has been duly authorized by all necessary actions on the part of the Company. This instrument constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity. To the knowledge of the Company, it is not in violation of (i) its current charter or bylaws; (ii) any material statute, rule or regulation applicable to the Company; or (iii) any material indenture or contract to which the Company is a party or by which it is bound, where, in each case, such violation or default, individually, or together with all such violations or defaults, could reasonably be expected to have a material adverse effect on the Company.

(c) The performance and consummation of the transactions contemplated by this instrument do not and will not: (i) violate any material judgment, statute, rule or regulation applicable to the Company; (ii) result in the acceleration of any material indenture or contract to which the Company is a party or by which it is bound; or (iii) result in the creation or imposition of any lien upon any property, asset or revenue of the Company or the suspension, forfeiture, or nonrenewal of any material permit, license or authorization applicable to the Company, its business or operations.

(d) No consents or approvals are required in connection with the performance of this instrument, other than: (i) the Company's corporate approvals; (ii) any qualifications or filings under applicable securities laws; and (iii) necessary corporate approvals for the authorization of shares of the Crowdfunding Stock, as applicable, issuable pursuant to Section 1.

(e) The Company shall, prior to the conversion of this instrument, reserve from its authorized but unissued shares of Capital Stock for issuance and delivery upon the conversion of this instrument, such number of shares of the Crowdfunding Stock and, from time to time, will take all steps necessary to amend its charter to provide sufficient authorized numbers of shares of the Crowdfunding Stock issuable upon the conversion of this instrument. All such shares shall be duly authorized, and when issued upon any such conversion, shall be validly issued, fully paid and non-assessable, free and clear of all liens, security interests, charges and other encumbrances or restrictions on sale and free and clear of all preemptive rights, except encumbrances or restrictions arising under federal or state securities laws.

4. ***Investor Representations***

(a) The Investor has full legal capacity, power and authority to execute and deliver this instrument and to perform its obligations hereunder. This instrument constitutes a valid and binding obligation of the Investor, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity.

(b) The Investor has been advised that this instrument and the underlying securities have not been registered under the Securities Act or any state securities laws and are offered and sold hereby pursuant to Section 4(a)(6) of the Securities Act. The Investor understands that neither this instrument nor the underlying securities may be resold or otherwise transferred unless they are registered under the Securities Act and applicable state securities laws or pursuant to Rule 501 of Regulation CF, in which case certain state transfer restrictions may apply.

(c) The Investor is purchasing this instrument and the securities to be acquired by the Investor hereunder for its own account for investment, not as a nominee or agent, and not with a view to, or for resale in connection with, the distribution thereof, and the Investor has no present intention of selling, granting any participation in, or otherwise distributing the same.

(d) The Investor acknowledges, and is purchasing this instrument in compliance with, the investment limitations set forth in Rule 100(a)(2) of Regulation CF, promulgated under Section 4(a)(6)(B) of the Securities Act.

(e) The Investor acknowledges that the Investor has received all the information the Investor has requested from the Company and the Investor considers necessary or appropriate for deciding whether to acquire this instrument and the underlying securities, and the Investor represents that the Investor has had an opportunity to ask questions and receive answers from the Company regarding the terms and conditions of this instrument and the underlying securities and to obtain any additional information necessary to verify the accuracy of the information given to the Investor. In deciding to purchase this instrument, the Investor is not relying on the advice or recommendations of the Company or of Republic.co and the Investor has made its own independent decision that an investment in this instrument and the underlying securities is suitable and appropriate for the Investor. The Investor understands that no federal or state agency has passed upon the merits or risks of an investment in this instrument and the underlying securities or made any finding or determination concerning the fairness or advisability of this investment.

(f) The Investor understands and acknowledges that as a Crowdfunding Safe investor, the Investor shall have no voting, information or inspection rights, aside from any disclosure requirements the Company is required to make under relevant securities regulations.

(g) The Investor understands that no public market now exists for any of the securities issued by the Company, and that the Company has made no assurances that a public market will ever exist for this instrument and the securities to be acquired by the Investor hereunder.

(h) If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for this instrument, including (a) the legal requirements within its jurisdiction for the purchase of this instrument; (b) any foreign exchange restrictions applicable to such purchase; (c) any governmental or other consents that may need to be obtained; and (d) the income tax and other tax consequences, if any, that may be

relevant to the purchase, holding, conversion, redemption, sale, or transfer of this instrument. The Investor's subscription and payment for and continued beneficial ownership of this instrument and the underlying securities will not violate any applicable securities or other laws of the Investor's jurisdiction. The Investor acknowledges that the Company has taken no action in foreign jurisdictions with respect to this instrument and the underlying securities.

5. ***Transfer Restrictions***.

(a) The Investor hereby agrees that during the Lock-up Period it will not, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock (whether such shares or any such securities are then owned by the Investor or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Common Stock or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any shares to any trust for the direct or indirect benefit of the Investor or the immediate family of the Investor, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to the Investor only if all officers and directors of the Company are subject to the same restrictions and the Company uses commercially reasonable efforts to obtain a similar agreement from all stockholders individually owning more than 5% of the outstanding Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. The Investor further agrees to execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Company may impose stop transfer instructions with respect to the Investor's registrable securities of the Company (and the Company shares or securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. The Investor agrees that a legend reading substantially as follows will be placed on all certificates representing all of the Investor's registrable securities of the Company (and the shares or securities of the Company held by every other person subject to the restriction contained in Section 5(a)):

> THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LOCK-UP PERIOD BEGINNING ON THE EFFECTIVE DATE OF THE COMPANY'S REGISTRATION STATEMENT FILED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AS SET FORTH IN AN AGREEMENT BETWEEN THE COMPANY AND THE ORIGINAL HOLDER OF THESE SECURITIES, A COPY OF WHICH MAY BE OBTAINED AT THE COMPANY'S PRINCIPAL OFFICE. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) Without in any way limiting the representations and warranties set forth in Section 4 above, the Investor further agrees not to make any disposition of all or any portion of this instrument or the underlying securities unless and until the transferee has agreed in writing for the benefit of the

Company to make the representations and warranties set out in Section 4 and the undertaking set out in Section 5(a) and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The Investor shall have notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Company, the Investor shall have furnished the Company with an opinion of counsel reasonably satisfactory to the Company that such disposition will not require registration of such shares under the Securities Act.

(e) The Investor agrees that it shall not make any disposition of this instrument or any underlying securities to any of the Company's competitors, as determined by the Company in good faith.

(e) The Investor understands and agrees that the Company will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Crowdfunding Safe and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Company's charter or bylaws, any other agreement between the Investor and the Company or any agreement between the Investor and any third party:

THIS INSTRUMENT HAS BEEN ISSUED PURSUANT TO SECTION 4(a)(6) OF THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND NEITHER IT NOR ANY SECURITIES ISSUABLE PURSUANT HERETO HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

6. ***Miscellaneous***

(a) Any provision of this Safe may be amended, waived or modified by written consent of the Company and either (i) the Investor or (ii) the majority-in-interest of all then-outstanding Safes with the same "Post-Money Valuation Cap" and "Discount Rate" as this Safe (and Safes lacking one or both of such terms will be considered to be the same with respect to such term(s)), *provided that* with respect to clause (ii): (A) the Purchase Amount may not be amended, waived or modified in this manner, (B) the consent of the Investor and each holder of such Safes must be solicited (even if not obtained), and (C) such amendment, waiver or modification treats all such holders in the same manner. "Majority-in-interest" refers to the holders of the applicable group of Safes whose Safes have a total Purchase Amount greater than 50% of the total Purchase Amount of all of such applicable group of Safes.

(b) Any notice required or permitted by this Safe will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.

(c) The Investor is not entitled, as a holder of this Safe, to vote or be deemed a holder of Capital Stock for any purpose other than tax purposes nor will anything in this Safe be construed to confer on the Investor, as such, any rights of a Company stockholder or rights to vote for the election of directors

or on any matter submitted to Company stockholders, or to give or withhold consent to any corporate action or to receive notice of meetings, until shares have been issued on the terms described in Section 1. However, if the Company pays a dividend on outstanding shares of Common Stock (that is not payable in shares of Common Stock) while this Safe is outstanding, the Company will pay the Dividend Amount to the Investor at the same time.

(d) Neither this Safe nor the rights in this Safe are transferable or assignable, by operation of law or otherwise, by either party without the prior written consent of the other; provided, however, that this Safe and/or its rights may be assigned without the Company's consent by the Investor (i) to the Investor's estate, heirs, executors, administrators, guardians and/or successors in the event of Investor's death or disability, or (ii) to any other entity who directly or indirectly, controls, is controlled by or is under common control with the Investor, including, without limitation, any general partner, managing member, officer or director of the Investor, or any venture capital fund now or hereafter existing which is controlled by one or more general partners or managing members of, or shares the same management company with, the Investor; and provided, further, that the Company may assign this Safe in whole, without the consent of the Investor, in connection with a reincorporation to change the Company's domicile.

(e) In the event any one or more of the terms or provisions of this instrument is for any reason held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this instrument operate or would prospectively operate to invalidate this instrument, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this instrument and the remaining terms and provisions of this instrument will remain operative and in full force and effect and will not be affected, prejudiced, or disturbed thereby.

(f) All rights and obligations hereunder will be governed by the laws of the State of %%STATE_INCORPORATED%%, without regard to the conflicts of law provisions of such jurisdiction.

(g) Any dispute, controversy or claim arising out of, relating to or in connection with this instrument, including the breach or validity thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association (the "**AAA**") under its Commercial Arbitration Rules and Mediation Procedures ("**Commercial Rules**"). The award rendered by the arbitrator shall be final, non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or, in default thereof, appointed by the AAA in accordance with its Commercial Rules. The place of arbitration shall be %%STATE_INCORPORATED%%. Except as may be required by law or to protect a legal right, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

(h) The parties acknowledge and agree that for United States federal and state income tax purposes this Safe is, and at all times has been, intended to be characterized as stock, and more particularly as common stock for purposes of Sections 304, 305, 306, 354, 368, 1036 and 1202 of the Internal Revenue Code of 1986, as amended. Accordingly, the parties agree to treat this Safe consistent with the foregoing intent for all United States federal and state income tax purposes (including, without limitation, on their respective tax returns or other informational statements).

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION OF ETHERDYNE TECHNOLOGIES, INC.

(Pursuant to Sections 242 and 245 of the General Corporation Law of the State of Delaware)

Etherdyne Technologies, Inc., a corporation organized and existing under and by virtue of the provisions of the General Corporation Law of the State of Delaware (the "***General Corporation Law***"),

DOES HEREBY CERTIFY:

1. That the name of this corporation is Etherdyne Technologies, Inc. and that this corporation was originally incorporated pursuant to the General Corporation Law on May 23, 2016.

2. That the Board of Directors duly adopted resolutions proposing to amend and restate the Certificate of Incorporation of this corporation, declaring said amendment and restatement to be advisable and in the best interests of this corporation and its stockholders, and authorizing the appropriate officers of this corporation to solicit the consent of the stockholders therefor, which resolution setting forth the proposed amendment and restatement is as follows:

RESOLVED, that the Certificate of Incorporation of this corporation be amended and restated in its entirety to read as follows:

FIRST: The name of this corporation is Etherdyne Technologies, Inc. (the "***Corporation***").

SECOND: The address of the registered office of the Corporation in the State of Delaware is 1209 Orange Street, in the City of Wilmington, County of New Castle, Delaware 19801. The name of its registered agent at such address is The Corporation Trust Company.

THIRD: The nature of the business or purposes to be conducted or promoted is to engage in any lawful act or activity for which corporations may be organized under the General Corporation Law.

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is (i) 20,900,000 shares of Common Stock, $0.00001 par value per share ("***Common Stock***") and (ii) 4,904,623 shares of Preferred Stock, $0.00001 par value per share ("***Preferred Stock***").

The following is a statement of the designations and the powers, preferences and special rights, and the qualifications, limitations or restrictions thereof in respect of each class of capital stock of the Corporation.

A. COMMON STOCK

14,000,000 shares of the authorized Common Stock of the Corporation are hereby designated "***Class A Common Stock***" and 6,900,000 shares of the authorized Common Stock of the Corporation are hereby designated "***Class F Common Stock***", with the following rights, preferences, powers and restrictions, qualifications and limitations. Unless otherwise indicated, references to "sections" or "subsections" in this Part A of this Article Fourth refer to sections and subsections of Part A of this Article Fourth.

1. Dividends. The holders of the Class F Common Stock and the holders of the Class A Common Stock shall be entitled to receive, on a pari passu basis, when and as declared by the Board of Directors, out of any assets of the Corporation legally available therefore, such dividends as may be declared from time to time by the Board of Directors; provided, however, that in the event that such dividends are paid in the form of shares of Common Stock or rights to acquire Common Stock, the holders of shares of Class F Common Stock shall receive shares of Class F Common Stock or rights to acquire shares of Class F Common Stock, as the case may be, and the holders of shares of Class A Common Stock shall receive shares of Class A Common Stock or rights to acquire shares of Class A Common Stock, as the case may be.

2. Liquidation Rights. In the event of the voluntary or involuntary liquidation, dissolution, distribution of assets or winding up of the Corporation, the holders of Class F Common Stock and the holders of Class A Common Stock shall be entitled to share equally, on a per share basis, in all assets of the Corporation of whatever kind available for distribution to the holders of Common Stock.

3. Voting. Except as otherwise provided herein or by applicable law, the holders of the Class F Common Stock and the holders of the Class A Common Stock shall at all times vote together as one class on all matters (including the election of directors) submitted to a vote or for the consent of the stockholders of the Corporation. Each holder of shares of Class F Common Stock shall be entitled to ten (10) votes for each share of Class F Common Stock held as of the applicable date on any matter that is submitted to a vote or for the consent of the stockholders of the Corporation. Each holder of shares of Class A Common Stock shall be entitled to one (1) vote for each share of Class A Common Stock held as of the applicable date on any matter that is submitted to a vote or for the consent of the stockholders of the Corporation.

4. Subdivision or Combinations. If the Corporation in any manner subdivides or combines the outstanding shares of one class of Common Stock, then the outstanding shares of the other class of Common Stock shall be subdivided or combined in the same manner.

5. Mergers, Consolidation or Other Combination Transactions. In the event that the Corporation shall enter into any consolidation, merger, combination or other transaction or series of related transactions in which shares of Common Stock are exchanged for or converted into other stock or securities, or the right to receive cash or any other property, then, and in such event, the shares of Class F Common Stock and Class A Common Stock shall be entitled to be exchanged for or converted into the same kind and amount of stock, securities, cash or any other property, as the case may be, into which or for which each share of the other class of Common Stock is exchanged or converted; provided, however, that if the stock or securities of the resulting entity issued upon such exchange or conversion of the shares of Common Stock outstanding immediately prior to such consolidation, merger, combination or other transaction would represent at least a majority of the voting power of such resulting entity (without giving

effect to any differences in the voting rights of the stock or securities of the resulting entity to be received by the holders of shares of Class F Common Stock and the holders of Class A Common Stock), then the holders of shares of Class F Common Stock and the holders of shares of Class A Common Stock shall be entitled to receive stock or securities of the resulting entity issuable upon such exchange or conversion that differ with respect to voting rights in a similar manner to which the shares of Class F Common Stock and Class A Common Stock differ under this Certificate of Incorporation as provided under Section 3 of Part A of this Article Fourth.

6. Equal Status. Except as expressly provided in this Article Fourth, Class F Common Stock and Class A Common Stock shall have the same rights and privileges and rank equally, share ratably and be identical in all respects as to all matters.

7. Conversion.

A. Certain Definitions. As used in this Section 7, the following terms shall have the following meanings:

(i) "**Class F Stockholder**" shall mean any individual that is issued Class F Common Stock by the Corporation.

(ii) "**Permitted Entity**" shall mean, with respect to any Class F Stockholder, any trust, account, plan, corporation, partnership, or limited liability company specified in Section 7.C established by or for such Class F Stockholder, so long as such entity meets the requirements set forth in Section 7.C.

(iii) "**Transfer**" shall mean, with respect to a share of Class F Common Stock, any sale, assignment, transfer, conveyance, hypothecation or other transfer or disposition of such share or any legal or beneficial interest in such share, whether or not for value and whether voluntary or involuntary or by operation of law.

(iv) "**Voting Control**" shall mean, with respect to a share of Class F Common Stock, the power (whether exclusive or shared) to vote or direct the voting of such share of Class F Common Stock by proxy, voting agreement or otherwise.

B. Optional Conversion. Each share of Class F Common Stock shall be convertible into one (1) fully paid and nonassessable share of Class A Common Stock at the option of the holder thereof at any time upon written notice to the transfer agent of the Corporation.

C. Automatic Conversion upon Transfer. Each share of Class F Common Stock shall automatically, without any further action, convert into one (1) fully paid and nonassessable share of Class A Common Stock upon the Transfer of such share; provided, however, that a Transfer of Class F Common Stock by a Class F Stockholder or such Class F Stockholder's Permitted Entities to another Class F Stockholder or such Class F Stockholder's Permitted Entities shall not trigger such automatic conversion; provided further, however, that a Transfer by a Class F Stockholder to any of the following Permitted Entities, and from any of the following Permitted Entities back to such Class F Stockholder and/or any other Permitted Entity by or for such Class F Stockholder shall not trigger such automatic conversion:

(i) a trust for the benefit of such Class F Stockholder and for the benefit of no other person, provided such Transfer does not involve any payment of cash, securities, property or other consideration (other than an interest in such trust) to the Class F Stockholder and, provided, further, that in the event such Class F Stockholder is no longer the exclusive beneficiary of such trust, each share of Class F Common Stock then held by such trust shall automatically convert into one (1) fully paid and nonassessable share of Class A Common Stock;

(ii) a trust for the benefit of persons other than the Class F Stockholder so long as the Class F Stockholder has sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such trust, provided such Transfer does not involve any payment of cash, securities, property or other consideration (other than an interest in such trust) to the Class F Stockholder, and, provided, further, that in the event the Class F Stockholder no longer has sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such trust, each share of Class F Common Stock then held by such trust shall automatically convert into one (1) fully paid and nonassessable share of Class A Common Stock;

(iii) a trust under the terms of which such Class F Stockholder has retained a "qualified interest" within the meaning of §2702(b)(1) of the Internal Revenue Code (the "**Code**") and/or a reversionary interest so long as the Class F Stockholder has sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such trust; provided, however, that in the event the Class F Stockholder no longer has sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such trust, each share of Class F Common Stock then held by such trust shall automatically convert into one (1) fully paid and nonassessable share of Class A Common Stock;

(iv) an Individual Retirement Account, as defined in Section 408(a) of the Code, or a pension, profit sharing, stock bonus or other type of plan or trust of which such Class F Stockholder is a participant or beneficiary and which satisfies the requirements for qualification under Section 401 of the Code; provided that in each case such Class F Stockholder has sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held in such account, plan or trust, and provided, further, that in the event the Class F Stockholder no longer has sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such account, plan or trust, each share of Class F Common Stock then held by such trust shall automatically convert into one (1) fully paid and nonassessable share of Class A Common Stock;

(v) a corporation in which such Class F Stockholder directly, or indirectly through one or more Permitted Entities, owns shares with sufficient Voting Control in the corporation, or otherwise has legally enforceable rights, such that the Class F Stockholder retains sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such corporation; provided that in the event the Class F Stockholder no longer owns sufficient shares or has sufficient legally enforceable rights to enable the Class F Stockholder to retain sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such corporation, each share of Class F Common Stock then held by such corporation shall automatically convert into one (1) fully paid and nonassessable share of Class A Common Stock;

(vi) a partnership in which such Class F Stockholder directly, or indirectly through one or more Permitted Entities, owns partnership interests with sufficient Voting Control in the partnership, or otherwise has legally enforceable rights, such that the Class F Stockholder retains sole

dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such partnership; provided that in the event the Class F Stockholder no longer owns sufficient partnership interests or has sufficient legally enforceable rights to enable the Class F Stockholder to retain sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such partnership, each share of Class F Common Stock then held by such partnership shall automatically convert into one (1) fully paid and nonassessable share of Class A Common Stock; or

(vii) a limited liability company in which such Class F Stockholder directly, or indirectly through one or more Permitted Entities, owns membership interests with sufficient Voting Control in the limited liability company, or otherwise has legally enforceable rights, such that the Class F Stockholder retains sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such limited liability company; provided that in the event the Class F Stockholder no longer owns sufficient membership interests or has sufficient legally enforceable rights to enable the Class F Stockholder to retain sole dispositive power and exclusive Voting Control with respect to the shares of Class F Common Stock held by such limited liability company, each share of Class F Common Stock then held by such limited liability company shall automatically convert into one (1) fully paid and nonassessable share of Class A Common Stock.

D. Automatic Conversion upon Death of Class F Stockholder. Each share of Class F Common Stock held of record by a Class F Stockholder, or by such Class F Stockholder's Permitted Entities, shall automatically, without any further action, convert into one (1) fully paid and nonassessable share of Class A Common Stock upon the death of such Class F Stockholder.

E. Effect of Conversion. In the event of a conversion of shares of Class F Common Stock to shares of Class A Common Stock pursuant to this Section 7, such conversion shall be deemed to have been made at the time that the Corporation's transfer agent receives the written notice required pursuant to Section 7.B, the time that the Transfer of such shares occurred or the death of the Class F Stockholder, as applicable. Upon any conversion of Class F Common Stock to Class A Common Stock, all rights of the holder of such shares of Class F Common Stock shall cease and the person or persons in whose names or names the certificate or certificates representing the shares of Class F Common Stock are to be issued, if any, shall be treated for all purposes as having become the record holder or holders of such number of shares of Class A Common Stock into which such Class F Common Stock were convertible. Shares of Class F Common Stock that are converted into shares of Class A Common Stock as provided in this Section 7 shall be retired and shall not be reissued.

F. Reservation of Stock. The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Class A Common Stock, solely for the purpose of effecting the conversion of the shares of Class F Common Stock, such number of its shares of Class A Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of Class F Common Stock into shares of Class A Common Stock.

8. Adjustment in Authorized Class A Common Stock. The number of authorized shares of Class A Common Stock may be increased or decreased (but not below the number of shares of Class A Common Stock then outstanding) by an affirmative vote of the holders of a majority of the voting power of the Corporation.

9. Administration. The Corporation may, from time to time, establish such policies and procedures relating to the conversion of the Class F Common Stock to Class A Common Stock and the

general administration of this dual class Common Stock structure, including the issuance of stock certificates with respect thereto, as it may deem necessary or advisable, and may request that holders of shares of Class F Common Stock furnish affidavits or other proof to the Corporation as it deems necessary to verify the ownership of Class F Common Stock and to confirm that a conversion to Class A Common Stock has not occurred.

B. PREFERRED STOCK

1,607,548 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated "***Series A-1 Preferred Stock***", 1,753,207 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated "***Series A-2 Preferred Stock***", 1,400,395 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated "***Series A-3 Preferred Stock***" and 143,473 shares of the authorized and unissued Preferred Stock of the Corporation are hereby designated "***Series A-4 Preferred Stock***" (the Series A-1 Preferred Stock, the Series A-2 Preferred Stock, the Series A-3 Preferred Stock and the Series A-4 Preferred Stock, collectively, the "***Series A Preferred Stock***"), with the following rights, preferences, powers and restrictions, qualifications and limitations. Unless otherwise indicated, references to "sections" or "subsections" in this Part A.1 of this Article Fourth refer to sections and subsections of Part A.1 of this Article Fourth.

The "***Original Issue Price***" shall mean (i) $1.24413 per share for the Series A-1 Preferred Stock, (ii) $0.99531 per share for the Series A-2 Preferred Stock, (iii) $2.14225 per share for the Series A-3 Preferred Stock and (iv) $1.92803 per share for the Series A-4 Preferred Stock, subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to the Preferred Stock.

1. Dividends.

The Corporation shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Corporation (other than dividends on shares of Common Stock payable in shares of Common Stock) unless (in addition to the obtaining of any consents required elsewhere in this Amended and Restated Certificate of Incorporation) the holders of the Preferred Stock then outstanding shall first receive, or simultaneously receive, a dividend on each outstanding share of Preferred Stock in an amount at least equal to (i) in the case of a dividend on Common Stock or any class or series that is convertible into Common Stock, that dividend per share of the Preferred Stock as would equal the product of (A) the dividend payable on each share of such class or series determined, if applicable, as if all shares of such class or series had been converted into Common Stock and (B) the number of shares of Common Stock issuable upon conversion of a share of such Preferred Stock, in each case calculated on the record date for determination of holders entitled to receive such dividend or (ii) in the case of a dividend on any class or series that is not convertible into Common Stock, at a rate per share of the Preferred Stock determined by (A) dividing the amount of the dividend payable on each share of such class or series of capital stock by the original issuance price of such class or series of capital stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination or other similar recapitalization with respect to such class or series) and (B) multiplying such fraction by an amount equal to the applicable Original Issue Price for such series of Preferred Stock; provided that, if the Corporation declares, pays or sets aside, on the same date, a dividend on shares of more than one class or series of capital stock of the Corporation, the dividend payable to the holders of a series of Preferred Stock pursuant to this Section 1 shall be calculated based upon the dividend on the class or series of capital stock that would result in the highest dividend for such series of Preferred Stock.

2. Liquidation, Dissolution or Winding Up; Certain Mergers, Consolidations and Asset Sales.

2.1 Preferential Payments to Holders of Preferred Stock. In the event of (a) any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, the holders of shares of each series of Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution to its stockholders, and (b) a Deemed Liquidation Event (as defined below), the holders of shares of each series of Preferred Stock then outstanding shall be entitled to be paid out of the consideration payable to stockholders in such Deemed Liquidation Event or out of the Available Proceeds (as defined below), as applicable, on a pari passu basis among each other, the greater of (i) an amount per share equal to one times the applicable Original Issue Price, plus any dividends declared but unpaid thereon, payable before any payment shall be made to the holders of Common Stock by reason of their ownership thereof (the amounts payable pursuant to this clause (i) are hereinafter referred to as the "***Preferred Liquidation Amounts***"), or (ii) such amount per share as would have been payable had all shares of such series of Preferred Stock (and all shares of all other series of Preferred Stock that would receive a larger distribution per share if such series of Preferred Stock and all such other series of Preferred Stock were converted into Common Stock) been converted into Common Stock pursuant to Section 4 immediately prior to such liquidation, dissolution, winding up or Deemed Liquidation Event . If, upon any such liquidation, dissolution or winding up of the Corporation or Deemed Liquidation Event, the assets of the Corporation available for distribution to its stockholders shall be insufficient to pay the holders of shares of Preferred Stock the full amount to which they shall be entitled under this Subsection 2.1, the holders of shares of Preferred Stock shall share ratably in any distribution of the assets available for distribution in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full.

2.2 Payments to Holders of Common Stock. In the event of (a) any voluntary or involuntary liquidation, dissolution or winding up of the Corporation, after the payment in full of all Preferred Liquidation Amounts required to be paid to the holders of shares of Preferred Stock, as applicable, the assets of the Corporation available for distribution to its stockholders and not payable to the holders of shares of Preferred Stock pursuant to Subsection 2.1, and (b) a Deemed Liquidation Event, after the payment in full of all Preferred Liquidation Amounts required to be paid to the holders of shares of Preferred Stock, as applicable, the consideration available for distribution to the stockholders of the Corporation and not payable to the holders of shares of Preferred Stock pursuant to Subsection 2.1 or the Available Proceeds not payable to the holders of shares of Preferred Stock pursuant to Subsection 2.1, as the case may be, shall be distributed among the holders of shares of Common Stock, pro rata based on the number of shares held by each such holder.

2.3 Deemed Liquidation Events.

2.3.1 Definition. Each of the following events shall be considered a "***Deemed Liquidation Event***" unless the holders of at least a majority of the outstanding shares of Preferred Stock voting together as a single class on an as-converted to Common Stock basis (the "***Requisite Holders***") elect otherwise by written notice sent to the Corporation at least ten (10) days prior to the effective date of any such event:

(a) a merger or consolidation in which

(i) the Corporation is a constituent party or

(ii) a subsidiary of the Corporation is a constituent party and the Corporation issues shares of its capital stock pursuant to such merger or consolidation,

except any such merger or consolidation involving the Corporation or a subsidiary in which the shares of capital stock of the Corporation outstanding immediately prior to such merger or consolidation continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, at least a majority, by voting power, of the capital stock of (1) the surviving or resulting corporation; or (2) if the surviving or resulting corporation is a wholly owned subsidiary of another corporation immediately following such merger or consolidation, the parent corporation of such surviving or resulting corporation; or

(b) (1) the sale, lease, transfer, exclusive license or other disposition, in a single transaction or series of related transactions, by the Corporation or any subsidiary of the Corporation of all or substantially all the assets of the Corporation and its subsidiaries taken as a whole, or (2) the sale or disposition (whether by merger, consolidation or otherwise, and whether in a single transaction or a series of related transactions) of one or more subsidiaries of the Corporation if substantially all of the assets of the Corporation and its subsidiaries taken as a whole are held by such subsidiary or subsidiaries, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Corporation.

2.3.2 Effecting a Deemed Liquidation Event.

(a) The Corporation shall not have the power to effect a Deemed Liquidation Event referred to in Subsection 2.3.1(a)(i) unless the agreement or plan of merger or consolidation for such transaction (the "***Merger Agreement***") provides that the consideration payable to the stockholders of the Corporation in such Deemed Liquidation Event shall be paid to the holders of capital stock of the Corporation in accordance with Subsections 2.1 and 2.2.

(b) In the event of a Deemed Liquidation Event referred to in Subsection 2.3.1(a)(ii) or 2.3.1(b), if the Corporation does not effect a dissolution of the Corporation under the General Corporation Law within ninety (90) days after such Deemed Liquidation Event, then (i) the Corporation shall send a written notice to each holder of Preferred Stock no later than the ninetieth (90^{th}) day after the Deemed Liquidation Event advising such holders of their right (and the requirements to be met to secure such right) pursuant to the terms of the following clause; (ii) to require the redemption of such shares of Preferred Stock, and (iii) if the holders of at least a majority of the then outstanding shares of Preferred Stock (voting together as a single class on an as-converted to Common Stock basis) so request in a written instrument delivered to the Corporation not later than one hundred twenty (120) days after such Deemed Liquidation Event, the Corporation shall use the consideration received by the Corporation for such Deemed Liquidation Event (net of any retained liabilities associated with the assets sold or technology licensed, as determined in good faith by the Board of Directors of the Corporation), together with any other assets of the Corporation available for distribution to its stockholders, all to the extent permitted by Delaware law governing distributions to stockholders (the "***Available Proceeds***"), on

the one hundred fiftieth (150th) day after such Deemed Liquidation Event, to redeem all outstanding shares of Preferred Stock at a price per share equal to the applicable amount per share that the holders of each series of Preferred Stock are entitled to receive under Subsections 2.1 and 2.2. Notwithstanding the foregoing, in the event of a redemption pursuant to the preceding sentence, if the Available Proceeds are not sufficient to redeem all outstanding shares of Preferred Stock, the Corporation shall redeem a pro rata portion of each holder's shares of Preferred Stock to the fullest extent of such Available Proceeds, based on the respective amounts which would otherwise be payable in respect of the shares to be redeemed if the Available Proceeds were sufficient to redeem all such shares, and shall redeem the remaining shares as soon as it may lawfully do so under Delaware law governing distributions to stockholders. Prior to the distribution or redemption provided for in this Subsection 2.3.2(b), the Corporation shall not expend or dissipate the consideration received for such Deemed Liquidation Event, except to discharge expenses incurred in connection with such Deemed Liquidation Event or in the ordinary course of business.

2.3.3 Amount Deemed Paid or Distributed. The amount deemed paid or distributed to the holders of capital stock of the Corporation upon any such merger, consolidation, sale, transfer, exclusive license, other disposition or redemption shall be the cash or the value of the property, rights or securities to be paid or distributed to such holders pursuant to such Deemed Liquidation Event. The value of such property, rights or securities shall be determined in good faith by the Board of Directors of the Corporation including the affirmative vote of Series A Director.

2.3.4 Consideration in Escrow. In the event of a Deemed Liquidation Event, any consideration or part of such consideration placed into escrow in connection with such Deemed Liquidation Event shall not abrogate or diminish any rights or entitlements of the holders of the Series A Preferred Stock set forth in this Section 2.

3. Voting.

3.1 General. On any matter presented to the stockholders of the Corporation for their action or consideration at any meeting of stockholders of the Corporation (or by written consent of stockholders in lieu of a meeting), each holder of outstanding shares of Preferred Stock shall be entitled to cast the number of votes equal to the number of whole shares of Common Stock into which the shares of Preferred Stock held by such holder are convertible as of the record date for determining stockholders entitled to vote on such matter. Except as provided by law or by the other provisions of this Amended and Restated Certificate of Incorporation, holders of Preferred Stock shall vote together with the holders of Common Stock as a single class and on an as-converted to Common Stock basis.

3.2 Election of Directors. The holders of record of the shares of Series A Preferred Stock, exclusively and as a separate class, shall be entitled to elect one director of the Corporation (the "***Series A Director***") and the holders of record of the shares of Common Stock, exclusively and as a separate class, shall be entitled to elect two directors of the Corporation. Any director elected as provided in the preceding sentence may be removed without cause by, and only by, the affirmative vote of the holders of the shares of the class or series of capital stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders. If the holders of shares of Series A Preferred Stock or Common Stock, as the case may be, fail to elect a sufficient number of directors to fill all directorships for which they are entitled to elect directors, voting exclusively and as a separate class, pursuant to the first sentence of this Subsection 3.2, then any directorship not so filled shall remain vacant until such time as the holders of the Series A Preferred Stock or Common Stock, as the case may be, elect a person to fill

such directorship by vote or written consent in lieu of a meeting; and no such directorship may be filled by stockholders of the Corporation other than by the stockholders of the Corporation that are entitled to elect a person to fill such directorship, voting exclusively and as a separate class. The holders of record of the shares of Common Stock and of any other class or series of voting stock (including the Preferred Stock), exclusively and voting together as a single class, shall be entitled to elect the balance of the total number of directors of the Corporation. At any meeting held for the purpose of electing a director, the presence in person or by proxy of the holders of a majority of the outstanding shares of the class or series entitled to elect such director shall constitute a quorum for the purpose of electing such director. Except as otherwise provided in this Subsection 3.2, a vacancy in any directorship filled by the holders of any class or series shall be filled only by vote or written consent in lieu of a meeting of the holders of such class or series or by any remaining director or directors elected by the holders of such class or series pursuant to this Subsection 3.2. The rights of the holders of the Series A Preferred Stock under the first sentence of this Subsection 3.2 shall terminate on the first date following the Series A Original Issue Date (as defined below) on which there are issued and outstanding less than 840,189 shares of Series A Preferred Stock (subject to appropriate adjustment in the event of any stock dividend, stock split, combination, or other similar recapitalization with respect to the Series A Preferred Stock).

4. Optional Conversion.

The holders of the Preferred Stock shall have conversion rights as follows (the "***Conversion Rights***"):

4.1 Right to Convert.

4.1.1 Conversion Ratio. Each share of Preferred Stock shall be convertible, at the option of the holder thereof, at any time and from time to time, and without the payment of additional consideration by the holder thereof, into such number of fully paid and non-assessable shares of Class A Common Stock as is determined by dividing the applicable Original Issue Price by the applicable Conversion Price (as defined below) in effect at the time of conversion. The "***Conversion Price***" shall initially be equal to (i) $1.24413 for the Series A-1 Preferred Stock, (ii) $0.99531 for the Series A-2 Preferred Stock, (iii) $2.14225 for the Series A-3 Preferred Stock, and (iv) $1.92803 for the Series A-4 Preferred Stock. Such initial Conversion Price, and the rate at which shares of Preferred Stock may be converted into shares of Class A Common Stock, shall be subject to adjustment as provided below.

4.1.2 Termination of Conversion Rights. In the event of a liquidation, dissolution or winding up of the Corporation or a Deemed Liquidation Event, the Conversion Rights shall terminate at the close of business on the last full day preceding the date fixed for the payment of any such amounts distributable on such event to the holders of Preferred Stock.

4.2 Fractional Shares. No fractional shares of Class A Common Stock shall be issued upon conversion of the Preferred Stock. In lieu of any fractional shares to which the holder would otherwise be entitled, the Corporation shall pay cash equal to such fraction multiplied by the fair market value of a share of Class A Common Stock as determined in good faith by the Board of Directors of the Corporation. Whether or not fractional shares would be issuable upon such conversion shall be determined on the basis of the total number of shares of Preferred Stock the holder is at the time converting into Class A Common Stock and the aggregate number of shares of Class A Common Stock issuable upon such conversion.

4.3 Mechanics of Conversion.

4.3.1 Notice of Conversion. In order for a holder of Preferred Stock to voluntarily convert shares of Preferred Stock into shares of Class A Common Stock, such holder shall (a) provide written notice to the Corporation's transfer agent at the office of the transfer agent for the Preferred Stock (or at the principal office of the Corporation if the Corporation serves as its own transfer agent) that such holder elects to convert all or any number of such holder's shares of Preferred Stock and, if applicable, any event on which such conversion is contingent and (b) if such holder's shares are certificated, surrender the certificate or certificates for such shares of Preferred Stock (or, if such registered holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate), at the office of the transfer agent for the Preferred Stock (or at the principal office of the Corporation if the Corporation serves as its own transfer agent). Such notice shall state such holder's name or the names of the nominees in which such holder wishes the shares of Class A Common Stock to be issued. If required by the Corporation, any certificates surrendered for conversion shall be endorsed or accompanied by a written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or his, her or its attorney duly authorized in writing. The close of business on the date of receipt by the transfer agent (or by the Corporation if the Corporation serves as its own transfer agent) of such notice and, if applicable, certificates (or lost certificate affidavit and agreement) shall be the time of conversion (the "***Conversion Time***"), and the shares of Class A Common Stock issuable upon conversion of the specified shares shall be deemed to be outstanding of record as of such date. The Corporation shall, as soon as practicable after the Conversion Time (i) issue and deliver to such holder of Preferred Stock, or to his, her or its nominees, a notice of issuance of uncertificated shares and may, upon written request, issue and deliver a certificate for the number of full shares of Class A Common Stock issuable upon such conversion in accordance with the provisions hereof and, may, if applicable and upon written request, issue and deliver a certificate for the number (if any) of the shares of Preferred Stock represented by any surrendered certificate that were not converted into Class A Common Stock, (ii) pay in cash such amount as provided in Subsection 4.2 in lieu of any fraction of a share of Class A Common Stock otherwise issuable upon such conversion and (iii) pay all declared but unpaid dividends on the shares of Preferred Stock converted.

4.3.2 Reservation of Shares. The Corporation shall at all times when the Preferred Stock shall be outstanding, reserve and keep available out of its authorized but unissued capital stock, for the purpose of effecting the conversion of the Preferred Stock, such number of its duly authorized shares of Class A Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding Preferred Stock; and if at any time the number of authorized but unissued shares of Class A Common Stock shall not be sufficient to effect the conversion of all then outstanding shares of the Preferred Stock, the Corporation shall take such corporate action as may be necessary to increase its authorized but unissued shares of Class A Common Stock to such number of shares as shall be sufficient for such purposes, including, without limitation, engaging in reasonable best efforts to obtain the requisite stockholder approval of any necessary amendment to this Amended and Restated Certificate of Incorporation. Before taking any action that would cause an adjustment reducing the applicable Conversion Price below the then par value of the shares of Class A Common Stock issuable upon conversion of the Preferred Stock, the Corporation will take any corporate action which may, in the opinion of its counsel, be necessary in order that the Corporation may validly and legally issue fully paid and non-assessable shares of Class A Common Stock at such adjusted Conversion Price.

4.3.3 Effect of Conversion. All shares of Preferred Stock which shall have been surrendered for conversion as herein provided shall no longer be deemed to be outstanding and all rights with respect to such shares shall immediately cease and terminate at the Conversion Time, except only the right of the holders thereof to receive shares of Class A Common Stock in exchange therefor, to receive payment in lieu of any fraction of a share otherwise issuable upon such conversion as provided in Subsection 4.2 and to receive payment of any dividends declared but unpaid thereon. Any shares of Preferred Stock so converted shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of such series of Preferred Stock accordingly.

4.3.4 No Further Adjustment. Upon any such conversion, no adjustment to the applicable Conversion Price shall be made for any declared but unpaid dividends on the Preferred Stock surrendered for conversion or on the Class A Common Stock delivered upon conversion.

4.3.5 Taxes. The Corporation shall pay any and all issue and other similar taxes that may be payable in respect of any issuance or delivery of shares of Class A Common Stock upon conversion of shares of Preferred Stock pursuant to this Section 4. The Corporation shall not, however, be required to pay any tax which may be payable in respect of any transfer involved in the issuance and delivery of shares of Class A Common Stock in a name other than that in which the shares of Preferred Stock so converted were registered, and no such issuance or delivery shall be made unless and until the person or entity requesting such issuance has paid to the Corporation the amount of any such tax or has established, to the satisfaction of the Corporation, that such tax has been paid.

4.4 Adjustments to Preferred Stock Conversion Price for Diluting Issues.

4.4.1 Special Definitions. For purposes of this Article Fourth, the following definitions shall apply:

(a) "***Option***" shall mean rights, options or warrants to subscribe for, purchase or otherwise acquire Common Stock or Convertible Securities.

(b) "***Series A Original Issue Date***" shall mean the date on which the first share of Series A-3 Preferred Stock was issued.

(c) "***Convertible Securities***" shall mean any evidences of indebtedness, shares or other securities directly or indirectly convertible into or exchangeable for Common Stock, but excluding Options.

(d) "***Additional Shares of Common Stock***" shall mean all shares of Common Stock issued (or, pursuant to Subsection 4.4.3 below, deemed to be issued) by the Corporation after the Series A Original Issue Date, other than (1) the following shares of Common Stock and (2) shares of Common Stock deemed issued pursuant to the following Options and Convertible Securities (clauses (1) and (2), collectively, "***Exempted Securities***"):

(i) shares of Common Stock upon the conversion of the Preferred Stock;

(ii) shares of Common Stock, Options or Convertible Securities issued as a dividend or distribution on Preferred Stock;

(iii) shares of Common Stock, Options or Convertible Securities issued by reason of a dividend, stock split, split-up or other distribution on shares of Common Stock that is covered by Subsection 4.5, 4.6, 4.7 and 4.8;

(iv) shares of Common Stock or Options issued to employees or directors of, or consultants or advisors to, the Corporation or any of its subsidiaries pursuant to a plan, agreement or arrangement approved by the Board of Directors of the Corporation;

(v) shares of Common Stock or Convertible Securities actually issued upon the exercise of Options or shares of Common Stock actually issued upon the conversion or exchange of Convertible Securities, in each case provided such issuance is pursuant to the terms of such Option or Convertible Security and such Option or Convertible Security is in existence on the Series A Original Issue Date;

(vi) shares of Common Stock issued or issuable in a registered public offering under the Securities Act;

(vii) shares of Common Stock, Options or Convertible Securities issued to banks, equipment lessors or other financial institutions, or to real property lessors, pursuant to a debt financing, equipment leasing or real property leasing transaction approved by the Board of Directors of the Corporation;

(viii) shares of Common Stock, Options or Convertible Securities issued to suppliers or third party service providers in connection with the provision of goods or services pursuant to transactions approved by the Board of Directors of the Corporation;

(ix) shares of Common Stock, Options or Convertible Securities issued or issuable in

connection with any settlement of any action, suit, proceeding or litigation approved by the Board of Directors of the Corporation;

(x) shares of Common Stock, Options or Convertible Securities issued as acquisition consideration pursuant to the acquisition of another corporation by the Corporation by merger, purchase of substantially all of the assets or other reorganization or to a joint venture agreement, provided that such issuances are approved by the Board of Directors of the Corporation;

(xi) shares of Common Stock, Options or Convertible Securities issued in connection with sponsored research, collaboration, technology license, development, OEM, marketing or other similar agreements or strategic partnerships approved by the Board of Directors of the Corporation; or

(xii) shares of Common Stock, Options or Convertible Securities that are otherwise excluded by the consent of the holders of a majority of the outstanding shares of the Preferred Stock.

4.4.2 No Adjustment of Preferred Stock Conversion Price. No adjustment in the Conversion Price of the Preferred Stock shall be made as the result of the issuance or deemed issuance of Additional Shares of Common Stock if the Corporation receives written notice from the holders of a majority of the then outstanding shares of Preferred Stock agreeing that no such adjustment shall be made as the result of the issuance or deemed issuance of such Additional Shares of Common Stock.

4.4.3 Deemed Issue of Additional Shares of Common Stock.

(a) If the Corporation at any time or from time to time after the Series A Original Issue Date shall issue any Options or Convertible Securities (excluding Options or Convertible Securities which are themselves Exempted Securities) or shall fix a record date for the determination of holders of any class of securities entitled to receive any such Options or Convertible Securities, then the maximum number of shares of Common Stock (as set forth in the instrument relating thereto, assuming the satisfaction of any conditions to exercisability, convertibility or exchangeability but without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Options or, in the case of Convertible Securities and Options therefor, the conversion or exchange of such Convertible Securities, shall be deemed to be Additional Shares of Common Stock issued as of the time of such issue or, in case such a record date shall have been fixed, as of the close of business on such record date.

(b) If the terms of any Option or Convertible Security, the issuance of which resulted in an adjustment to the Conversion Price of any series of Preferred Stock pursuant to the terms of Subsection 4.4.4, are revised as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Option or Convertible Security (but excluding automatic adjustments to such terms pursuant to anti-dilution or similar provisions of such Option or Convertible Security) to provide for either (1) any increase or decrease in the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any such Option or Convertible Security or (2) any increase or decrease in the consideration payable to the Corporation upon such exercise, conversion and/or exchange, then, effective upon such increase or decrease becoming effective, the Conversion Price of such series of Preferred Stock computed upon the original issue of such Option or Convertible Security (or upon the occurrence of a record date with respect thereto) shall be readjusted to such Conversion Price for such series of Preferred Stock as would have obtained had such revised terms been in effect upon the original date of issuance of such Option or Convertible Security. Notwithstanding the foregoing, no readjustment pursuant to this clause (b) shall have the effect of increasing the Conversion Price applicable to a series of Preferred Stock to an amount which exceeds the lower of (i) the Conversion Price for such series of Preferred Stock in effect immediately prior to the original adjustment made as a result of the issuance of such Option or Convertible Security, or (ii) the Conversion Price for such series of Preferred Stock that would have resulted from any issuances of Additional Shares of Common Stock (other than deemed issuances of Additional Shares of Common Stock as a result of the issuance of such Option or Convertible Security) between the original adjustment date and such readjustment date.

(c) If the terms of any Option or Convertible Security (excluding Options or Convertible Securities which are themselves Exempted Securities), the issuance of which did not result in an adjustment to the Conversion Price of a series of Preferred Stock pursuant to the terms of Subsection 4.4.4 (either because the consideration per share (determined pursuant to Subsection 4.4.5) of the Additional Shares of Common Stock subject thereto was equal to or greater than the applicable Conversion Price then in effect, or because such Option or Convertible Security was issued before the Series A Original Issue Date), are revised after the Series A Original Issue Date as a result of an amendment to such terms or any other adjustment pursuant to the provisions of such Option or Convertible Security (but excluding automatic adjustments to such terms pursuant to anti-dilution or similar provisions of such Option or Convertible Security) to provide for either (1) any increase in the number of shares of Common Stock issuable upon the exercise, conversion or exchange of any such Option or Convertible Security or (2) any decrease in the consideration payable to the Corporation upon such exercise, conversion or exchange, then such Option or Convertible Security, as so amended or adjusted, and the Additional Shares of Common Stock subject thereto determined in the manner provided in Subsection 4.4.3(a) shall be deemed to have been issued effective upon such increase or decrease becoming effective.

(d) Upon the expiration or termination of any unexercised Option or unconverted or unexchanged Convertible Security (or portion thereof) which resulted (either upon its original issuance or upon a revision of its terms) in an adjustment to the Conversion Price of any series of Preferred Stock pursuant to the terms of Subsection 4.4.4, the Conversion Price of such series of Preferred Stock shall be readjusted to such Conversion Price for such series of Preferred Stock as would have obtained had such Option or Convertible Security (or portion thereof) never been issued.

(e) If the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any Option or Convertible Security, or the consideration

payable to the Corporation upon such exercise, conversion and/or exchange, is calculable at the time such Option or Convertible Security is issued or amended but is subject to adjustment based upon subsequent events, any adjustment to the Conversion Price of a series of Preferred Stock provided for in this Subsection 4.4.3 shall be effected at the time of such issuance or amendment based on such number of shares or amount of consideration without regard to any provisions for subsequent adjustments (and any subsequent adjustments shall be treated as provided in clauses (b) and (c) of this Subsection 4.4.3). If the number of shares of Common Stock issuable upon the exercise, conversion and/or exchange of any Option or Convertible Security, or the consideration payable to the Corporation upon such exercise, conversion and/or exchange, cannot be calculated at all at the time such Option or Convertible Security is issued or amended, any adjustment to the Conversion Price of a series of Preferred Stock that would result under the terms of this Subsection 4.4.3 at the time of such issuance or amendment shall instead be effected at the time such number of shares and/or amount of consideration is first calculable (even if subject to subsequent adjustments), assuming for purposes of calculating such adjustment to the Conversion Price for such series of Preferred Stock that such issuance or amendment took place at the time such calculation can first be made.

4.4.4 Adjustment of Conversion Price Upon Issuance of Additional Shares of Common Stock. In the event the Corporation shall at any time after the Series A Original Issue Date issue Additional Shares of Common Stock (including Additional Shares of Common Stock deemed to be issued pursuant to Subsection 4.4.3), without consideration or for a consideration per share less than the Conversion Price of a series of Preferred Stock in effect immediately prior to such issuance or deemed issuance, then the Conversion Price for such series of Preferred Stock shall be reduced, concurrently with such issue, to a price (calculated to the nearest one-hundredth of a cent) determined in accordance with the following formula:

$$CP_2 = CP_1 * (A + B) \div (A + C).$$

For purposes of the foregoing formula, the following definitions shall apply:

(a) "***CP_2***" shall mean the Conversion Price of such series of Preferred Stock in effect immediately after such issuance or deemed issuance of Additional Shares of Common Stock

(b) "***CP_1***" shall mean the Conversion Price of such series of Preferred Stock in effect immediately prior to such issuance or deemed issuance of Additional Shares of Common Stock;

(c) "***A***" shall mean the number of shares of Common Stock outstanding immediately prior to such issuance or deemed issuance of Additional Shares of Common Stock (treating for this purpose as outstanding all shares of Common Stock issuable upon exercise of Options outstanding immediately prior to such issuance or deemed issuance or upon conversion or exchange of Convertible Securities (including the Preferred Stock) outstanding (assuming exercise of any outstanding Options therefor) immediately prior to such issue);

(d) "***B***" shall mean the number of shares of Common Stock that would have been issued if such Additional Shares of Common Stock had been issued or deemed issued at a price per share equal to CP_1 (determined by dividing the aggregate consideration received by the Corporation in respect of such issue by CP_1); and

(e) "***C***" shall mean the number of such Additional Shares of Common Stock issued in such transaction.

4.4.5 Determination of Consideration. For purposes of this Subsection 4.4, the consideration received by the Corporation for the issuance or deemed issuance of any Additional Shares of Common Stock shall be computed as follows:

(a) Cash and Property: Such consideration shall:

(i) insofar as it consists of cash, be computed at the aggregate amount of cash received by the Corporation, excluding amounts paid or payable for accrued interest;

(ii) insofar as it consists of property other than cash, be computed at the fair market value thereof at the time of such issue, as determined in good faith by the Board of Directors of the Corporation; and

(iii) in the event Additional Shares of Common Stock are issued together with other shares or securities or other assets of the Corporation for consideration which covers both, be the proportion of such consideration so received, computed as provided in clauses (i) and (ii) above, as determined in good faith by the Board of Directors of the Corporation.

(b) Options and Convertible Securities. The consideration per share received by the Corporation for Additional Shares of Common Stock deemed to have been issued pursuant to Subsection 4.4.3, relating to Options and Convertible Securities, shall be determined by dividing:

(i) The total amount, if any, received or receivable by the Corporation as consideration for the issue of such Options or Convertible Securities, plus the minimum aggregate amount of additional consideration (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such consideration) payable to the Corporation upon the exercise of such Options or the conversion or exchange of such Convertible Securities, or in the case of Options for Convertible Securities, the exercise of such Options for Convertible Securities and the

conversion or exchange of such Convertible Securities, by

(ii) the maximum number of shares of Common Stock (as set forth in the instruments relating thereto, without regard to any provision contained therein for a subsequent adjustment of such number) issuable upon the exercise of such Options or the conversion or exchange of such Convertible Securities, or in the case of Options for Convertible Securities, the exercise of such Options for Convertible Securities and the conversion or exchange of such Convertible Securities.

4.4.6 Multiple Closing Dates. In the event the Corporation shall issue on more than one date Additional Shares of Common Stock that are a part of one transaction or a series of related transactions and that would result in an adjustment to the Conversion Price of a series of Preferred Stock pursuant to the terms of Subsection 4.4.4 then, upon the final such issuance, the Conversion Price for such series of Preferred Stock shall be readjusted to give effect to all such issuances as if they occurred on the date of the first such issuance (and without giving effect to any additional adjustments as a result of any such subsequent issuances).

4.5 Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the Series A Original Issue Date effect a subdivision of the outstanding Common Stock, the Conversion Price of each series of Preferred Stock in effect immediately before that subdivision shall be proportionately decreased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be increased in proportion to such increase in the aggregate number of shares of Common Stock outstanding. If the Corporation shall at any time or from time to time after the Series A Original Issue Date combine the outstanding shares of Common Stock, the Conversion Price of each series of Preferred Stock in effect immediately before the combination shall be proportionately increased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be decreased in proportion to such decrease in the aggregate number of shares of Common Stock outstanding. Any adjustment under this subsection shall become effective at the close of business on the date the subdivision or combination becomes effective.

4.6 Adjustment for Certain Dividends and Distributions. In the event the Corporation at any time or from time to time after the Series A Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable on the Common Stock in additional shares of Common Stock, then and in each such event the Conversion Price of each series of Preferred Stock in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the Conversion Price of each such series of Preferred Stock then in effect by a fraction:

(1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

(2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution.

Notwithstanding the foregoing (a) if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Conversion Price of each series of Preferred Stock shall be recomputed accordingly as of the close of business on such record date and thereafter the Conversion Price of each series of Preferred Stock shall be adjusted pursuant to this subsection as of the time of actual payment of such dividends or distributions; and (b) that no such adjustment shall be made if the holders of such series of Preferred Stock simultaneously receive a dividend or other distribution of shares of Common Stock in a number equal to the number of shares of Common Stock as they would have received if all outstanding shares of such series of Preferred Stock had been converted into Common Stock on the date of such event.

4.7 Adjustments for Other Dividends and Distributions. In the event the Corporation at any time or from time to time after the Series A Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation (other than a distribution of shares of Common Stock in respect of outstanding shares of Common Stock) or in other property and the provisions of Section 1 do not apply to such dividend or distribution, then and in each such event the holders of Preferred Stock shall receive, simultaneously with the distribution to the holders of Common Stock, a dividend or other distribution of such securities or other property in an amount equal to the amount of such securities or other property as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

4.8 Adjustment for Merger or Reorganization, etc. Subject to the provisions of Subsection 2.3, if there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Corporation in which the Common Stock (but not the Preferred Stock) is converted into or exchanged for securities, cash or other property (other than a transaction covered by Subsections 4.4, 4.6 or 4.7), then, following any such reorganization, recapitalization, reclassification, consolidation or merger, each share of Preferred Stock shall thereafter be convertible in lieu of the Common Stock into which it was convertible prior to such event into the kind and amount of securities, cash or other property which a holder of the number of shares of Common Stock of the Corporation issuable upon conversion of one share of such Preferred Stock immediately prior to such reorganization, recapitalization, reclassification, consolidation or merger would have been entitled to receive pursuant to such transaction; and, in such case, appropriate adjustment (as determined in good faith by the Board of Directors of the Corporation) shall be made in the application of the provisions in this Section 4 with respect to the rights and interests thereafter of the holders of the Preferred Stock, to the end that the provisions set forth in this Section 4 (including provisions with respect to changes in and other adjustments of the Conversion Price of each series of Preferred Stock) shall thereafter be applicable, as nearly as reasonably may be, in relation to any securities or other property thereafter deliverable upon the conversion of the Preferred Stock.

4.9 Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Conversion Price of a series of Preferred Stock pursuant to this Section 4, the Corporation at its expense shall, as promptly as reasonably practicable but in any event not later than ten (10) days thereafter, compute such adjustment or readjustment in accordance with the terms hereof and

furnish to each holder of such series of Preferred Stock a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property into which such series of Preferred Stock is convertible) and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, as promptly as reasonably practicable after the written request at any time of any holder of Preferred Stock, furnish or cause to be furnished to such holder a certificate setting forth (i) the Conversion Price then in effect for each series of Preferred Stock held by such holder, and (ii) the number of shares of Common Stock and the amount, if any, of other securities, cash or property which then would be received upon the conversion of each such series of Preferred Stock.

4.10 Notice of Record Date. In the event:

(a) the Corporation shall take a record of the holders of its Common Stock (or other capital stock or securities at the time issuable upon conversion of the Preferred Stock) for the purpose of entitling or enabling them to receive any dividend or other distribution, or to receive any right to subscribe for or purchase any shares of capital stock of any class or any other securities, or to receive any other security; or

(b) of any capital reorganization of the Corporation, any reclassification of the Common Stock of the Corporation, or any Deemed Liquidation Event; or

(c) of the voluntary or involuntary dissolution, liquidation or winding-up of the Corporation,

then, and in each such case, the Corporation will send or cause to be sent to the holders of the Preferred Stock a notice specifying, as the case may be, (i) the record date for such dividend, distribution or right, and the amount and character of such dividend, distribution or right, or (ii) the effective date on which such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up is proposed to take place, and the time, if any is to be fixed, as of which the holders of record of Common Stock (or such other capital stock or securities at the time issuable upon the conversion of the Preferred Stock) shall be entitled to exchange their shares of Common Stock (or such other capital stock or securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up, and the amount per share and character of such exchange applicable to the Preferred Stock and the Common Stock. Such notice shall be sent at least ten (10) days prior to the record date or effective date for the event specified in such notice.

5. Mandatory Conversion.

5.1 Trigger Events. Upon either (a) the closing of the sale of shares of Common Stock to the public, in a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933, as amended, resulting in at least $50,000,000 of proceeds, net of the underwriting discount and commissions, to the Corporation and in connection with such offering the Common Stock is listed for trading on the Nasdaq Stock Market's National Market, the New York Stock Exchange or another exchange or marketplace approved the Board of Directors or (b) the date and time, or the occurrence of an event, specified by vote or written consent of the Requisite Holders (the time of such closing or the date and time specified or the time of the event specified in such vote or written consent is referred to herein as the "***Mandatory Conversion Time***"), then (i) all outstanding shares of Preferred Stock shall automatically be converted into shares of Class A Common

Stock, at the then effective conversion rate as calculated pursuant to Subsection 4.1.1 and (ii) such shares may not be reissued by the Corporation.

5.2 Procedural Requirements. All holders of record of shares of Preferred Stock shall be sent written notice of the Mandatory Conversion Time and the place designated for mandatory conversion of all such shares of Preferred Stock pursuant to this Section 5. Such notice need not be sent in advance of the occurrence of the Mandatory Conversion Time. Upon receipt of such notice, each holder of shares of Preferred Stock in certificated form shall surrender his, her or its certificate or certificates for all such shares (or, if such holder alleges that such certificate has been lost, stolen or destroyed, a lost certificate affidavit and agreement reasonably acceptable to the Corporation to indemnify the Corporation against any claim that may be made against the Corporation on account of the alleged loss, theft or destruction of such certificate) to the Corporation at the place designated in such notice. If so required by the Corporation, any certificates surrendered for conversion shall be endorsed or accompanied by written instrument or instruments of transfer, in form satisfactory to the Corporation, duly executed by the registered holder or by his, her or its attorney duly authorized in writing. All rights with respect to the Preferred Stock converted pursuant to Subsection 5.1, including the rights, if any, to receive notices and vote (other than as a holder of Common Stock), will terminate at the Mandatory Conversion Time (notwithstanding the failure of the holder or holders thereof to surrender any certificates at or prior to such time), except only the rights of the holders thereof, upon surrender of any certificate or certificates of such holders (or lost certificate affidavit and agreement) therefor, to receive the items provided for in the next sentence of this Subsection 5.2. As soon as practicable after the Mandatory Conversion Time and, if applicable, the surrender of any certificate or certificates (or lost certificate affidavit and agreement) for Preferred Stock, the Corporation shall (a) issue and deliver to such holder, or to his, her or its nominees, a certificate or certificates for the number of full shares of Common Stock issuable on such conversion in accordance with the provisions hereof or issue and deliver to such holder, or to his, her or its nominees, a notice of issuance of uncertificated shares and may, upon written request, issue and deliver a certificate for the number of full shares of Common Stock issuable upon such conversion in accordance with the provisions hereof and (b) pay cash as provided in Subsection 4.2 in lieu of any fraction of a share of Common Stock otherwise issuable upon such conversion and the payment of any declared but unpaid dividends on the shares of Preferred Stock converted. Such converted Preferred Stock shall be retired and cancelled and may not be reissued as shares of such series, and the Corporation may thereafter take such appropriate action (without the need for stockholder action) as may be necessary to reduce the authorized number of shares of Preferred Stock accordingly.

6. Redemption. The shares of Preferred Stock shall not be redeemable by any holder thereof, except as may be otherwise provided herein.

7. Redeemed or Otherwise Acquired Shares. Any shares of Preferred Stock that are redeemed or otherwise acquired by the Corporation or any of its subsidiaries shall be automatically and immediately cancelled and retired and shall not be reissued, sold or transferred. Neither the Corporation nor any of its subsidiaries may exercise any voting or other rights granted to the holders of Preferred Stock following redemption.

8. Waiver. Any of the rights, powers, preferences and other terms of the Series A Preferred Stock set forth herein may be waived on behalf of all holders of Series A Preferred Stock by the affirmative written consent or vote of the holders of at least a majority of the shares of Series A Preferred Stock then outstanding.

9. Notices. Any notice required or permitted by the provisions of this Article Fourth to be given to a holder of shares of Preferred Stock shall be mailed, postage prepaid, to the post office address last shown on the records of the Corporation, or given by electronic communication in compliance with the provisions of the General Corporation Law, and shall be deemed sent upon such mailing or electronic transmission.

FIFTH: Subject to any additional vote required by this Amended and Restated Certificate of Incorporation or Bylaws, in furtherance and not in limitation of the powers conferred by statute, the Board of Directors is expressly authorized to make, repeal, alter, amend and rescind any or all of the Bylaws of the Corporation.

SIXTH: Subject to any additional vote required by this Amended and Restated Certificate of Incorporation, the number of directors of the Corporation shall be determined in the manner set forth in the Bylaws of the Corporation. Each director shall be entitled to one vote on each matter presented to the Board of Directors.

SEVENTH: Elections of directors need not be by written ballot unless the Bylaws of the Corporation shall so provide.

EIGHTH: Meetings of stockholders may be held within or without the State of Delaware, as the Bylaws of the Corporation may provide. The books of the Corporation may be kept outside the State of Delaware at such place or places as may be designated from time to time by the Board of Directors or in the Bylaws of the Corporation.

NINTH: To the fullest extent permitted by law, a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. If the General Corporation Law or any other law of the State of Delaware is amended after approval by the stockholders of this Article Ninth to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated or limited to the fullest extent permitted by the General Corporation Law as so amended.

Any repeal or modification of the foregoing provisions of this Article Ninth by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation existing at the time of, or increase the liability of any director of the Corporation with respect to any acts or omissions of such director occurring prior to, such repeal or modification.

TENTH: To the fullest extent permitted by applicable law, the Corporation is authorized to provide indemnification of (and advancement of expenses to) directors, officers and agents of the Corporation (and any other persons to which General Corporation Law permits the Corporation to provide indemnification) through Bylaw provisions, agreements with such agents or other persons, vote of stockholders or disinterested directors or otherwise, in excess of the indemnification and advancement otherwise permitted by Section 145 of the General Corporation Law.

Any amendment, repeal or modification of the foregoing provisions of this Article Tenth shall not (a) adversely affect any right or protection of any director, officer or other agent of the Corporation existing at the time of such amendment, repeal or modification or (b) increase the liability of any director of the Corporation with respect to any acts or omissions of such director, officer or agent occurring prior to, such amendment, repeal or modification.

ELEVENTH: Unless the Corporation consents in writing to the selection of an alternative forum, the Court of Chancery in the State of Delaware shall be the sole and exclusive forum for any stockholder (including a beneficial owner) to bring (i) any derivative action or proceeding brought on behalf of the Corporation, (ii) any action asserting a claim of breach of fiduciary duty owed by any director, officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (iii) any action asserting a claim against the Corporation, its directors, officers or employees arising pursuant to any provision of the Delaware General Corporation Law or the Corporation's certificate of incorporation or bylaws or (iv) any action asserting a claim against the Corporation, its directors, officers or employees governed by the internal affairs doctrine, except for, as to each of (i) through (iv) above, any claim as to which the Court of Chancery determines that there is an indispensable party not subject to the jurisdiction of the Court of Chancery (and the indispensable party does not consent to the personal jurisdiction of the Court of Chancery within ten days following such determination), which is vested in the exclusive jurisdiction of a court or forum other than the Court of Chancery, or for which the Court of Chancery does not have subject matter jurisdiction. If any provision or provisions of this Article Eleventh shall be held to be invalid, illegal or unenforceable as applied to any person or entity or circumstance for any reason whatsoever, then, to the fullest extent permitted by law, the validity, legality and enforceability of such provisions in any other circumstance and of the remaining provisions of this Article Eleventh (including, without limitation, each portion of any sentence of this Article Eleventh containing any such provision held to be invalid, illegal or unenforceable that is not itself held to be invalid, illegal or unenforceable) and the application of such provision to other persons or entities and circumstances shall not in any way be affected or impaired thereby.

TWELFTH: For purposes of Section 500 of the California Corporations Code (to the extent applicable), in connection with any repurchase of shares of Common Stock permitted under this Amended and Restated Certificate of Incorporation from employees, officers, directors or consultants of the Corporation in connection with a termination of employment or services pursuant to agreements or arrangements approved by the Board of Directors (in addition to any other consent required under this Amended and Restated Certificate of Incorporation), such repurchase may be made without regard to any "preferential dividends arrears amount" or "preferential rights amount" (as those terms are defined in Section 500 of the California Corporations Code). Accordingly, for purposes of making any calculation under California Corporations Code Section 500 in connection with such repurchase, the amount of any "preferential dividends arrears amount" or "preferential rights amount" (as those terms are defined therein) shall be deemed to be zero (0).

* * *

3. That the foregoing amendment and restatement was approved by the holders of the requisite number of shares of this corporation in accordance with Section 228 of the General Corporation Law.

4. That this Certificate of Incorporation, which restates and integrates and further amends the provisions of this Corporation's Certificate of Incorporation, has been duly adopted in accordance with Sections 242 and 245 of the General Corporation Law.

IN WITNESS WHEREOF, this Amended and Restated Certificate of Incorporation has been executed by a duly authorized officer of this corporation on August 13, 2021.

Pre-Launch Announcement from Etherdyne Technologies (ETI)

From leon@etherdyne.net — Sep 29

To nate@unionlabs.com

Hi Nate,

I want to share a unique opportunity with you — and I'd be grateful if you could help spread the word to anyone that might be interested in your network.

I've been advising Etherdyne Technologies for over two years and have recently joined the company as its full-time COO to help commercialize our amazing Wire-Free Power technology. Over the past three months, the DIY Perks video showcasing our technology has reached more than 2.6 million views. The response has been overwhelming — we've had thousands of inquiries and countless people asking how they can participate in ETI's journey. We belive the world is ready for Wire-Free Power.

That enthusiasm, combined with the significant progress we're making in commercializing our technology, has inspired us to open a new round of investment. For the first time, we're partnering with StartEngine, a leading equity crowdfunding platform that allows anyone — not just traditional venture investors — to invest in promising companies.

👉 Here's how you can get involved right now:

1. Sign up on our pre-launch page to receive early access when the campaign goes live: https://www.etherdyne.net/startengine
2. Share this link with friends, colleagues, and networks who may be excited to invest in the future of Wire-Free Power.

Once the campaign officially launches, I'll send you all details about the offering and terms.

Please feel free to reach out directly if you have any questions.

Best regards,

The excitement in this group means a lot to us, and in fact, it's shaping our fundraising strategy.

We'd like our forum members to be among the first to hear of future investment opportunities in ETI. We're planning to raise via StartEngine, which is a crowdfunding platform, so that everyone can participate.

For more details and to signal your interest in being a potential investor, check out this page: https://www.etherdyne.net/startengine

Thanks for being a part of our journey.

Dear ETI Friends and Family,

If you're receiving this email, it's because I consider you a valued part of the ETI community. We're excited to share a unique opportunity with you — and we'd be grateful if you could help spread the word.

Over the past three months, the response to DIY Perks' video featuring our technology has been truly overwhelming — now reaching over **2.6 million views**! It's clear: people are genuinely excited about the future of **Wire-Free Power.** We've had thousands of inquiries requesting information about our technology and several requests from the community on how they can invest in ETI.

That excitement and our progress in commercializing our technology has inspired us to open a new round of investment. We want to invite those who believe in our mission to **grow with us** and be part of this transformative journey.

Since ETI is a private company, we're partnering with **StartEngine**, a leading equity crowdfunding platform, to facilitate this round. If you're curious about how equity crowdfunding works, you can learn more here.

Before our official campaign launch, we've created a dedicated **pre-launch page** where you can sign up for updates and early access:

👉 https://www.etherdyne.net/startengine

Once the campaign is live, I willl share full details about the offering and terms. In the meantime, please help us **sign up and share** this page with others who might be interested in investing or learning more.

As always, feel free to reach out to me directly if you have any questions or thoughts.

The incredible response to ETI over the past few months has shown us something important: people are excited about wire-free power!

When the DIY Perks video got millions of views, commenters shared their curiosity, their ideas, and their passion for seeing this future come to life. We don't want that energy left on the sidelines.

That's why we're planning a raise on the investment platform StartEngine. Instead of limiting this opportunity to professional investors behind closed doors, we're inviting technology enthusiasts, futurists, believers, and accredited investors alike to own a stake in ETI and be part of our story.
