We Noticed You Haven't Completed Your Investment on WeFunder!

I noticed you started an investment in **Just Her Rideshare** on WeFunder but didn't complete it — and I wanted to personally reach out. We need to close this first fund by August 31st and we need your support. Can you complete your reservation today?

Sometimes life gets busy, or there are questions holding you back. If that's the case, I'd love to know — **what's stopping you from completing your investment?** Your feedback is so valuable, and I'm happy to answer any questions or walk you through the process.

Here's why your completed investment matters:

- Until we hit **\$50K**, none of the funds raised can be released to grow our mission. These are SEC regulations.
- We're only **\$8,000** away from unlocking the next phase — and your investment could help tip the scale.
- This is a rare chance to own shares in a women-led company solving a \$300B+ market challenge.

Here's why these matters:

97% of women in our surveys said they feel unsafe using traditional rideshare options

- A significant number of women reported being harassed or assaulted in rideshare ride
- We're solving this by creating a safe, empowering, and community-driven experience — and it's working
- Through efforts, we have been able to develop a trusted network and community, something other rideshare companies have been unable to do
- We are also solving transportation problems in underserved communities

If you're ready, you can complete your investment here:
<https://wefunder.com/justherrideshare>

If you're not sure or have questions, simply reply to this email — I'd love to hear from you.

We're building something powerful, and I'd be honored to have you as part of it.

Here's how to finish your investment in just a few clicks:

- Log in to your WeFunder account
- Go to your dashboard
- Find your draft reservation and follow the prompts to complete it. It is not complete until you add a payment method. Millions of people are investing in platforms these days to help early-stage companies reach goals and hit milestones. We need your help!

You Can Now Own a Piece of Just Her Rideshare

Summarize this email

to Bobby

Hi Bobby, I hope you are doing well.

I wanted to personally share something meaningful with you.

You have been a supporter of Just Her and our journey — Your encouragement has meant the world to me. Because we are a community-driven company, we have the goal of getting our community involved in our next level.

I've asked before for support, and my community has shown up. But this moment is different — this time, you're not just supporting me, you're investing in something that's as big as all of us.

We've launched our **WeFunder campaign**, and for the first time, you can own shares in **Just Her Rideshare** — a rideshare community built by women, for women. You can invest, starting with as little as \$100. The campaign goes public May 22nd, and the world will be able to invest in Just Her, we want you to be the first to invest now before it goes public.

Here's why these matters:

- 97% of women in our surveys said they feel unsafe using traditional rideshare options
- A significant number of women reported being harassed or assaulted in rideshare ride
- We're solving this by creating a safe, empowering, and community-driven experience — and it's working
- Through efforts, we have been able to develop a trusted network and community, something other rideshare companies have been unable to do
- We are also solving transportation problems in underserved communities

As one of our early investors put it:

"Kim is an excellent founder doing a big thing in the rideshare space. I just know her company is going to lead the way in this industry."

This may be the only opportunity for you to invest early in a company like this — one led by a Black woman, focused on real impact and global potential.

We have made remarkable strides but are ready to launch the next three markets and we need your help to get there. Here's why we are a great investment:

- Thousands of rides completed in multiple cities
- Cost per rider as low as \$1.31 — all without heavy ad spending
- Nine B2B partnerships and organic demand growing fast
- Growth rate MoM at 32%
- 180% YoY growth rate in rides
- 300% YoY growth rate in monthly revenue
- Over 15,000 riders and drivers
- Launched in 7 cities in NC/SC
- Launching the next three cities which means more growth and revenue

If you believe in me and what we are building, I ask you to believe in this mission: <https://wefunder.com/justherrideshare/updates>

Thank you for walking alongside me. Let's build this together.

We're also actively seeking a lead investor. If that's you — or someone in your network — we would love to connect. A strong lead will provide the boost we need to gain visibility and accelerate this movement.

Whether you can invest \$100 or \$10,000, every dollar matters — and every supporter counts.
