## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal

shareholders may be liable to investors based on that information.

## BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

*INSTRUCTION TO QUESTION 7: Wefunder will provide your company’s Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.*

As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. **Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.***

## RISK FACTORS

**A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.**

**In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.**

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

As a small team, the loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

Ava’s Pet Palace may face disruptions in sourcing ingredients, packaging materials, or transportation. Any supply chain issues could delay production or increase costs, potentially impacting profitability.

While Ava’s Pet Palace has built a loyal community, expanding brand recognition nationally and internationally is a significant challenge. Limited marketing resources may slow growth and reduce opportunities to reach new customers.

Rapid growth could pose operational risks, such as maintaining product quality, managing increased production demands, and ensuring consistent customer service.

The pet food and treats industry is subject to strict regulations. Changes in laws, new compliance requirements, or recalls could impact operations or

increase costs.

Economic downturns or inflation may reduce consumer spending on premium pet products. If pet parents prioritize affordability over quality during tough financial times, sales could be affected.

The pet treat industry is highly competitive, with many established brands and new entrants. Larger companies with greater resources may outspend Ava's Pet Palace on marketing or undercut prices, which could impact growth and market share.

Ava's Pet Palace relies on partnerships with retailers and distributors to reach customers. Any loss of a major account, distributor change, or unfavorable retail terms could significantly impact revenue and brand visibility.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

Ina Jones and Michael Jones Jr. are part-time officers. As such, it is likely that the company will not make the same progress as it would if that were not the case.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

## The Offering

### USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: 40%, inventory for current items, 30% marketing, 23.1% new contract hire, 6.9% Fees

If we raise: **\$124,000**

Use of Proceeds: 30% Inventory & Production, 20% Retail Expansion, 18% Team Growth, 15.1% Marketing & DTC, 5% Packaging/Sustainability, 5% Admin/Buffer, 6.9% Fees Raising our maximum would allow us to purchase more inventory and have additional funds for ads

*INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.*

### DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

If we reach our target offering amount prior to the deadline, we may conduct an initial closing of the offering early if we provide notice about the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and re-qualification of the investment as a securities offering). After the initial closing, we will

reconfirmation of the investment commitment). Wefunder will notify investors if we conduct an initial closing. Thereafter, we may conduct additional closings from time to time at our and Wefunder's discretion until the deadline date.

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the investor.

1. Investor Commitment. The Investor will submit, through Wefunder Portal, a requested investment amount. When doing so, the Investor will also execute an investment contract with the Company ("Investment Agreement"), using the Investor's electronic signature.
2. Acceptance of the Investment. If the Investor Agreement is complete, the Investor's commitment will typically be recorded within a few minutes. The commitment will also be available on the Investor's "My Investments" screen on the wefunder.com website. After the offering closes, the contract will be counter-signed by the Company. The executed investment contract will then be sent to the investor via email, and is also available to download on the "My Investments" screen.
3. Investor Transfer of Funds. Upon receiving confirmation that an investment has been accepted, the Investor will be responsible for transferring funds from a source that is accepted by Wefunder Portal into an escrow account held with a third party bank on behalf of issuers offering securities through Wefunder Portal.
4. Progress of the Offering. The Investor will receive periodic email updates on the progress of the offering, including total amounts raised at any given time, and will be notified by email and through the "My Investments" screen when the target offering amount is met.
5. Closing: Original Deadline. Unless we meet the target offering amount early, Investor funds will be transferred from the escrow account to the Company on the deadline date identified in the Cover Page to this Form C and the Company's Wefunder Portal Profile.
6. Early Closings. If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which information about the Company, including this Form C, is posted on our Wefunder Portal Profile. We will reschedule the offering deadline, and at least five days prior to the new deadline, investors will receive notice of it by email and through the "My Investments" screen. At the time of the new deadline, your funds will be transferred to the Company from the escrow account, provided that the target offering amount is still met after any cancellations.
7. Book Entry. Investments may be in book entry form. This means that the Investor may not receive a certificate representing his or her investment. Each investment will be recorded in our books and records and will be recorded in each Investors' "My Investments" screen. The Investor will also be emailed the Investment Agreement again. The Investment Agreement will also be available on the "My Investments" screen. At the option of the Company, you may receive an electronic certificate.

12. How can an investor cancel an investment commitment?

**NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.**

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five

is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

## Ownership and Capital Structure

### THE OFFERING

13. Describe the terms of the securities being offered.

The company is issuing promissory notes to investors. The principal amount of each note is the amount invested by the investor. The company will use **5% of its net revenues** to pay back principal on the notes. Each note will be paid back based on its pro rata share of all notes issued in this offering. The company will make interest payments to the investor quarterly. The company may prepay principal and interest at any time. The company will continue payments until investors have received **1.5x their principal investment** (the repayment amount) , provided however that at any time the company may defer up to 1 such payments upon notice to the Lender.

Investors in the **first \$50,000.00** of the fundraise will receive **1.75x their principal**. Wefunder VIP investors will be entitled to these terms for the entire duration of the offering, even if the threshold limit noted above is met. Therefore, the company could potentially offer all \$124,000.00 at 1.75x their principal.

Upon the occurrence of an event of default (as defined in each note), all unpaid principal, accrued interest and other amounts owing will automatically be immediately due, payable and collectible by the company pursuant to applicable law.

The notes do not provide investors with any voting rights in the company.

See exact security attached as [Appendix B, Investor Contracts](#).

#### VIP Bonus

Ava's Pet Palace will offer a discount to the normal terms listed in this Form C for all investments that are committed by investors who are part of Wefunder, Inc's VIP program. This means eligible Wefunder investors will receive a discount for any securities they purchased in this offering. For more specific details on the company's discount, please review the description of the terms above.

The discount is only valid until the offering closes. Investors eligible for the bonus will also receive priority if they are on a waitlist to invest and the company exceeds its maximum funding goal. They will be given the first opportunity to invest if space in the offering becomes available due to the cancellation or failure of previous investments.

14. Do the securities offered have voting rights?

- ☐ Yes  
☒ No

15. Are there any limitations on any voting or other rights identified above?

- ☒ Yes: No Voting Rights  
☐ No:

16. How may the terms of the securities being offered be modified?

**RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:**

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

**NOTE:** The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

**DESCRIPTION OF ISSUER'S SECURITIES**

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
	This is an LLC with no issued units.		
Class of Security	Securities Reserved for Issuance upon Exercise or Conversion		
Warrants:			
Options:	Total Pool:	Issued:	
Describe any other rights:			

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

Because the Investor holds no voting rights in the company, the holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These decisions could affect net revenues and diminish payments made to Investors.

Based on the risk that the company may never realize revenues or face a Default Event, the Investor may never see any returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, the unitholders may make decisions with which the Investor disagrees, or that negatively affect the net revenues of the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, the unitholders may change the terms of the Operating Agreement for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. The unitholders may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The unitholders have the right to redeem their securities at any time. unitholders could decide to force the Company to redeem their securities at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFEs, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be negatively affected.

Based on the risks described above, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

The value of the promissory notes will be determined by the Company's senior management in accordance with U.S. generally accepted accounting principles. For example, the notes may be valued based on principal plus anticipated interest payments over the course of the term of the note.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the promissory notes holds no position in the Company and will have no voting rights in the Company, and thus will be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its management, and the Investor will have no independent right to name or remove an officer or member of the management of the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from unitholders, which may serve to decrease any

liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company to manage the Company so as to maximize value for unitholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company. If the Management of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

### Overview

From Kitchen Experiments to Store Shelves: The Youngest Founder in Pet Aisles

Ava's Pet Palace ("the Company") operates as a retail and online provider of pet food, accessories, and related services. The Company's operations are primarily located in Chicago Illinois and serves customers within the U.S.

### Milestones

Ava's Pet Palace LLC was organized in the State of Illinois in June 2017.

Since then, we have:

- Organic treats now on shelves at iconic retailer, Erewhon Market.
- 60% year-over-year DTC growth as of December 2025

### Liquidity & Capital Resources

To-date, the company has been financed with \$418,881 in debt.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

## Runway & Short/Mid Term Expenses

Ava's Pet Palace LLC cash in hand is \$33,000, as of November 2025. Over the last three months, revenues have averaged \$33,390/month, cost of goods sold has averaged \$11,790/month, and operational expenses have averaged \$21,544/month, for an average net margin of \$56 per month. Our intent is to be profitable in 12 months.

The most material shift since our last financials has been the refinement of our sales strategy, including deeper investment in direct-to-consumer (DTC) channels and the deliberate onboarding of mission-aligned wholesale and consignment partners. After a transitional year in 2024, which included the planned wind-down of a national retail relationship, Ava's Pet Palace has emerged with greater channel clarity and operational control. Two new consignment partners were added in mid-2025, helping diversify wholesale volume while offering more favorable terms. At the same time, DTC revenue has grown approximately 59% year-over-year, driven by targeted online campaigns and stronger brand messaging. These trends signal a more resilient and margin-conscious sales mix that has helped stabilize monthly revenue and increase repeat customer engagement. Operationally, we've made key investments in real-time inventory tracking, sales forecasting, and margin analysis, allowing us to maintain a lean structure while preparing for long-term scale. We also implemented a channel scorecard system to evaluate future partnerships based on profitability, lead time, and strategic alignment.

In the final quarter of 2025 and into Q1 of 2026, we project revenues between \$30K-\$40K per month, culminating in approximately \$200K total revenue by year-end. We are anticipating roughly \$90k in expenses over the next 6 months. Revenue will be primarily driven by:

- Sustained DTC growth, supported by increased returning customer activity and holiday visibility.
  - Existing consignment partnerships with active sales orders and consistent monthly restocks.
  - Selective wholesale re-engagements under our new model, prioritizing retailers with low minimums, better payment terms, and long-term potential.
- On the expense side, we expect moderate increases related to:
- Hiring a Vice President of Sales to lead strategy, outreach, and retail management.
  - Running performance-driven holiday and Q1 campaigns, focused on customer acquisition and retention.

While Ava's Pet Palace is not yet profitable on an annual basis, we are on a clear path toward breakeven, with the foundation in place to reach profitability by Q4 2026. Ava's Pet Palace reaches operational profitability at approximately \$300,000 in annual revenue. We will need approx 90k in inventory funding to achieve this. This inventory will get us past 300k, however this is what the minimums are.

The unprofitable periods in 2023-2024 stemmed from strategic investments into inventory to support larger wholesale partners and upfront costs related to said retailer. These engagements—while useful for visibility—carried significant working capital demands and compressed margins.

Now operating under a restructured cost model, we are seeking \$350-500K in growth capital, which will be allocated as follows:

- 40% Inventory – Bulk production to increase inventory turnover and lower COGS by 10-15%.
- 30% Sales & Marketing – Strengthen digital presence and increase conversion in DTC and wholesale channels.
- 23% Staffing – Hire a sales/ops professionals to improve outreach and systemize fulfillment.
- 7% Platform & Execution – Ensure regulatory compliance, reporting, and campaign delivery.

With this capital, we expect to return to 2022-level revenues of \$250K-\$280K, our breakeven threshold, by late-2026 and begin generating profit in the following quarters.

To sustain operations during the raise, we are utilizing short-term working capital tools, including a business credit line and credit card, in tandem with disciplined cash flow management. We've also received grant funding this year to support inventory & marketing, and we continue to reinvest revenue from current operations to cover core costs.

Our model is lean, repeatable, and improving month over month. We are not dependent on a single sales channel or account and our strategy intentionally limits future cash flow strain by prioritizing sales partners that honor margins

and mission.

With investors' support, we plan to scale responsibly and profitably, aiming that Ava's Pet Palace becomes not only a leader in healthy pet treats, but a role model for sustainable, youth-founder brand growth.

All projections in the above narrative are forward-looking and not guaranteed.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*
