Co-Founder @ DNA Chat | Building Mendly  
New York, New York, United States

## Summary

Co-founder of DNA Chat, building Mendly. Fixing genetic misdiagnosis. My grandmother died of colon cancer after six months of being told it was something else. Now I build the tools that give doctors genetic context before they have to guess.

---

## Experience

### DNA.chat

#### Co-Founder

June 2023 - Present (2 years 9 months)

Building Mendly, a platform for doctors that allows patients to leverage their DNA in every doctor's appointment.

### the melon
