Email Subject or Post Headline: Become an owner in EMBioSys!

Hello/Hi _____,

EMBioSys has developed Efinia™, a revolutionary wearable platform with the potential to dramatically improve clinical outcomes by empowering patients and providers with a new standard of cancer care. The patient simply wears the system at home or on the go to receive the therapy.

We are initially focused on addressing high areas of unmet need for treatment of breast cancer as we continue to expand the platform for treatment of other types of cancer.

To help fund human clinical trials to support our initial commercial pathway for breast cancer patients awaiting surgery as their first line of treatment, we have launched a Community Round on Wefunder. This Community Round allows supporters of our mission to make a reservation for as little as $100 in EMBioSys.

At this stage, we are "testing the waters" to gauge investor interest in our offering under Regulation Crowdfunding. The great thing about Wefunder is that it allows anyone—whether they're an accredited investor or not—to become an investor in our company.

Check out our Wefunder campaign page and make a reservation here: https://wefunder.com/embiosys

EMBioSys is "testing the waters" to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.
