Crowdfund link in bio - Thank you everyone who believes in us. For October only, if you invest \$100, 3 winners will be selected to win a 1-1 call with Grammy winning producer @illfactor

CROWDFUND/DEMO IN BIO - Artists make less than 12% of the \$30 billion generated by the music industry annually. You can invest directly in artists' songs and earn money for promoting them with what we are building at @joinechomusic. We, the culture should be the ones who value music, not algorithms and labels.

Had to lock in for a min, returning to society a bit
