Happy New Year Matthew!

Our Wefunder campaign is now live! You're invited to join our exclusive soft round before we go live to the public. Check out our page and make a reservation here: [Apex Wefunder Opportunity](#)

Your reservation allows us to move to a public offering and access the funds for our ENVE commitments.

I welcome your feedback on the campaign video and page, the latter is very much a work in progress.

Also, please do NOT share this link yet as we need to finalize the page and go public before sharing beyond a small group of trusted people. :)

Thank you SO much for all the support throughout this incredible journey! Here's to a great 2026 race season.

Cheers!

Trish

NOTE: Apex Resource Center Partners is "testing the waters" to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.

Please let me know how easy it is to make the reservation. In fact, if you're able to screen record the process that would be super helpful and appreciated!
