**CONFERENCE
CONNECT**

We are changing the way people do conferences.

Hi Ashley,

As a supporter of Conference Connect, I wanted to share with you some very exciting news!!

Conference Connect has been gaining a lot of momentum (we just surpassed 200,000 visitors to our site!), and we want the customers who have supported us from the beginning to have a stake in our growth. To that end, we have set aside a \$1.2m allotment on Wefunder, a crowdfunding platform, to make it more accessible for everyone to invest.

Here's how it works*:

- Visit our [Wefunder page](#) and reserve an investment you are comfortable with - you can commit as little as \$1,000.
- Once our Wefunder campaign closes, you will have the chance to confirm your interest and invest.

Reserve Here

Some key highlights:

- Since launch (February 2024), Conference Connect's average quarterly site visitor growth is 158%
- As a multi-sided marketplace, revenue is already being generated from five different streams
- The US corporate event market size is estimated to reach \$510.9B in 2030 (from \$95.3B in 2020)

Conference and Speaker discovery is at the forefront of what we do. With the professional event industry on the rise, now, more than ever before, is the time to build a marketplace that takes conference and speaker discovery into the 21st century. We will use this new funding to support further development, marketing and team expansion to amplify our growth and brand presence. We truly want to build something that relieves the pain points of attendees, organizers, speakers, vendors and more.

If you believe in what we are doing and want to join us, we would love to have you on as an investor.

If you have any questions, please feel free to reply to this email. Thank you as always for the support!

Until next time, Get Connected...Stay Connected!

-Ashley

I wanted to share some very exciting news and great opportunity!

As many of you might know, Ashley Wilson and I launched [Conference Connect](#) a little over a year ago. Our goal is to build the largest and most robust platform on the planet for connecting event organizers, attendees and speakers.

Our platform has been gaining incredible momentum -- we've just surpassed **200,000 visitors** -- and we want to give our early supporters the opportunity to invest in the business and share in our growth.

To make investing more accessible, we've reserved a **\$1.2M allocation** through [Wefunder](#), a Regulation CF crowdfunding platform that allows anyone (accredited or not) to invest with **as little as \$1000**.

Here's how it works:

1. Visit our [Wefunder page](#) and **reserve** the investment amount that feels right for you.

2. Once our campaign officially launches and we have hit our minimum investment target (likely 30-45 days from now), you'll have the opportunity to **confirm your interest** and make your investment.

[Reserve Your Investment Now!](#)

Why should you consider investing?

- The **U.S. corporate event market** is projected to grow from **\$95.3B (2020)** to **\$510.9B (2030)**
- We've seen **158% average quarterly visitor growth** since launching in February 2024
- We have **five distinct revenue streams** already generating income

Conference Connect is building the **modern marketplace for conference and speaker discovery**—a platform designed to streamline connections between attendees, organizers, speakers, and vendors. With the professional event industry rapidly expanding, there's never been a better time to build a smarter, more connected ecosystem.

We'll use this next round of funding to accelerate **product development, marketing, and team growth** -- further amplifying our reach and brand presence.

If you believe in what we're building and want to be part of our journey, we'd love to have you on board as an early investor.

Thank you, as always, for your support and encouragement.

Until next time — **Get Connected. Stay Connected.**

Warmly,

J Scott & Ashley Wilson

**CONFERENCE
CONNECT**

We are changing the way people do conferences.

Hi Ashley,

Think about the last time you went to a conference. You met new people, shared ideas, and found new opportunities.

What most people don't realize is that those moments are part of a massive global industry that's quietly growing every year.

More people than ever want to share ideas, grow their careers or businesses, and have experiences that matter.

According to Allied Market Research, the corporate event market is projected to grow from **\$95.3 billion in 2020 to \$510.9 billion by 2030**. Businesses everywhere are investing in conferences, workshops, and events that bring people together in meaningful ways.

This industry is growing fast. The question is, are you ready to own a piece of it?

[Join Us Here](#)

Solving a Global Industry Problem

Until now, speakers, event organizers, and sponsors have relied on scattered tools to find and work with each other.

Conference Connect changes that. We've built the first all-in-one marketplace that brings speakers, organizers, sponsors, and attendees together on one simple platform.

And it's already gaining massive traction. Here's what we've achieved in less than a year:

- Over **250,000** site visitors since our launch in February 2024
- **158%** average quarterly growth in traffic
- **Five revenue streams** already generating income
- Rapid adoption by event organizers, speakers, and sponsors who use our platform to find each other faster

Conference Connect is no longer an idea. It is a proven, growing platform positioned inside one of the largest markets on earth.

Here's How You Can Get a Piece

Joining our [Wefunder](#) campaign gives you:

1. **Early ownership** in a fast-scaling startup within a 500+ billion dollar industry.
2. **Access to behind-the-scenes updates**, growth milestones, and investor perks.
3. The chance to be part of the **future of how conferences work**, connect, and grow.

You can start small. Investments begin at only **\$1,000 dollars**, making it possible for anyone to join the movement.

How It Works*

1. Visit our [Wefunder](#) page
2. Choose an amount that fits your comfort level

It takes less than five minutes to reserve your place.

Join a Platform That's Growing Fast

The professional event industry is evolving quickly. More companies are hosting experiences to connect with their audiences, more speakers are building their brands through live events, and more attendees are traveling for meaningful learning opportunities.

There has never been a single platform that connects everyone in this ecosystem. We are here to change that.

With your support, we will continue to innovate and bring modern technology to an industry ready for transformation.

This is your chance to join us before Conference Connect becomes a household name in the event space.

From Ashley, Our Founder

“We started Conference Connect to make the conference world smarter and more connected. With every new feature, every new event, and every new user, we get closer to building a community that brings people and opportunities together. I want our earliest supporters to grow with us.”

We know that a lot of you who are following us can't necessarily invest in our real estate deals -- perhaps you aren't accredited or perhaps the high minimum investments are daunting. But, unlike our real estate investments, for this one, you **don't need to be accredited**, and the **minimum investment is only \$1,000**.

Ashley Wilson and I have been growing our tech venture -- [Conference Connect](#) -- for a little over a year now. Our goal is to build the largest and most robust platform on the planet for connecting event organizers, attendees and speakers.

As someone who has supported us from the beginning, we want you to have an opportunity to invest alongside us and to have a stake in our growth.

Here's how it works:

1. Visit our [Wefunder page](#) and **reserve** the investment amount that feels right for you.

2. Once our campaign officially launches and we have hit our minimum investment target (likely 30-45 days from now), you'll have the opportunity to **confirm your interest** and make your investment.

Why should you consider investing?

- The corporate event market is projected to become a **\$510B industry** (projections by Allied Market Research) by 2030
- We've had **over 250,000 visitors to our platform** since launching in February 2024
- We have **five distinct revenue streams** that have been or will generate income

Conference Connect is building the **modern marketplace for conference and speaker discovery**—a platform designed to streamline connections between attendees, organizers, speakers, and vendors. Keep in mind that investing in a technology company is very different than investing in real estate. This investment is not likely to generate cash flow or tax benefits, and there is a risk of loss -- including 100% loss.

But, if you believe in what we're building and want to be part of our journey, we'd love to have you on board as an early investor.

If you have any questions, don't hesitate to reach out to us!

Thanks!

Why we built Conference Connect (and how you can join us)

[Invest For As Little As \\$1000 Now](#)

Now that our Wefunder campaign is officially open, I wanted to follow up and share a bit more of the story behind Conference Connect. And why Ashley and I decided to build this company in the first place.

Over the past decade, both Ashley and I have spoken at, attended, and organized more conferences, masterminds, and corporate events than we can count. And every time, we kept running into the same problem:

Finding the right people (and helping the right people find *you*) was harder than it should be.

Speakers struggled to get discovered.

Attendees struggled to navigate what was worth their time.

Organizers struggled to match talent with audience needs.

Vendors struggled to find the events where they could truly make an impact.

Everyone was operating in their own silo, with no modern, unified marketplace to bring the entire ecosystem together.

So, we decided to build the platform we kept wishing existed.

Conference Connect is our attempt to create the most comprehensive network for event organizers, attendees, speakers, and vendors -- a smarter, leaner, more connected way to make professional events work better for everyone.

And the early traction has confirmed what we believed from the start: **there's real demand for this.**

Since launching in 2024, we've had more than 250,000 visitors come through the platform. Without a large marketing push. It's organic. It's word of mouth. It's need-driven.

Now, for the first time, our Wefunder campaign is open, which means you can invest even if you're not accredited -- and the minimum is just \$1,000. You can reserve your allocation here:

[Reserve Your Investment Now!](#)

A couple reminders about how Wefunder works:

- You can [reserve your spot now](#), and only commit capital once the campaign closes.
- If you change your mind later, no harm done — reservations are non-binding.
- This is a high-risk tech startup investment (unlike our real estate deals), so always invest responsibly and with eyes wide open.

But if you've believed in what we've been building -- or if you simply want to own a small piece of a fast-growing platform in a \$500B+ industry -- we'd truly love to have you join us as an early investor.

If you have any questions, don't hesitate to reach out to us!

Thanks!

Hello,

As we have previously discussed Conference Connect, I wanted to share with you some very exciting news!!

Conference Connect has been gaining a lot of momentum (we just surpassed 200,000 visitors to our site!), and we want the customers who have supported us from the beginning to have a stake in our growth. To that end, we have set aside a \$1.2m allotment on Wefunder, a crowdfunding platform, to make it more accessible for everyone to invest.

Here's how it works*:

- Visit our [Wefunder page](#) and reserve an investment you are comfortable with - you can commit as little as \$1,000.
- Once our Wefunder campaign closes, you will have the chance to confirm your interest and invest.

Some key highlights:

- Since launch (February 2024), Conference Connect's average quarterly site visitor growth is 158%
- As a multi-sided marketplace, revenue is already being generated from five different streams
- The US corporate event market size is estimated to reach \$510.9B in 2030 (from \$95.3B in 2020)

Conference and Speaker discovery is at the forefront of what we do. With the professional event industry on the rise, now, more than ever before, is the time to build a marketplace that takes conference and speaker discovery into the 21st century. We will use this new funding to support further development, marketing and team expansion to amplify our growth and brand presence. We truly want to build something that relieves the pain points of attendees, organizers, speakers, vendors and more.

If you believe in what we are doing and want to join us, we would love to have you on as an investor.

If you have any questions, please feel free to reply to this email. Thank you as always for the support!

Until next time, Get Connected...Stay Connected!

-Ashley

Think about the last time you went to a conference. You met new people, shared ideas, and found new opportunities.

What most people don't realize is that those moments are part of a massive global industry that's quietly growing every year.

More people than ever want to share ideas, grow their careers or businesses, and have experiences that matter.

According to [Allied Market Research](#), the corporate event market is projected to grow from **\$95.3 billion in 2020 to \$510.9 billion by 2030**. Businesses everywhere are investing in conferences, workshops, and events that bring people together in meaningful ways.

This industry is growing fast. The question is, are you ready to own a piece of it?

Solving a Global Industry Problem

Until now, speakers, event organizers, and sponsors have relied on scattered tools to find and work with each other.

Conference Connect changes that. We've built the first all-in-one marketplace that brings speakers, organizers, sponsors, and attendees together on one simple platform.

And it's already gaining massive traction. Here's what we've achieved in less than a year:

- Over **250,000** site visitors since our launch in February 2024
- **158%** average quarterly growth in traffic
- **Five revenue streams** already generating income
- Rapid adoption by event organizers, speakers, and sponsors who use our platform to find each other faster
