Top Skills

Primavera P6
Construction Management
CPM Scheduling

Joshua Parent

Customer Success Manager at SmartPM Technologies, Inc.
United States

Summary

My background is predominantly in the construction industry, in the capacity of project management and expert witness services relating to construction scheduling, delay and project controls. I have worked on large scale commercial projects for developers, owners, contractors and attorneys all over the United States and internationally.

Experience

Scum & Villainy Cantina

Owner

February 2019 - Present (7 years 1 month)

Greater Los Angeles Area

A geek bar nestled in the heart of Hollywood, Scum & Villainy Cantina is a scifi-safehouse that caters to pop culture fandoms.

SmartPM Technologies, Inc.

Customer Success Manager

March 2021 - September 2021 (7 months)

Nashville, Tennessee, United States

SmartPM provides developer & contractor oversight teams with a construction project intelligence solution that imports P6 and MS Project schedules to automatically extract unique insights into scheduling logic, forecasted end-date risks, and delay causation. SmartPM reads between the lines of the project schedule to better evaluate assumptions, risks, and delays for simpler (project) oversight.
