Securities	Vivant F&B LLC Series A 06-2031 Bonds
------------	---------------------------------------

Number of Units	Up to 450,000
Issue Price	\$10.00 per unit
Minimum Amount	\$10,000
Maximum Amount	\$450,000
Maturity	60 months, or 06-2031
Interest	This bond yields a fixed interest at 10.00% . Interest is accrued daily beginning on the offering’s completion date or bond issuance date. The bond issuance date will be the date that investors receive their bond certificates. An investor should expect to receive principal + interest payments on their bonds each month on the same day until the maturity of the bond <u>or</u> for as long as the investor holds the bond. (For example, if the bond’s issuance date is July 9, 2021, then the accrual period for the bond’s interest payment in August will be from July 9, 2021 to August 8, 2021. The first principal + interest payment the investor will receive will then be August 9, 2021). Any payment date that lands on a bank holiday or weekend or at the end of the month on a day that every month may not have (i.e. the 31 st of a month, only some months have 31 st s), then investors will be paid the <u>following</u> business day.
Principal	The principal is the original amount an investor invests in the offering. It is also the amount which accrues interest during the life of the bond. As principal is paid down each month, interest will also decrease and will be calculated based on the remaining principal until the principal on an investment is fully paid back to an investor.
Status	Oversubscription (in the form of investment commitments over the maximum target fundraise amount) is allowed during the offering, but once the offering is completed, oversubscription will be capped at the maximum fundraise amount. The offering is filled on a first-come first-serve basis based on transactions that are fully completed and settled. The deadline to reach the target amount is at least 21 days from the start of the offering (the remaining offering period will always be highlighted to the investor on the offering’s page). If the sum of the investment commitments does not equal to or reach the minimum target offering amount at the offering deadline, then either 1) an issuer accepts a lower fund raised amount and investors invested in the bonds also confirm this change to the offering, at which case, the offering will be finalized and processed through accordingly or 2) an issuer extends the offering deadline to a future date beyond the original deadline and continue to raise funds accordingly in hopes to meet their target fundraise amount, and investors invested in the bonds also confirm this change to the offering or 3) no securities will be sold in the offering and investment commitments will be cancelled and committed funds will be credited back to investors’ bank accounts or credit cards.
Offering Period	The offering will begin at 9:30 am PT on April 7, 2026 and ends at 5pm PT at least 21 days from the offering go-live date.
Redemption and Repayment	This offering begins repayment 1 month after its bond issuance date on the same day as the bond issuance date each month, with the final payment of principal + interest being withheld from the successful offering and remaining in escrow until release as the final payment; subsequent payments are made the same day as the bond issuance date each month until maturity.
Collateral	This security is unsecured.
Survivor’s Option	There is no survivor’s option for this security. The bond may however, be transferred by an authorized representative of the current beneficial owner of the bond to a new

beneficial owner provided the new beneficial owner qualifies to register an account with SMBX to receive the bond's future payments. See Survivor's option for more details.

Re-sale Restrictions Securities issued pursuant to Section 4(a)(6) are not freely transferable by the investor/purchaser during the one year period beginning when the securities are issued, unless such securities are transferred to the issuer of the securities, an accredited investor, as part of an offering registered with the commission, or to a member of the family of the purchaser.

Risk Factors

Your crowdfunding investment in the bonds will involve risks. This section summarizes some but not all of the specific risks and investment considerations with respect to an investment in the bonds. This prospectus does not describe all of those risks and investment considerations, including risks and considerations relating to your particular circumstances. Neither **Vivant F&B LLC**, nor SMBX, nor any financial service provider related to this offering, are responsible for advising you of these risks now or as they may change in the future. You should not invest any funds in this offering unless you can afford to lose your entire investment. In making an investment decision, investors must rely on their own examination of the Company and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document. The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature. These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

You should consult with your own financial, tax and legal advisors, to carefully consider the following discussion of risks, among other matters, before deciding whether an investment in the bonds is suitable for you. These bonds are not an appropriate investment for you if you are not knowledgeable about important features of the bonds or financial matters in general. You should not purchase bonds unless you understand and know you can bear these investment risks.

Risks to the investor/purchaser include but are not limited to the following:

Prepayment Risk. **Vivant F&B LLC** may choose to redeem these bonds when prevailing interest rates are relatively low or when the Company believes that it can issue bonds at a lower interest rate. This is considered prepayment risk. If these bonds are redeemable at a time of the Company's choosing, it may choose to redeem your bonds from time to time. If this happens, it will most likely happen when prevailing interest rates are lower than the interest rate paid on your bonds. If prevailing interest rates are lower when it chooses to redeem your bonds, you may not be able to reinvest the redemption proceeds in a comparable bond at an effective interest rate as high as the interest rate on the bonds being redeemed.

Repayment Risk. Vivant F&B LLC's ability to make payments on the bonds depends upon the results of its operations. The Company intends to honor its debt-servicing obligations. However, the ability to do so depends on its ability to generate sufficient revenue and earnings to service bond interest payments. Failure to generate sufficient revenue and earnings could prevent us it from making distributions or otherwise providing cash needed in order to make payments on the bonds.

Liquidity Risk. The Reg CF Securities are issued in a transaction exempt from registration under the 1933 Act and are not registered thereunder or any other law of the United States, or under the securities laws of any state or other jurisdiction. Reg CF Securities purchased through the SMBX platform cannot be resold, pledged, assigned or otherwise disposed of during the one-year period starting with the date of purchase, unless they are transferred: (1) to the company itself; (2) to an "accredited investor" (as defined in as defined in Regulation D under the 1933 Act); (3) in connection with a registered offering of the Reg CF Securities with the SEC; (4) to a family member of the Investor, or to a trust of the Investor or one of its family members; or (5) in connection with the Investor's death or divorce. Therefore, if you require liquidity in your investment, you should not invest in Reg CF securities.

DESCRIPTION OF OFFERING

Use of Proceeds

The purpose of this offering is to raise up to **\$450,000**. The total proceeds of the successful offering, less offering expenses will be up to \$423,000. * Vivant F&B LLC intends to use the offering net proceeds towards working capital- second location opening and upgrades.

*For this offering, SMBX will be charging a sliding scale capital raise fee detailed in the Compensation Disclosure on page 3 (up to \$27,000 based on the total amount raised).

Investment Considerations

Cancellation of Investment. Investors have an unconditional right to cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the issuer's offering materials. An investor can reconsider his or her investment decision until the final 48 hours of the offering. Thereafter, an investor will not be able to cancel any investment commitments made within the final 48 hours of the offering (except in the event of a material change to the offering). If an investor does not reconfirm his or her investment commitment within 5 business days after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.

Delivery of Securities. Currently, Vivant F&B LLC is in sole possession of the bonds that it will offer for sale to investors. In the event of a successful offering close, Vivant F&B LLC will complete the transaction by simultaneously providing successfully purchased bonds (in the form of bond certificates) to investors via email, which will be electronically executed and delivered to investors at the close of offering and requesting SMBX to direct the Escrow Facilitator managing the account set up on behalf of the offering to release funds to Vivant F&B LLC's bank. SMBX acts as an intermediary in this transaction but does not handle, manage, or possess offering-related securities or funds.

Overview of Offering Terms

This offering is for **Vivant F&B LLC Series A 06-2031 Bonds**, yielding a fixed interest rate of **10.00%**. There are **60** months of payments, which includes principal + interest for each payment, payable on the same day each month as the bond issuance date (unless it is a bank holiday, weekend day or falls at the end of the month where the same day may not be present in every month of the year i.e. the 31st only occurs in certain months, at which point payment will be made the following business day that is not a bank holiday), starting **one** month after the close of the offering. These bonds have no voting rights. There is no dilution involved, nor is there any consequence for the Company's existing capital structure. The terms of this offering may not be modified in any way, other than by cancellation of the offering by **Vivant F&B LLC** or SMBX, which must occur prior to issuance of the bonds, defined as immediately after the successful close of the offering.

Payment of Principal and Interest

Principal and interest on the bonds will be paid to owners of a beneficial interest in the bonds in accordance with the arrangements set out below and determined by the outcome of the offering. There are **60 months** of payments. Payments include principal + interest, payable on the same day each month as the bond issuance date (unless it is a bank holiday, weekend day or falls at the end of the month where the same day may not be present in every month of the year i.e. the 31st only occurs in certain months, at which point payment will be made the following business day that is not a bank holiday), starting **1** month after the

close of the offering. Interest in the bonds accrues daily and is paid out monthly at the end of each period. In the event of a transfer of bond(s), the beneficial holder of the bond(s) at the end of the period will receive the principal + interest on the bond(s) for that month and for the remainder of the time they hold the bond(s) until the maturity of the bond(s).*

*Terms of the transference of ownership and its subsequent interest accrual method and payment are subject to change by the SMBX at any given time. Investors will be notified if any changes do occur.

Interest and Interest Rates

Each fixed-rate bond will begin to accrue interest on its issuance date, and continue to accrue interest until its maturity date, or if earlier, its redemption or repayment date. The formula used for computing interest is the following:

$$\text{Coupon Rate} = \text{Annualized Interest Payment} / \text{Par Value of Bond} * 100$$

Redemption and Repayment

Unless otherwise stated in the applicable appendix, the bonds will be repayable and redeemable by Vivant F&B LLC prior to stated maturity date but will otherwise not be redeemable at the discretion of investors prior to their stated maturity date, except in cases where nonperformance has triggered Rights of Acceleration clauses (please see Defaults and Rights of Acceleration, below).

Unless the applicable appendix states that the bond is not redeemable at the Company’s option prior to its stated maturity date, then on the first day of the following accrual period, it may redeem those bonds in whole by giving written notice to SMBX, LLC at least 30 days before the redemption date. The redemption date will always coincide with the monthly payment date. (For example, if the monthly payment date is the 5th of each month, the redemption date will also be on the 5th of the month).

Interest payments will cease to accrue at 5pm PST on the day before the first day of a new accrual period. (For example, if the monthly principal + interest payments are on the 5th of each month, the Company will only redeem its bonds on the 5th of a given month. Interest will be accrued up until the 4th of the month for the previous period and will be paid to investors accordingly). Unless otherwise specified in the applicable supplement, the redemption or repayment price will equal 100% of the remaining principal amount of the bond, plus accrued and unpaid interest to the date of redemption or repayment, but no future interest payments will be made on that bond. This payment will be wired to SMBX, LLC by 5 PM PST at least two business days before the redemption date.

The Company also may at any time purchase these bonds, including those otherwise tendered for repayment by a holder, or a holder’s duly authorized representative through the exercise of the Survivor’s Option described below, at any price or prices in the open market or otherwise. It retains the discretion to purchase these bonds at any price available on the market.

Survivor’s Option

The “Survivor’s Option” is a provision in a bond in which an issuer agrees to repay that bond, if requested by the authorized representative of the current beneficial owner of that bond, following the death of the current beneficial owner of the bond, so long as the bond was acquired by the current beneficial owner some time prior to the request.

There is no Survivor’s Option for this bond. However, in the event of the death or incapacitation of the current beneficial owner of the bond, the Company agrees to repay this bond, according to and consistent with its prearranged maturity schedule, as determined by the outcome of the offering, if requested by the authorized representative of the current beneficial owner of that bond, following the death or incapacitation of the current beneficial owner of the bond, so long as the bond was acquired by the current beneficial owner in a legal and legally-verifiable manner. At such point, the transfer of ownership to the new beneficial owner will have occurred. Receipt of payments through maturity of the bond by the new beneficial owner of the bond will require that the new beneficial owner register an account with SMBX and qualify to register such an account. Subsequent paperwork relating to the transference of the physical bond certificates will also be processed by SMBX on behalf of the issuer. Unless the supplement in appendices relating this bond offering states otherwise, the Survivor’s Option does not apply to this bond.

Requests for transfer of ownership by the authorized representative of the current beneficial owner of that bond may be sent to support@thesmbx.com.

Classification of Bonds

These bonds are **unsecured debt**. As a result, these bonds are subordinated in right of payment to any “Senior Indebtedness” to the extent and in the manner set forth in the Subordinated Indenture, as described below. The Subordinated Indenture generally defines “Senior Indebtedness” as any indebtedness for money borrowed, including all of the Company’s indebtedness for borrowed and/or purchased money, and all of its obligations arising from past senior liabilities that were outstanding on the date

it executed the Subordinated Indenture, or were created, incurred or assumed after that date, and all deferrals, renewals, extensions and refunds of that indebtedness or obligations, unless the instrument creating or evidencing the indebtedness provides that the indebtedness is subordinate in right of payment to any of the Company's other indebtedness.

Holders of subordinated bonds may be fully subordinated to interests held by creditors holding senior debt or other beneficial owners with legal claim to liabilities, in the event that the Company enters into a receivership, insolvency, liquidation or similar legal proceedings.

The Company will not be able to make any principal, premium or interest payments on the subordinated bonds or repurchase its subordinated bonds if there is a default or event of default on any Senior Indebtedness that would allow acceleration of the maturity thereof and that is not remedied and it and the trustee for the Subordinated Indenture (the "Subordinated Trustee") receive notice of this from the holders of any Senior Indebtedness or the Subordinated Trustee receives notice from the Company.

If any subordinated bond is declared due and payable before the stated maturity date or in connection with a distribution of assets to creditors pursuant to a dissolution, winding up, liquidation or reorganization, any principal, premium or interest owing to holders of Senior Indebtedness will be paid to those holders before any holders of subordinated bonds will be paid. However, if such amounts were previously paid to the holder of a subordinated bond or the Subordinated Trustee, the holders of Senior Indebtedness will not have first rights to such amounts previously paid but will have first rights to such amounts going forward.

Until all Senior Indebtedness is repaid in full, the holders of subordinated bonds will be subrogated to the rights of the holders of Senior Indebtedness to receive payments or distributions of assets. Due to differing subordination provisions in various series of subordinated debt securities issued by the Company and its predecessors, in the event of a dissolution, winding up, liquidation, reorganization, insolvency, receivership or other proceeding, holders of the subordinated bonds may receive more or less, ratably, than holders of some of the Company's other series of its outstanding subordinated debt securities.

Defaults and Rights of Acceleration

This Indenture defines an event of default as any one of the following events: **Vivant F&B LLC** becomes more than 180 days past due on scheduled payments; breach of any of the Company's other covenants contained in this Indenture that is not cured within 90 days after written notice by the intermediary on behalf of bondholders; and events involving the Company's bankruptcy, insolvency or liquidation to be determined by intermediary in its sole discretion. Payment of principal of these bonds may or may not be accelerated should the Company fail to make any scheduled payment. Intermediary will determine the proper course, based on what it determines, in its sole discretion, is in the best commercial interests of bondholders.

Collection of Indebtedness

If the Company fails to make scheduled payments on these bonds or if it is late on a payment on these bonds, on behalf of the interests of bondholders, the intermediary to this transaction (SMBX) will demand that the Company pay to an escrow account set up for the benefit of the bondholders the amount which is due and payable on those bonds. If the Company fails to pay the required amount on demand, the intermediary may take appropriate actions, including instituting judicial proceedings, or referring out to a third-party collection agency, in an order that the intermediary determines is in the best commercial interests of bondholders.

To offset the cost of paying the bondholders through the intermediary's banking partners, the monthly payment will include a \$50.00 payment processing fee payable to the intermediary until the bond is repaid. SMBX reserves the right, in its sole discretion, to reasonably increase or decrease the amount of the monthly payment processing fee.

Below is the standard workflow for monthly payments to bondholders by the Company and, in the unfortunate event of a missed payment or default, the process the intermediary will take on behalf of bondholders. If the intermediary determines that an alternative course of action will result in a better commercial outcome on behalf on bondholders, it can deviate from the standard workflow at its sole discretion. Bondholders and Company shall indemnify intermediary for any action taken or omitted in the process of collection of indebtedness on behalf of bondholders unless caused by willful misconduct or gross negligence.

The intermediary will service the bond payments to bondholders as they receive monthly bond payments of principal and interest held in an escrow account for bondholders from the Company. Payments by the Company to the escrow account held on behalf of investors will be made via ACH through an automatic debit authorized by the Company, or in a method to be approved by the intermediary in its sole discretion. Intermediary will be permitted to change the payments processor and/or the destination bank without prior authorization, but will notify the Company. If payment to the escrow account is made via an automatic ACH debit, Company will permit the intermediary to initiate the payment two business days prior to the payment date to investors (unless it is a bank holiday, weekend day or falls at the end of the month where the same day may not be present in every month of the

year i.e. the 31st only occurs in certain months, at which point payment will be made the prior business day that is not a bank holiday), so that funds will be settled and available to bondholders on the scheduled payment date. The Company will agree to reimburse intermediary for any fees incurred by intermediary related to returned ACH payments in an amount equal to the cost of those fees. Company will also be responsible for any collection costs associated with third-party collection agencies. The intermediary will direct one (1) monthly payment in an escrow account for the benefit of bondholders to be used for a missed scheduled payment or as the final payment to bondholders from the initial disbursement. If there is a missed scheduled payment by the Company, the intermediary will pay bondholders with the single payment held in escrow and work, on behalf of bondholders, to rectify with the Company the missed payment obligations. If the Company is unable to cure their payment obligations before the next scheduled payment, a notification is sent to bondholders that a payment has been missed, which will also reference the next steps in the process. Monthly payments to bondholders will be halted at this point until the Company makes any further payments into the escrow account. The Company will have up to 90 days to seek a payment resolution to cure their payment obligations, both current and missed. If the Company cannot become current on their bond payment obligations within the 90-day window, the intermediary will, on behalf of bondholders, contract with a third-party recovery service for further recovery processing. A second notification will be sent to bondholders alerting them to a commencement of third-party recovery on their bond securities. If the Company does not communicate with the intermediary in the process to a degree determined as satisfactory to the intermediary in its sole discretion, intermediary reserves the right to release any and all contact information provided to intermediary directly to investors. In the event recovery processes are ineffective and the Company is unable to cure their payment obligations or provide a payment solution satisfactory to the intermediary in its sole discretion (90-day max for recovery), at the 180-day delinquency point, the intermediary will notify bondholders that the bond securities have defaulted and the intermediary will proceed to close out on the bond securities and remove it from the platform. Bondholders will lose the remaining principal amount on their investment.

Opening New Bond Series and Future Funding

Nothing in the terms of this offering prohibits or otherwise prevents **Vivant F&B LLC** from issuing subsequent bonds or funding itself in the future by any means determined appropriate or necessary by the principals of **Vivant F&B LLC**, provided that such funding methods do not violate securities law or any issuance limits placed by securities law on issuers, regardless of withstanding exemptions.

REGISTRATION AND SETTLEMENT

Book-Entry System

All of the bonds on offer will be issued by the Company and provided directly to investors in a pdf "certificate form" via email through the SMBX portal, and a record of ownership will be kept in "book-entry only form", recorded in the SMBX backend database, and will be represented to investors in their "Portfolio."

SMBX back-office accounting system automatically records which bondholders have been issued bonds by the Company. However, SMBX does not manage, possess, or handle securities exchanged across its platform. All issuances are directly between the issuer and bondholders.

Registration, Transfer, and Payment of Certified Bonds

Registration. Registration of beneficial ownership of bonds in the book entry system is automatically triggered at the successful close of the offering after bonds have been issued, allocated, in specific cases reconfirmed by investors, and registered in the book entry system automatically populates the registrant ID of the registered bond holder. The transaction is also recorded in the investor's "Portfolio" history and current bond holdings so that investors are able to see their positions at any given point in time. Finally, a physical digital bond certificate is also generated, electronically signed, and distributed directly to investors via email. The SMBX facilitates this process on **Vivant F&B LLC's** behalf and at the Company's direction only.

Transfer. Transfer of ownership of bonds from one registered investor to another investor involves the current owner directly transferring their beneficial ownership of the bond to the new owner for a cash amount agreed to by both parties or by some other method of agreement. Please note however, that the requirements of transference in the first year are subjected to Reg CF rules where Reg CF Securities purchased through the SMBX platform cannot be resold, pledged, assigned or otherwise disposed of during the one-year period starting with the date of purchase, unless they are transferred: (1) to the Company itself, (2) to an "accredited investor" (as defined in as defined in Regulation D under the 1933 Act), (3) in connection with a registered offering of the Reg CF Securities with the SEC, (4) to a family member of the Investor or to a trust of the Investor or one of its family members, or (5) in connection with the Investor's death or divorce. In the event there is a transfer of bonds from the

original owner to a new owner, both the original and new owner should contact the issuer and the SMBX to notify them of the change in ownership so that both the issuer and SMBX may record the transfer of ownership in the books and records. This transfer must be done in accordance to the bylaws of the issuer. The record of the old certificate will then be void and a new certificate will be created, executed and distributed to the investor via email.

Payment. Payments made between investors and issuers at issuance and between issuer and investors upon scheduled bond payments are all directed through a qualified third party, which are SMBX's Payments Processor/Escrow bank agents/facilitators, North Capital Private Securities Corporation and Thread Bank. SMBX does not hold, manage, possess or otherwise handle customer securities or funds. SMBX reserves the right, in its sole discretion, to change the Payments Processor/Escrow bank agents/facilitators without prior authorization from investors or issuers. SMBX will notify Company of the change within one (1) month of any change to the Payments Processor. When an investor makes an investment commitment, the Company will direct SMBX to direct the payments processor to withdraw the funds from the investor's bank account or credit card in order to be placed in an escrow account operated by North Capital Private Securities Corporation, or any successor Escrow Facilitator. At the close of the offering, the Company will direct SMBX to promptly direct the Escrow Facilitator to transmit funds to the issuer when the aggregate amount of investment commitments from all investors is equal to or lesser than the target amount of the offering provided it has been agreed to by the issuer, and the cancellation period for each investor has expired. Likewise, investors will direct SMBX to direct Thread Bank, or any successor Payments Processor, to withdraw funds (principal + interest paid) from the monthly bond payments escrow account and deposit to their linked bank account.

TAX CONSEQUENCES TO U.S. HOLDERS

Debt Crowdfunding Securities

The **Vivant F&B LLC Series A 06-2031 Bonds** is a form of debt securities. The bonds will accrue monthly interest payments on the outstanding principal like a loan and will be paid to investors on a monthly basis. The payments will include principal and interest. Investors do not have an equitable interest in **Vivant F&B LLC**. They are essentially lenders to **Vivant F&B LLC** in which they are providing the funds for a specific transaction and are receiving interest payments according to the agreement. This type of transaction is different from an equity deal and, accordingly, the tax implications can differ.

Taxpayers investing in debt securities are typically not partners to an operating trade or business but are investors of the securities **Vivant F&B LLC** has issued. They do not get to participate in any financial upside of the business. Accordingly, the interest payments they receive on their bonds are typically classified as interest income. Interest on bonds, mutual funds, CDs, and demand deposits of \$10 or more is taxable. Taxable interest is taxed just like ordinary income. Investors will receive a 1099-INT at the end of the year that reflects the interest income they received and should file their taxes accordingly.

Ultimately investors need to carefully review any crowdfunding offering and make sure that they understand the tax ramifications. In addition, they should make sure to engage a qualified CPA or other tax professional to assist them with their tax return.

REGULATORY CONSIDERATIONS

Legal Authority and Obligations of SMBX

Safe harbor for SMBX. SMBX can determine whether and under what terms to allow an issuer to offer and sell securities in reliance on Securities Act Section 4(a)(6) through its platform, while also complying with all other provisions of Reg CF, including the prohibition on providing investment advice or recommendations. SMBX uses algorithmic scores that are objective in order to advise issuers, including advising the issuer on the range of bond yields to qualify for a bond offering on SMBX. However, SMBX does not advertise, make statements or otherwise represent that the offerings listed on its platform are safer or better investments than those listed on other platforms. SMBX also does not use subjective criteria when to assessing an issuer.

Information about the offering is made available to the SEC and the general public no later than 21 days prior to execution of the sale of securities. SMBX provides offering-related communication channels between issuer and investors, but does not participate in these communications, other than to establish guidelines about communication and to remove abusive or potentially fraudulent communications.

Terms of Investor Participation

SMBX-origination is restricted to SMBX. SMBX-originated crowdfunding transactions must be conducted exclusively through SMBX.

Right to denial of platform access. SMBX will deny access to its platform to an issuer, or cancel an offering of an issuer, that the funding portal believes may present the potential for fraud or otherwise raises investor protection concerns. It will also deny access to its platform if it reasonably believes that it is unable to adequately or effectively assess the risk of fraud of the issuer or its potential offering.

Cancellation of offering. An offering may be cancelled, for reasons that may vary, by either SMBX or the issuer. Issuer and SMBX reserve the right to cancel an offering at any time at discretion. When an offering is cancelled, investors will receive notification by email of the offering's cancellation, and all investment commitments will be credited back to investors' bank accounts per standard ACH processing times.

Investing in Reg CF securities includes risk of financial loss. Investing in Reg CF securities includes financial risks, including loss of money invested. By signing this agreement, you are acknowledging that investing in Reg CF securities includes risks, including loss of money invested. Each time before making an investment commitment, an investor must review relevant investor educational materials, and understand that the entire amount of his or her investment may be lost and is in a financial condition to bear the loss of the investment.

Investor acknowledgement of investment limits. Securities Act Section 4(a)(6)(B) limits the aggregate amount of securities that can be sold by an issuer to an investor in reliance on Section 4(a)(6) during the latest 12-month period. Securities Act Section 4A(a)(8) requires that SMBX, as a Reg CF funding portal, make efforts to ensure that no investor has made purchases in the aggregate, from all issuers, that exceed the limits in Section 4(a)(6).

During the 12-month period preceding the date of such transaction:

A non-accredited investor's aggregate investment cannot exceed: (i) the greater of \$2,200 or 5% of the greater of the annual income or net worth of such investor, as applicable, if either the annual income or the net worth of the investor is less than \$124,000, not to exceed a maximum aggregate amount sold of \$124,000; or (ii) 10% of the greater of the annual income or net worth of such investor, as applicable, not to exceed a maximum aggregate amount sold of \$124,000, if both the annual income and net worth of the investor is equal to or more than \$124,000.

Accredited investors are not subject to investment limits. SMBX relies on an investor's representations concerning annual income, net worth and the amount of the investor's other investments in securities sold in reliance on Section 4(a)(6) through other intermediaries unless SMBX has a reasonable basis to question the reliability of the representation.

Investor will accept information solely by electronic means. Investors must consent to accept all offering and offering-related information required by Subpart C of Regulation Crowdfunding through electronic means, including but not limited to, educational materials, notices and confirmations.

Acknowledgement of educational materials made available prior to investing. Before investing in any securities sold on SMBX, you will have the opportunity to review educational materials via email upon your account registration and in HELP, which includes the following information:

- the restrictions on the resale of securities offered and sold in reliance on Section 4(a)(6);
- the types of information that an issuer is required to provide in annual reports, the frequency of the delivery of that information, and the possibility that the issuer's obligation to file annual reports may terminate in the future;
- the limits on the amounts investors may invest, as set forth in Section 4(a)(6)(B);
- the circumstances in which the issuer may cancel an investment commitment;
- the limitations on an investor's right to cancel an investment commitment;
- the need for the investor to consider whether investing in a security offered and sold in reliance on Section 4(a)(6) is appropriate for him or her; and
- that following completion of an offering, there may or may not be any ongoing relationship between the issuer and SMBX.

Acknowledgement of the restrictions on the cancellation of an investment. Investors have an unconditional right to cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the issuer's offering materials. An investor can reconsider his or her investment decision until the final 48 hours of the offering. Thereafter, an investor will not be able to cancel any investment commitments made within the final 48 hours of the offering (except in the event of a material change to the offering). By participating in an offering, you are acknowledging that you will not be able to cancel any investment commitments made within the final 48 hours of the offering. If an investor does not reconfirm within 5 business days his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.

The bonds being offered may not be transferred by any purchaser of such bonds during the one year period beginning when they were issued, unless such bonds are transferred: (1) to the issuer; (2) to an accredited investor; (3) as part of an offering registered with the U.S. Securities and Exchange Commission; or (4) to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance. (PLEASE NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person. The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. Promoters of the issuer are required to disclose their identity and receipt of compensation. Promoters of offerings are required to disclose in all communications on SMBX their receipt of compensation and the fact that he or she is engaging in promotional activities on behalf of the issuer.

Notification to investors of material change made to an offering. Material changes made by the issuer to the offering terms require notification to investors, and require reconfirmation by investors of their investment commitments within five business days.
