BUSINESS

A full description of our products, services and business plan can be found on the Company's Investor Website Page at the Company's website under invest.reiturn.com. The version published as of the date of this Form C/A is attached as Exhibit B.

Reiturn Inc. is a Delaware corporation founded in 2026 as the operating company behind a new platform designed to democratize access to institutional-quality real estate investing. Reiturn's mission is to become the leading digital platform for everyday investors to participate in professionally managed real estate. The company's founding team brings over a decade of experience in multifamily real estate, having built a portfolio of more than 3,600 residential units, over \$500 million in assets, and a track record of 50 consecutive quarters of cash distributions.

REIT Strategy and Growth Targets

Reiturn plans to launch and manage a number of Regulation A+ REITs over the next several years, each focused on its "Forgotten Middle" strategy—targeting Class B workforce housing in the Midwest, where underserved communities and undervalued asset types offer strong risk-adjusted returns alongside measurable social impact. These are the investments that will be placed on the Company's platform. Under Reg A+, each REIT can raise up to \$75 million per year from both accredited and non-accredited investors. The long-term projection is to raise over \$300 million in total capital for the REIT.

Corporate Structure and Relationship to the REIT

Reiturn Inc. is the operating company—it is not itself a REIT. Instead, the Company will function as the platform and management company that will create, launch, and operate a series of Regulation A+ real estate investment trusts. Each REIT will be a separate legal entity that acquires and holds real property, while the Company or a wholly owned special purpose entity will serve as the general partner and asset manager across all of them. Investors in the Company are therefore not making a direct real estate investment; they are participating in the management platform itself, with exposure to the economics and risks of managing a growing portfolio of REITs.

Reiturn expects to generate revenue from its managed REITs through three streams:

- annual asset management fees charged to each REIT (expected around 2% per annum)
- a share of the carried interest on REIT profits above a defined hurdle rate (expected around 20%). As Reiturn launches additional REITs and grows total assets under management, its recurring fee income and performance upside scale accordingly.

The company is raising under Regulation CF in order to hire staff, support operations, and build marketing resources to support its various REIT fundraising activities.

Competitive Landscape

The democratized real estate investing space has grown significantly, with platforms like Fundrise (~\$2.9B in equity under management), Arrived Homes, DiversyFund, and RealtyMogul offering retail investors access to real estate through crowdfunding and non-traded REITs. Fundrise operates as a broad multi-asset platform spanning real estate, private credit, and venture capital. Arrived Homes allows fractional ownership of individual rental properties. DiversyFund

offers non-traded REITs focused on value-add multifamily, and RealtyMogul provides private REITs with monthly distributions.

Reiturn differentiates itself in several important ways. First, its founding team's 10+ year operating track record offsets the Company apart most crowdfunded platforms. Second, management believes that Reiturn's Forgotten Middle strategy is a focused, repeatable thesis rather than a generalist approach, targeting an underserved segment with proven alpha. Third, the OpCo structure will give investors exposure to the management economics (fees and carried interest) across multiple REITs, rather than direct exposure to a single pool of properties.

Team and Employees

Initially, Reiturn will not have any full-time employees, but will rely on a mix of part-time contractors and consultants while it fundraises. These will include full-time employees of Birgo Realty LLC, a Company with shared management and ownership with the Company. As the Company hits its fundraising goals, it will likely bring on more dedicated staff to support its various REIT fundraising efforts.

Perks

The Company is offering the following Perks to Investors:

Time-Based - From June 5, 2026 to 11:59PM PST on August 13, 2026	Bonus	Effective Share Price
\$1,000+	5%	\$1.67

- The Time-Based Bonuses begin on the date the Form C is filed with the SEC and ends at 11:59pm Pacific Standard Time on November 18, 2026.
- The Company is not issuing partial shares. Any calculation of bonus shares to be issued, whose product reflects the issuance of a partial share, will be rounded down, to the nearest whole share and issued to the Purchaser at the close of the Offering.

The maximum bonus shares anyone can receive in this Offering is 40%. Volume perks are cumulative throughout the raise. For example, if someone invests \$5,000 twice within the first 30 days, they will receive 20% bonus shares. If their cumulative invest spans multiple time-based bonus windows, they will receive the volume bonus that corresponds with the most recent time-based bonus window.

The bonus shares will all be assigned and issued to Investors at the termination of the Offering. The date/time of the signed subscription agreement will be used in identifying the applicability of perks.

DealMaker Securities LLC has not been engaged to assist in the distribution of the Bonus Shares, and will not receive any compensation related to the Bonus Shares. The maximum bonus share anyone can receive in this Offering is 40%. However, there are only 892,972 Bonus Shares

available, representing 31% of the total shares available for sale, meaning all shares will be issued on a first come first served basis.

RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C/A. The risks discussed below are not the only ones facing its business but do represent those risks that the Company believes are material to it. Additional risks and uncertainties not presently known to it or that the Company currently deems immaterial may also harm its business.

In addition to the risks specified below, the Company is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Before investing, you should carefully read and carefully consider the following:

Risks Related to the Company's Business and Industry

We have no operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Company is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early-stage companies. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

The Company's success depends on the experience and skill of its Co-Founders, executive officers and key personnel.

We are dependent on our Co-Founders, executive officers and key personnel. These persons may not devote their full time and attention to the matters of the Company. The loss of any or all of our Co-Founders, executive officers and key personnel could harm the Company's business, financial condition, cash flow and results of operations.

The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

We may face potential difficulties in obtaining capital.

We may have difficulty raising needed capital in the future as a result of, among other factors, our revenues from sales, as well as the inherent business risks associated with our Company and present and future market conditions. Additionally, our future sources of revenue may not be sufficient to meet our future capital requirements. As such, we may require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We will rely on various intellectual property rights in order to operate our business.

The Company will rely on certain intellectual property rights, particularly trade secrets, to operate its business. The Company's intellectual property rights are unregistered and may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to

protect or enforce our intellectual property rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

Although dependent on certain key personnel, the Company does not have any key person life insurance policies on any such people.

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and our operations. We have no way to guarantee key personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

In order for the Company to compete and grow, it must attract, recruit, retain and develop the necessary personnel who have the needed experience.

Recruiting and retaining highly qualified personnel is critical to our success. These demands may require us to hire additional personnel and will require our existing management and other personnel to develop additional expertise. We face intense competition for personnel, making recruitment time-consuming and expensive. The failure to attract and retain personnel or to develop such expertise could delay or halt the development and commercialization of our product candidates. If we experience difficulties in hiring and retaining personnel in key positions, we could suffer from delays in product development, loss of customers and sales and diversion of management resources, which could adversely affect operating results. Our consultants and advisors may be employed by third parties and may have commitments under consulting or advisory contracts with third parties that may limit their availability to us, which could further delay or disrupt our product development and growth plans.

We need to rapidly and successfully develop and introduce new products and services in a competitive, demanding and rapidly changing environment.

To succeed in our intensely competitive industry, we must continually improve, refresh and expand our product and service offerings to include newer features, functionality or solutions, and keep pace with changes in the industry. Shortened product life cycles due to changing customer demands and competitive pressures may impact the pace at which we must introduce new products or implement new functions or solutions. In addition, bringing new products or solutions to the market entails a costly and lengthy process, and requires us to accurately anticipate changing customer needs and trends. We must continue to respond to changing market demands and trends or our business operations may be adversely affected.

The development and commercialization of our products and services is highly competitive.

We face competition with respect to any products or services that we may seek to develop or commercialize in the future. Our competitors include major companies worldwide. Many of our competitors have significantly greater financial, technical and human resources than we have and superior expertise in research and development and marketing approved products and services and thus may be better equipped than us to develop and commercialize products and services. These competitors also compete with us in recruiting and retaining qualified personnel and acquiring technologies. Smaller or early stage companies may also prove to be significant competitors, particularly through collaborative arrangements with large and established companies. Accordingly, our competitors may commercialize products and services more rapidly or effectively than we are able to, which would adversely affect our competitive position, the likelihood that our products and services will achieve initial market acceptance, and our ability to generate meaningful additional revenues from our products and services.

Industry consolidation may result in increased competition, which could result in a loss of customers or a reduction in revenue.

Some of our competitors have made or may make acquisitions or may enter into partnerships or other strategic relationships to offer more comprehensive services than they individually had offered or achieve greater economies of scale. In addition, new entrants not currently considered to be competitors may enter our market through acquisitions, partnerships or strategic relationships. We expect these trends to continue as companies attempt to strengthen or maintain their market positions. The potential entrants may have competitive advantages over us, such as greater name recognition, longer operating histories, more varied services and larger marketing budgets, as well as greater financial, technical and other resources. The companies resulting from combinations or that expand or vertically integrate their business to include the market that we address may create more compelling service offerings and may offer greater pricing flexibility than we can or may engage in business practices that make it more difficult for us to compete effectively, including on the basis of price, sales and marketing programs, technology or service functionality. These pressures could result in a substantial loss of our customers or a reduction in our revenue.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We may face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including “bugs” and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers’ or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of

our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

We operate in a regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are subject to a wide range of federal, state, and local laws and regulations. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we may incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

Changes in federal, state or local laws and government regulation could adversely impact our business.

The Company is subject to legislation and regulation at the federal, state and local levels. New laws and regulations may impose new and significant disclosure obligations and other operational, marketing and compliance-related obligations and requirements, which may lead to additional costs, risks of non-compliance, and diversion of our management's time and attention from strategic initiatives. Additionally, federal, state and local legislators or regulators may change current laws or regulations which could adversely impact our business. Further, court actions or regulatory proceedings could also change our rights and obligations under applicable federal, state and local laws, which cannot be predicted. Modifications to existing requirements or imposition of new requirements or limitations could have an adverse impact on our business.

Changes in employment laws or regulation could harm our performance.

Various federal and state labor laws govern our relationship with our employees and affect operating costs. These laws include minimum wage requirements, overtime pay, healthcare reform and the implementation of the Patient Protection and Affordable Care Act, unemployment tax rates, workers' compensation rates, citizenship requirements, union membership and sales taxes. A number of factors could adversely affect our operating results, including additional government-imposed increases in minimum wages, overtime pay, paid

leaves of absence and mandated health benefits, mandated training for employees, increased tax reporting and tax payment requirements for employees who receive tips, a reduction in the number of states that allow tips to be credited toward minimum wage requirements, changing regulations from the National Labor Relations Board and increased employee litigation including claims relating to the Fair Labor Standards Act.

We are dependent on the performance of the REITs we manage, and adverse developments affecting those REITs may materially and adversely affect our business, results of operations, and prospects.

Our revenues are expected to be derived primarily from management fees and carried interests, or similar economic arrangements with the REITs that we manage or sponsor. As a result, our cash flows, financial condition, and ability to grow our business will be closely tied to the success, cash flows, asset values, operations, and investment performance of those REITs. If any managed REIT experiences poor investment performance, insufficient investor demand, reduced distributions, declining property values, tenant defaults, financing difficulties, increased operating expenses, regulatory issues, or other adverse developments, our management fees, carried interest, and other compensation may be reduced, delayed, or eliminated.

In addition, because our carried interest or similar performance-based compensation generally depends on the managed REITs generating returns above applicable thresholds or after payment of specified investor returns, we may not receive meaningful carried interest unless the managed REITs are successful. Any failure by a managed REIT to achieve its investment objectives could also harm our reputation, impair our ability to raise capital for future REITs, reduce investor confidence in our platform, and limit our ability to launch additional investment products. Accordingly, risks applicable to the REITs we manage — including real estate market risk, interest rate risk, leverage risk, liquidity risk, regulatory risk, and risks specific to the assets held by those REITs — may also materially and adversely affect us.

We have not previously developed or operated the contemplated retail investor platform or managed a Regulation A issuer platform, and we may be unable to do so successfully.

Our business plan contemplates the creation and operation of a technology-enabled platform through which retail investors may invest in one or more REITs, including offerings that may be conducted pursuant to Regulation A. We have not previously developed, operated, or managed a platform of this type, and we have limited or no operating history with respect to the specific business model we intend to pursue. Developing and operating such a platform will require us to address significant operational, technological, regulatory, compliance, marketing, investor relations, cybersecurity, and administrative challenges, many of which may be new to us. There can be no assurance that we will successfully launch the platform, attract a sufficient number of investors, raise meaningful capital for any REIT, generate adequate transaction volume, or earn revenues sufficient to support our business. Even if we launch an initial REIT, we may be unable to launch additional REITs or other investment products, and the platform may not achieve scale. Our success will depend on, among other things, investor acceptance of the platform, the availability of attractive real estate investments, our ability to comply with Regulation A and other securities laws, the effectiveness of our technology and compliance infrastructure, and our ability to compete with established real estate investment platforms and other investment alternatives. If we are unable to implement this business model successfully,

our revenues may be limited, our growth prospects may be materially impaired, and investors could lose all or a substantial portion of their investment.

Risks Related to the Offering

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C/A is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C/A, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C/A and the accompanying exhibits.

The Securities are offered on a “Best Efforts” basis and the Company may not raise the maximum amount being offered.

Since the Company is offering the Securities on a “best efforts” basis, there is no assurance that the Company will sell enough Securities to meet its capital needs. If you purchase Securities in this Offering, you will do so without any assurance that the Company will raise enough money to satisfy the full Use of Proceeds which the Company has outlined in this Form C/A or to meet the Company’s working capital needs.

The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.

Unless the Company has agreed to a specific use of the proceeds from the Offering, the Company’s management will have considerable discretion over the use of proceeds from the Offering. As is the case with any business, particularly one without a proven business model, it should be expected that certain expenses unforeseeable to management at this juncture will arise in the future. There can be no assurance that management's use of proceeds generated through this Offering will prove optimal or translate into revenue or profitability for the Company. You are urged to review the Use of Proceeds in this Offering Statement but to understand that the actual use of the net proceeds of this Offering may vary significantly. In all cases, you should consult with their attorneys, accountants and personal investment advisors prior to making any decision to invest in the Company. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Company has the right to limit individual Investor commitment amounts based on the Company’s determination of an Investor’s sophistication.

The Company may prevent any Investor from committing more than a certain amount in this Offering based on the Company’s determination of the Investor’s sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company’s determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company’s determination.

The Company has the right to extend the Offering Deadline.

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to

raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after the release of such funds to the Company, the Securities will be issued and distributed to you.

The Company may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Company can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Company may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Company has the right to conduct multiple closings during the Offering.

If the Company meets certain terms and conditions, an intermediate close (also known as a rolling close) of the Offering can occur, which will allow the Company to draw down on Investor proceeds committed and captured in the Offering during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Risks Related to the Securities

You will not be investing directly into the Company, but into a special purpose vehicle.

Changes to the securities laws that went into effect March 15, 2021, permit us to use a “special purpose vehicle” or “SPV” in this offering. That means that you will invest in Reiturn Reg CF SPV LLC, becoming a member of the SPV, and that investment purchases our Class A Common Stock. A condition to using an SPV is that the SPV passes on the same economic and governance rights that are set out in the Class A Common Stock. You will also be relying on us, as the Manager of the SPV, to make sure the SPV complies with Delaware law and functions in accordance with securities law. The structure of the SPV is explained further in the section entitled, “CAPITALIZATION AND OWNERSHIP”. The SPV will terminate and distribute the securities it holds to you, so that you may hold them directly, in certain circumstances. Due to this structure, there may be delays, complications and unexpected risks.

An investment in the Company's Securities could result in a loss of your entire investment.

An investment in the Company's Securities offered in this Offering involves a high degree of risk and you should not purchase the Securities if you cannot afford the loss of your entire investment. You may not be able to liquidate your investment for any reason in the near future.

The Securities will not be freely tradable under the Securities Act until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.

You should be aware of the long-term nature of this investment. There is not now and may never be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. In addition, even if a trading market develops, there is absolutely no assurance that the Securities could be sold under Rule 144 or otherwise unless the Company becomes a current public reporting company with the Securities and Exchange Commission and otherwise is current in the Company's business, financial and management information reporting, and applicable holding periods have been satisfied. Investors should be aware of the long-term nature of their

investment in the Company. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

The Company is controlled by the CEO/Founder and they will exercise voting control.

Prior to the Offering, the Company's Founder beneficially owns and controls the majority of the Company. Subject to any fiduciary duties owed to investors under Delaware law, the Founder will be able to exercise significant influence over matters requiring stockholder approval, including the election of directors or managers and approval of significant Company transactions, and will have significant control over the Company's management and policies. The Founder may have interests that are different from yours. For example, the Founder may support proposals and actions with which you may disagree. The concentration of ownership could delay or prevent a change in control of the Company or otherwise discourage a potential acquirer from attempting to obtain control of the Company, which in turn could reduce the price potential investors are willing to pay for the Company. In addition, the Founder could use his voting influence to maintain the Company's existing management, delay or prevent changes in control of the Company, or support or reject other management and board proposals that are subject to stockholder approval.

The securities in this Offering have no protective provisions.

The Securities in this Offering have no protective provisions. As such, you will not be afforded protection, by any provision of the Securities or as a Shareholder, in the event of a transaction that may adversely affect you, including a reorganization, restructuring, merger or other similar transaction involving the Company. If there is a liquidation event, or change of control for the Company, the Securities being offered do not provide you with any protection. In addition, there are no provisions attached to the Securities in the Offering that would permit you to require the Company to repurchase the Securities in the event of a takeover, recapitalization or similar transaction involving the Company.

Investors will not have voting rights.

Investors will not have the right to vote upon matters of the Company as the Class A Common Stock has no voting rights attached to it. Our principal stockholder will control 100% of the Company's outstanding Class B Common Stock, which does have voting rights. Thus, Investors will not be able to vote upon any matters of the Company unless otherwise provided for by law.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by law. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C/A and no additional information. Additionally, there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and

updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

The Securities may be significantly diluted as a consequence of subsequent equity financings.

The Company's equity securities will be subject to dilution. The Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor's control and economic interests in the Company.

The amount of additional financing needed by the Company will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Company's needs, the Company may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

In addition, the Company has promised to issue certain equity grants which will be issued after the filing of this Form C/A. Should the Company enter into a financing that would trigger any conversion rights, the converting securities would further dilute the holders of the Securities upon a qualifying financing.

Our valuation and our offering price have been established internally and are difficult to assess.

The Offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. The Company has set the price of its Class A Common Stock at \$1.75 per share, plus a 2% Investor Processing Fee, capped at \$200 per investment. See “Offering” for further details on this fee. The Investor Processing Fee is intended to offset transaction costs and, though this fee is counted towards the amount the Company is seeking to raise under Regulation Crowdfunding and the limit each investor may invest pursuant to Regulation Crowdfunding, we did not value it in determining our valuation. Including this fee will increase our valuation for which you are paying for shares in our Company accordingly. Valuations for companies at this stage are generally purely speculative. Similarly, the issuance of Bonus Shares will reduce the effective price per share, thereby diluting any investor who does not receive the maximum number of Bonus Shares available. The amount of dilution that an investor may experience due to Bonus Shares cannot be calculated at this time; however, investors could experience up to 40% immediate dilution from the issuance of Bonus Shares (meaning that an investor could pay \$1.75 for Shares that are diluted to \$1.25 in value after accounting for Bonus Shares). Our valuation has not been validated by any independent third party and may decrease precipitously in the future. It is a question of whether you, the investor, are willing to pay this price for a percentage ownership of an early-stage company. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

The Investor Processing Fee may not count toward your cost basis for tax purposes.

The IRS and/or another relevant tax authority may consider the price of the share before including the Investor Processing Fee as the cost basis for determining any gain or loss at a realization event. You should discuss with your tax advisor the appropriate way to determine the relevant tax obligation.

There is no guarantee of a return on an Investor’s investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C/A and all Exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

If we are required to register any Securities under the Exchange Act, it would result in significant expense and reporting requirements that would place a burden on our management.

Subject to certain exceptions, Section 12(g) of the Exchange Act requires an issuer with more than \$10 million in total assets to register a class of its equity securities with the Commission under the Exchange Act if the securities of such class are held of record at the end of its fiscal year by more than 2,000 persons or 500 persons who are not “accredited investors.” To the extent the Section 12(g) assets and holders limits are exceeded, we intend to rely upon a conditional exemption from registration under Section 12(g) of the Exchange Act contained in Rule 12g6 under the Exchange Act (the “Reg. CF Exemption”), which exemption generally requires that the issuer (i) be current

in its Regulation CF filings as of its most recently completed fiscal year end; (ii) engage a transfer agent that is registered under Section 17A(c) of the Exchange Act to perform transfer agent functions; and (iii) have less than \$25 million in assets as of the last business day of its most recently completed fiscal year. If the number of record holders of any Securities exceeds either of the limits set forth in Section 12(g) of the Exchange Act and we fail to qualify for the Reg. CF Exemption, we will be required to register such Securities with the Commission under the Exchange Act. If we are required to register any Securities under the Exchange Act, it would result in significant expense and reporting requirements that would place a burden on our Company and may divert attention from management of the Company.

There is a limited number of shares available to satisfy Bonus Share obligations, and Bonus Shares will be issued on a first come, first served basis.

While the maximum Bonus Shares available to any investor in this Offering is 40%, the Company has only reserved 892,972 shares of Class A Common Stock for issuance as Bonus Shares, representing approximately 31% of the total shares in this Offering. This pool of shares may not be sufficient to cover the Bonus Shares owed to every investor who qualifies for a bonus under the terms of this Offering. Bonus Shares will be issued to qualifying investors on a first come, first served basis, in the order in which subscriptions are received and accepted. As a result, investors who invest later in the Offering, even if they otherwise meet the requirements for a Bonus, may receive a reduced number of Bonus Shares, or no Bonus Shares at all, once the available pool has been exhausted. There is no guarantee that any investor will receive the full Bonus Shares to which they believe they are entitled.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C/A, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

The Co-Issuer was organized as a Limited Liability Company in the United States under the jurisdiction of Delaware in the year 2026. There is no website for the Co-Issuer, but information with respect to this Offering shall be hosted on the website of the Company at invest.reiturn.com. The Company has formed the 100% owned Co-Issuer solely for issuing the Securities under this Offering. The Co-Issuer will serve merely as a conduit for investors to invest in the Company and will not have a separate business purpose. An investment in the Co-Issuer will allow investors to achieve the same economic exposure, voting power (which is none) and ability to assert State and Federal law rights and achieve the same disclosures as if they had invested directly in the Company. The Co-Issuer will maintain a one-to-one relationship between the number, denomination, type and rights of Company securities it owns and the number, denomination, type and rights of its securities outstanding. The Co-Issuer cannot borrow or raise funds on its own account.

The proceeds from the Offering will be received by the Co-Issuer and invested immediately in the Securities issued by the Company. The Co-Issuer will be the legal owner of the Class A Common Stock.

Investor Confirmation Process

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by the Intermediary, including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Company are required to correct any errors or omissions made by the Investor.

Investor funds will be held in escrow with a qualified third party escrow agent, Enterprise Bank and Trust (“**Escrow Agent**”) until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline or an intermediate close, using the cancellation mechanism provided by the Intermediary. If an investor does not cancel an investment commitment before the 48-hour period prior to the Offering Deadline, the funds will be released to the Issuer and the investor will receive their Securities.

The Company will notify Investors when the Target Offering Amount has been reached. If the Company reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Company must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Company continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor's investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon the closing of the Offering and the Investor will receive the Securities in exchange for their investment.

If the Company reaches the Target Offering Amount prior to the deadline identified in the Offering Materials, it may close the Offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). If an investor does not cancel an investment commitment before the 48-hour period prior to the stated offering deadline, the funds will be released to the Company upon closing of the Offering and the investor will receive Securities in exchange for his or her investment.

During this time, the Company may continue soliciting investors and receiving additional investment commitments. CAPITALIZATION AND OWNERSHIP

The Offering

The Company is offering Class A Common Stock in this Offering. The Company must raise an amount equal to or greater than the Target Offering Amount by April 30, 2027. If the sum of the investment commitments does not equal or exceed the Target Offering Amount at the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be cancelled, and all committed funds will be returned.

The Company requests that you please review this Form C/A and the Subscription Agreement in Exhibit C (along with all attachments and exhibits thereto), in conjunction with the following summary information.

As an Investor in this Offering, you will be purchasing membership interests in the Co-Issuer, which will be the entity holding the Securities and which will have the rights of a stockholder of the Company. The Co-Issuer is purchasing the following Securities:

Securities: Class A Common Stock

Offering Minimum: \$9,999.50

Offering Maximum: \$4,999,999.00

Purchase Price Per Share of Security Offered: \$1.75 (does not include a 2% Investor Processing Fee)

Offering Deadline: April 30, 2027

The Securities have no voting rights (either with regard to actions by the Co-Issuer or the Company's Class A Common Stock being held by the Co-Issuer). The rights of the Class A Common Stock may be changed by an amendment to the Company's Bylaws or Amended and Restated Certificate of Incorporation. Investors do not have the right to vote on any such amendment.

The primary documents governing voting and rights of Investors holding the Securities are the Amended and Restated Certificate of Incorporation (the "**COI**") attached as Exhibit D, the Company's Bylaws (the "**Bylaws**") attached as Exhibit E, together with the COI and Bylaws, the "**Governing Documents**"). All statements in this Form C/A Offering Statement regarding voting and control of the Securities being sold in this Offering are qualified in their entirety by reference to the Governing Agreements.

The shares of Class A Common Stock outstanding have superior voting rights to the Securities being sold in this Offering.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Company; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the

Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. “Member of the family” as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any capital stock into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Company with an opinion of counsel reasonably satisfactory to the Company stating that a registration statement is not necessary to effect such transfer. Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

Description of Issuer's Securities

General

The Company is offering up to \$4,999,999.00 and a minimum of \$9,999.50 worth of its Class A Common Stock. The investment will be made through Reiturn Reg CF SPV LLC, a special purpose investment vehicle exempt from registration under the Investment Company Act pursuant to Rule 270.3a-9 promulgated under that Act.

The Company must reach its Target Offering Amount of \$9,999.50 by April 30, 2027. Unless the Company raises at least the Target Offering Amount of \$9,999.50 under the Regulation CF offering by April 30, 2027, no securities will be sold in this Offering, investment commitments will be cancelled, and committed funds will be returned. If the Company reaches the Target Offering Amount prior to April 30, 2027, the Company may undertake early closings on a rolling basis while allowing additional investment commitments towards its \$4,999,999.00 maximum raise.

The minimum investment per investor is \$999.60, which includes a \$19.60 Investor Processing Fee.

Co-Issuer

The Securities in this Offering will be issued by both the Company and the Co-Issuer. The proceeds from the Offering will be received by the Company directly in its processing account on behalf of the Co-Issuer to be invested immediately in the Securities issued by the Company. The Co-Issuer will be the legal owner of the Class A Common Stock. Investors in this Offering will own membership interests in the Co-Issuer. Pursuant to SEC rules, investors will receive the same economic, voting and information rights in the Class A Common Stock as if they had invested directly with the Company.

The Co-Issuer will be treated as a partnership for U.S. federal income tax purposes. Accordingly, investors will not be subject to entity-level taxation with respect to their membership interests in the Co-Issuer. Instead, each investor will be allocated their pro rata share of any income, gain, loss, deduction, or credit of the Co-Issuer and will be required to report such items on their individual tax returns, regardless of whether any cash distributions are made. Each investor will receive a Schedule K-1 from the Co-Issuer reflecting their allocable share of the Co-Issuer's tax items for each taxable year. The Company has undertaken to pay all expenses of the Co-Issuer; accordingly, no material expenses are expected to be incurred at the Co-Issuer level. Income at the Co-Issuer level, if any, would be derived from dividends or distributions paid by the Company to the Co-Issuer in respect of the Class A Common Stock held by the Co-Issuer. The Company does not anticipate paying dividends or making distributions in the near term. To the extent the Company does make distributions to the Co-Issuer, such amounts will be treated as dividend income to the Co-Issuer and passed through to investors in proportion to their membership interests, and investors will be required to report such income on their respective tax returns. EACH INVESTOR SHOULD CONSULT WITH THEIR OWN TAX ADVISOR REGARDING THE TAX CONSEQUENCES OF AN INVESTMENT IN THE CO-ISSUER, INCLUDING THE TREATMENT OF PASS-THROUGH INCOME, SCHEDULE K-1 REPORTING OBLIGATIONS, AND ANY APPLICABLE STATE AND LOCAL TAX CONSIDERATIONS.

Capitalization

The following description summarizes the most important terms of the Company's capital stock. This summary does not purport to be complete and is qualified in its entirety by the provisions of our Amended and Restated Certificate of Incorporation. For a complete description of our capital stock, you should refer to our Amended and Restated Certificate of Incorporation and to the applicable provisions of Delaware law.

Class of Stock	Authorized	Issued and Outstanding	Available
Class A Common Stock	4,000,000	250,000	3,750,000
Class B Common Stock	8,000,000	8,000,000	0
Preferred Stock*	1,000,000	0	0

**The Company's Board has the ability to designate rights and privileges of the Preferred Stock. To date, none have been designated.*

Outstanding Capital Stock

As of the date of this Form C/A, the Company's outstanding capital stock consists of:

Type	Class B Common Stock
Amount Outstanding	8,000,000
Par Value Per Share	\$0.00001
Voting Rights	1 vote per share
Anti-Dilution Rights	None
How this security may limit, dilute or qualify the Security issued pursuant to Regulation CF	The Company may issue additional shares of Class B Common Stock at a later date. The issuance of such additional shares of Class B Common Stock would be dilutive, and could adversely affect the value of the Securities issued pursuant to Regulation CF.
Percentage ownership of the Company by the holders of such security (assuming conversion prior to the Offering if convertible securities).	100%

Voting and Control

Each Investor who purchases the Securities is not entitled to vote on any matter or to call for an annual or special shareholders meeting. As a result of purchasing Securities in this Offering, the Investors will have no voting or control over any corporate matters of the Company, including additional issuance of securities, Company repurchase of securities, a sale of the Company or its significant assets, or Company transactions with related parties. Investors in the Co-Issuer will indirectly hold only Class B Common Stock and are completely passive investors. Investors should not purchase the Securities if they are not comfortable with this lack of voting and control.

Dilution

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Company. Investors should understand and expect the potential for dilution. The Investor's stake in the Company could be diluted due to the Company issuing additional shares of stock or other convertible securities to other parties. In other words, when the Company issues more shares, the percentage of the Company that you own will go down, even though the value of the Company may go up (there is no guarantee that it will). You will own a smaller piece of a larger Company (or, if the value goes down, then a smaller piece of a smaller company). This increase in number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round or angel investment), employees exercising stock options, or by conversion of certain instruments (e.g. convertible bonds, preferred shares or warrants) into stock. If the Company decides to issue more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned.

Conversion

Each share of Class B Common Stock can be converted to one share of Class A Common Stock at the option of the holder. In order for all outstanding Class B Common Stock shareholders to convert to Class A Common Stock, the Company's Certificate of Incorporation would need to be amended to increase the total authorized count.

The table below lists the beneficial owners of twenty percent (20%) or more of the Company's outstanding voting equity securities, calculated on the basis of voting power, are listed along with the amount they own.

TRANSACTIONS WITH RELATED PERSONS AND CONFLICTS OF INTEREST

From time to time the Company may engage in transactions with related persons. Related persons are defined as any director or officer of the Company; any person who is the beneficial owner of twenty percent (20%) or more of the Company's outstanding voting equity securities, calculated on the basis of voting power; any promoter of the Company; any immediate family member of any of the foregoing persons or an entity controlled by any such person or persons. Additionally, the Company will disclose here any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, to which the issuer was or is to be a party and the amount involved exceeds five percent (5%) of the aggregate amount of capital raised by the issuer in reliance on section 4(a)(6), including the Target Offering Amount of this Offering, and the counter party is either (i) any director or officer of the issuer; (ii) any person who is, as of the most recent practicable date but no earlier than 120 days prior to the date the offering statement or report is filed, the beneficial owner of twenty percent (20%) or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power; (iii) if the issuer was incorporated or organized within the past three years, any promoter of the issuer; or (iv) any member of the family of any of the foregoing persons, which includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and shall include adoptive relationships. The term *spousal equivalent* means a cohabitant occupying a relationship generally equivalent to that of a spouse.

The Company has conducted the following transactions with related persons:

In March 2026, the Company entered into a Shared Services Agreement with Birgo Realty, LLC ("Birgo"), an entity under common ownership and control. As a part of this agreement, Birgo will supply the Company with various services, including managerial, administrative, operational support, accounting, finance, marketing, and related back-office services for \$12,000 per month.

As of May 2026, the Birgo Realty, LLC has billed the Company \$36,000 under this Shared Services Agreement. Birgo Realty, LLC currently owns 100% of the Company's outstanding Class B Common Stock.

FINANCIAL INFORMATION

Please see the financial information listed on the cover page of this Form C/A and attached hereto in addition to the following information. Financial statements are attached hereto as Exhibit F.

As a newly formed entity with no revenue and no significant assets, the Company's financial condition is that of an early-stage startup. The Company has not generated any revenues to date and does not expect to generate revenues until it has successfully launched its first Regulation A+ REIT and begun collecting management fees. The Company currently has minimal cash on hand, no material debt obligations, and no accounts receivable. The Company's total assets consist primarily of minimal cash balances contributed at formation.

Liquidity and Capital Resources

The Company's current liquidity is limited. Since inception, the Company has funded its operations through some investments conducted pursuant to Regulation D. Additionally, the Company has a shared services agreement in place with Birgo Realty LLC, a related party, which is providing certain consulting services. Details of this agreement can be found in the Related Party Transactions section of this Offering Circular. As of June 2, the Company had cash on hand of \$39,144.

The Company does not currently maintain a credit facility or any other committed sources of capital. The Company is dependent upon the successful completion of this Regulation Crowdfunding offering to fund its near-term operations and strategic objectives.

If the Company is unable to raise sufficient capital through this offering, it may be required to delay, scale back, or eliminate certain planned activities, which could have a material adverse effect on the Company's business, financial condition, and results of operations. If the maximum offering amount is raised, the Company may not require any additional capital to fund its longer-term growth plans, however this is dependent on the success of the REIT Reg A fundraises.

Planned Use of Proceeds

The Company intends to use the net proceeds from this Regulation Crowdfunding offering primarily for two purposes. First, a portion of the proceeds will be allocated to hiring and compensating contractors and consultants who will support the Company's operations, platform development, legal and compliance functions, and general business activities. Initially, the Company will not have any full-time employees and will rely on a mix of part-time contractors and consultants, including personnel shared with Birgo Realty LLC, a company with shared management and ownership.

Second, a significant portion of the proceeds will be directed toward marketing expenditures in preparation for and in support of the Company's planned Regulation A+ REIT offerings. These marketing costs are expected to include digital advertising, investor relations materials, platform marketing, brand development, and other costs associated with building awareness and attracting investors to the Company's forthcoming REIT products. The Company believes that a meaningful marketing investment is critical to the successful launch and capitalization of its managed REITs, which are the primary driver of the Company's long-term revenue model.

Revenue Model and Path to Revenue

The Company's revenue model is predicated on the successful launch and management of a series of Regulation A+ real estate investment trusts. The Company expects to generate revenue from three primary streams: (1) annual asset management fee charged to each REIT based on assets under management, and (2) a share of the carried interest on REIT profits exceeding a defined hurdle rate.

The Company does not expect to generate meaningful revenue until the REIT has (a) launched a Regulation A+ qualification, (b) raised sufficient capital within at least one REIT to begin acquiring properties, and (c) commenced asset management operations. This timeline is subject to significant uncertainty and is dependent on regulatory approvals, market conditions, and the Company's ability to attract investors to its REIT products. There can be no assurance that the Company will successfully launch any REIT or generate revenue on the timeline anticipated or at all. The Company anticipates launching its Regulation A fundraise in late 2026, however that is subject to review and qualification by the SEC.

Equity crowdfunding investments in private placements, and start-up investments in particular, are speculative and involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest in start-ups. There is no guarantee that the stated valuation and other terms are accurate or in agreement with the market or industry valuations. 5. Representations and Warranties of Subscriber. By executing this Subscription Agreement, Subscriber (and, if Subscriber is purchasing the Securities subscribed for hereby in a fiduciary capacity, the person or persons for whom Subscriber is so purchasing) represents and warrants, which representations and warranties are true and complete in all material respects as of the date of this Agreement and the Subscriber's Closing Date(s):

(i) Either of Subscriber's net worth or annual income is less than \$124,000, and that the amount it is investing pursuant to this Subscription Agreement, together with all other amounts invested in offerings under Section 4(a)(6) of the Securities Act within the previous 12 months, is either less than (A) 5% of the greater of its annual income or net worth, or (B) \$2,500; or

(ii) Both of Subscriber's net worth and annual income are more than \$124,000, and that the amount it is investing pursuant to this Subscription Agreement, together with all other amounts invested in offerings under Section 4(a)(6) of the Securities Act within the previous 12 months, is less than 10% of the greater of its annual income or net worth, and does not exceed \$124,000; or

7. Transfer Restrictions.

(a) "Market Stand-Off" Agreement. Each Subscriber hereby agrees that it will not, without the prior written consent of the managing underwriter or financial advisor to the Crowdfunding Issuer (as applicable), during the period commencing on the date of the final prospectus relating to the registration by the Crowdfunding Issuer of its securities under the Securities Act on a registration statement on Form S-1 or Form S-3, and ending on the date specified by the Crowdfunding Issuer and the managing underwriter (such period not to exceed one hundred eighty (180) days in the case of the initial public offering (the "IPO") or any merger with or into a special purpose acquisition vehicle ("SPAC"), or such other period as may be requested by the Crowdfunding Issuer or an underwriter or financial advisor to accommodate regulatory restrictions on (1) the publication or other distribution of research reports, and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in FINRA Rule 2711(f)(4) or NYSE Rule 472(f)(4), or any successor provisions or amendments thereto), or ninety (90) days in the case of any registration other than the IPO, or such other period as may be requested by the Crowdfunding Issuer, its financial advisors or an underwriter to accommodate regulatory restrictions on (1) the publication or other distribution of research reports and (2) analyst recommendations and opinions, including, but not limited to, the restrictions contained in FINRA Rule 2711(f)(4) or NYSE Rule 472(f)(4), or any successor provisions or amendments thereto), (i) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any Shares (or other securities, whether such shares or any such securities are then owned by the Subscriber or are thereafter acquired) or (ii) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of Securities, in cash, or otherwise. The foregoing provisions of this Section 7(a) shall not apply to the sale of any securities to an underwriter pursuant to an underwriting agreement, or the transfer of any securities to any trust for the direct or indirect benefit of the Subscriber or the immediate family of the Subscriber, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer shall not involve a disposition for value, and shall be applicable to the Subscribers only if all officers and directors are subject to the same restrictions. The financial advisors of the Crowdfunding Issuer or its underwriters in connection with such registration are intended third party beneficiaries of this Section 7(a) and shall have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Each Subscriber further agrees to execute such agreements as may be reasonably requested by the underwriters in

The Corporation shall at all times reserve and keep available out of its authorized but unissued shares of Class A Common Stock, solely for the purpose of effecting the conversion of the shares of Class B Common Stock, such number of shares of Class A Common Stock as shall from time to time be sufficient to effect the conversion of all outstanding shares of Class B Common Stock into shares of Class A Common Stock.

**ARTICLE I
CORPORATE OFFICES**

1.1 Offices

In addition to the corporation's registered office set forth in the certificate of incorporation, the Board of Directors may at any time establish other offices at any place or places where the corporation is qualified to do business.

**ARTICLE II
MEETINGS OF STOCKHOLDERS**

2.1 Place Of Meetings

Meetings of stockholders shall be held at any place, within or outside the state of Delaware, designated by the Board of Directors. The Board of Directors may, in its sole discretion, determine that a meeting of stockholders shall not be held at any place, but may instead be held solely by means of remote communication as authorized by Section 211(a)(2) of the Delaware General Corporation Law. In the absence of any such designation or determination, stockholders' meetings shall be held at the registered office of the corporation.

2.2 Annual Meeting

The annual meeting of stockholders shall be held on such date, time and place, either within or without the state of Delaware, as may be designated by resolution of the Board of Directors each year. At the meeting, directors shall be elected and any other proper business may be transacted.

2.3 Special Meeting

A special meeting of the stockholders may be called at any time by the Board of Directors, the chairperson of the board, the chief executive officer, the president or by one or more stockholders holding shares in the aggregate entitled to cast not less than 10% of the votes at that meeting.

If a special meeting is called by any person or persons other than the Board of Directors, the chairperson of the board, the chief executive officer or the president, the request

shall be in writing, specifying the time of such meeting and the general nature of the business proposed to be transacted, and shall be delivered personally or sent by registered mail or by email, fax, telegraphic or other facsimile or electronic transmission to the chairperson of the board, the chief executive officer, the president or the secretary of the corporation. No business may be transacted at such special meeting otherwise than specified in such notice. The officer receiving the request shall cause notice to be promptly given to the stockholders entitled to vote, in accordance with the provisions of Sections 2.4 and 2.5 of this Article II, that a meeting will be held at the time requested by the person or persons calling the meeting, not less than 35 nor more than 60 days after the receipt of the request. If the notice is not given within 20 days after the receipt of the request, the person or persons requesting the meeting may give the notice. Nothing contained in this paragraph of this Section 2.3 shall be construed as limiting, fixing, or affecting the time when a meeting of stockholders called by action of the Board of Directors may be held.

2.4 Notice Of Stockholders' Meetings

All notices of meetings with stockholders shall be in writing and shall be sent or otherwise given in accordance with Section 2.5 of these bylaws not less than 10 nor more than 60 days before the date of the meeting to each stockholder entitled to vote at such meeting. The notice shall specify the place (if any), date and hour of the meeting, and in the case of a special meeting, the purpose or purposes for which the meeting is called.

2.5 Manner Of Giving Notice; Affidavit Of Notice

Written notice of any meeting of stockholders, if mailed, is given when deposited in the United States mail, postage prepaid, directed to the stockholder at his or her address as it appears on the records of the corporation. Without limiting the manner by which notice otherwise may be given effectively to stockholders, any notice to stockholders may be given by electronic mail or other electronic transmission, in the manner provided in Section 232 of the Delaware General Corporation Law. An affidavit of the secretary or an assistant secretary or of the transfer agent of the corporation that the notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein.

2.6 Quorum

The holders of a majority of the shares of stock issued and outstanding and entitled to vote thereat, present in person or represented by proxy, shall constitute a quorum at all meetings of the stockholders for the transaction of business except as otherwise provided by statute or by the certificate of incorporation. If, however, such quorum is not present or represented at any meeting of the stockholders, then either (a) the chairperson of the meeting or (b) holders of a majority of the shares of stock entitled to vote who are present, in person or by proxy, shall have power to adjourn the meeting to another place (if any), date or time.

2.7 Adjourned Meeting; Notice

When a meeting is adjourned to another place (if any), date or time, unless these bylaws otherwise require, notice need not be given of the adjourned meeting if the time and place (if any), thereof and the means of remote communications (if any) by which stockholders and proxyholders may be deemed to be present and vote at such adjourned meeting, are

announced at the meeting at which the adjournment is taken. At the adjourned meeting the corporation may transact any business that might have been transacted at the original meeting. If the adjournment is for more than 30 days, or if after the adjournment a new record date is fixed for the adjourned meeting, notice of the place (if any), date and time of the adjourned meeting and the means of remote communications (if any) by which stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting.

2.8 Organization; Conduct Of Business

Such person as the Board of Directors may have designated or, in the absence of such a person, the chief executive officer, or in his or her absence, the president or, in his or her absence, such person as may be chosen by the holders of a majority of the shares entitled to vote who are present, in person or by proxy, shall call to order any meeting of the stockholders and act as chairperson of the meeting. In the absence of the secretary of the corporation, the secretary of the meeting shall be such person as the chairperson of the meeting appoints.

The chairperson of any meeting of stockholders shall determine the order of business and the procedure at the meeting, including the manner of voting and the conduct of business. The date and time of opening and closing of the polls for each matter upon which the stockholders will vote at the meeting shall be announced at the meeting.

2.9 Voting

The stockholders entitled to vote at any meeting of stockholders shall be determined in accordance with the provisions of Section 2.12 of these bylaws, subject to the provisions of Sections 217 and 218 of the Delaware General Corporation Law (relating to voting rights of fiduciaries, pledgors and joint owners of stock and to voting trusts and other voting agreements).

Except as may be otherwise provided in the certificate of incorporation, each stockholder shall be entitled to one vote for each share of capital stock held by such stockholder. All elections shall be determined by a plurality of the votes cast, and except as otherwise required by law, all other matters shall be determined by a majority of the votes cast affirmatively or negatively.

2.10 Waiver Of Notice

Whenever notice is required to be given under any provision of the Delaware General Corporation Law or of the certificate of incorporation or these bylaws, a written waiver thereof, signed by the person entitled to notice, or waiver by electronic mail or other electronic transmission by such person, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the stockholders need be specified in any written waiver of notice,

or any waiver of notice by electronic transmission, unless so required by the certificate of incorporation or these bylaws.

2.11 Stockholder Action By Written Consent Without A Meeting

Unless otherwise provided in the certificate of incorporation, any action required to be taken at any annual or special meeting of stockholders of the corporation, or any action that may be taken at any annual or special meeting of such stockholders, may be taken without a meeting, without prior notice, and without a vote if a consent in writing, setting forth the action so taken, is (a) signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted, and (b) delivered to the corporation in accordance with Section 228(a) of the Delaware General Corporation Law.

Every written consent shall bear the date of signature of each stockholder who signs the consent and no written consent shall be effective to take the corporate action referred to therein unless, within 60 days of the date the earliest dated consent is delivered to the corporation, a written consent or consents signed by a sufficient number of holders to take action are delivered to the corporation in the manner prescribed in this Section. A telegram, cablegram, electronic mail or other electronic transmission consenting to an action to be taken and transmitted by a stockholder or proxyholder, or by a person or persons authorized to act for a stockholder or proxyholder, shall be deemed to be written, signed and dated for purposes of this Section to the extent permitted by law. Any such consent shall be delivered in accordance with Section 228(d)(1) of the Delaware General Corporation Law.

Any copy, facsimile or other reliable reproduction of a consent in writing may be substituted or used in lieu of the original writing for any and all purposes for which the original writing could be used, provided that such copy, facsimile or other reproduction shall be a complete reproduction of the entire original writing.

Prompt notice of the taking of the corporate action without a meeting by less than unanimous written consent shall be given to those stockholders who have not consented in writing (including by electronic mail or other electronic transmission as permitted by law). If the action which is consented to is such as would have required the filing of a certificate under any section of the Delaware General Corporation Law if such action had been voted on by stockholders at a meeting thereof, then the certificate filed under such section shall state, in lieu of any statement required by such section concerning any vote of stockholders, that written notice and written consent have been given as provided in Section 228 of the Delaware General Corporation Law.

2.12 Record Date For Stockholder Notice; Voting; Giving Consents

In order that the corporation may determine the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof, or entitled to express consent to corporate action in writing without a meeting, or entitled to receive payment of any dividend or other distribution or allotment of any rights, or entitled to exercise any rights in respect of any change, conversion or exchange of stock or for the purpose of any other lawful

action, the Board of Directors may fix, in advance, a record date, which shall not be more than 60 nor less than 10 days before the date of such meeting, nor more than 60 days prior to any other action.

If the Board of Directors does not so fix a record date:

(a) The record date for determining stockholders entitled to notice of or to vote at a meeting of stockholders shall be at the close of business on the day next preceding the day on which notice is given, or, if notice is waived, at the close of business on the day next preceding the day on which the meeting is held.

(b) The record date for determining stockholders entitled to consent to corporate action in writing without a meeting, when no prior action by the Board of Directors is necessary, shall be the day on which the first written consent (including consent by electronic mail or other electronic transmission as permitted by law) is delivered to the corporation.

(c) The record date for determining stockholders for any other purpose shall be at the close of business on the day on which the Board of Directors adopts the resolution relating thereto.

A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting, if such adjournment is for 30 days or less; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting.

2.13 Proxies

Each stockholder entitled to vote at a meeting of stockholders or to express consent or dissent to corporate action in writing without a meeting may authorize another person or persons to act for such stockholder by an instrument in writing or by an electronic transmission permitted by law filed with the secretary of the corporation, but no such proxy shall be voted or acted upon after three years from its date, unless the proxy provides for a longer period. A proxy shall be deemed signed if the stockholder's name is placed on the proxy (whether by manual signature, typewriting, facsimile, electronic or telegraphic transmission or otherwise) by the stockholder or the stockholder's attorney-in-fact. The revocability of a proxy that states on its face that it is irrevocable shall be governed by the provisions of Section 212(e) of the Delaware General Corporation Law.

ARTICLE III

DIRECTORS

3.1 Powers

Subject to the provisions of the Delaware General Corporation Law and any limitations in the certificate of incorporation or these bylaws relating to action required to be approved by the stockholders or by the outstanding shares, the business and affairs of the

corporation shall be managed and all corporate powers shall be exercised by or under the direction of the Board of Directors.

3.2 **Number Of Directors**

(a) The total number of directors constituting the entire Board of Directors (the “Number of Authorized Directors”) shall be fixed or changed in the manner provided in these bylaws, unless the certificate of incorporation fixes the Number of Authorized Directors, in which case the Number of Authorized Directors shall be changed only by amendment of the certificate of incorporation.

(b) Subject to Section 3.4 of these bylaws, the Number of Authorized Directors may be fixed or changed: (i) by a resolution of the Board of Directors or of the stockholders, or (ii) if applicable, by action of the incorporator(s) (which includes any person(s) acting, in accordance with the Delaware General Corporation Law, on behalf of any incorporator(s) not available to act) before the election of the initial Board of Directors. No reduction of the Number of Authorized Directors shall have the effect of removing any director before such director’s term of office expires.

(c) If the Number of Authorized Directors is already fixed (whether by the certificate of incorporation, resolution of the Board of Directors or of the stockholders, action of the incorporators(s) before the election of the initial Board of Directors, or otherwise in accordance with the Delaware General Corporation Law) at the time the adoption of these bylaws is effective (the “Effective Time”), then the Number of Authorized Directors, until changed in accordance with this Section 3.2, is such already fixed Number of Authorized Directors.

(d) If the Number of Authorized Directors is not already fixed at the Effective Time, then: (i) if there are directors in office at the Effective Time, the Number of Authorized Directors, until changed in accordance with this Section 3.2, is the total number of directors in office at the Effective Time, or (ii) if there are no directors in office at the Effective Time, the Number of Authorized Directors, until fixed or changed in accordance with this Section 3.2, is the total number of directors on the Board of Directors as first constituted following the Effective Time (whether such directors are elected by resolution of the stockholders, action of the incorporators(s) before the election of the initial Board of Directors, or otherwise in accordance with the Delaware General Corporation Law).

3.3 **Election, Qualification And Term Of Office Of Directors**

Except as provided in Section 3.4 of these bylaws, and unless otherwise provided in the certificate of incorporation, directors shall be elected at each annual meeting of stockholders to hold office until the next annual meeting. Directors need not be stockholders unless so required by the certificate of incorporation or these bylaws, wherein other qualifications for directors may be prescribed. Each director, including a director elected to fill a vacancy, shall hold office until his or her successor is elected and qualified or until his or her earlier resignation or removal.

Unless otherwise specified in the certificate of incorporation, elections of directors need not be by written ballot.

3.4 Resignation And Vacancies

Any director may resign at any time upon written notice to the attention of the Secretary of the corporation. Notwithstanding the provisions of Section 223(a)(1) and 223(a)(2) of the Delaware General Corporation Law, any vacancy or newly created directorship may be filled by a majority of the directors then in office (including any directors that have tendered a resignation effective at a future date), though less than a quorum, or by a sole remaining director, and the directors so chosen shall hold office until the next annual election and until their successors are duly elected and shall qualify, unless sooner displaced; provided, however, that where such vacancy or newly created directorship occurs among the directors elected by the holders of a class or series of stock, the holders of shares of such class or series may override the Board of Directors' action to fill such vacancy or newly created directorship by (i) voting for their own designee to fill such vacancy or newly created directorship at a meeting of the corporation's stockholders or (ii) written consent, if the consenting stockholders hold a sufficient number of shares to elect their designee at a meeting of the stockholders.

If at any time, by reason of death or resignation or other cause, the corporation should have no directors in office, then any officer or any stockholder or an executor, administrator, trustee or guardian of a stockholder, or other fiduciary entrusted with like responsibility for the person or estate of a stockholder, may call a special meeting of stockholders in accordance with the provisions of the certificate of incorporation or these bylaws, or may apply to the Court of Chancery for a decree summarily ordering an election as provided in Section 211 of the Delaware General Corporation Law.

If, at the time of filling any vacancy or any newly created directorship, the directors then in office constitute less than a majority of the whole board (as constituted immediately prior to any such increase), then the Court of Chancery may, upon application of any stockholder or stockholders holding at least 10% of the total number of the shares at the time outstanding having the right to vote for such directors, summarily order an election to be held to fill any such vacancies or newly created directorships, or to replace the directors chosen by the directors then in office as aforesaid, which election shall be governed by the provisions of Section 211 of the Delaware General Corporation Law as far as applicable.

3.5 Place Of Meetings; Meetings By Telephone

The Board of Directors of the corporation may hold meetings, both regular and special, either within or outside the state of Delaware.

Unless otherwise restricted by the certificate of incorporation or these bylaws, members of the Board of Directors, or any committee designated by the Board of Directors, may participate in a meeting of the Board of Directors, or any committee, by means of conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other, and such participation in a meeting shall constitute presence in person at the meeting.

3.6 **Regular Meetings**

Regular meetings of the Board of Directors may be held without notice at such time and at such place as shall from time to time be determined by the board.

3.7 **Special Meetings; Notice**

Special meetings of the Board of Directors for any purpose or purposes may be called at any time by the chairperson of the board, the chief executive officer, the president, the secretary or any two directors.

Notice of the time and place of special meetings shall be delivered personally or by telephone to each director or sent by first-class mail, facsimile, electronic transmission, or telegram, charges prepaid, addressed to each director at that director's address as it is shown on the records of the corporation. If the notice is mailed, it shall be deposited in the United States mail at least 4 days before the time of the holding of the meeting. If the notice is delivered personally or by facsimile, electronic transmission, telephone or telegram, it shall be delivered at least 24 hours before the time of the holding of the meeting. Any oral notice given personally or by telephone may be communicated either to the director or to a person at the office of the director who the person giving the notice has reason to believe will promptly communicate it to the director. The notice need not specify the purpose of the meeting. The notice need not specify the place of the meeting, if the meeting is to be held at the principal executive office of the corporation. Unless otherwise indicated in the notice thereof, any and all business may be transacted at a special meeting.

3.8 **Quorum**

At all meetings of the Board of Directors, a majority of the total number of directors then in office (but in no case less than 1/3 of the Number of Authorized Directors (as defined in Section 3.2 of these bylaws)) shall constitute a quorum for the transaction of business and the act of a majority of the directors present at any meeting at which there is a quorum shall be the act of the Board of Directors, except as may be otherwise specifically provided by statute or by the certificate of incorporation. If a quorum is not present at any meeting of the Board of Directors, then the directors present thereat may adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum is present.

A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for that meeting.

3.9 **Waiver Of Notice**

Whenever notice is required to be given under any provision of the Delaware General Corporation Law or of the certificate of incorporation or these bylaws, a written waiver thereof, signed by the person entitled to notice, or waiver by electronic mail or other electronic transmission by such person, whether before or after the time stated therein, shall be deemed equivalent to notice. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the person attends a meeting for the express purpose of objecting, at

the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened. Neither the business to be transacted at, nor the purpose of, any regular or special meeting of the directors, or members of a committee of directors, need be specified in any written waiver of notice unless so required by the certificate of incorporation or these bylaws.

3.10 Board Action By Written Consent Without A Meeting

Unless otherwise restricted by the certificate of incorporation or these bylaws, any action required or permitted to be taken at any meeting of the Board of Directors, or of any committee thereof, may be taken without a meeting if all members of the board or committee, as the case may be, consent thereto in writing or by electronic transmission, and the writing or writings or electronic transmission or transmissions are filed with the minutes of proceedings of the board or committee. Such filing shall be in paper form if the minutes are maintained in paper form and shall be in electronic form if the minutes are maintained in electronic form.

Any copy, facsimile or other reliable reproduction of a consent in writing may be substituted or used in lieu of the original writing for any and all purposes for which the original writing could be used, provided that such copy, facsimile or other reproduction shall be a complete reproduction of the entire original writing.

3.11 Fees And Compensation Of Directors

Unless otherwise restricted by the certificate of incorporation or these bylaws, the Board of Directors shall have the authority to fix the compensation of directors. No such compensation shall preclude any director from serving the corporation in any other capacity and receiving compensation therefor.

3.12 Approval Of Loans To Officers

The corporation may lend money to, or guarantee any obligation of, or otherwise assist any officer or other employee of the corporation or of its subsidiary, including any officer or employee who is a director of the corporation or its subsidiary, whenever, in the judgment of the directors, such loan, guaranty or assistance may reasonably be expected to benefit the corporation. The loan, guaranty or other assistance may be with or without interest and may be unsecured, or secured in such manner as the Board of Directors shall approve, including, without limitation, a pledge of shares of stock of the corporation. Nothing in this section shall be deemed to deny, limit or restrict the powers of guaranty or warranty of the corporation at common law or under any statute.

3.13 Removal Of Directors

Unless otherwise restricted by statute, by the certificate of incorporation or by these bylaws, any director or the entire Board of Directors may be removed, with or without cause, by, and only by, the affirmative vote of the holders of the shares of the class or series of stock entitled to elect such director or directors, given either at a special meeting of such stockholders duly called for that purpose or pursuant to a written consent of stockholders, and any vacancy thereby created may be filled by the holders of that class or series of stock

represented at the meeting or pursuant to written consent; provided, however, that if the stockholders of the corporation are entitled to cumulative voting, if less than the entire Board of Directors is to be removed, no director may be removed without cause if the votes cast against his or her removal would be sufficient to elect him or her if then cumulatively voted at an election of the entire Board of Directors.

No reduction of the Number of Authorized Directors (as defined in Section 3.2 of these bylaws) shall have the effect of removing any director before such director's term of office expires.

3.14 Chairperson Of The Board Of Directors

The corporation may also have, at the discretion of the Board of Directors, a chairperson of the Board of Directors who shall not be considered an officer of the corporation.

ARTICLE IV

COMMITTEES

4.1 Committees Of Directors

The Board of Directors may designate one or more committees, each committee to consist of one or more of the directors of the corporation. The Board may designate 1 or more directors as alternate members of any committee, who may replace any absent or disqualified member at any meeting of the committee. In the absence or disqualification of a member of a committee, the member or members present at any meeting and not disqualified from voting, whether or not such member or members constitute a quorum, may unanimously appoint another member of the Board of Directors to act at the meeting in the place of any such absent or disqualified member. Any such committee, to the extent provided in the resolution of the Board of Directors, or in these bylaws, shall have and may exercise all the powers and authority of the Board of Directors in the management of the business and affairs of the corporation, and may authorize the seal of the corporation to be affixed to all papers which may require it; but no such committee shall have the power or authority in reference to the following matters: (i) approving or adopting, or recommending to the stockholders, any action or matter expressly required by the General Corporate Law of Delaware to be submitted to stockholders for approval or (ii) adopting, amending or repealing any Bylaw of the corporation.

4.2 Committee Minutes

Each committee shall keep regular minutes of its meetings and report the same to the Board of Directors when required.

4.3 Meetings And Actions Of Committees

Meetings and actions of committees shall be governed by, and held and taken in accordance with, the provisions of Section 3.5 (place of meetings and meetings by telephone), Section 3.6 (regular meetings), Section 3.7 (special meetings and notice), Section 3.8 (quorum), Section 3.9 (waiver of notice), and Section 3.10 (action without a meeting) of these bylaws, with

such changes in the context of such provisions as are necessary to substitute the committee and its members for the Board of Directors and its members; provided, however, that the time of regular meetings of committees may be determined either by resolution of the Board of Directors or by resolution of the committee, that special meetings of committees may also be called by resolution of the Board of Directors and that notice of special meetings of committees shall also be given to all alternate members, who shall have the right to attend all meetings of the committee. The Board of Directors may adopt rules for the government of any committee not inconsistent with the provisions of these bylaws.

ARTICLE V

OFFICERS

5.1 Officers

The officers of the corporation shall be a president and a secretary. The corporation may also have, at the discretion of the Board of Directors, a chief executive officer, a chief financial officer, a treasurer, one or more vice presidents, one or more assistant secretaries, one or more assistant treasurers, and any such other officers as may be appointed in accordance with the provisions of Section 5.3 of these bylaws. Any number of offices may be held by the same person.

5.2 Appointment Of Officers

The officers of the corporation, except such officers as may be appointed in accordance with the provisions of Sections 5.3 or 5.5 of these bylaws, shall be appointed by the Board of Directors, subject to the rights (if any) of an officer under any contract of employment.

5.3 Subordinate Officers

The Board of Directors may appoint, or empower the chief executive officer or the president to appoint, such other officers and agents as the business of the corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in these bylaws or as the Board of Directors may from time to time determine.

5.4 Removal And Resignation Of Officers

Subject to the rights (if any) of an officer under any contract of employment, any officer may be removed, either with or without cause, by an affirmative vote of the majority of the Board of Directors at any regular or special meeting of the board or, except in the case of an officer chosen by the Board of Directors, by any officer upon whom the power of removal is conferred by the Board of Directors.

Any officer may resign at any time by giving written notice to the corporation. Any resignation shall take effect at the date of the receipt of that notice or at any later time specified in that notice; and, unless otherwise specified in that notice, the acceptance of the

resignation shall not be necessary to make it effective. Any resignation is without prejudice to the rights (if any) of the corporation under any contract to which the officer is a party.

5.5 Vacancies In Offices

Any vacancy occurring in any office of the corporation shall be filled by the Board of Directors.

5.6 Chief Executive Officer

Subject to such supervisory powers (if any) as may be given by the Board of Directors to the chairperson of the board (if any), the chief executive officer of the corporation (if such an officer is appointed) shall, subject to the control of the Board of Directors, have general supervision, direction, and control of the business and the officers of the corporation and shall have the general powers and duties of management usually vested in the office of chief executive officer of a corporation and shall have such other powers and duties as may be prescribed by the Board of Directors or these bylaws.

The person serving as chief executive officer shall also be the acting president of the corporation whenever no other person is then serving in such capacity.

5.7 President

Subject to such supervisory powers (if any) as may be given by the Board of Directors to the chairperson of the board (if any) or the chief executive officer, the president shall have general supervision, direction, and control of the business and other officers of the corporation. He or she shall have the general powers and duties of management usually vested in the office of president of a corporation and such other powers and duties as may be prescribed by the Board of Directors or these bylaws.

The person serving as president shall also be the acting chief executive officer, secretary or treasurer of the corporation, as applicable, whenever no other person is then serving in such capacity.

5.8 Vice Presidents

In the absence or disability of the chief executive officer and president, the vice presidents (if any) in order of their rank as fixed by the Board of Directors or, if not ranked, a vice president designated by the Board of Directors, shall perform all the duties of the president and when so acting shall have all the powers of, and be subject to all the restrictions upon, the president. The vice presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the Board of Directors, these bylaws, the president or the chairperson of the board.

5.9 Secretary

The secretary shall keep or cause to be kept, at the principal executive office of the corporation or such other place as the Board of Directors may direct, a book of minutes of all

meetings and actions of directors, committees of directors, and stockholders. The minutes shall show the time and place of each meeting, the names of those present at directors' meetings or committee meetings, the number of shares present or represented at stockholders' meetings, and the proceedings thereof.

The secretary shall keep, or cause to be kept, at the principal executive office of the corporation or at the office of the corporation's transfer agent or registrar, as determined by resolution of the Board of Directors, a share register, or a duplicate share register, showing the names of all stockholders and their addresses, the number and classes of shares held by each, the number and date of certificates (if any) evidencing such shares, and the number and date of cancellation of every certificate (if any) surrendered for cancellation.

The secretary shall give, or cause to be given, notice of all meetings of the stockholders and of the Board of Directors required to be given by law or by these bylaws. The books of account shall at all reasonable times be open to inspection by any member of the Board of Directors.

The chief financial officer shall render to the chief executive officer, the president, or the Board of Directors, upon request, an account of all his or her transactions as chief financial officer and of the financial condition of the corporation. The authority granted herein may be exercised either by such person directly or by any other person authorized to do so by proxy or power of attorney duly executed by the person having such authority.

5.13 Authority And Duties Of Officers

In addition to the foregoing authority and duties, all officers of the corporation shall respectively have such authority and perform such duties in the management of the business of the corporation as may be designated from time to time by the Board of Directors or the stockholders.

ARTICLE VI

INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES, AND OTHER AGENTS

6.1 Indemnification Of Directors And Officers

The corporation shall, to the maximum extent and in the manner permitted by the Delaware General Corporation Law, indemnify each of its directors and officers against expenses (including attorneys' fees), judgments, fines, settlements and other amounts actually and reasonably incurred in connection with any proceeding, arising by reason of the fact that such person is or was an agent of the corporation. For purposes of this Section 6.1, a "director" or "officer" of the corporation includes any person (a) who is or was a director or officer of the corporation, (b) who is or was serving at the request of the corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, or (c) who was a director or officer of a corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation.

6.2 Indemnification Of Others

The corporation shall have the power, to the maximum extent and in the manner permitted by the Delaware General Corporation Law, to indemnify each of its employees and agents (other than directors and officers) against expenses (including attorneys' fees), judgments, fines, settlements and other amounts actually and reasonably incurred in connection with any proceeding, arising by reason of the fact that such person is or was an agent of the corporation. For purposes of this Section 6.2, an "employee" or "agent" of the corporation (other than a director or officer) includes any person (a) who is or was an employee or agent of the corporation, (b) who is or was serving at the request of the corporation as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise, or (c) who was an employee or agent of a corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation.

6.3 Payment Of Expenses In Advance

Expenses incurred in defending any action or proceeding for which indemnification is required pursuant to Section 6.1 or for which indemnification is permitted pursuant to Section 6.2 following authorization thereof by the Board of Directors shall be paid by the corporation in advance of the final disposition of such action or proceeding upon receipt of an undertaking by or on behalf of the indemnified party to repay such amount if it shall ultimately be determined by final judicial decision from which there is no further right to appeal that the indemnified party is not entitled to be indemnified as authorized in this Article VI.

6.4 Indemnity Not Exclusive

The indemnification provided by this Article VI shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled under any Bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in an official capacity and as to action in another capacity while holding such office, to the extent that such additional rights to indemnification are authorized in the certificate of incorporation.

6.5 Insurance

The corporation may purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liability under the provisions of the Delaware General Corporation Law.

6.6 Conflicts

No indemnification or advance shall be made under this Article VI, except where such indemnification or advance is mandated by law or the order, judgment or decree of any court of competent jurisdiction, in any circumstance where it appears:

(a) That it would be inconsistent with a provision of the certificate of incorporation, these bylaws, a resolution of the stockholders or an agreement in effect at the time of the accrual of the alleged cause of the action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(b) That it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

ARTICLE VII

RECORDS AND REPORTS

7.1 Maintenance And Inspection Of Records

The corporation shall, either at its principal executive offices or at such place or places as designated by the Board of Directors, keep a record of its stockholders listing their names and addresses and the number and class of shares held by each stockholder, a copy of these bylaws as amended to date, accounting books, and other records.

Any stockholder of record, in person or by attorney or other agent, shall, upon written demand under oath stating the purpose thereof, have the right during the usual hours for business to inspect for any proper purpose the corporation's stock ledger, a list of its stockholders, and its other books and records and to make copies or extracts therefrom. A proper purpose shall mean a purpose reasonably related to such person's interest as a stockholder. In every instance where an attorney or other agent is the person who seeks the right to inspection, the demand under oath shall be accompanied by a power of attorney or such other writing that authorizes the attorney or other agent to so act on behalf of the stockholder. The demand under oath shall be directed to the corporation at its registered office in Delaware or at its principal place of business.

A complete list of stockholders entitled to vote at any meeting of stockholders, arranged in alphabetical order for each class of stock and showing the address of each such stockholder and the number of shares registered in each such stockholder's name, shall be open to the examination of any such stockholder for a period of at least 10 days prior to the meeting in the manner provided by law. The stock list shall also be open to the examination of any stockholder during the whole time of the meeting as provided by law. This list shall presumptively determine the identity of the stockholders entitled to vote at the meeting and the number of shares held by each of them.

7.2 Inspection By Directors

Any director shall have the right to examine the corporation's stock ledger, a list of its stockholders, and its other books and records for a purpose reasonably related to his or her position as a director. The Court of Chancery is hereby vested with the exclusive jurisdiction to determine whether a director is entitled to the inspection sought. The Court may summarily order the corporation to permit the director to inspect any and all books and records, the stock ledger, and the stock list and to make copies or extracts therefrom. The Court may, in its

discretion, prescribe any limitations or conditions with reference to the inspection, or award such other and further relief as the Court may deem just and proper.

ARTICLE VIII

GENERAL MATTERS

8.1 Checks

From time to time, the Board of Directors shall determine by resolution which person or persons may sign or endorse all checks, drafts, other orders for payment of money, notes or other evidences of indebtedness that are issued in the name of or payable to the corporation, and only the persons so authorized shall sign or endorse those instruments.

8.2 Execution Of Corporate Contracts And Instruments

The Board of Directors, except as otherwise provided in these bylaws, may authorize any officer or officers, or agent or agents, to enter into any contract or execute any instrument in the name of and on behalf of the corporation; such authority may be general or confined to specific instances. Unless so authorized or ratified by the Board of Directors or within the agency power of an officer, no officer, agent or employee shall have any power or authority to bind the corporation by any contract or engagement or to pledge its credit or to render it liable for any purpose or for any amount.

8.3 Stock Certificates and Notices; Uncertificated Stock; Partly Paid Shares

The shares of the corporation may be certificated or uncertificated, as provided under Delaware law, and shall be entered in the books of the corporation and recorded as they are issued. Any or all of the signatures on any certificate may be a facsimile or electronic signature. In case any officer, transfer agent or registrar who has signed or whose facsimile or electronic signature has been placed upon a certificate has ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the corporation with the same effect as if he or she were such officer, transfer agent or registrar at the date of issue.

Within a reasonable time after the issuance or transfer of uncertificated stock and upon the request of a stockholder, the corporation shall send to the record owner thereof a written notice that shall set forth the name of the corporation, that the corporation is organized under the laws of Delaware, the name of the stockholder, the number and class (and the designation of the series, if any) of the shares, and any restrictions on the transfer or registration of such shares of stock imposed by the corporation's certificate of incorporation, these bylaws, any agreement among stockholders or any agreement between stockholders and the corporation.

The corporation may issue the whole or any part of its shares as partly paid and subject to call for the remainder of the consideration to be paid therefor. Upon the face or back of each stock certificate (if any) issued to represent any such partly paid shares, or upon the books and records of the corporation in the case of uncertificated partly paid shares, the total amount of the consideration to be paid therefor and the amount paid thereon shall be stated. Upon the declaration of any dividend on fully paid shares, the corporation shall declare a

dividend upon partly paid shares of the same class, but only upon the basis of the percentage of the consideration actually paid thereon.

8.4 **Special Designation On Certificates and Notices of Issuance**

If the corporation is authorized to issue more than one class of stock or more than one series of any class, then the powers, the designations, the preferences, and the relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights shall be set forth in full or summarized on the face or back of the certificate that the corporation shall issue to represent such class or series of stock or the notice of issuance to the record owner of uncertificated stock; provided, however, that, except as otherwise provided in Section 202 of the Delaware General Corporation Law, in lieu of the foregoing requirements there may be set forth on the face or back of the certificate that the corporation shall issue to represent such class or series of stock or the notice of issuance to the record owner of uncertificated stock, or the purchase agreement for such stock a statement that the corporation will furnish without charge to each stockholder who so requests the powers, the designations, the preferences, and the relative, participating, optional or other special rights of each class of stock or series thereof and the qualifications, limitations or restrictions of such preferences and/or rights.

8.5 **Lost Certificates**

Except as provided in this Section 8.5, no new certificates for shares shall be issued to replace a previously issued certificate unless the latter is surrendered to the corporation and cancelled at the same time. The corporation may issue a new certificate of stock or notice of uncertificated stock in the place of any certificate previously issued by it, alleged to have been lost, stolen or destroyed, and the corporation may require the owner of the lost, stolen or destroyed certificate, or the owner's legal representative, to give the corporation a bond sufficient to indemnify it against any claim that may be made against it on account of the alleged loss, theft or destruction of any such certificate or the issuance of such new certificate or uncertificated shares.

8.6 **Construction; Definitions**

Unless the context requires otherwise, the general provisions, rules of construction, and definitions in the Delaware General Corporation Law shall govern the construction of these bylaws. Without limiting the generality of this provision, the singular number includes the plural, the plural number includes the singular, and the term "person" includes both a corporation and a natural person.

8.7 **Dividends**

The directors of the corporation, subject to any restrictions contained in (a) the Delaware General Corporation Law or (b) the certificate of incorporation, may declare and pay dividends upon the shares of its capital stock. Dividends may be paid in cash, in property, or in shares of the corporation's capital stock.

The directors of the corporation may set apart out of any of the funds of the corporation available for dividends a reserve or reserves for any proper purpose and may abolish any such reserve. Such purposes shall include but not be limited to equalizing dividends, repairing or maintaining any property of the corporation, and meeting contingencies.

8.8 **Fiscal Year**

The fiscal year of the corporation shall be fixed by resolution of the Board of Directors and may be changed by the Board of Directors.

8.9 **Transfer Of Stock**

Upon receipt by the corporation or the transfer agent of the corporation of proper transfer instructions from the record holder of uncertificated shares or upon surrender to the corporation or the transfer agent of the corporation of a certificate for shares duly endorsed or accompanied by proper evidence of succession, assignation or authority to transfer, it shall be the duty of the corporation to issue a new certificate or, in the case of uncertificated securities and upon request, a notice of issuance of shares, to the person entitled thereto, cancel the old certificate (if any) and record the transaction in its books.

8.10 **Stock Transfer Agreements**

The corporation shall have power to enter into and perform any agreement with any number of stockholders of any one or more classes of stock of the corporation to restrict the transfer of shares of stock of the corporation of any one or more classes owned by such stockholders in any manner not prohibited by the Delaware General Corporation Law.

8.11 **Stockholders Of Record**

The corporation shall be entitled to recognize the exclusive right of a person recorded on its books as the owner of shares to receive dividends and to vote as such owner, shall be entitled to hold liable for calls and assessments the person recorded on its books as the owner of shares, and shall not be bound to recognize any equitable or other claim to or interest in such share or shares on the part of another person, whether or not it shall have express or other notice thereof, except as otherwise provided by the laws of Delaware.

8.12 **Facsimile Or Electronic Signatures**

In addition to the provisions for use of facsimile or electronic signatures elsewhere specifically authorized in these bylaws, facsimile or electronic signatures of any stockholder, director or officer of the corporation may be used whenever and as authorized by the Board of Directors or a committee thereof.

ARTICLE IX

AMENDMENTS

The Bylaws of the corporation may be adopted, amended or repealed by the stockholders entitled to vote; provided, however, that the corporation may, in its certificate of incorporation, confer the power to adopt, amend or repeal Bylaws upon the directors. The fact that such power has been so conferred upon the directors shall not divest the stockholders of the power, nor limit their power to adopt, amend or repeal Bylaws.

Independent Auditor's Report

March 6, 2026
To the Management of Reiturn Inc.
Attn: Andrew Reichert, CEO

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Reiturn Inc. (the "Company"), which comprise the balance sheet as of February 5, 2026 (the date of inception), and the related statements of income, changes in stockholder's equity, and cash flows for the date then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Reiturn Inc. as of February 5, 2026 (the date of inception), and the results of its operations and its cash flows for the date then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of Reiturn Inc. in accordance with the relevant ethical requirements relating to our audit and have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

As part of an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

REITURN INC.
NOTES TO FINANCIAL STATEMENTS
AS OF FEBRUARY 5, 2026 (INCEPTION)
(AUDITED)

NOTE 1 – NATURE OF OPERATIONS

Reiturn Inc. (which may be referred to as the “Company,” “we,” “us,” or “our”), was incorporated in Delaware on February 5, 2026. The Company provides individual investor access to commercial real estate investing through interests in real estate investment vehicle focused primarily on multifamily properties. The Company is owned by Birgo Realty LLC.

As of February 5, 2026, the Company had not begun operations and will likely incur losses prior to generating positive retained earnings. These matters raise substantial concern about the Company’s ability to continue as a going concern (see Note 5). During the next twelve months, the Company intends to fund its operations with funding from a crowdfunding campaign and funds from revenue-producing activities. If the Company cannot secure additional short-term capital, it may cease operations. These financial statements and related notes thereto do not include any adjustments that might result from these uncertainties.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (“US GAAP”). Any reference in these notes to applicable guidance is meant to refer to U.S. GAAP as found in the Accounting Standards Codification (“ASC”) and Accounting Standards Updates (“ASU”) of the Financial Accounting Standards Board (“FASB”).

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the footnotes thereto. Actual results could differ from those estimates. It is reasonably possible that changes in estimates will occur in the near term.

Risks and Uncertainties

The Company has a limited operating history. The Company’s business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company’s control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company’s financial condition and the results of its operations.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. As of February 5, 2026, the Company had no cash and cash equivalents.

Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants

REITURN INC.
NOTES TO FINANCIAL STATEMENTS
AS OF FEBRUARY 5, 2026 (INCEPTION)
(AUDITED)

at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

There were no assets or liabilities requiring fair value measurement as of February 5, 2026.

Revenue Recognition

The Company recognizes revenue when persuasive evidence of an arrangement exists, performance has occurred, the fee for the arrangement is fixed or determinable and collectability is reasonably assured. As of February 5, 2026, the Company has not yet started operations and is in the pre-revenue stage.

Organizational Costs

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fee, and costs of incorporation, are expensed as incurred.

Recent Accounting Pronouncements

The FASB issues ASUs to amend the authoritative literature in ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

NOTE 3 – EQUITY

The Company is authorized to issue 10,000,000 shares of Common Stock at \$0.00001 par value. As of February 5, 2026, the Company has not issued any shares.

NOTE 4 – COMMITMENTS AND CONTINGENCIES

The Company may be subject to pending legal proceedings and regulatory actions in the ordinary course of business. The results of such proceedings cannot be predicted with certainty, but the Company does not anticipate that the outcome, if any, arising out of any such matter will have a material adverse effect on its business, financial condition or results of operations.

REITURN INC.
NOTES TO FINANCIAL STATEMENTS
AS OF FEBRUARY 5, 2026 (INCEPTION)
(AUDITED)

NOTE 5 – GOING CONCERN

These financial statements are prepared on a going concern basis. The Company's ability to continue is dependent upon management's plan to raise additional funds through a crowdfunding campaign, capital contributions from members and the ability to achieve profitable operations. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

NOTE 6 – SUBSEQUENT EVENTS

Restricted Stock Purchase Agreement

On February 14, 2026, the Company entered into a Restricted Stock Purchase Agreement with Birgo Realty LLC, pursuant to which the Company issued 8,000,000 shares of its common stock at a purchase price of \$0.06875 per share for aggregate consideration of \$550,000. In connection with this transaction, Birgo Realty LLC assigned to the Company certain intellectual property, technology, and related business assets, as defined in the agreement. The shares issued are subject to certain transfer restrictions and repurchase rights.

Management's Evaluation

Management has evaluated subsequent events through March 6, 2026, the date the financial statements were available to be issued. Based on this evaluation, no additional material events were identified which require adjustment or disclosure in the financial statements.

Independent Auditor's Report

May 27, 2026
To the Board of Directors and Shareholders of Reiturn Reg CF SPV LLC
Pittsburgh, PA

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Reiturn Reg CF SPV LLC (the "Company"), which comprise the balance sheet as of the date of inception April 14, 2026, and the related statements of income, changes in members' equity, and cash flows for the date then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Reiturn Reg CF SPV LLC as of the date of inception April 14, 2026, and the results of its operations and its cash flows for the date then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of Reiturn Reg CF SPV LLC in accordance with the relevant ethical requirements relating to our audit and have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

As part of an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS
AS OF APRIL 14, 2026 (INCEPTION)
(AUDITED)**

NOTE 1 – NATURE OF OPERATIONS

Reiturn Reg CF SPV LLC (which may be referred to as the “Company,” “we,” “us,” or “our”) is a Delaware Limited Liability Company, formed on April 14, 2026. The Company will undertake the limited purpose of acting as a crowdfunding vehicle of acquiring, holding, and disposing of securities issued by Reiturn Inc. (the “Crowdfunding Issuer”) (see Note 7).

All expenses incurred by the Company for the formation, operation, or winding up of the Company shall be paid by the Crowdfunding Issuer.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Presentation**

The accompanying financial statements have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (“US GAAP”). Any reference in these notes to applicable guidance is meant to refer to U.S. GAAP as found in the Accounting Standards Codification (“ASC”) and Accounting Standards Updates (“ASU”) of the Financial Accounting Standards Board (“FASB”).

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the footnotes thereto. Actual results could differ from those estimates. It is reasonably possible that changes in estimates will occur in the near term.

Risks and Uncertainties

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. As of April 14, 2026, the Company had no cash and cash equivalents.

Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

**REITURN REG CF SPV LLC
NOTES TO FINANCIAL STATEMENTS
AS OF APRIL 14, 2026 (INCEPTION)
(AUDITED)**

- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

There were no assets or liabilities requiring fair value measurement as of April 14, 2026.

Revenue Recognition

The Company recognizes revenue when persuasive evidence of an arrangement exists, performance has occurred, the fee for the arrangement is fixed or determinable and collectability is reasonably assured. As of April 14, 2026, the Company has not yet started operations and is in the pre-revenue stage.

Organizational Costs

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fee, and costs of incorporation, are expensed as incurred.

Recent Accounting Pronouncements

The FASB issues ASUs to amend the authoritative literature in ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

NOTE 3 – DEBT AND RELATED PARTY TRANSACTIONS

As of April 14, 2026, the Company has no debt outstanding and has not initiated any related party transactions.

NOTE 4 – EQUITY

As of April 14, 2026, the Company has not yet received any investments.

NOTE 5 – COMMITMENTS AND CONTINGENCIES

The Company may be subject to pending legal proceedings and regulatory actions in the ordinary course of business. The results of such proceedings cannot be predicted with certainty, but the Company does not anticipate that the outcome, if any, arising out of any such matter will have a material adverse effect on its business, financial condition or results of operations.

NOTE 6 – GOING CONCERN

These financial statements are prepared on a going concern basis. The Company's ability to continue is dependent upon management's plan to raise additional funds through a crowdfunding campaign, capital contributions from members and the ability to achieve profitable operations. The

financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

NOTE 7 – SUBSEQUENT EVENTS

Limited Liability Company Agreement

On April 17, 2026, the Company entered into a Limited Liability Company Agreement with Reiturn Inc., wherein the Company will serve as a “crowdfunding vehicle” with the limited purpose of acquiring, holding, and disposing of securities issued by Reiturn Inc. (“Crowdfunding Issuer”). It is the intent of the Company to issue interests that maintain a one-to-one relationship between the number, denomination, type and rights of securities issued to the Company pursuant to the Regulation Crowdfunding.

All expenses incurred by the Company for the formation, operation, or winding up shall be paid by the Crowdfunding Issuer.

Management's Evaluation

Management has evaluated subsequent events through May 27, 2026, the date the financial statements were available to be issued. Based on this evaluation, no additional material events were identified which require adjustment or disclosure in the financial statements.

ANDREW: Real estate investing wasn't built for you and me. For decades, some of the best ways to build wealth in America came with a simple message: not for you.	Andrew to camera. Strong, direct. Intercut: apartment buildings, city neighborhoods, ordinary people walking to work, glimpses of wealth-coded real estate imagery.	<i>L3: Andrew Reichert — Founder & CEO, Reiturn</i>	
ANDREW: High minimums. Closed networks. Years-long lockups. If you weren't rich already, you weren't invited.	Quick, punchy montage: old-school paperwork, gated doors, "accredited only" style visuals, expensive skyline condos, then hard cuts back to everyday people.	<i>Text: \$250K+ minimums • Closed networks • 5–10 year lockups</i>	
SHANNON: That never sat right with us. Real estate shouldn't be reserved for the rich. So we built the platform that removes those barriers entirely.	Shannon to camera in a warm, credible setting. Cut to real apartment communities, residents-at-a-distance, team members walking properties.	<i>L3: Shannon Reichert — Co-Founder, Reiturn and Birgo</i>	

ANDREW: Something that lets people in, instead of keeping them out. A way to invest in real estate from your phone or laptop.	Andrew on camera. Transition into faster, more modern visuals: phone investing, maybe a real phone in Andrew's hand instead of a mockup or screen animation.		
ANDREW (V.O.): With Reiturn, you can start with as little as \$1000, get onboarded in minutes, and invest in professionally managed multifamily real estate.	Transition / zoom into: UI walkthrough, onboarding flow, dashboard, map/property imagery, simple user journey.	<i>Text: Start with \$1000 • 3-minute onboarding • Invest through the platform</i>	
SHANNON: Reiturn is our way of opening real estate investing to more people. Right now, we're taking things one step further: early investors will have a chance to own a piece of the company BEHIND that platform – at the general-partner level.	Shannon to camera. Start warm and clear. Then transition into a simple visual distinction between investing through Reiturn and owning part of Reiturn itself.	<i>Text: Real estate access — AND platform ownership</i>	

ANDREW: Think owning a piece of BlackRock, not just joining a BlackRock fund. ALT: Think owning a piece of Robinhood, not just investing in stocks on Robinhood. ALT: This is like owning a piece of Robinhood, but for real estate." We focus on the "Forgotten Middle" — workforce housing in mid-America — a market that consistently outperforms on a risk-adjusted basis. As we scale from our first \$75M REIT to hundreds of millions, more capital flows through the platform — and your investment scales with it.	Andrew to camera. Then a clean animated org-chart-style visual showing Reiturn Inc. above the REIT / offerings	<i>Text: Equity in Reiturn Inc. • Platform company • Fee-based upside</i>	
SHANNON: All of it backed by the real estate engine Andrew and I spent years building from scratch. And now, you can invest alongside us.	Shannon to camera Show Andrew and Shannon early days, then transition into polished Birgo/Reiturn history visuals.		

ANDREW: When I was growing up, real estate investment didn't even seem like an option. We started with no capital, a pile of debt, and one duplex. Over the last 10 years, our company has delivered over 20% annualized returns on fully realized investments, with more than 45 consecutive quarters of distributions.	Birgo history footage. Archival-style family / early-days imagery, Pittsburgh roots, properties, paperwork, old photos if available. Transition to the polished, modern Birgo b-roll.		
SHANNON: Today, our 100-person team manages more than 3,600 apartment units and about \$350 million in assets. We broke in. Reiturn is how we hold the door wide open.	Shannon to camera. Birgo BTS and team shots. Reicherts with the team. Property operations, maintenance, leasing, office, team footage.	<i>Text: 100-person team • 3,600+ units • ~\$350M assets</i>	

ANDREW: In a five-week pilot, we raised over \$200,000 from 175+ investors— Driven entirely by paid social, fast in-app/online onboarding, and no phone calls required. We're already converting interest into investment, without brokers or gatekeepers. That's without scale, and without the full rollout.	Performance graphics, ad funnel visuals, onboarding screens, investor portal.	<i>Text: \$203K pilot • 178 investors • \$38 CAC</i>	
ANDREW: That's why this moment matters. The platform is built. The model is proven. Now we're scaling, putting real capital behind customer acquisition, growth, and the next stage of Reiturn.	Andrew to camera. More confident, energized. Then transition into simple, clean graphics showing phases: "built - proven - scale" Plus a visual cue that investors are getting in early, like highlighting the point / phase just before "scale" in the graphic?	<i>Text: Pilot done • Early revenue • Scale now</i>	

SHANNON: If you believe one of the most powerful ways to build wealth in America should finally open up... And you're ready to invest at the fund-manager level...	Shannon to camera. Montage builds. Visuals should begin shifting from properties / platform access to a sense of ownership in the company behind the platform		
ANDREW: Then join us in giving the same deals, data and access to everyone -- for way less engine we built — now open to more people than ever.	Andrew to camera. Closing montage: properties, team, UI, neighborhoods, logo lockup.	<i>CTA: Invest in Reiturn</i>
