FOUNDER'S PODCAST: "DARREN & HIS VISION"

Lighthouse: A daily guidance AI platform that curates scripture to advise young adults who feel stuck during life's biggest struggles.

🌱 Why Invest

- 🚀 **Creator Distribution:** We have 25M+ followers reachable through confirmed partnerships.
- 📈 **Market Tailwinds:** Gen Z weekly Bible reading jumped from 30% to 49% in a single year, a 20% YoY surge. The spiritual hunger is real and growing.
- 💰 **\$100B Market:** The global spiritual wellness app category is compounding at 14.6% per year. We're going after the Gen Z wedge, a \$210M SAM.
- 🤖 **AI + Faith Convergence:** 33% of Christians already trust AI as much as their pastor. Lighthouse sits at the exact intersection of this shift.
- 💡 **Unique Position:** Lighthouse isn't another Bible app. It's the daily habit of learning how Scripture answers life's biggest questions, built with the aesthetic and UX language Gen Z actually uses.

🕒 Time is NOW

Up until now, Lighthouse has been built by a scrappy team with deep roots:

A youth pastor turned \$100M-exited founder, a Meta/PayPal software architect, and growth leaders who scaled Lyft and MasterClass.

We just shipped our beta, secured creator partnerships, and our users can't get enough.

We've bootstrapped this to date. Now we want all of our friends and family to join along before things scale to the next level.

Lighthouse isn't just an app. It's a movement. Own equity in it.
