biggest part of what we're raising for. You guys know from my posts how important I think marketing and audience building is. I'll be sharing more detailed posts on exactly what we're planning that will be more extensive than the usual indie film plan.

So we're opening it up to the people who've followed the journey. We're testing the waters on Wefunder, which means you can reserve a spot to invest starting at $150. Reservations are non-binding. We're already at $21,555 in reservations, 43% of the way to the $50K we need to officially launch.

If you've ever wanted to own a small piece of an indie film (or just want to follow how this experiment goes), the link is in the comments.

We are 'testing the waters' to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.
